

SUB-SIDEWALK TAX LOWER

Legal Department to Draft Ordinance for Fifteen-Mill Levy.

BUSINESS MEN OPPOSE THE TAX

W. F. Baxter is the Only Business Man to Appear to Argue in Favor of the Proposed Levy.

"Big business," represented by twenty-five or thirty prominent business men, won a temporary victory in the city commission when they secured a postponement of the passage of the subway tax ordinance until a new ordinance, reducing the tax from 25 to 15 mills, is drafted by the legal department.

W. F. Baxter, a member of the committee, fought for the 25 mill tax ordinance, saying the reduction of the amount would mean that the tax on subways would also be reduced from 25 to 15 mills, and the result would be that no greater income would accrue because of the ordinance.

With the exception of Baxter no business man spoke in favor of the ordinance but the following opposed it: George E. Barker, Frank B. Kennard, C. R. Sherman, C. H. Pickens, A. L. Cahn, Joe Barker, A. C. Dreibus, C. A. Martin and Rome Miller.

Mr. Baxter showed said the protest was surprising in that the tax would be very small if left at 25 mills. Mr. Butler said it would bring in less than \$10,000 a year.

City Council Notes.

An ordinance regulating automobile traffic on the streets was held up for a week to give protestants a hearing. Action on an ordinance compelling auto owners to buy and equip their machines with "tenders" was postponed. The appraisal of the property condemned for opening Hickory street from Sixteenth to Nineteenth street was approved.

Former Omaha Boy Killed in Accident

Word has just been received by Miss Neva Turner, a teacher in the Omaha High school, of the death by accident of her nephew, Ernest A. Kirtley, at Limon, Costa Rica, Central America. Mr. Kirtley was educated in the public schools of Omaha and is well known here. At the time of his death he was in the employ of the United Fruit company at Costa Rica and was going over his plantation in an automobile when this machine was struck by a train. The accident occurred the latter part of September. He was buried in Costa Rica.

PROGRESSIVE COMMITTEE PRACTICALLY COMPLETE

John Lewis, chairman of the Douglas county progressive committee, is now regularly in charge of headquarters in what was the lobby of the old Murray hotel. He says the organization of the committee is practically completed and that the committee will get busy with the work of getting out the registration in Omaha for October 23. This, he says, is to the interest of the republicans as well as of the bull moose, so far as the local and state campaign is concerned, as practically all the republican candidates for local and state offices have been endorsed by the progressives.

BREEN AND BLACKBURN AS PETITION CANDIDATES

Friends of John P. Breen and Thomas W. Blackburn are said to be urging these men to allow their names to go on the ballot by petition this fall as candidates for the state senate. The regular candidates now up from this district on the republican ticket are N. P. Dodge, P. H. Harman, John M. McFarland, Arthur C. Hancock and Charles L. Saunders. It is an account of the alleged moose tendencies of several of these candidates that Breen and Blackburn are being pushed as petition candidates.

ENTERTAINMENT PLANNED FOR COMMERCIAL TEACHERS

Committees have been appointed to plan the program for the entertainment of the Missouri Valley Commercial Teachers' association which convenes in Omaha November 29 and 30.

L. C. Russett, principal of the Omaha High School of Commerce, as chairman, has appointed the following committees: Excursions, L. E. Gifford, N. M. Graham and W. J. Hammel; music, J. W. Lampman, Miss Ione C. Duffy, Miss Louise Stegner; decorations, R. H. Johnson, Miss Mabel Blair and Miss Fay Watts.

ART GUILD ASKS ROOM IN NEW COURT HOUSE

Doane Powell of the Omaha Art guild presented a petition for the use of space in the new county court house for the art exhibit to be conducted by the guild next month. Extensive preparations are being made for the exhibit, and it is expected that it will be the most attractive display ever conducted in Omaha. The county commissioners will very likely grant permission to use one of the rooms in the new building.

LITERARY SOCIETY FORMED BY MEMBERS OF Y. M. H. A.

The Literary society of the Young Men's Hebrew association was organized Sunday afternoon by some of the young men connected with the society. Mr. Rees was chairman. Constitution and by-laws were adopted. This society will meet the first and third Tuesday of each month. Mr. Rees was elected president. H. Minsky vice president and Ben Brodsky secretary.

Ak-Sar-Ben Floats Labeled New York

The sale of the Ak-Sar-Ben electric floats to Denver for its Mountain and Plain festival when announced was regarded as a particular tribute to the excellence of Omaha's street pageant. Here, however, is Denver advertising the same floats as coming "direct from the New York Hippodrome"—at least they are so designated in the Denver Post, which then proceeds to describe them in detail in superlative language. Omaha's electrical parade is to have its second performance in Denver next Thursday evening, but in making the bill of sale Ak-Sar-Ben evidently failed to stipulate against pretense that the floats came from New York.

Electors Not Chosen By Roosevelt Men

Now that the six moste inclined republican electors in the state have finally decided they will not give place to Taft electors on the ground that they were chosen at the primaries by Roosevelt voters, General J. H. Culver, vice chairman of the republican state committee, says he wonders how they justify themselves for getting on the primary ballot in the first place by representing themselves as for either La Follette or Roosevelt. "When they say they were nominated at the primaries as Roosevelt electors," said General Culver, "this is only half true. The petition circulated to get them on the primary ballot represented these men as standing first for La Follette or Roosevelt and in any event for the republican nominee. On the strength of this representation they gained their place on the primary ballot through the signatures of La Follette and Roosevelt men who believed they would do as they said. Now that their proffered candidates were both defeated at the convention how can these electors persist in claiming they were chosen by Roosevelt men?"

Burlington's Report On Crops is Good

The condition of the soil over the entire Nebraska district is reported by the Burlington to be quite satisfactory. The estimate of the corn yield from the Omaha, Lincoln, Wynmore and McCook divisions is thirty-two, twenty, thirty-one and seventeen bushels to the acre, respectively.

The fall has been exceedingly favorable for seeding to winter grain and the prospects for the 1913 wheat crop are exceedingly good. The crop is practically all seeded and many fields are green with a most satisfactory "stand." The general rain of this week will be sufficient to take the fall sown grain into winter in most excellent condition.

The average crop of potatoes has been taken from the ground and the sugar beet crops is more than promising. Very heavy shipments of apples are being made from the eastern part of Nebraska, and the crop in general should be good.

Pastures are yielding much forage as usual at this season of the year and meadows are in excellent condition to go into winter.

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain or the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. BRADFIELD REGULATOR CO., Atlanta, Ga.
