SEARCH FOR BETTER POSITIONS THAT BOYLES COLLEGE EXERTS AND BOYLES COLLEGE GRADUATES AS A RESULT HAVE THE PICK OF THE BEST POSITIONS IN THE CITY

We have a whole department devoted to not one thing other than just going over Omaha with a fine toothed comb every day just for the purpose of securing the best positions for our graduates.

Every hour of each working day this department keeps in close communication with all the business houses of all this section of the United States.

We spend hundreds and hundreds of dollars every year just informing all business houses, and banks all over this part of the United States that we can help them to obtain the very best, most efficient business assistants.

We keep one of our office staff busy all day phoning business houses—learning instantly when they are in need of more business assistants—all day long busy just receiving telephone calls for help, from concerns everywhere in Omaha and from all the surrounding section.

The result is that we daily place scores of graduates of other business colleges, after taking care of our own.

Any number of graduates of other business colleges have their names on file with our Situation-Finding Department, their own college having either been unable to place them in good positions or have not gone to any trouble to place them.

them. This, is, of itself, an advantage—a great advantage—that

alone offers you. It will not only train you to fill a good position, but it will gain the position for you. Its prestige gives you prestige. And its systematic situation-finding department makes your future more assured—places your feet firmly on the first rungs of the ladder leading to success.

Why risk the uncertainty attached to gaining business training elsewhere when you can be certain of getting a position if you gain your traing in Boyles College?
