STATE FIGHT UP IN AIR

Epperson Gives Up Hope of Pulling Electors Off.

CORRICK SAYS HIS HELPLESS

Protest Filed Against Name of John Heasty Appearing on Official Ballot as Nominee of Progressive Party for Senator.

(From a Staff Correspondent.)

LINCOLN, Neb., Oct. 14.—(Special.)—The political situation at the present time is decidedly up in the air so far as the republican bull moose campaign is concerned. While Chairman Epperson of the bull moose republican committee has practically thrown up his hands as far as getting the Roosevelt electors on the republican ticket to withdraw and let their places be filled by Taft men, several of the state candidates have not given up hope and are still planning their faith to the proposition that it will mean votes to the state ticket to have the matter fixed up in a harmonious way.

It has been given out that a meeting of the state committee of the Epperson faction has been called for Tuesday evening, but for what purpose is a conjecture, as there is an atmosphere about Epperson headquarters which is not conducive to giving out very much political dope for publication just at this time. Chairman Corrick of the bull moose committee says that the matter of the bull moose electors withdrawing from the republican ticket is a matter of conscience with them and that he does not care to do any coaxing to get them to withdraw, leaving it to their own judgment what they think best to do.

Protest Heasty's Name. A protest against the name of John Heasty appearing upon the official ballot as the nominee of the progressive party was filed with the secretary of state this afternoon. Mr. Heasty filed as the progressive candidate for the state senate from the Fifteenth senatorial district and halls from Fairbury. The protest is made by George L. Milby

SUMMER SKIN DISEASES

During the summer most persons are annoyed with pimples, boils, rashes, or eruptions, while others suffer more severely with Eczema, Acne, Tetter, Salt Rheum, or some kindred skin disease. The eruptions may be glossed over and inflammation reduced by the application of washes, cosmetics, salves, etc., but no skin affection can ever be permanently cured in this way. Only pure blood insures a healthy skin and the circulation is therefore the point at which treatment should be directed. S.S.S. cures Skin Diseases of every kind by neutralizing the acids and removing the humors from the blood. S.S.S. builds the circulation up to its normal strength, increases its nutritive powers and adds to its purity in every way. Then the skin instead of being irritated, burned and blistered with acid humors and impurities, is nourished and healed by a plentiful supply of pure, rich blood. and sets forth that "said Heasty is not a member of the progressive party; that he was not nominated by a district or county convention participated in by fifty electors of the district; that the persons participating in the convention were not members of the progressive party; that there is no political party back of said pretended nomination and that the nomination was made for the sole purpose of misleading and defrauding the voters of the said senatorial district; that no such party exists as the "Progressive Party" and that the affidavits attached to the certificate of nomination were false and untrue."

Kinkaid's Decision Pleases. Considerable satisfaction was felt by republicans in Lincoln this morning over the fact that the Sixth district congressional committee had prevailed upon Mr. Kinkaid to withdraw his declination to be a candidate for congress and accept the nomination at the hands of the committee. The papers in the case have not yet been received by the secretary of state, but Mr. Walt says there is time yet to receive them and get the name of the Sixth district congressman back on the ticket.

Happy Hollow Applies. Amended articles of incorporation were filed with the secretary of state this morning of the Happy Hollow club of Lincoln, Douglas county. The club has increased its stock from \$300,000 to \$325,000 divided into shares of \$10 each, the former shares being held at \$100. The officers of the club are given as Robert Dempster, president, and Charles G. McDonald, secretary. The club also makes application to be relieved from paying the state occupation tax, setting out that the club is not incorporated for the purpose of making a profit on its investment.

The Harney Holding company is another Omaha corporation which has filed its articles with the secretary of state with a capital stock of \$100,000. The company will do a general real estate business and the officers are Charles T. Kountze, G. H. Payne and Thomas L. Davis.

Fred Lind has filed with the secretary of state a certificate showing that he has been nominated by the progressive party as a candidate for the state senate in the Eleventh district. Mr. Lind lives at Clarks.

Deshler is Ready for the Corn Show

ARRANGEMENTS are complete for the Deshler corn show and horse fair Thursday and Friday, October 17 and 18. There will be three public rest rooms with women attendants and check stands, a large building for the corn exhibit and the speaking will be held in a building which will seat 1,500. Merchants will decorate and give demonstrations. Among the speakers are G. W. Norris, A. C. Shallenberger, H. J. Gramlich, C. G. Marshall, A. L. Haacker, Senators Skiles and Sackett.

The new five-light boulevard posts recently ordered for Main avenue have not been placed, but the Electric Light company will string a large number of temporary lights for the occasion. Plans are about completed for the new Lutheran high school and business college soon to be erected in Deshler. The main building will cost about \$40,000. During the last four quarters the amount of stamp cancellation at the Deshler postoffice has exceeded the amount required for a third-class office and commencing January 1, 1913, the office will be so rated. The salary of the postmaster will be the same as at present, \$1,200, but the government will pay the rent and running expenses.

Farmer Day Makes an Unexplained Trip

TABLE ROCK, Neb., Oct. 14.—(Special.)—Anthony Day, a young farmer living four or five miles northeast of here drove to town with a load of grain Monday last. After disposing of it, he put his team in the livery barn and engaged Ray Warner to take him to Lewiston on the Rock Island, where he took the train for the west. His young wife, to whom he had been married but a short time, knew nothing of intended departure, and no one seems able to account for the same.

Captain and Mrs. E. A. Farrow have arrived from Manila, P. I., where they have been stationed for the past five years, and are guests at the home of Mr. and Mrs. William Binder, west of town.

J. Everist Cathell of Richmond, Ind., addressed an attentive audience at the opera house Friday evening in the interests of President Taft.

Escaped Convict Found in Lincoln

(From a Staff Correspondent.) LINCOLN, Neb., Oct. 14.—(Special.)—James Sparks, a colored man, sent up from Douglas county for life for causing the death of a boy, the crime being one against nature, November 22, 1894, and afterwards declared insane and sent to the Hastings asylum, from which he escaped about ten years ago, was apprehended in Lincoln today and sent back to the penitentiary. He was recognized by Doody, the guard who was shot at the prison last March at the time of the murder of Warden Delahanty. Sparks had been in Lincoln over a year and was engaged as a cook at one of the restaurants in the city.

Sutherland Talks to the Democrats

ROSELAND, Neb., Oct. 14.—(Special.)—The democrats, at an enthusiastic rally here, were addressed by the local candidates and R. D. Sutherland, candidate for congress. He took occasion to say that the political atmosphere had been cleared up since Mr. Barton took a stand for Roosevelt and his platform, as he did at Harvard. It was rather against the Taft and republican ticket, of course, and if successful, meant the destruction, perhaps, of the old party, but the moose did not seem to realize or care if it did. He said no man could act for the moose ticket and support Roosevelt without fighting.

News from West Point. WEST POINT, Neb., Oct. 14.—(Special.)—Augusta Kath, wife of Albert Kath of Bancroft, was taken before the insanity board Tuesday. She has been twice before adjudged insane, but on partial recovery has been paroled to her husband. Her mania has assumed a religious form. She was committed to the hospital at Norfolk and will be taken there by Sheriff Knight. The teachers of the local public and high schools will attend the state teachers' meeting at Omaha November 6, and the schools will be closed on those days. Dr. H. L. Wells will attend as the representative of the West Point Board of Education.

TURKEY INVITES THE BALKAN STATES TO ENGAGE IN WAR

(Continued from Page One.)

tion still closer to the town of Gusinye, according to the official report of General Yulokitch, the commander of that division of the Montenegrin army. The Turks, who offered a stubborn resistance, suffered heavy losses, according to the general.

The Montenegrins also occupied yesterday two other Turkish positions commanding Gusinye. During the fighting they captured four machine guns, many rifles and a large quantity of ammunition. The Montenegrin casualties since the outbreak of hostilities totaled, up to yesterday morning, 236 killed and more than 800 wounded. Those more severely injured are being conveyed to Cetinje, as the hospitals here are overcrowded.

MONTEGREGINS URGE BALKANS

State Likely to Be Engaged with Turkey in a Few Days.

LONDON, Oct. 13.—War in Balkans is now only a matter of a few days. The replies of the Balkan states to the powers' note, virtually rejecting intervention will be delivered at the various capitals tomorrow and at the same time notes practically in the shape of an ultimatum will be sent to Turkey demanding autonomy for the Macedonian provinces.

According to a reliable dispatch from Rome the Balkan coalition will make a demand which it will be impossible for the porte to accept, namely, that the reforms be executed under control of the European powers and the Balkan states and, as a pledge, that the porte assent to the immediate demobilization of the Turkish forces.

It is understood that the porte will be given until Tuesday; therefore, there is every probability that general hostilities will be opened before the week is ended.

Strategic Point Captured. Dispatches report that the movement of the Bulgarian army has already begun. The Montenegrins, continuing their advance, have captured Byelopolye, an important strategic point to the northwest of Berana, after desperate fighting. They are now on their way to Sientiza, thirty miles to the northeast of Byelopolye and close to the Serbian frontier against which they will direct an attack. It is in this direction that the Montenegrins expect to join hands with the Serbian army when it advances from the north.

According to a Constantinople dispatch to the Standard, Essad Pasha arrived at Scutari today with reinforcements, raising the garrison from 12,000 to 20,000 men. If this news is true the Montenegrins will have a difficult task in capturing Scutari.

Bulgarians on Move. The movement of the Bulgarian army began Sunday, according to a Sofia dispatch to the Daily Telegraph, trains proceeding toward the frontier every two hours.

It is reported that Christian soldiers have deserted the Turkish army in a body and that large numbers are arriving at Sofia. The Serbian troops, says the dispatch, are now in position and will move next week.

The hitch in the negotiations between Italy and Turkey, the Constantinople correspondent of the Telegraph asserts, is not serious, and a peace settlement is believed to be imminent.

Villages Put to Sword. An official account of the operations on the Montenegrin frontier reaching the Daily Telegraph by way of Constantinople says the Montenegrins massacred every man, woman and child in the villages around Akova without distinction of race or religion. After severe fighting the Turks recaptured Akova and drove the enemy back in disorder. They also captured Mojovac, a village on the border. The Montenegrin offensive campaign, says the dispatch, may already be considered at an end.

Terrible Battle Fought. Reports have reached Cetinje, says a dispatch from the Montenegrin capital to the Express, that a terrible battle was waged Friday evening, the Montenegrins attacking the Turks at the foot of Siroka mountain, forcing them to retire with a loss of 300 men. The Montenegrins took many prisoners. The casualty list on the Montenegrin side is estimated at 100 killed or wounded.

Two Turkish gunboats on Lake Scutari bombarded General Martinovich's right wing. A Podgoritz dispatch to the Daily Mail says the town of Schierik has been practically demolished by the Montenegrin guns and that 200 Turks have been taken prisoners. A block house at Arorazi also has been leveled.

Describing the capture of Detitch mountain, a correspondent at the front says the final charge of the Montenegrins was so furious that the retreating Turks had no time to disable their guns and they were actually fired at with their own guns by the Montenegrins as they endeavored to make their escape to the south.

Why Leader Ended Life. The noted Macedonian leader, Toder Lasaroff, committed suicide Friday, says a Sofia dispatch, because the military doctors refused to enroll him in the army

JEWISH CHARITIES ELECT

S. Ravitz is President and H. B. Zimman Vice President.

REPORT SHOWS GOOD GROWTH

More Money is Handled and More Cases Are Attended Than During Any Preceding Year of the Organization.

At a meeting of the associated Jewish charities of Omaha in the Young Men's Hebrew association's room yesterday morning S. Ravitz, president of the organization, submitted his annual report and officers for the coming year were elected. In part the report was: "The last year has witnessed material growth. Our total receipts have increased from \$1,677.75 to \$2,465.25, enabling us to meet the demands of the particularly severe winter with a disbursement of \$2,727.50, as against \$1,529.23 of the previous year. We also have been able to set aside \$756.08 as a permanent fund."

The report calls attention to the fact that the society has during the last year co-operated most freely with the Free Loan society, the Jewish Immigrants' Information bureau, the Jewish Ladies' Relief and other societies, and that such co-operation is welcomed and encouraged for the future. This is the first year the association has had a salaried secretary. The experiment was reported satisfactory and the plan is to be continued.

The report shows that during the year 107 persons applied for employment and that ninety-four were furnished employment by the Immigrants Information bureau. It shows that 348 new cases and 211 old ones were dealt with during the year; that 900 calls and visits were made; and that there were 2,555 telephone calls received. Names of those contributing to the organization during the year are given to the number of 250, donations ranging from \$1 to \$200.

S. Ravitz was re-elected president, H. B. Zimman, vice president, and L. Harris and H. Friedman were re-elected secretary and treasurer respectively. These four officials were authorized to select the other members to constitute a board of trustees. Miss Helen Grodinsky, salaried secretary of the Associated Jewish charities, is to retain the position for another year. She is also secretary of the Jewish Immigration Information bureau.

Addresses were made by Rabbi Frederick Cohn, I. Ziegler, H. A. Wolf, Martin L. Sugarman, William L. Holzman, H. B. Zimman, Samuel Frank, Dr. Philip Sher and others.

Supreme Court Begins Its Long Term Today

WASHINGTON, Oct. 13.—The supreme court of the United States will begin its annual eight months' term tomorrow, being the first of the governmental machines to resume activity this fall.

There are now 800 cases docketed, enough to consume the time of the court for two years if it did nothing else. No decisions will be announced by the court in all probability until Monday, October 21. A number of important cases have been under advisement during the summer. Among these are forty-five "state rate cases" or "3-cent fare cases," the Union Pacific merger suit and the "hard coal case." Because of the vast amount of work involved in the state rate cases a decision in them is not expected until later in the term.

OMAHA BOYS PLEDGED AT THE UNIVERSITY

LINCOLN, Oct. 14.—(Special Telegram.)—Fraternities of the University of Nebraska today announced the pledging of several Omaha boys.

Following are the Omaha boys: Alpha Theta Chi—Harold Graham, Homer Phillips, Beta Theta Pi—Loring Elliott, Everett Burke, Phi Kappa Psi—Jack Bowen,

Advertisement for 'Your Brain Is a Battery' featuring an illustration of a battery and text explaining the concept of the brain as a battery. The text states: 'The simplest form of battery requires three factors to make the electric spark—(zinc, copper and an acid). The human brain also requires three vital elements to put forth thought—water, albumen and Phosphate of Potash. In the Brain as in the Battery, let a single element become weakened from yesterday's use and lessened activity follows. Therefore, in order to keep a good working brain or add to its power, one absolutely must use food which contains albumen and Phosphate of Potash. Why not do a bit of thinking now? Water and albumen exist plentifully in every-day food, but Phosphate of Potash is often lacking. That missing element exists freely in the outer coating of wheat and barley, but the miller of white bread flour throws it out because it makes his flour brown instead of white. Grape Nuts FOOD Made of choice wheat and malted barley, retains the rich brain-building Phosphate of Potash required by Nature for supporting bright brains and active minds. Pure! Wholesome! Appetizing! This food is partly pre-digested and quickly absorbed. A morning dish with cream provides force for accomplishment that many a man has come to know and appreciate.
