

COLONEL ROOSEVELT SHOT Receives Bullet in Abdominal Region Fired by John Schrenk. WOUND REPORTED NOT SERIOUS Victim of Assault Leaves Milwaukee on Slow Run to Chicago Still Carrying Thirty-Eight Caliber Bullet.

(Continued from Page Four.)
In it that the bullet went through and it probably saved it from going into my heart. The bullet is in me now, so that I cannot make a very long speech. But I will try my best.
"And now, friends, I want to take advantage of this incident to say a solemn word of warning as best I know how to my fellow Americans. First of all I want to say this about myself—I have altogether too many important things to think of to pay any heed or feel any concern over my own death. Now I would not speak to you insincerely with five minutes of being shot. I am telling you the literal truth when I say that my concern is for many other things. It is not in the least for my own life.

Already Ahead of the Game.
"I want you to understand that I am ahead of the game anyway. No man has had a happier life than I have had, a happier life in every way. I have been able to do certain things that I greatly wished to do and I am interested in doing other things. I can tell you with absolute truthfulness that I am very much uninterested in whether I am shot or not.
"It was just as when I was colonel of my regiment, I always felt that a private was to be excused for feeling at times some pang of anxiety about his personal safety, but I cannot understand a man fit to be colonel who can any longer feel his personal safety when he is occupied as he ought to be occupied with the absorbing desire to do his duty.
"I am in this cause with my whole

Letters of a Slim-Made Woman to Her Fat Sister

Third Letter on the Mistaken Theory of Starvation to Reduce Weight.
Dear Sis:—I've just finished dinner, and if I had time would tell you of all the good things I ate—you'd be horrified. Remember that dear, mistaken old doctor back home, who tried to take the fat off me by starving me? What a patient, trusting creature I was to put up with it! I was half-faded, and weak, and actually sick from lack of food—and he would graciously allow me about one cracked egg a day—I felt like a parrot.
"You know I always said that system was barbarous—that there must be a simple, easy, natural method to take off superfluous flesh. Well, I found it, found the simple, harmless, Marmosa Prescription. It took time, of course, but I had been carrying that load of fat for years, and I was mighty well satisfied to get rid of it in a few months.
The way I did it was this: At the drug store I got 1/2 ounce powdered Marmosa, 1/2 ounce Canada Aromatic and 1/2 ounce Peppermint Water. I mixed these at home, and began taking a teaspoonful after meals and at bedtime. There wasn't any change at first, but I kept right on, and pretty soon I noticed a gradual reduction in weight—slow at first, but greater as weeks went by—until now I'm as trim as a pinneese, flesh firm, skin smooth, complexion clear, and feeling fine. If I'd kept on starving I'd have died-fat. Love, BETTY.

heart and soul; I believe in the progressive movement—a movement for the betterment of mankind, the movement for making life a little easier for all our people, a movement to try to take the burdens off the man and especially the woman in this country who is most oppressed. I am absorbed in the success of that movement. I feel uncommonly proud of belonging to that movement.
"Friends, I ask you now this evening to accept what I am saying as absolute truth when I tell you I am not thinking of my life or of anything connected with me personally. I am saying this by way of introduction because I want to say something very serious to our people and especially to the newspapers.
"I don't know who the man was who shot me tonight. He was seized by one of my stenographers. Mr. Martin, and I suppose is in the hands of the police now. He shot to kill me. I am just going to show you, Colonel Roosevelt then unbuttoned his coat and vest and showed his white shirt badly stained with blood. Now friends I am going to be as quiet as possible even if I am not able to give the challenge of the bull moose quite as loudly. Now I do not know who he was or what party he represented. He was a coward. He stood in the darkness in the crowd around the automobile and when they cheered me and I got up to bow he stepped forward and shot me in the breast.
Victious Minds Inflamed.
"It is a very natural thing that weak and vicious minds should be inflamed to acts of violence by the kind of foul mendacity and abuse that have been heaped upon me for the last three months by the papers in the interests not only of Mr. Debs, but of Mr. Wilson and Mr. Taft. Friends, I will disown and repudiate any man of my party who attacks with such vile, foul slander and abuse any opponents of any other party. Now I wish to say seriously to the speakers and to the newspapers representing both the republican and democratic and socialist parties that they cannot, month in and month out, year in and year out, make the kind of slanderous, bitter and malevolent assaults that they have made and do not expect that brutal violent characters, especially when the brutality is accompanied by a not too strong mind, they cannot expect that such nature will be unaffected by it.
"I am not speaking for myself at all, I give you my word, I do not care a rap about being shot, not a rap. I have had a good many experiences in my time, and this is only one of them. What I do care for is my country. I wish I were able to impress on our people the duty of their opponents. I say now I have never said on the stump one word against any opponent that I could not defend in the laboratory. I have said nothing that I could not substantiate, and nothing I ought not to have said, nothing that, looking back, I wouldn't say again.
"I am all right."

BREAKFAST OF HAM AND EGGS
Roosevelt Stands the Trip from Milwaukee Fairly Well.
CHICAGO, Oct. 15.—Colonel Roosevelt at 9 o'clock was much stronger than he was early in the morning, according to his physician. He was bright and cheerful and seemed rested. He suffered little pain from the wound.
"The vitality of Colonel Roosevelt is beginning to assert itself again," said Dr. Terrell. "I expect his fine physical condition to bring him through."
Colonel Roosevelt slept for two hours after his arrival in Chicago before he was awakened, and conducted to Mercy hospital. Meanwhile, his train was being silently viewed by a crowd of 400 persons.
Dr. Ray T. Saylor of Milwaukee, who accompanied the colonel on his trip last night said he thought an operation under local anesthesia, probably with cocaine, is what will be undertaken for the removal of the bullet.
Colonel Roosevelt was stronger after the X-ray examination. He ordered a hearty breakfast of tea, bacon and eggs and toast, his customary morning fare, saying he was hungry.

SCHRENK IS FROM NEW YORK
Lodger in the Hotel of Gustave Jost for Months.
NEW YORK, Oct. 15.—John Schrenk, Roosevelt's would-be assassin, up to a month ago was a lodger at the White hotel, a three-story lodging house at 156 Canal street, just off the Bowery. He had been a guest there for nine months, occupying a room that cost him \$2 a week. Gustav Jost, owner of the hotel, said he had known Schrenk for a long time, although never intimately.
"The man's father," said Jost, "was an old-time saloon keeper on Elizabeth street. Schrenk used to come often to my place for luncheon and a casual glass of beer. He was a quiet, unassuming fellow, and I often sat down with him for a few minutes' chat, although at the time I did not even know his name.
"It was nine months ago when he came to me and asked for a room. I gave him one at \$2 a week and he was registered under the name of Slanang. He told me at the time he was in the insurance business. A few days later he remarked to me that his name as inscribed on the register was a mistake and should be 'Schrenk.' He did not appear to be prosperous—in fact, about two months ago he asked me to help him get a job somewhere as bartender or waiter.
Schrenk quit the hotel, leaving no forwarding address. He said that he was going out of town to visit relatives. A few days later he sent me a souvenir post card from a southern town, I think in South Carolina.
"Schrenk never had any visitors at the hotel. He was quiet in his manner and in his talk. There was no mystery about him—apparently he was just like many other men whom you meet in New York hotels and lodging houses. He never talked politics with me and never gave any indications of possessing violent opinions. He is the last man I would have picked up as a would-be assassin.
"The man left no papers or documents in the room he occupied. There was a bundle of old clothes on a cupboard shelf which I told the maid to throw out."

SURGEONS ISSUE A STATEMENT
Indicate Where Bullet Lodged and State His Condition.
CHICAGO, Oct. 15.—The following official statement was issued at 10:30 by the surgeons attending Colonel Roosevelt: "Colonel Roosevelt's hurt is a deep bullet wound of the chest wall. It did not strike any vital organ in transit. The wound was not probed. The point of entrance was to the right of and one inch below the level of the right nipple. The range of the bullet was upward and inward, a distance of four inches deeply

on chest wall. There was no evidence of the bullet penetrating the lung.
"Pulse, 90; temperature, 98.2; respiration, 20; leucocyte count, 90 at 10 a. m. No operation to remove bullet is indicated at present time. Condition hopeful, but wound so important as to demand absolute rest for a number of days.

How to Make Better Cough Syrup than You Can Buy
A Family Supply, Saving \$3 and Fully Guaranteed.
A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside of 24 hours. Excellent, too, for croup, whooping cough, sore lungs, asthma, hoarseness and other throat troubles.
Mix one pint of granulated sugar with 1/4 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.
This is just laxative enough to help cure a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant.
The effect of pine and sugar syrup on the inflamed membrane is well known. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in gualic acid and all the natural healing pine elements. Other preparations will not work in this formula.
The Pine and Sugar Syrup recipe is now used by thousands of housewives throughout the United States and Canada. The plan has been imitated, but the old successful formula has never been equaled.
A quantity of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will set it for you. If not, send to The

MRS. ROOSEVELT TO CHICAGO
Wife of the Colonel Will Reach Husband's Bedside Tomorrow.
CHICAGO, Oct. 15.—It was announced in Colonel Roosevelt's room at Mercy hospital today that Mrs. Roosevelt will arrive in Chicago tomorrow.
NEW YORK, Oct. 15.—Although bearing up well under the shock, Mrs. Roosevelt spent a restless night and this morning Dr. Alexander Lombard called at the home, where Miss Ethel appeared early at progressive headquarters awaiting for news.

FATHER VATTMAN IS A CALLER
Expresses Opinion that Roosevelt Will Recover.
CHICAGO, Oct. 15.—The special car, the "Mayflower," in which the colonel has been traveling, and the "Sunbeam," the correspondents' car, both were released by the colonel's managers today.
The first person whom the colonel asked to see after he had his breakfast was Rev. Edward J. Vattman, a former army chaplain. He and the colonel are old friends. When Father Vattman left he said:
"He'll go well. There is no danger that he will die at this time."

WOUND NOT A DANGEROUS ONE
Dr. Murphy Says Colonel Will Be in Hospital at Least Ten Days.
CHICAGO, Oct. 15.—Dr. John B. Murphy, chief physician of the staff in consultation over Colonel Roosevelt's case, announced that the wound was not dangerous in itself. He made this statement before examining the stigmata.
Following the announcement by authority of the colonel's managers that he would cancel his engagements and make no more set speeches during the campaign, it became known that the campaign committee might consider it necessary for him to make one address in New York and October 18 was mentioned as a possible date for a Madison Square Garden speech if the colonel is able.
Dr. Murphy informed the Associated Press today that Colonel Roosevelt would be confined to the hospital for at least ten days.

COCHEMS A FOOT BALL STAR
Man Who Helped Subdue Schrenk an Old College Athlete.
CAMBRIDGE, Mass., Oct. 15.—Henry F. Cochems, who helped subdue John Schrenk, the assailant of Roosevelt in Milwaukee last night, is remembered at Harvard as an athlete and ex-foot ball star. He is a brother of "Eddie" Cochems, the former Wisconsin foot ball player. He came to the Harvard law school after graduating from the University of Wisconsin where he was known as "Terrible Cochems" of the foot ball team. He maintained his reputation at Harvard when he ran up 1,766 points in a strength test.
Two years after he graduated Cochems nominated Senator LaFollette for governor at the republican state convention.

HAD SEVERAL NARROW ESCAPES
In Past Roosevelt Figured in Wrecks and Collisions.
WASHINGTON, Oct. 15.—The attempted assassination at Milwaukee recalled today other narrow escapes Colonel Roosevelt has had. Probably the most serious of all in which he figured was in 1902, when his carriage was struck by a trolley car near Pittsfield, Mass., and a secret service man was killed. Mr. Roosevelt was thrown to the ground, but escaped with a severe shaking up and numerous contusions.
In October, 1905, the colonel was journeying down the Mississippi river on the light house tender Magnolia, when the vessel was run down by the steamer Esporta near New Orleans and several holes cut in its hull. The vessel was beached on a mud bank and his party taken off.
Last summer the train on which Roosevelt was going to Chicago ran into a boiler that had rolled on to the track. No part of the train left the track, but railroad men expressed wonder that a disastrous wreck had not followed.

Beck Falls Victim to Confidence Game
George Beck of Elmwood, Neb., arrived in Omaha Monday afternoon. He picked up with a man 90 years of age and entered into a conversation with him. The stranger and Beck became good friends after the former had named a number of Beck's friends as friends of himself. They went into a shoe store while Beck purchased a new pair of shoes. The stranger said he had just brought a load of cattle from the western part of the state and needed \$4 to pay for the shipment. Beck loaned him the money and as security received a cheap watch which would not run.

Bossie to Display Omaha Milk Samples
Dairy Inspector Bossie has collected an exhibit of fifteen samples of milk sold by Omaha dairymen and will display the samples at the dairymen's convention in Milwaukee. He will leave Sunday. The convention meets October 22. Last year Omaha won first prize and Inspector Bossie believes will carry off first again. The samples of milk to be exhibited have been collected at random from the dairies in the city. Five will be shown under the auspices of the city's health department and ten samples will be exhibited by individual dairymen.

Thirty Years Ago
Rev. C. W. Savidge Came on a Freight
Thirty years ago Tuesday Rev. Charles W. Savidge arrived in Omaha in a freight car, with one mare, a colt and his library and bedroom furniture. He was a bachelor at that time and had been sent to Omaha by Bishop Merrill to take the pastorate of the First Methodist Episcopal church. Prior to coming to Omaha Mr. Savidge had served three years in the pulpit at the Centenary Methodist Episcopal church at Mantank, Minn. At that time he was but 33 years of age.
Arriving in Omaha early in the morning, Mr. Savidge caused quite a stir among the citizens of the city by walking through the streets leading a mare and colt, laden down with books, blankets and small furniture. He led the animals to the Blue barn, owned by Jake Shriver, at Sixteenth and Dodge streets, on the site where the postoffice now stands.
Since coming to Omaha Mr. Savidge has married 2,571 couples, all but forty-six of the marriages being performed in Omaha. To date he has buried exactly 2,000 dead. On Thursday, October 24, Mr. Savidge will be 62 years old.

Brandeis Purchases Ground for Theater
J. L. Kennedy has sold eleven feet of ground occupied by the Starland theater, now in course of construction, to the Brandeis interests, the builders of the theater.
The sale brings the Brandeis interests to the ownership of the entire forty-four feet occupied by the theater. The deed shows the sale of the eleven feet to have involved \$10,000, but real estate men declare \$30,000 must have been paid for the property, as the value of adjoining pieces would indicate that as the price.

City Treasurer Ure Saves City Money
City Treasurer Ure Monday paid off \$36,000 street improvement bonds, all of them months, and most of them years, before due. By this transaction there is a saving to the city of \$4,321.67 in interest—this after paying accrued interest to date and a premium to get the bonds back.

Harmless Way to Darken The Hair
Who does not know the value of Sage and Sulphur for keeping the hair dark, soft and glossy and in good condition? As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than Sage and Sulphur. If properly prepared.
The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition.
If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.
All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Sherman & McConnell Drug Co., 102 So. 16th, 224 So. 16th, 207 N. 16th, 24th and Farnam Sts.
