MONTENEGRINS BEAT TURKS IN BATTLE ON TURKISH TERRITORY

Hard Fighting Continues Fourteen Hours, Both Sides Sustaining Heavy Losses.

SULTAN'S TROOPS LOSE POSITION

Balkan Soldiers Now Hold Fort Dominating the Town of Tush.

ENTRENCH ON SCHIPCINCK HILL

Road to North Now Cleared and Open to Advance of Montenegrins.

STUBBORN RESISTANCE OFFERED

Assault After Assault of Advancing Forces Are Repulsed, but with Persistent Attacks Invaders Win a Victory.

PODGORITZA, Montenegro, Oct. 11.—The Montenegrin troops followed up their success in capturing Detich mountain from the Turks by taking late last evening the Turkish fort which dominates the town of Tush from Schipcinck hill. The Turks offered a stubborn resistance, but the Montenegrins succeeded in rushing the position after several furious assaults that the Turks repulsed.

Both forces suffered heavy losses in killed and wounded. The fighting lasted fourteen hours. The road to the Turkish town of Tush from the north is now open to the advance of the Montenegrin army.

Fighting Still in Progress.

CONSTANTINOPLE, Oct. 11.—Fighting between the Turkish and Montenegrin troops was still in progress this morning in the region of Tush to the north of Scutari. No further details have reached here.

LONDON, Oct. 11.—The fall of the Turkish city of Scutari is imminent. Unless Turkish reinforcements arrive soon the town, with its manufactures of firearms, will be taken by the advancing Montenegrin army. The Ottoman government took tonight Montenegrin threats and the Turkish military authorities were not prepared on that frontier as on the Serbian and Bulgarian borders. Hence the reported continued success of the King Nicholas forces.

The Montenegrins followed up their success by capturing yesterday the fort guarding Tush, thus improving the road for an advance on Scutari, and an official telegram received by the consul general of Montenegro in London says the advance has begun. It is pointed out here, however, that the way cannot be traveled without serious fighting, as the Albanians in the vicinity have been aroused by Turkish emissaries and are expected to join the Ottoman troops. News from other parts of the Montenegrin frontier is more conflicting.

It is generally believed, Montenegro precipitated its declaration of war as a part of strategy of the Balkan allies, unpreparedness of Turkey on its frontier must have influenced its decision.

Capture Turkish Blockhouses.

ST. PETERSBURG, Oct. 11.—A dispatch from Podgoritza, Montenegro, says the Montenegrin southern army under command of General Martinovitch, has crossed the Boyana river and captured several Turkish blockhouses at Tarakosch, near the Turkish town of Scutari. The Russian minister of marine has postponed his proposed visit to Paris in view of possible complications in the Black sea.

Still Hope for Peace.

VIENNA, Austria, Oct. 11.—Emperor Francis Joseph in the course of a conversation with a prominent personage at the palace yesterday said:

"I hope that peace may still be preserved."

Abandon Visit to Turkey.

ST. PETERSBURG, Oct. 11.—The American military commission has abandoned its proposed visit to Turkey. Brigadier General Edward J. McClelland and other officers today watched the cavalry maneuvers in the vicinity of Moscow. They intend to proceed shortly to Vienna.

Paris Bourse Panicky.

PARIS, Oct. 11.—A panicky feeling prevailed today at the opening of the Paris Bourse and heavy falls were almost general. Renten dropped 65 centimes (2 1/2 cents). Rio Tinto opened at 190, a loss of 55 points, but later recovered to 197. Bakou petroleum dropped 10 points. Turkish and Serbian stocks fell sharply.

On the Berlin Bourse.

BERLIN, Oct. 11.—The uncertainty of the Balkan situation caused an all around decline of from 6 to 10 points on the Berlin Bourse today. Canadian Pacific fell 4 points.

Greece is Expecting War.

ATHENS, Greece, Oct. 11.—Princess Alice, wife of Prince Andrew of Greece, has decided to leave at once for the frontier with a number of nurses. All the indications here point to war. A cabinet meeting lasting several hours was held today under the presidency of the king.

TURKEY CONCENTRATES TROOPS

Ottomans Figure on Support of Albanians and Armenians.
CONSTANTINOPLE, Oct. 11. (By Wire) from Steamer in the Dardanelles to Kustendje, Roumania.—No fewer than 10,000 Turkish troops from Asia Minor will, it is estimated, be concentrated in the Dardanelles.

POPULISTS QUIT THE FIELD

Independent Party Electors Resign and Demos Are Endorsed.

MORRISSEY WILL FIGHT ON

Democrat Candidate for Attorney General Says He Will Perfect Appeal to Supreme Court in Bull Moose Case.

(From a Staff Correspondent.)
LINCOLN, Neb., Oct. 10.—(Special.)—A certificate was filed with the secretary of state this afternoon, which disclosed that the populist electors withdrawn from the ticket and that the state committee of the populist party has endorsed the democratic electors. The same instrument also showed that A. T. Gatewood, populist candidate for secretary of state has also handed in his resignation and the same state committee have endorsed J. W. Keller, the democratic candidate.

The six electors who have been nominated are: Frank J. Morrissey, Lincoln; Ellis Wood, Aurora; C. W. Lemar, Waverly; J. B. Embree, Custer county; J. W. Keller, Lincoln; and A. Roth of Holdrege, a democratic elector, had already been endorsed.

Morrissey to Keep On.

Andrew M. Morrissey, democratic candidate for attorney general, and the man who after bringing suit in district court to prohibit the secretary of state from putting the bull moose candidates on the election ballot, has been accused of laying down on his job and not intending to carry the case further, said this morning that the case would be carried to the supreme court as at first intended.

"You may say," said Mr. Morrissey, "that the papers will be filed so that the case may come up at the next sitting of the supreme court, which will be October 21. I expect that the hearing will come up at least not later than October 23."

"I have understood from several county clerks that they do not intend to place the names of the bull moose candidates on the ballot, pending a hearing in the supreme court, and as the Idaho case, one that is identically the same as ours, has been decided against the bull moose, I have faith that I will win my case when it comes before the supreme court."

Electors May Meet.

Although Chairman Epperson of the conference republican committee will neither deny or affirm the rumor that the six Roosevelt electors will meet him in conference Saturday, there is every indication that such a meeting will be held and that all of the men, who are on the republican ticket as republicans, but are supporting Mr. Roosevelt, will be present and the matter finally decided. It is given out that all but two of these men are willing, in the interest of the republican state ticket, to withdraw, but Johnson and Broatch are clinging to the thing like "grim death to a dead nigger."

Stanich Picks Lewis as One of Murderers

NEW YORK, Oct. 11.—Giovanni Stanich, an eye witness, was called. The witness said he saw three men with revolvers, but was not sure whether more than one fired at Rosenthal.

Stanich left the witness stand and with hesitation picked out Whitney Lewis as one of the three he had seen. He was unable to identify the others, but swore that "Whitney" fired one of the shots.

The prosecution in the case of Police Lieutenant Charles Becker, charged with the murder of Herman Rosenthal, received a surprise today, when Thomas Ryan, a chauffeur, called to the stand to identify the gunmen involved in the case, quailed in fear when they were lined up before him. He declined to swear that he had seen them shoot and refused to repeat on the stand a story he is alleged to have previously told to Assistant District Attorney Moss.

American Railroad Men Are to Be Shot

EL PASO, Tex., Oct. 11.—Mexican rebels have given warning that all American railroad men captured while operating trains on the Mexican Northwest line after October 15 will be shot, according to testimony given today before the senate subcommittee investigating conditions along the southern border.

UTAH DEPUTIES IN CLASH WITH THE GREEK STRIKERS

RINGHAM, Utah, Oct. 11.—Fifty deputy sheriffs and several hundred Greek strikers had the first serious encounter in the Bingham miners' strike today. One Greek miner was shot through the leg, another was knocked down with a rifle butt. A number were arrested. The trouble occurred when the strikers gathered at a hillside settlement opposite the Utah Copper company's pit, where a steam shovel was put in operation.

ROWS WITH SWEETHEART AND THEN KILLS HERSELF

DECATUR, Ill., Oct. 11.—A quarrel with her sweetheart at Dupue, Ill., caused Rose Lusinger, 17 years old, to come to Decatur in an effort to forget her troubles by visiting her married brother here. Last night, however, her youthful worries overwhelmed her and she committed suicide. Her body was found today and relatives explained the act to the local police.

HEAVY LOSS FOLLOWS FIRE AT IOWA CITY

IOWA CITY, Ia., Oct. 11.—(Special Telegram.)—Fire from spontaneous combustion resulted in a \$100,000 loss to the Metropolitan bank, corner Dubuque and Washington streets, at 6 o'clock tonight. Six establishments, including two of Iowa City's largest dry goods stores, a glove factory and grocery store, were included in the destruction.

CASH FOR FARMERS ADVOCATED BY TAFT

Radical Legislation in Favor of the Agriculturist and Consumer Demanded.

WRITES LETTER TO GOVERNORS

Conference Called to Consider Uniform Laws by States.

FINANCIAL MACHINE IS NEEDED

Tiller of Soil Now Pays Higher Interest Than Manufacturer.

EUROPEAN CREDIT PLAN MODEL

President Bases Recommendations on Reports Submitted by American Diplomatic Officers Who Make Investigation.

BEVERLY, Mass., Oct. 11.—Radical legislation in favor of the American farmer and consumer as a means of solving the question of the high cost of living was urged by President Taft today in a letter to the governors of all the states.

President Taft proposes to reduce the cost of foodstuffs on the American dinner table by reducing the cost to the farmer of producing his crops. This would be done by establishing in the interest of the farmer a financial machine which would give him access to all the money centers of the world, and afford him credit at greatly reduced rates and upon more advantageous terms than he now receives. The complete development of our agricultural resources, which this would make possible, thinks President Taft, would go a long way toward settling the problem of the high cost of living.

"What this plan offers," writes President Taft, "is a means to secure this country greater productivity, at less cost, from the farms that are now under cultivation, and, above all, to give us more farms and more farmers. The plan suggested is based upon the principles of agricultural co-operative credit now in use in practically every country of Europe. Uniform state legislation, in the opinion of President Taft, is essential to the successful adoption of this plan and he has invited the governors of all the states to a conference upon this subject at the time of the annual meeting of governors in Washington in December.

"Were not the interval so short," writes President Taft, "my conviction of the importance of this subject would impel me to invite you to a conference at a still earlier date."

Diplomats Investigate Systems.

President Taft bases his recommendations on reports submitted by the American diplomatic officers in Europe who have, since last March, been engaged in an investigation of this question and upon the special report of Ambassador Myron T. Herrick, who has made a study for years of the question of adopting co-operative credit in the United States.

"A study of these reports," writes President Taft, "and of the recommendations of Ambassador Herrick, which I am sending you, convinces me of the adaptability to American conditions of the co-operative credit plan as set forth in the organization of the Raiffeisen banks of Germany. The establishment and conduct of such banks, however, are matters for state control. I suggest, also, the establishment of land mortgage banks under state charters, and the formation of co-operative mortgage bond societies along the lines of the Landchaften societies of Germany, provided that uniform state legislation can be secured to govern their organization and operation. As a later step, I favor the enactment of laws by congress permitting the organization of national land mortgage banks, to be operated under strict government supervision with the power to guarantee and market the guaranteed debenture bonds of the state land mortgage banks or co-operative societies. I recommend for your consideration the report and recommendations of Ambassador Herrick, now published by the Department of State for general distribution.

"The 12,000,000 of farmers of the United States each add year to the national wealth, \$4,000,000,000. They are doing this on a borrowed capital of \$6,000,000,000. On this sum they pay annually interest charges of \$600,000,000. Counting commissions and renewal charges, the interest rate paid by the farmer of this country is averaged at 8 1/2 per cent, as compared to a rate of 4 1/2 to 5 1/2 per cent in Europe."

(Continued on Second Page.)

ROOSEVELT IN WISCONSIN AND BRYAN IN MINNESOTA

ST. PAUL, Minn., Oct. 11.—Colonel Roosevelt arrived here from Duluth at 6:30 o'clock this morning and remained until 8:30 o'clock, when he left for an invasion of Wisconsin. He is scheduled to make his principal address at Oshkosh tonight. St. Paul progressives made no arrangements for the colonel's brief stay here and he did not leave his car. William J. Bryan is invading Minnesota today. He left Grand Forks this morning and is making several rear platform speeches on his way to the Twin Cities, being due here tonight. Bryan will speak in Minneapolis at 7:15 o'clock. He is expected to reach here at 9:15 o'clock and will at once begin his speech in the St. Paul auditorium. He will leave about midnight for Cedar Rapids and Des Moines, Ia.

ROBBERS LOOT OKLAHOMA BANK AND MAKE ESCAPE

MUSKOGEE, Okla., Oct. 11.—The State Bank of Council Hill, Okla., was robbed of about \$2,000 last night and a party of mounted bandits escaped after a running fight with citizens. Nitroglycerin was used. The explosion awakened three townsmen, who spread the alarm. Bullets were exchanged without result. Bloodhounds were taken to Council Hill to trail the robbers.

One Question They Can Answer

From the Cleveland Plain Dealer.

EXPLOSIVES ARE IN EVIDENCE

Array of Death Dealing Instruments in the Dynamite Trial.

GUNS AND INFERNAL MACHINES

Prosecution Seeks to Support Its Testimony with Articles Found in Various Cities Where the Wrecking Occurred.

INDIANAPOLIS, Oct. 11.—Pieces of exploded bombs, old tin cans in which nitro-glycerine had been carried, cartridges, fuses and magazine guns were put in readiness by the government today to be used as exhibits in the dynamite conspiracy trial.

Gathered from many sections of the country in the wake of Orrie McManigal and the McNamara, they have been classified by Clarence W. Nichols, assistant district attorney, and are to be used as physical evidence in the government's charge of illegal interstate shipment of explosives.

Nichols, who prepared much of the government's case before the federal grand jury, for weeks has been engaged with assistants in assorting the jumble of evidence. Six hundred and twenty exhibits have been listed. They are to be presented to the jury, one by one, and include:

Two magazine guns, a rifle, fuses and alarm clock attachments for bombs, taken from the valises of McManigal and James B. McNamara, when they were arrested in a lobby of a hotel in Detroit, April 12, 1911; fuses, alarm clocks and dynamite boxes, taken from the valises of the International Association of Bridge and Structural Iron Workers when J. J. McNamara, the secretary, was arrested in Indianapolis on April 22, 1911; a fibroid suit case, made in Cincinnati, for carrying nitro-glycerine cans, found Legleitner, now of Denver, is alleged to have brought over from Pittsburgh to the iron workers' headquarters in Indianapolis; nitro-glycerine cans, found near a portion of a bridge over the Missouri river at Kansas City, Mo., which McManigal blew up August 23, 1910; suit case in which McManigal carried dynamite and which bears the stains of having been placed in a radiator at his home in South Sangamon street, Chicago, to thaw out the dynamite, and when he returned he found his little girl on the floor playing with the explosive. A shawl strap in which George (Hipper) Anderson, Cleveland, a defendant, is charged with having carried a dynamite box to a suburb of Cleveland; parts of an infernal machine found near the home of F. J. Zechendelaar of Los Angeles, on the morning the Los Angeles Times building was blown up.

The original bill for \$1.00 paid for the aluminum letters used by James B. McNamara and his accomplices in changing the name "Pastime" to "Peerless" on the launch in which the explosive used at Los Angeles was brought into San Francisco bay, will also be offered.

Seeks to Bring In Gompers.

Whether Samuel Gompers, president of the American Federation of Labor was present at a certain labor union meeting held in St. Louis, Mo., in November, 1910, was asked by government attorneys.

Frank Schilling, clerk of a hotel in St. Louis, testified that the International Association of Bridge and Structural Iron Workers was holding its annual convention in St. Louis at the time. He named Frank M. Ryan, Chicago; Michael J. Young, Boston; F. J. McNulty, Newark, N. J.; M. B. Madden, Chicago; and Olaf A. Tveitmo, San Francisco, as registered at the hotel.

The convention was held a month after the Los Angeles Times disaster, and it was at this time, the government charges, that Tveitmo told Ryan, president of the iron workers, that the Pacific coast expected a "Christmas present" in the shape of more explosives. Tveitmo also was described as "the big paymaster" who financed the dynamiters. At the St. Louis meeting he is charged with promoting the Llewellyn Iron works explosion.

"Was Gompers registered at the hotel at the time?" asked Attorney Noel.

"He was not registered, but he was around the hotel a good deal," answered the witness.

United States Senator J. W. Kern, for the defense, objected: "Gompers is not a defendant. He has nothing to do with the case."

"Nothing, other than it will be shown he had something to do with the defense," said the government.

(Continued on Second Page.)

Petticoat Makers Driven to Wall by New Style Dress

NEW YORK, Oct. 11.—The Jackson-Mack Manufacturing company, one of the largest makers of silk petticoats in New York, went into bankruptcy today.

The failure is the culmination of a widespread complaint among manufacturers that the close fitting dresses now worn by women have so reduced the demand for petticoats as to make them a glut on the market. The liabilities are estimated at \$700,000; assets, \$200,000.

RAILWAY MEN TO MEET HERE

Passenger Representatives of Nickel Plate Road to Come This Month.

WANT TO KNOW OMAHA BETTER

John Y. Calahan of Chicago Says Omaha is Taking a Prominent Place Among Western Shipping Points.

Omaha has been selected as the 1912 meeting place of the passenger representatives of the Nickel Plate road. They will gather here for a conference on October 21 and 22, and will take advantage of the opportunity to "know Omaha better."

It seems rather unusual that representatives of an eastern road should come so far off their line to meet here, but this is explained by John Y. Calahan, assistant general passenger agent of Chicago, who was here Thursday to make arrangements for the meeting.

Omaha is rapidly taking a prominent place among the shipping points of the west and that it is the desire of the Nickel Plate officials to have the representatives come here and get into closer touch with business conditions of the west. It is felt that no better place could have been selected for this purpose.

There will be about twenty-five officials here for the conference, headed by B. F. Horner, general passenger agent of Cleveland. The business sessions will be held in the Rome hotel.

While the men are not actively engaged in conferences they will be taken in hand by Manager E. V. Parrish of the publicity bureau and with assistance of other Omahans will endeavor to show the visitors everything worth while knowing about Omaha. They will get acquainted with the big dairy interests, the packing houses and other resources that go to make up industrial and commercial Omaha.

Strangers Invade Martial Law Zone

CHARLESTON, W. Va., Oct. 11.—Military men at Paint Creek Junction, headquarters for the martial law district, were aroused this morning when it became known that fifteen strangers had arrived in Charleston during the night, and after purchasing arms and ammunition had been joined by fifteen local miners, also armed.

The party left here announcing an intention to go to Kayford, W. Va., where a dozen or more evicted families have been camping in the public road. It has been stated that orders have been issued to apprehend the men and take them to Paint Creek Junction. The strangers are said to be miners from the Illinois field.

Attacked by Robbers on Chicago Streets

CHICAGO, Oct. 11.—Robbers who attacked Miss Eva Olson near her home at 1372 West Lake street early today broke the girl's right leg in the efforts to force her to cease fighting them.

Miss Olson, but 17 years old, was said by the police to have fought from the moment she was attacked until her assailants ran as she screamed when her leg was broken.

ONE DIES AND TWO HURT WHEN AUTO GOES IN RIVER

GREENBAY, Wis., Oct. 11.—Louis S. Kirchner was drowned, Miss Meta Markhart fatally injured, Miss Clarice Meek slightly when an automobile in which they were riding ran off a street into the East river here today.

STOTESBURY COLLECTS FUNDS

Philadelphia Banker Names Many Who Paid in Cash.

HELPS OUT NATIONAL CAMPAIGN

Koenig of New York Admits that He Named Most of the Roosevelt Watchers at the Polling Places.

WASHINGTON, Oct. 11.—Edward T. Stotesbury of Philadelphia, banker and associate of J. P. Morgan, was the first witness examined today by the Clapp committee investigating campaign expenses. Other witnesses scheduled included William S. Edwards, Roosevelt leader in West Virginia; Fred W. Upham of Chicago and S. Aronowitz of New York.

Stotesbury testified he had collected \$106,750.50 in Pennsylvania in 1904 for the republican national campaign, all the money going to the national committee. Principal contributors to the 1904 fund were:

American Bank Note company, \$1,000; former Ambassador Charlemagne Tower, \$7,500; Drexel & Co., \$5,000; Bethlehem Steel company, \$5,000; Cambria Steel company, \$5,000; United States Steel corporation, \$12,775; William Cramp & Sons, \$1,000; Thomas Dolan, \$10,100; G. W. Ewins, \$2,500; Midvale Steel company, \$5,000; Pennsylvania Steel company, \$5,000; Philadelphia Electric company, \$2,500.

In 1908 Stotesbury said he collected \$101,067.67 in Pennsylvania for the republican national campaign. The more important contributions were:

William Dison, Philadelphia, \$1,000; Jacob S. Dison, \$1,000; Joseph H. Bromley, Philadelphia, \$5,000; Frank Dison, \$1,000; Joseph R. Grundy, \$1,000; John and James Dobson, \$2,000; John Bromley & Sons, Philadelphia, \$5,000; E. F. Stotesbury, \$5,000; Drexel & Co., \$5,000.

The greater part of the contributions entered in Stotesbury's account were from \$5 to \$100.

Stotesbury said he gave \$25,000 this year to President Taft's campaign for re-nomination.

Watchers at Polls.

Samuel Aronowitz of New York said Samuel S. Koenig, the Taft leader, actually had named most of the Roosevelt watchers.

"I was supposed to be the Roosevelt leader in that district," said the witness, "and Koenig suggested several men as watchers. The election was controlled by Koenig's men."

Aronowitz said lieutenants of Koenig had induced him to part with the badges and certificates he had gotten from the Roosevelt headquarters.

Fred W. Upham of Chicago, assistant treasurer of the republican national committee in 1908, was the next witness. Upham said he knew nothing of 1904 campaign funds. In 1908 he was in charge of the western campaign, with headquarters at Chicago, and collected \$58,230.59. In addition to that, he received \$50,000 from Charles P. Taft, and returned it at the end of the campaign.

Frank L. Smith of Dwight, Ill., manager of the Illinois Taft campaign in the pre-convention fight, said he received \$22,000 from the Taft club of Illinois and \$18,000 from Director McKinley of the Taft national bureau at Washington.

P. C. Schwedman of Springfield, Ill., vice president of the National Association of Manufacturers, said in 1908 most manufacturers in the association favored President Taft. He said the records of the association in the west showed no contributions, but that the New York books might.

At the conclusion of the examination of Mr. Schwedman the committee took a recess until Monday.

KILLS HIS BABY BOY AND WOUNDS WIFE AND SISTER

AKRON, O., Oct. 11.—John V. McDonald, a plumber, today shot and killed his 3-year-old son and then fired bullets into the heads of his wife and sister. Mrs. McDonald is believed to be fatally injured and the sister is in a serious condition. McDonald was arrested.

ADVANCE IN RATES ON SOFT COAL SUSPENDED

WASHINGTON, Oct. 11.—Freight tariffs making advances on soft coal from Colorado and New Mexico mines to destinations in the middle west, were suspended today by the Interstate Commerce commission until April 23. An investigation is in progress.
