

TAFT CLUBS ARE ORGANIZED

Increasing Sentiment for the President Makes the Work Easy.

F. M. CURRIE IS COMING SOON

Culver is in Charge at Republican Headquarters During the Absence of Chairman—Literature is Sent Out.

J. Holwell of Gibbon was among the callers at the Taft republican headquarters in the Paxton hotel yesterday. He conferred with Vice Chairman Culver with regard to the organization of a Taft club at Gibbon. Mr. Holwell says there will be no trouble in getting active workers for the club as there is lots of Taft sentiment in the community and the Roosevelt sentiment is rapidly weakening. Through letters and personal calls at Taft state headquarters at the Paxton the committee is informed of new Taft clubs being organized all over the state every day.

W. J. Morrison of Springfield called at headquarters bringing the petition he circulated in his precinct for Taft electors. Mr. Morrison said: "Every republican I could reach in Plattford precinct signed the petition."

Vice Chairman J. H. Culver, who has been in charge at the headquarters for several days, will leave for his home at Milford, but will return Friday. Chairman F. M. Currie of Broken Bow has indicated that he will be in Omaha within a few days. He will then be at headquarters most of the time, being substituted by Vice Chairman Culver whenever business calls him to Broken Bow. Secretary Amos Thomas and a large force of stenographers are busy at headquarters and are to be found there every day.

Taft Gains Ground Through the State

"Bob" Hartsell of Kearney, who visited in the city during the Ak-Sar-Ben festival, has been canvassing the central part of the state in the interest of candidates for county and state offices, and says he has found the sentiment for Colonel Roosevelt on the wane everywhere.

"Several weeks ago there was a great hurrah for him," said Mr. Hartsell, "but Colonel Roosevelt is losing his hold on the farmers and residents of towns in the western part of the state. There is a gradual swing of sentiment toward President Taft, who has won more votes by his conduct in this campaign than either of the other candidates have by their numerous speeches."

"Buffalo county, strongly for Roosevelt in the primaries, is only lukewarm for him now, and indications point to a probable even break at least, and it is possible that Mr. Taft will receive the majority of votes cast at the November election."

"This same sentiment seems to prevail wherever I've been in the state. The excitement for the third term has cooled down and sane thought will result in more votes for President Taft."

VOTES-FOR-WOMEN COUP THAT FAILED TO COME OFF

Subsiding and subsiding activity has been one of the noticeable features of Ak-Sar-Ben week in Omaha. On the carnival grounds a booth is maintained where coffee is served, tracts handed out and "Vote for Women" buttons pinned upon defenseless men. A float contributed to the automobile parade was designed to portray to spectators the lamentable condition of voteless women on a par with Chinese and convicts. The crowning effort, however, was to have timed during the electrical parade, for which it had been arranged for Mrs. Henry Dooly to ride in her electric, with her children, up and down the streets, distributing votes-for-women literature to the assembled multitude. Either the electric suffered a puncture, or some other obstacle interfered, for the performance did not come off, much to the disappointment of the suffrage women.

Don't waste your money buying strengthening plasters. Chamberlain's Liniment is cheaper and better. Dampen a piece of flannel with it and bind it over the affected parts and it will relieve the pain and soreness. For sale by all dealers.—Advertisement.

Awards of Winners at the Chicken Show Announced Friday

The list of prize winners in the United Fanciers' exposition is being made and winners will be announced today. Over 70 chickens are on exhibition at the Auditorium. Some of them are valued at from \$50 to \$1,000 apiece. There are twenty blooded dogs on exhibit, some from out of the city, although the exhibit of dogs comes largely from local fanciers. Among the dogs is a splendid specimen of St. Bernard but 10 months old. He is a giant in stature and as good natured as he is large. The toy spaniels are attracting a great deal of attention as are also the bull terriers.

The giant turkey gobblers that are on exhibit call the spectators' attention to the fact that Thanksgiving is approaching. A dozen ducks occupying a little pasture near the east end of the building are of interest. Bantam chickens of numerous varieties attract the attention of those who are interested in birds for their looks and cleverness rather than for their utility.

Babies Threatened by group, coughs or colds are soon relieved by the use of Dr. King's New Discovery. 50c and \$1.00. For sale by Beaton Drug Co.—Advertisement.

THE BATTLES OF THE OFFICE MAN ARE WON BY THE PROPER NOURISHMENT OF BRAIN AS WELL AS BODY

The health of the man who spends his life indoors cramped at a desk and breathing air that is not always perfectly pure is easily undermined.

In some cases the disorder is a continual recurrence of little ailments—in others serious illness results.

Men of clear minds are men of healthy bodies

That's what you want, Mr. Office man—a clear mind. Things you eat keep you well if they are the kind of things that are easily assimilated by the blood and have real nourishing ingredients to build up muscle and brain.

Try Sundgren's IDEAL Health Bread—it's wholesome and appetizing and contains all of the nourishing ingredients of wheat.
