MURAL PAINTINGS APPROVED

County Commissioners Express Satisfaction with Phillipson's Work.

EXPLANATION IS SATISFACTORY

Phillipson Resumes Work—Tells County Board He wanted to see Pictures in Place at First for Effect.

Approval of the mural paintings so far given by the Board of County Commissioners after the work had been viewed by natural and artificial light.

Emil Phillipson of Phillipson & Co., who is furnishing the murals, made satisfactory explanation of his refusal to permit the board to see the paintings until they were placed in the dome. Mr. Phillipson said it is impossible to judge a picture lying on the floor and had the commissioners viewed the paintings there they might not have been favorably impressed, though the pictures, he knew, were as they should be.

"I wanted them to be in place before you viewed them," he said, "so that you could get the full effect and see them as they will be when completely installed. Everything is different up in the dome where they are. The tonal effects appear much different; the blending, the harmony of color cannot be understood nor appreciated when you look at the cold painting spread out on a floor. In its proper place it is different. I knew you would be satisfied."

The installation of the murals, which was stopped by the architect, John Latenser, pending the county board's approval of the work so far done, was resumed.

Soap Will Ruin Most Elegant Hair

Any one can easily have a luxuriant head of hair by following the simple rule of using Coccoide. The first rule is never under any circumstances, use soap, as the alkali fades the hair and makes it stiff. Besides injuring the roots and scalp. You can discard all tonics and growers if you persistently adhere to the following directions, which come from a French hair dresser of international fame: "Dissolve a teaspoonful of Coccoide in a cup of Calceide in the following directions, which come from a French hair dresser of international fame: That is all, absolutely nothing more. The first time you try it you will see the reason. The hair becomes fluffy, wavy and silken. The scalp is wonderfully refreshed and all dandruff disappears. But the best part is the hair roots are invigorated and falling hair immediately stopped. Use this treatment a few times and you will understand the secret of hair health and will enthusiastically impart your knowledge to all your friends. Coccoide is made from the cocconut and other vegetable oils. A fifty-cent package is sufficient for ten or more delightful shampoos. You can get Coccoide from any druggist. If he does not have it in stock he can quickly get it from his wholesale house. But, if you care for your hair, don't be influenced to take something else instead of the Coccoide, as there is nothing else even similar to it. This you will see after giving it a test. It is equally as beneficial for men's and children's hair.

SOFT, FRESH, CORNS, CALLOSITIES, BUNIONS, FOOT, Bites, Aching and Sore Feet. A spoonful of Calceide in the foot-bath gives instant relief. 35c at any drug store.—Advertisement.

Cardinals Defeat Browns in Opener

ST. LOUIS, Mo., Oct. 9.—A base on balls to Bliss, who was batting for Geyer in the tenth inning, with all the bases occupied, gave the local national league team the opening game of the inter-league city championship series with the American league club this afternoon, by a score of 7 to 6.

The game was hard fought all the way. The Nationals scored first on timely hits and an error and went ahead on passes and hits. A pass followed by three hits tied it for the National in the eighth inning. In the tenth inning slow fielding by the Americans permitted the Nationals to fill the bases. Two were out, when the winning run crossed the plate. Score:

NO RUNS IN CUB-SOX CONTEST

Darkness Ends Nine-Inning Game, First of City Series.

WALSH PITCHES IN FINE FORM

Holds National League to One Hit, Does Not Allow a Base on Balls and Strikes Out Seven Men.

CHICAGO, Oct. 9.—Darkness ended a scoreless game between the Chicago American and National league clubs, which met in the opening game of a series today to decide the base ball championship of Chicago. The contest was called in the ninth inning.

Walsh pitched in rare form, holding the National leaguers to one hit. Tinker slashed out a double in the fourth inning and was the only Cub to reach second base. Schulte got one base in the second inning on Rath's wide throw, but was caught napping a moment later. Only twenty-eight men faced Walsh. He did not issue a base on balls and struck out seven men.

Lavender, who opposed Walsh, also pitched a mastery game. He held the White Sox to two scattered hits and received brilliant support. Although the attendance was kept down by rain and cold weather 1602 persons paid to witness the game, according to figures of national commission representatives. The receipts were \$11,624.25, of which \$6,884.43 will go to the players, \$2,066.15 to each club owner and \$1,673.25 to the national commission.

The teams will play again tomorrow at Comiskey park to break the tie score:

Athletics Shut Out Phillies by 4 to 0

PHILADELPHIA, Oct. 9.—The Philadelphia American league base ball team won its second game in the local inter-league series here today, defeating the Philadelphia National league players, 4 to 0.

Houck, the young Oregon twirler, pitched for the former world's champions and only three hits were secured off his delivery. Chalmers pitched a steady game for the Phillies, but received poor support. Score:

Withnell's Request For More Hydrants Granted by Howell

The Water board received a communication from City Commissioner Withnell of the department of fire protection and water supply yesterday afternoon asking for more hydrants to increase the efficiency of the fire protection.

Howell said he had already ordered in some hydrants and as a carload would soon be received others would be ordered in. Mr. Withnell submitted a plan prepared by Fire Chief Salter for the consideration of the board. This plan provides for the installation of several more hydrants.

Jackson & McKenzie, contractors who are laying the south end of the big main to Florence, demanded an extension of time. Water Commissioner Howell was empowered to act.

W. S. Doll was given the contract for laying mains in four districts, the Midwest Engineering company in five and the Katz Construction company in three. Three new districts were created.

Suits for Heavy Damages Started by Father and Son

Suits for \$10,000 damages were started against J. B. Root of South Omaha in district court for the alleged shooting of a little boy for stealing apples from the Root orchard. Lawrence O'Neil, the boy, and his father, Hugh O'Neil, are the plaintiffs, the boy suing for permanent injuries on his own account, and the father for loss of his son's services. Each asks \$5,000.

It is alleged that one of Root's employees caught the boy in the orchard and locked him up until Root should return. Root, it is charged, turned the lad loose and fired a shotgun at him as he fled. The boy's sight was impaired and he was otherwise injured.

Big Damage Suit is Filed for Slander

Slander is charged against Gus Hedgren by Charles F. Austin in a \$5,000 damage suit filed in district court. It appears that Hedgren bought a property from Austin and tendered a check in part payment. Austin says Hedgren refused to pay the check, denied his signature on it and left the public to believe Austin had forged it. He says his credit has been destroyed as a result of Hedgren's repudiation of the check.

Police Clamor for Dobbin to Haul the Patrol Wagon

Good old Dobbin—faithful old Dobbin may again come back into his own in the police department at least, even if he is relegated to the discard elsewhere.

The department has three machines, exclusive of cycles and politics, but during the last few weeks these—not the politics and cycles—have suffered various mishaps until now all hurry calls must be made with old "Betsy," the wheezy old patrol that celebrated its golden anniversary the same day that Detective Andrew Patullo discovered that he needed a hat a size larger. "Betsy" has a strange hold on fame because there is not another patrol in the world that can run "kin or cant" when in working order, and "cant or kin" when not. "Betsy" does both with astonishing ease.

Commissioner Kugel trustfully turned his car over to the department in its hour of need, but last night an embryo chauffeur poked his intelligence far into its vitals, with the attending result that Mr. Kugel knows that he is now a car-less man. Of course, "in time" the cars all will be in working order and the department will be in the clear again, but just now old-timers like Sergeant Samuelson and Pete Dillon long to sign their names to a petition asking for the reinstatement of reliable old Dobby.

Emergency Hospital Ready for Patients

The city emergency hospital on Ninth and Douglas streets, being the old Anna Wilson property remodeled, is ready to receive patients, although the remodeling is not complete. Contagious diseases will be kept in this hospital, with the exception of smallpox, according to the plans of Health Commissioner Connel.

body of men were now ready to make an active campaign in Buffalo county for the re-election of President Taft.

He says although Roosevelt received a big majority at the primaries his support has been steadily leaving him in Buffalo county since then and that if the Taft people are sufficiently active in the county in the next three weeks they will carry the county for Taft. Word came to headquarters that a Taft club has just been organized at Hooper with some fifty members signing up the first meeting.

FOR WOMEN ONLY.

That is the nature of Dr. Pierce's Favorite Prescription—the one remedy for women which contains no alcohol and no habit-forming drugs. Made from entirely medicinal forest roots. Dr. Pierce tells its every ingredient on the bottle-wrapper. Prominent physicians and some of the best medical authorities endorse these ingredients as being the very best known remedies for ailments and weaknesses peculiar to women.

This is what Mrs. GENNETH E. COFFEY, of Longstreet, Ky., says: "I feel it my duty to write and tell you what your medicines have done for me. I was a great sufferer for six years from a trouble peculiar to women, but I am thankful to say, after taking four bottles of your 'Favorite Prescription' I am not bothered with that dreadful disease any more. I feel like a new woman. When I first wrote you for advice I only weighed 115 pounds—now I weigh 135. I thank you very much for your kindness. You have been as a father to me in advising me what to do, so may God bless you in every effort you put forth for good. I hope this testimonial will be the means of some poor suffering woman seeking health."
