### GREEKS FORMING FOR BATTLE

Regiment of Fighters Will Be Organized Here by Lieutenant Cokas.

#### WILL STAND READY FOR CALL

Though Preliminary Practice Will Be with Small Arms, it is Hoped to Organize an Artillery Regiment.

A regiment to be known as the Omaha Grecian Reserves is being organized here be in readiness to advance against the Turks. Lieutenant Pericles Cokes, who is a prominent business man here and a former officer in the Grecian army, will come colonel of the regiment and stand in readiness to move at the first word. A mass meeting of Greeks was held

Sunday afternoon in Washington hall, d there were about 500 pairiots present. as deemed inadvisable to return to ld country in bands and groups as have been doing, and the result was rision to man be here and be ready we at the first call-Greeks Stalled in East.

This decision was reached after information had been received that there are more than 15.000 Greeks waiting restlessly in New York for embarkation to the Mediterranean. If the Omaha Greeks were to start now they would find themselves stalled in New York awaiting for a boat to carry them to the seat of war. It was thought best, therefore, to remain here to save waste of time and money waiting for a steamer.

Unbounded patriotism was demonstrated at the mass meeting. Every armbearing Greek in Omaha was present, and everyone seemed impatient to go to the front. Conservatism ruled, howand ti was decided that there should be no further movement out or travel to the Balkans. It was therefore deemed advisable to organize a regiment here and be in readiness to move at

Organize Artillery Regiment. Though Lieutenant Cokas is an artilleryman it is not likely that a field gun regiment will be organized here, though there will be practice in battery fire is field pieces can be secured. The time will be largely devoted to small arms practice, but in the meantime an effort will be made to acquire pieces and turn the body into an artillery regiment.

The meeting in Washing hall was addresned by Rev. Gust Hervalis, priest of the Greek church, and he dwelt largely upon the native land and the ancestral traditions, speaking especially of the inpersecutions practised by the He urged everyone of his countrymen to return to Greece and take up

CONSTANTINOPLE, Oct. 12.-Whether for the purpose of furnishing provocation for war or to show the Balkan allies that Turkey cannot be intimidated. the government is acting with an aggressiveness calculated to bring on hostilities. The embargo on Greek ships, the detention of Servian ammunition and the seizure of Bulgarian railway cars, all constitute beligerent acts.

Greek and Bulgarian nationals in Constantinople, numbering 1,000 or more, have been subjected to treatment designed to irritate these two nations. At Ames the girls in the domestic science department are reported to have taken a vow that in case their department there is the election of a republican legislature abolished they will not go to the State especially that a republican may be sent university, but rather will go to some to the senate from Iowa next winter for other college. The students in the en gineering department have been organ ized as a protest and the alumni mem hers of the State university are being circularized to get busy and fight the edict of the board. It is stated that action will be taken in court, on the theory that the board has no legal right to effect the changes proposed, and especially or the theory that no part of the State university can be abandoned after once established at Iowa City. It is certain the egislature will be made the target of a flerce contest and that the demand will be for the abolition of the one board plan and restoration of separate boards for each of the colleges. The professors at the colleges will be the greatest sufferers and many of them are indignant but do not dare to say too much about the matter.

In the meantime the State Board of Education is taking the matter coolly. having realized from the first order that the order for the correlation of the three institutions and the cutting out of duplication would arouse a storm of wrath at each of the institutions affected by the order. The board will submit the matter to the people and abide by their

## Sage Tea Will Darken Faded And Gray Hair

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product. Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength with the addition of Sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair.
