In planning a home today it is necessary to have the advice of competent decorators in making out the furnishing schemes for the interior of the home. The interior views of the J. B. Ruth home above show the excellent work that has been accomplished in this splendid dwelling by the expert decorators of Miller, Stewart & Beaton. Many of the best homes in Omaha have been decorated by this firm. A special department is maintained by Miller, Stewart & Beaton, in which designs and sketches of home furnishings and decorations are made. In connection with the decorating department is a drapery and oriental rug section, enabling the designers to show prospective customers just how a home will look when completely furnished and decorated.

**Interior Decoration**

The planing of the furnishing and decorating of a new home is a very difficult problem to many home makers and should be placed in the hands of a competent firm. For this reason we conduct a department of interior decoration with a corps of efficient and experienced workmen, and in charge of a competent artist. Our decorators will advise you in the selection of furniture, oriental rugs and floor coverings and draperies, and will assemble the same together in perfect harmony. We will also make water color drawings showing the interior of the rooms when completed.

We carry a large stock of very fine imported laces, tapestries and wall fabrics in any period style; extensive collection of oriental rugs and imported and domestic wall paper.

We are in a position to furnish you estimates and drawings for home decorations and furnishings in or out of the city, on any class of work, and guarantee it will be carried out in an efficient manner to your satisfaction.

We extend a cordial invitation to all who contemplate re-decorating or building a new home, to visit our decorating department on the second floor or to write for detailed information. It will pay you to consult with our expert before making a decision.
