

For Dandruff, Falling Hair or Itchy Scaly—25 Cent "Danderine"

Save the hair! Danderine destroys dandruff and stops falling hair at once—Grows hair, we prove it.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flinch, loosen

and die; then the hair falls out. If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25-cent bottle will truly amaze you.—Advertisement.

Western Stock is in Fine Condition

"I did not come in solely for the purpose of seeing the electrical parade, but I got here in time to take a look at it, and I want to say that it was the best ever put on the streets, and I have seen them all," said M. B. Eller, traveling agent for the Northwestern at Chadron.

"Live stock is beginning to move out of the range country at a lively rate," continued Mr. Eller, "and is in prime condition. The range has been in unusually good condition all season, and cattle have taken on more flesh than during previous summers."

"Owing to high prices last spring farmers and range men did not buy as much young stuff as usual, but they are pretty well supplied and are going to make money on everything that is ready for market."

Lots of land is changing hands in Dawes county and at constantly advancing prices. Men who bought land last fall and sold this fall have made from \$5 to \$8 per acre, and in many instances from \$10 to \$12. The cheap land is about all picked up, but with good crops over the northern portion of the state, wild land is cheap at \$30 and \$40 per acre."

HOTEL PEOPLE ARE GIVEN HEAVY FINES

Al Small, proprietor of the Hub hotel, which was raided Wednesday morning by detectives, was fined \$35 and costs in police court for conducting a disorderly house. Rose Norman was assessed \$50 and costs for taking that amount of money away from C. J. George, a soldier stationed at Fort Omaha, in a room at the hotel Tuesday night. Rose McKenzie and Lily Fleene were fined \$15 and costs.

PERSONAL PARAGRAPHS

J. C. Scott of Russellville, Neb., stopped over in Omaha for the day on his way home from Charleston, S. C., where he attended the meeting of the grand lodge of the Redmen.

C. J. Chisam, assistant general freight agent of the Great Western, has gone to Fullerton, Cal., to superintend the gathering and harvesting of a walnut crop grown upon his ranch. Mrs. Chisam has been there some time and they will return together in about two weeks.

"Thank Heaven, That Itching Is Gone!"

"One Touch of ZEMO—and the Relief Is Sublime. Try It, Folks!" "O my, O my, what a blessed relief. Here I've been suffering the most awful torture for months, and tried things galore. ZEMO is magic. The

first time I applied it, all itching stopped. Now I can sleep nights, and life is worth living."

ZEMO is a new wonder—a liquid, that is guaranteed to stop itching. Away go eczema, eczema pains and sores. It stops dandruff in a hurry, it is unequalled for prickly heat, irritated and inflamed skin, skin blotches, sores, bites, stings and pimples. You can't find anything like it, simply because there's nothing like ZEMO known or sold today.

ZEMO will be a surprise to you just as it has been a surprise to thousands who have already tried it.

Don't miss it for 25 cents. When you have proven with a 25-cent bottle how remarkable ZEMO is to your own satisfaction, then you can buy a \$1 bottle, which contains six times as much as the 25-cent bottle.

ZEMO is sold at drug stores, in 25-cent and \$1 bottles, or sent direct, on receipt of price, by E. W. Ross Medicine Co., St. Louis, Mo.

ZEMO is sold in Omaha and guaranteed by Sherman & McConnell Drug Co., Cor. 15th and Dodge, 16th and Harney, 24th and Farnam Sts.; Loyal Pharmacy, 107-9 No. 16th St.

Wild West Show Pleases Throng, Despite Weather

Although it rained a part of the afternoon yesterday a large crowd again attended the wild west show at Rourke park when the Cheyenne Frontier days exhibition was again presented. The ground was rather slippery, but this only added to the thrill. A horse roped by one of the cowboys threw itself against the fence and fell under it in such a way as to double its head under its body. It was with difficulty extricated from beneath the railing.

A new spectacle added to the performance yesterday was the Indian race for a \$5 bill that was tied in a sack and thrown upon the track. A dozen or more Indians entered the contest. This was reckless riding for sure. The Indians were to ride twice around the track before attempting to pick up the sack. One horse threw its rider on the slippery track before getting half way around. When the leading Indian approached the sack he threw himself headlong off the horse and dived beautifully. As he rolled over and over, his close competitor snatched the sack and the treasure away. The show will be given daily until Sunday.

Bishop and Captain Planning Boys' Farm

Bishop George A. Beecher of the Episcopal diocese of Kearney, and Captain Signor of the United States navy were in the city yesterday. Bishop Beecher coming to deliver the address at the cornerstone laying of the Scottish Rite cathedral, and Captain Signor visiting with friends, made during his services here as recruiting officer.

Bishop Beecher and Captain Signor are working to carry out the bishop's plan to establish a boys' farm in the state where delinquent youngsters can be sent, cared for and taught trades under the supervision of competent men and women.

"I have secured the absolute promise of two professors in the University of Nebraska to teach agriculture when this farm becomes a reality," said the bishop, "and while I can see that it will be established some time and will be a success when it is established, I lack sufficient funds to justify starting the work."

"I am much interested in this plan of the bishop's," said Captain Signor, "and will co-operate with him in the effort to establish it." Captain Signor has just returned from a tour to the Philippines.

Investigating a Mysterious Fire

Fire of incendiary origin which destroyed a frame dwelling at 1833 South Twenty-first street at 5 yesterday morning, and the disappearance of the family that occupied the house for the last few weeks, caused Assistant Fire Chief Deane to insist that the affair be investigated.

The fire started in a bedroom of the house, and when the fire department arrived the entire building was a mass of seething flames. The house was almost entirely destroyed, causing a loss of about \$1,500.

SCHOOL BOARD ASKS BUSINESS MEN QUESTIONS

Four hundred prosperous business men of the city will be asked by the Board of Education to answer questions proposed by Superintendent Graff and Principal L. C. Rasmussen of the High School of Commerce, the answers to be used in making the commercial course at the Commercial high more effective.

Following is the list of questions that will be sent to the business men: "The Omaha High School of Commerce has been started for the purpose of training young people to meet the conditions of business life in our city. If you will answer the following questions it will assist in making the school practical and efficient. Your frank opinions and helpful suggestions are asked for, and whatever you say will be appreciated."

1. What do you attribute such failure to? 2. What can a school of commerce do to remedy these defects? 3. Have you any suggestions as to (a) Subjects to be studied? (b) Ways of presenting work? (c) Special features (inspection of local industries, etc)? 4. Do you favor a two or a four-year course beyond the eighth grade for those whom you employ?

TRIAL OF ETOR ADJOURNED TO BE RESUMED OCTOBER 14

SALEM, Mass., Oct. 3.—Four jurors had been chosen for the trial of Joseph J. Etor, Arthur Giovannitti and Joseph Caruso, charged with being responsible for the murder of Anna Lopez during the Lawrence textile strike of last winter, when the venire of 250 takersmen became exhausted today. Judge Quinn ordered an adjournment of the case to October 14. On that day a new panel of 250 men will report.

AFFAIRS AT SOUTH OMAHA

Annual Report of City Received from the Printer.

GIVES FACTS ABOUT THE TOWN

Most Complete Document of Its Kind Ever Issued by South Omaha—Small Registration for the Second Day.

City Clerk Parry Wheeler yesterday received from the printer 1,000 copies of the city's annual report compiled by the direction of the city council. Unlike all former reports the present year's report takes in all departments of the city government and shows in facts and figures just what is being done by the different officials. From cover to cover the work shows nothing but facts and figures of interest to the taxpayers of the city. All personal campaign boosting was ordered eliminated from the reports and Clerk Wheeler has complied with orders of the council.

Men who saw the report yesterday commented upon it as being the best report ever compiled by the city. There are items of interest in the work which will no doubt catch the eye of the taxpayer.

Of interest is the first annual published report of the South Omaha school district. In a letter to the members of the Board of Education, Secretary James P. Sullivan calls attention to the fact that his report on the school district is the first ever published. Another feature of especial interest is the fact that all the departments of the city government have received proper notice. Heretofore certain officials published separate reports with no greater results than to increase the printing bills of the city. The report of Chief of Police Briggs shows that 2,329 arrests were made during the year, of which number 550 were for drunkenness, making an average of a fraction more than three drinks arrested every two days. The report of Police Judge Callanan indicates that \$154 were paid in fines as against the city treasury.

Small Registration. A partial registration returns of Tuesday, little more than 50 per cent of the total vote has registered to date. Although the full returns are not yet in, it is said that the democrats have the best of the registration so far. Republican leaders stated yesterday that the registration was no surprise to them as the last day is always heaviest. It is probable that the last registration day will bring out the heaviest republican registration. One of the peculiar features of the campaign so far is the assertion by many democrats that they will not vote for Wilson. This is thought to be due to the strong feeling against Wilson among the foreigners and laboring men.

With only three days of grace according to certain opinions the propagators of the annexation petition will have to work hard in order to get their petitions to the county clerk before Saturday next. W. F. Burdick, one of the leaders of the movement in South Omaha, stated last night that so far there were about 600 names secured. About 1,000 are needed, it is said.

"I do not know what the other circulators of the annexation petitions are doing," said Burdick last night, "but I know that I personally filled out three petition blanks and I know from the temper of the people that there would be no difficulty in getting the required number of names in one day if every one worked on the matter. In any case, we will have the petitions prepared for the meeting of the legislature next year."

In the death of Mrs. Miranda McCarty at her home in Bellevue yesterday, Barry county loses one of its oldest inhabitants. Mrs. McCarty was almost 80 years of age at the time of her death. She was born in Indiana and later removed to Harrison county, Missouri. Thirty-five years ago she came with her family to Bellevue where she had resided ever since. Her husband, Isaac McCarty, died many years ago and she is survived by her three sons, Jess, John and James McCarty of Bellevue and two daughters, Mrs. John Hart of Omaha and Mrs. John Monroe of Plattsmouth, Neb. Jess McCarty is a well known musician and figures annually in the old fiddlers' contest. The funeral of Mrs. McCarty will be held this afternoon at 3 o'clock from her late residence in Bellevue to the Bellevue cemetery.

Dr. Webster and interment will be made in Graceland Park cemetery, Forty-fourth and L streets, South Omaha.

The Women's society of the First Baptist church will meet Friday afternoon at the home of Mrs. R. L. Haskins, 1019 North Twenty-fifth street.

C. W. Thompson of Lincoln will speak on "Present Political Situation," Thursday evening at 8 o'clock at the Danish Brotherhood hall, 248 N. street.

According to men on the live stock market yesterday sheep and lamb receipts were fairly active. The sheep barns were full of sheep and lambs and the receipts were accounted as very little less than this time a year ago.

Coal Mines Closed as Result of Strike

ELY, Nev., Oct. 3.—The strike of the miners here is complete and indications tonight are that the operators will not attempt to open their mines again this winter.

The windows of all the company buildings are being boarded up and hundreds of men prepared tonight to leave camp. The ore supply at the Steptoe will be exhausted tomorrow and the plant will close down. Four thousand men will be idle.

Not a saloon in Ely was open today and there was no disorder.

Charles H. Moyer, president of the Western Federation of Miners, in a statement tonight said the strike could have been averted, had the mining operators consented to meet with the union leaders.

The walkout was without disorder. The men left the vicinity of the mines as soon as the strike was called and have busied themselves since preparing their possessions for shipment from the district.

David Cox Stabbed With Hatpin for Acts

David Cox, an alleged "bad injun" from the Sioux reservation, was arrested by Officers Wheeler and Emory yesterday afternoon upon the charge of insulting women of the street. Miss Grace Silks, 709 South Seventeenth street, is the complaining witness.

Miss Silks says she was walking along North Sixteenth street when the Indian came up from behind, and putting his arms around her, called her his "little hoo-lah girl." She resented his attentions. Pulling a long hatpin from her hair, she jabbed the redskin viciously. When the police arrived and placed the offender under arrest she said she would prosecute him in police court today. Cox has been arrested by the police several times during the last two months on charges of drunkenness.

MAN SUPPOSED INSANE HAD SPINAL MENINGITIS

After having been examined by the County Insanity board and declared insane, Rudolph Lams, a laborer living at 1321 Douglas street, was found to be suffering from an acute attack of spinal meningitis Tuesday and he was taken from the county jail, where he was awaiting a commitment to the state asylum, and placed in the county hospital, where he died Wednesday.

Yesterday afternoon County Physician Schiele and Assistant Edwards conducted a post mortem examination and found that instead of being demented the man had a well-developed case of the disease, which made him irresponsible mentally.

The body will be buried today and the county jail thoroughly disinfected to prevent possible spread of the disease. Lams was picked up by the police last Monday on Douglas street.

BREAKING OUT SPREAD ON LEG

Formed Large Blotches. Itching Terrible. Ugly Sores Would Break Open and Run. Cuticura Soap and Ointment Cured in Few Weeks.

Elliot, Kan.—"About two years ago I began to notice a breaking out on my leg. At first it was very small but soon it began to spread until it formed large blotches. The itching was terrible and almost constant. Many nights I could not sleep at all.

After scratching it to relieve the itching it would burn so dreadfully that I thought I could not stand it. For nearly a year I tried all kinds of salves and ointment, but found no relief. Some salves seemed to make it worse until there were ugly sores, which would break open and run.

"One day I saw an advertisement of Cuticura Remedies. I got a sample of the Cuticura Soap and Cuticura Ointment and began by washing the sores with the Cuticura Soap then applying the Cuticura Ointment twice a day. I noticed a change and got more Cuticura Soap and Ointment and in a few weeks I was cured. It has healed so nicely that no scar remains." (Signed) Mrs. Anna A. Low, Dec. 17, 1911.

Cuticura Soap and Ointment do so much for pimples, blackheads, red, rough skin, itching, scaly scalps, dandruff, dry, thin and falling hair, chapped hands and shapeless nails with painful fissures, that it is almost criminal not to use them. Sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

*Leader-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

Electrical Parade is Taken by Pathe Moving Picture Men

Within the next few weeks Omaha's great spectacular parade of last night will be seen by many hundreds of thousands of persons in practically every town in the United States where moving picture theaters are operated.

During the hour of the parade's progress a battery of moving picture machines was focused on the pageant and every float and every feature were recorded on thousands of feet of negatives. These were rushed to Chicago immediately, where they will be developed, reproduced and sent to all parts of the country.

The pictures will be a part of Pathe Weekly, by means of which all the important events of the world are exploited to moving picture patrons. The men in charge of the machines were J. C. Hutchinson and Neal Ryan. They had their battery set on the balcony of the Krug theater.

Some wonder was expressed as to how it would be possible to take pictures at night, but Manager Charles A. Franke of the Krug solved the problem. He procured a strong searchlight of 50,000-candle power and this was thrown on the floats as they passed by. In addition the Krug theater spot light was used and this was supplemented by flaming arcs and a myriad of incandescent lights.

Girl Accuses Man of Taking \$600 from Her

Weeping because of the infidelity of Clarence Ray, a Grand Island restaurant man with whom she had come to Omaha, Goldie Van Clausen, a pretty 18-year-old girl, reported to the police last night that he had disappeared, after appropriating \$600 that belonged to her.

The girl says they registered at the Hotel Loyal and acting upon Ray's advice, she deposited the money with the clerk in Ray's name. During the night the man called for the money and after getting it, disappeared.

Sage Tea Was Used by Our Grandmothers

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair "aged" after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. A scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and luster, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.
