## Teddy's Viewpoint That of the Trusts

SPRINGFIELD, Ill., Oct. 9.—"I'm not trying to put Mr. Roosevelt in a hole," said Governor Woodrow Wilson today, in referring to his recent declaration that the United States Steel corporation was behind the third party program in thought.

"I am simply trying to show that Mr. Roosevelt has the viewpoint of the trusts and that we cannot afford to have a man president of the United States who has that viewpoint. It is a matter of perfect indifference to me where Mr. Roosevelt gets his money, but it is a matter of a great deal of difference to me where he gets his ideas. And he got his ideas with regard to the regulation of monopoly from the gentlemen who control the United States Steel corporation.

"I am perfectly ready to admit that the Steel corporation has a perfect right to entertain its own ideas about this and to urge them upon the people of the United States, but I want to say right now that its ideas are not my ideas, and that I am perfectly certain that it would not promote any idea which interfered with the monopolies of the United States Steel corporation, and inasmuch as I hope and intend to interfere with monopoly just as much as possible, I cannot subscribe to those arrangements by which it knows it will not be disturbed."

Former Senator Scott was the first witness today.  
"When we got low in funds in October, 1904," said he, "I asked Mr. Bliss if he could not go to 28 Broadway and get some money. He said no, he had already secured a contribution from those people. I asked him how much they had given and he said \$100,000."  
The attorney of Charles D. Hillis, republican national chairman, was scheduled to appear today, was postponed until tomorrow. Other witnesses to appear today were Robert S. ## Registered Mail is Stolen in Holdup of Rock Island Train

FORT SMITH, Ark., Oct. 8.—Train No. 4 westbound on the Rock Island railroad, was held up between Howe and Wister, Okla., tonight, the express safes blown and registered mail taken. The robbers forced the engineer to cut the engine from the train and run up to within 300 yards of the Wister station, where the robbers got off and ran into a cornfield. Flanagan Halling escaped through the train from the rear while the robbers were at work and ran back to Howe, where he notified the station agent.  
A special train from Holey, bearing Sheriff Burnett and seven deputies, was sent to the scene. The agent at Wister reported that the robbers were seen to enter the cornfield, but not to leave it, but that the citizens of Wister were afraid to make an effort at capture.  
The last report received was that the men stopped the train with torpedoes.

## Charge that Painter of Omaha Was Visited

INDIANAPOLIS, Ind., Oct. 9.—Frank M. Ryan and other defendants in the dynamite case were required to stand up today so the jury might become acquainted with their faces.  
"These forty-five men," asserted William N. Harding, attorney for the defense, "were not dynamiters, but were, as the evidence will disclose, lovers of peace and quiet."  
M. C. Tiff, counsel for Fred Mooney of Duluth and Charles N. Beum of Minneapolis, said it would be proven that photographs of nonunion work under construction were taken, not for use of the dynamite gang, but to enlighten the union as to where more employment might be had. The government had charged that Beum visited Frank K. Painter of Omaha about a job to be done there.

## OMAHA GREEKS OFF FOR WAR

Eighty Stalwart Lads Couldn't Wait for Orders and Have Gone.

### FIVE HUNDRED OTHERS READY

Half Thousand Loyal Subjects of King George Await Orders to Move from Ambassador Kolko's寓 at Washington.  
Eighty stalwart Greeks, too impatient to wait for orders to take up arms against the Turks, left Omaha last evening for New York to embark for Greece.  
Five hundred subjects of King George in Omaha stand ready to go and will leave on the first train after word is received from Ambassador Kolko's寓 at Washington.  
Word is being hastened to all Greeks in the territory adjacent to Omaha and within a day or two they will be flocking here to mobilize.

### Mass Meeting Sunday.

By Sunday it is expected that between 500 and 1,000 Greeks, most of whom are working on the railroads, will have arrived in Omaha, and it is being planned to hold a mass meeting in Barlight hall on that day. Definite arrangements will be made at that time for a general movement toward the seat of war.  
The patriotism shown by the Greeks is something at which to marvel. Practically everyone who is old enough to bear arms will go to the front for their flag, and the roads and manufacturing plants employing them will be greatly hampered for help. Even those who are established in business are winding up their affairs or leaving them in other hands that they might return to their native country.  
Montenegro's initiative, as reported in this morning's papers, has incited every Greek in Omaha to activity, and word is expected hourly to return to the old country and take up arms.  
Athenasios Mouskakiotis, an importer and prominent business man of Chicago, has dropped his business interests entirely and is now in Omaha to get a line on his countrymen in preparation for war. He will visit all the big cities in the west for the same purpose.  
Prominent among those who are organizing the Greeks of Omaha and surrounding territory is Pericles Cokos, president of the local Greek council and a prominent business man who conducts a bakery at 724 South Fourteenth street. Until two years ago he was a lieutenant of the Third company, Grecian artillery, and has seen much active service. Lieutenant Cokos is arranging his extensive business affairs. He owns several bakeries in this country and expects to leave with the other volunteers in a few days. He will probably go next week.  
Greeks are in no way bound to return to their native country in time of strife, but their great love for the flag and their hatred toward the Turks, who have persecuted them for centuries, kindles the fire of patriotism in every breast.  
Lieutenant Cokos, like all Greeks, is a deep student in history, and is particularly familiar with the Balkan situation. The center of the present strife is in Macedonia, where there are a great many Greeks, also Servians, Bulgarians and Montenegrins—all of whom are Christians. The Turks are all of Mohammedans and they refuse to allow the Greeks and others in Macedonia to establish their own schools and churches. This situation has existed for centuries, but it did not become so acute until the young Turks came into power. Turkey has always managed to keep the various states at variance with each other, and heretofore it has been impossible to form a Balkan alliance of sufficient strength to combat the Turks. Now that the states

## MONTENEGRIN ARMY IS ANNIHILATED BY TROOPS OF SULTAN

March Across Turkish Border, Where Battle is Fought and Attended by Frightful Results.

### BULGARIANS GO TO MEET TURKS

On Way to Mustapha Pasha to Force Road to Adrianople.

### SKIRMISHES ALONG FRONTIER

Bulgaria and Servia Sever Diplomatic Relations with Turkey.

### FORCES HURRIED TO THE FRONT

King Ferdinand Takes Command of Allied Armies of the Bulgarian States and Mobilizing is Completed.

LONDON, Oct. 9.—A Montenegro force which crossed the Turkish border has been annihilated according to a dispatch from Constantinople, which declares 4,000 Albanian troops have invaded Montenegro.  
A Bulgarian army has started for Mustapha Pasha to force the road to Adrianople, where the Turks are concentrated in great strength.  
Skirmishes have occurred on the Servian and Bulgarian frontiers.  
Confirmation of the rupture of diplomatic relations with Turkey by both Bulgaria and Servia has been received in Paris, according to a news agency dispatch from that city.  
A Bulgarian force is reported to have crossed the Turkish frontier and King Ferdinand is said to be hurrying southward to take command of the allied Balkan troops.

News from Sofia, Bulgaria, says that the rapidity of the concentration of the army has exceeded all expectations and developments will now be very rapid. Everything in connection with the mobilization has worked with the utmost smoothness and there has been a remarkable absence of confusion at the war offices.

### To Relief of Soutari.

SALONIKA, Turkey, Oct. 9.—Serious fighting continues between the Turkish and Montenegrin forces on the Montenegrin frontier.  
Essad Pasha, Turkish commander of the force marching to the relief of Soutari, has passed the River Boyana without encountering opposition.  
The Albanians in the frontier district have promises to restrain the Montenegrin troops without help from the Turkish troops.

### Turkish Government Awaits Events.

CONSTANTINOPLE, Oct. 9.—The Turkish government awaits events with calm assurance, according to Noradunghian Effendi, the Ottoman foreign minister. In an interview to the Associated Press today he said:  
"We face the future with perfect confidence. I should like to point out, however, that the declaration of war by Montenegro was made contrary to the practice adopted by all civilized states. It went against the stipulation of the Hague convention, which Montenegro was a signatory."  
"In the first place, no attempt was made to seek the good offices of a third party in order to find a means of avoiding a conflict."  
"Secondly, the declaration of war did not set forth any real or tangible cause for war."  
"Thirdly, Montenegro opened hostilities without granting the usual preliminary delay and actually before the declaration of war was presented to the ports."  
"The Turkish government has decided to make a selection from among the Greek vessels detained in Turkish ports and will hold those best suited for military transport purposes and release the others."

### War Would Be Imprudent.

ATHENS, Greece, Oct. 9.—Representations on behalf of the powers of Europe were made to the Greek government yesterday by the Austrian and Russian ministers.  
The conference was of a friendly nature, the Austrian and Russian ministers declaring that it would be imprudent in the highest degree for the Balkan states to take any action against Turkey. They would by so doing risk a great deal and never succeed in obtaining for the Christians in Macedonia any more than that which the powers were determined to get for them.

### Powers Are Outwitted.

PARIS, Oct. 9.—A general confagration in the Balkans is expected by officials here within forty-eight hours. Montenegro's declaration of war against Turkey is regarded merely as the beginning. It is believed that the other units in the Balkan coalition will follow suit as soon as the mobilization of their armies is completed. There is only a faint
