CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade. CHICAGO, Oct. 14 .- War talk made the wheat market rush upward today and left the price unsettled, 114@1%c to 2c above Friday night. Fear that the Dardanelles would be closed put wheat speculators into a mood to buy freely. Rapid price changes took place chiefly at the outset in the wheat pit. Heavy selling by owners who wished to release profits

For the first time in over two months there was \$1 wheat today. The May options went to \$1.00%, a net advance of nearly \$c, but closed at \$9%@39%c. December, the leading option, ranged from \$1% to \$5%c. with last sales 1%@1%c net higher at \$4%c.

Corn at first responded to the upturn the country worked lower.

corn at first responded to the upturn in wheat, but subsequently worked lower under the influence of big sales. December closed steady, %c down at 53%c. Cash grades were weak. No. 2 yellow was quoted at 64%@65%c.

In oats liberal buying was offset through large increases in shipments to arrive. December closed a shade net

ower at 32%c. Irregularity in the course of the provision market grew out of the war excitement. October pork closed up 10c, but the rest of the list had declined.

The money it is understood, will be deposited in one of the local banks today. The local office, although only a suboffice, holds an enviable piace as a business getter among the divisions of the Burlington.

The market as a whole was reasonably active and the big bulk of all the cattle sold in fair season.

Cows and heifers started out a little slow and buyers began bidding lower, but still it was apparent that they really wanted the cattle and they were forced in the end to pay steady or pretty close.

Under the title of the Young Men's Catholic association there will be another Young Men's Christian association in South Omaha within the next few weeks. Rev. Father Bailew of St. Bridget's Catholic church has organized an association among the young men of his church who will unite for social purposes under the banner of the new organization. The home of the new association will be at Twenty-fourth and E streets in the old Hannon building, now under repair. The upper floor of the building will be remodeled into pool rooms and smoking parlors, while the lower floor will be used as a dance hall.

OMAHA LIVE STOCK MARKET sale, the bulk of a less desirable class was in keen demand. In fact, anything that would do for killing at all sold just as fast as the buyers could get at it. Bullish features in the general trade may possibly have had something to do with local business. First advices from other markets indicated strong and higher prices over the close of last week. Dressed mutton on the eastern markets continues in strong, good demand. The majority of the fat offerings were disposed of in very good season, trade being lively all the morning. Wool Market.

Stock Importer EL PASO, Tex., Oct. 14.-Rebels todal held up a passenger train 150 miles south of this point on the border, rifled the mail and express cars and kidnaped John T. Cameron, a wealthy stock broker. The train was allowed to proceed south. Cameron was on his way to purchase stock to be imported into the United States. It is believed he is held either for ransom or to prevent further stock shipments from the districts held by rebels. A Mexican passenger also was held by the rebels, who molested no others,

according to the report. Opening of the Mexican Northwestern railway after a lapse of traffic for a week, caused by the destruction of the road by rebels, makes known large recent losses by the company. Aside from the destruction of many trestles on the line, a train of twenty-four cars of choice lumber, destined for the United States, was burned. The loss of the lumber train is estimated at more than \$50,000.

Federal troops continue to offer a protection to the railway, remaining in the larger towns, say passengers arriving here. Some significance is attached to the departure to the state capital of General Antonio Rabago, commander of the district. It is understood he had been recalled to Mexico City. Fresh troops, not of his command, are on the way from the city of Chihuahua to replace Rabago's troops.
