## IOWA SALOONS HARD HIT

Decision of Iowa Supreme Court Closes Doors of Waterloo Places.

### LOWER COURT FINDING SET ASIDE

Judge Weaver Holds as His Decision that Poll Lists of Certain Precincts Are Not Properly Certified.

DES MOINES, Ia., Oct. 17.—The doors of saloons in the city of Waterloo will at once be closed as the result of the decision of the supreme court of Iowa today declaring that the petition of consent in that city was invalid.

Saloon interests in Waterloo circulated the petition nearly two years ago. When canvassed by the Board of Supervisors it was found insufficient, but on appeal to the district court the saloon keepers obtained a verdict declaring that more than enough signatures had been secured.

The case was appealed to the supreme court on the grounds that no legal notice of the canvass of the petition was given by the board; that some of the poll books by which the petition had to be tested were not properly certified; that a large part of the signatures were not verified by a reputable person; and that a large number of the names were not identical with names on the poll lists.

In rendering the opinion of the supreme court Judge Weaver upheld the contentions of the appellant on the second point, and agreed that the poll lists from the Second precinct of the Third ward of the city were not properly certified, and that all names on the petition from that precinct would have to be thrown out because of the impossibility of legally certifying them.

The right of the district court to take oral evidence as to the correctness of the poll lists and the agreement of names on the petition of consent with the poll lists was denied. Six hundred and forty names were by the decision on this point invalidated.

The court held also that objections to the consideration of names found on the petitions circulated by several saloonkeepers shown to be of bad character should have been sustained by the district court.

The Waterloo saloons have been operating for over a year on the new petition. They will be compelled to at once recognize the court's decision and close their doors until a new petition with sufficient names upon it can be secured.

## WAR IS DECLARED BY TURKEY, ARMIES MOVE UPON FOE

(Continued from First Page.)

and Serbia. It is expected in military circles that the Servians and Bulgarians will be ready to meet the Turkish invading force by the time it reaches the frontier.

There is an inclination among military men to think the importance of the Montenegrin victories has been exaggerated.

The British cabinet held a long session today to discuss the French proposal for a conference of the powers. It was also said the British government was supporting efforts being made to raise a Turkish loan in London, but this was denied at the foreign office.

Leopold de Rothschild has made several visits to Premier Asquith lately and it was said that these were connected with the project of a Turkish loan.

**TWO HUNDRED ARNAUTS DEAD**

Tribesmen Attack the Serbian Troops and are Defeated.

BELGRADE, Serbia, Oct. 17.—Two hundred Arnaut tribesmen were killed today in a battle with Serbian troops on the frontier near Priepolje. In the northern part of the sanjak of Novi-Pazar.

The tribesmen attacked, but were repulsed by the Serbians.

King Peter left today for Nish.

**GREEKS AND TURKS IN BATTLE**

Two Gunboats Force Way Through the Turkish Blockade.

ATHENS, Oct. 17.—Fighting between the Greek army and the Turkish forces stationed along the frontier began early today.

A daring feat was accomplished by the commanders of the Greek gunboats A and D. They made a dash at 2 o'clock this morning to force the Turkish blockade at the narrow entrance to the Gulf of Arta, one side of which is Turkish and the other Greek. They were observed from the Turkish fort at Preveza, which dominates the entrance and a heavy fire was directed on them, which they returned with spirit. They succeeded in fighting their way through and finally reached the Greek town of Vonitza, on the southern shore of the bay with very little damage.

**MANDOLIN CLUB AT THE HIGH SCHOOL REORGANIZED**

The old Mandolin club of two years ago has been renewed and held its first meeting yesterday, at which time at least ten boys were present. On account of the double session last year it was impossible for the club to organize.

The several prizes for the boys' tennis tournament have been secured by the manager of the tennis team, Sands Woodbridge. The winners of the tournament will each receive a sterling silver medal. For the consolation doubles the winners will be presented with handsome O. H. S. pennants.

The Commercial High school has organized a foot ball team made up of commercial members only. The team has already played several times with the high school second, but for the lack of practice has been trimmed by the high school scrubs. The team will have to carry the expenses, as the Commercial High school has very little time to devote to such things.

The high school in order to advertise its game with Des Moines has obtained permission to decorate the big welcome sign in front of the city hall with Des Moines.

**INVESTIGATING ACCOUNTS OF CLERK NATTINGER**

AURORA, Ill., Oct. 17.—Three weeks ago Fred A. Mottinger, 35 years old, a prominent citizen of Plainfield, Ill., left town without telling anyone where he was going. He has not been heard of since. Today an investigation into his accounts was begun by city and school district officials. Mottinger was clerk of the school board and usually had about \$25,000 of public funds in his custody at this time of year.

## NERVOUS TROUBLES DRIVE AWAY HAPPINESS

Tona Vita Will Quickly Drive Away The Nervous Troubles.

People who are all run-down in health, who are worn out, nervous and half sick, are apt to be thoroughly discouraged. They are half-hearted, listless and depressed and feel that this is a terrible world with many pains in it and few pleasures.

This state of mind is recognized by physicians as a common symptom of nervous debility.

If you are one of the many Americans who are suffering with nervous break-down or nerve exhaustion, you can get back your old health and spirits in a few weeks' time. Go to your druggist and obtain a bottle of Tona Vita. This remarkable tonic is helping thousands back to health and it will not fail in your case. In fact, it never fails. You will be astonished how quickly it will build you up both in mind and body.

Tona Vita is sold by Sherman & McConnell Drug Co.—Advertisement.

## NEW CRISIS REACHED IN MEXICAN AFFAIRS

(Continued from First Page.)

importance of the capture by the rebels of a seaport, since Mexico will thus be forced to do its own patrolling in order to prevent the importation of war supplies. It is assumed that Felix did not start his rebellion without the necessary resources, and it is hinted that his funds are coming from some of those who were high in Porfirio Diaz's administration.

**Making of New Cabinet.**

Ex-Provisional President Francisco De La Barra has been slated for the portfolio of foreign affairs and Alberto Garcia Grandados as minister of the interior, which portfolio he held under De La Barra. The department of communications, according to the rebel plan, is to go to Alberto Dobles Gil, now governor of Jalisco.

Commodore Azueta appears to be the only government officer at Vera Cruz holding out against Diaz. His fleet, including the gunboats Bravo and Morelos, the only formidable vessels in the gulf, is now tied up under rebel banners at the piers. Commodore Azueta made efforts to induce captains and crews of the boat to remain loyal, but failing in that, he went to the island of Ulucua, close to the shore, and there he defied Diaz to come and take him.

The town of Pachuca, in the state of Hidalgo, has been added to the list of places controlled by Diaz.

**Calles Madero a Tyrant.**

In Yucatan two new revolutionary parties began operations today. It is assumed they are working under Diaz.

Felix Diaz, in a proclamation which reached the capital today, bitterly assailed President Madero and his family. The president is accused of being a murderous tyrant, whom Diaz calls on especially the army, to assist him in overthrowing.

Diaz promises that once peace has been restored elections will be peacefully conducted. In the meantime the provisional government will, he says, be carried on by honest and capable men regardless of political affiliations.

Several hundred rifles and some millions of cartridges being unloaded from a German steamer at Vera Cruz, are assumed to have fallen into the hands of the rebels.

Jalapa and Cordoba are reported to have fallen into the power of Diaz forces. Aguilar with his followers is said to be in occupation of Jalapa and, another detachment of rebels to be marching on Cordoba.

A battle today between the rebels under Felix Diaz and the government troops is thought probable somewhere between Vera Cruz and Cordoba.

The rebels, with Felix Diaz and Colonel Diaz Ordaz at their head, left Vera Cruz early today, following the line of the Mexican railway to meet the government troops from Mariano and Acacarraga.

The collector of customs at Vera Cruz turned over nearly \$50,000 in gold to the rebels and closed the customs house. Shipping business is at a standstill.

**Madero Makes Statement.**

President Madero today made the following statement:

"Undoubtedly the news of the uprising under Felix Diaz has caused great alarm, but it should not be given more importance than it has, which is, in my judgment, not much.

"The discontented will take occasion to call for my resignation from my post; but I have declared on other occasions the legality of the government is undeniable. Therefore I shall never resign before my term expires. Only death can remove me from the presidency before that time."

**REPUBLICANS GO TO LINCOLN FOR HEARING**

General J. H. Culver, vice chairman of the republican state central committee, and Amos Thomas, secretary of the committee, will probably go to Lincoln this morning for the hearing of the application for a writ of mandamus on the presidential election proposition in the district court of Lancaster county. A. W. Jeffries and John L. Webster will also go to Lincoln as attorneys in the case. Secretary Amos Thomas expects to go to Grand Island Saturday for a conference with C. R. Heusinger, state committee man from that district, and O. A. Abbott, candidate for Taft elector, one of the six the committee is seeking to have placed upon the ballot.

## BRANDEIS BASEMENT

## Presbyterians Name Dr. B. M. Long Session Moderator

HASTINGS, Neb., Oct. 17.—(Special Telegram.)—An attendance of upward of 100 commissioners was present at the session of the Nebraska Presbyterian synod commencing in the First Presbyterian church Wednesday evening.

The opening sermon was preached by the retiring moderator, Rev. John W. Pressley of Beaver City, on "Thy Kingdom Come."

Rev. B. M. Long, D. D. of the Second church, Lincoln, was elected moderator to preside over the sessions of the next five days. Rev. Samuel Light of Randolph and James G. Clark of Lyons were elected temporary clerks of this year's synod.

The morning session Thursday was taken up with routine business pertaining to the activities of the several presbyteries of the state.

R. B. Croone, the newly elected president of Hastings college, was introduced to the gathering and was received with great enthusiasm.

Rev. M. H. Lorimer made the report for the college commission. This report narrated the fine successes of the synodical institution in this city and called upon the churches to continue their moral and financial support. Twenty-five cents from each Presbyterian member of Nebraska is asked for the coming year for the synodical college at Hastings. Men of the local church assembled twenty autos and took the entire synod to inspect the college.

In the evening a banquet was tendered the commissioners by the college. Two hundred plates were served. L. D. Young, D. D. of Beatrice; Prof. Martin Remp of Hastings, and T. B. T. Smith, D.D., of York, were elected trustees of the college.

Bellevue college was represented on the floor of the synod by R. H. Stinson, P.H.D., the president, who was extended the courtesy of a report of the excellent condition of that institution. Rev. Stanton Olinger, university pastor for the Presbyterians at Lawrence, Kan., addressed the synod in an able talk on the necessity of giving religious guidance to state university students by each denomination caring for its own constituency.

Rev. E. Morris Ferguson of Philadelphia spoke on the Sunday school educational program of the denomination. He gave unqualified approval to the proposed efficiency campaign and efficiency standard to be set up at Friday's session for the schools of Nebraska.

**Stewart to Talk to Women.**—R. A. Stewart, secretary and manager of the David Cole Creamery company, will address the women of Hastings Saturday afternoon at 2 o'clock.

It to catch a reflection of the city outside his window.

"This is great weather," he said to Blanche Walter, his nurse, who was arranging the dressing to be adjusted when the physicians make their morning examination.

"It's a shame to be tied up here in such weather as this."

He glanced at Mrs. Roosevelt, who had joined him in looking over the papers. She smiled quizzically at him and shook her head a trifle.

"She's boss," he smiled to the nurse, picking up his papers again.

A steam fitting made an annoying noise in the tiny ante-room of his apartment and a plumber came up to fix it. He made elaborate preparations not to make noise—such an extent, in fact, that he was not making much progress. His embarrassment caught the eye of the colonel, who said:

"Oh, don't mind me. Go right ahead and fix it. Don't be afraid to make a little noise. I'm used to it."

Bullet Not to Be Removed.

Dr. Lambert, the family physician, explained that there was no significance to the fact that the bullet would not be removed at present.

"You see," he said, "when we talk of the future we must, of necessity, be indefinite. To illustrate, supposing seals were to set in after we had said the bullet would not be removed, it might make itself clearly sufficient to attract our attention in a single hour, and then the previous assertion would appear either misleading or misinformed."

"So we say the bullet will not be taken out now." It depends on two things whether it ever will be removed. One is, if it starts causing trouble. The other, if Colonel Roosevelt had rather carry his 'souvenir' in his pocket than in his chest.

"Just now, however, an operation to remove the missile is as far away as it was a week ago, or before the assault. The rest and quiet he has had gives us now a situation where we must merely wait to see if anything happens."

Dr. John F. Golden said it has been decided definitely no more might be made by the patient until after Sunday.

"As long as he is here," said Dr. Golden, "we feel we might just as well keep him so that his activity will not keep the fracture of the rib from healing. It he remains quiet until the tissue knits sufficiently, it will be a reasonable guarantee that it will not break again, another unpleasant possibility is removed."

But for his accident Colonel Roosevelt would have been here Saturday.

**JOHNSON ABOUT TO CLOSE UP CAMPAIGN IN MIDDLE WEST**

DAYTON, O., Oct. 17.—On the last lap of his middle western campaign Governor Johnson of California today left here for Fort Wayne, Ind., to deliver an address this afternoon. His intention was to go from there to Marion and speak tonight. After the Marion meeting the governor will leave for Chicago. Mrs. Johnson, who is in the east, will join him at Chicago.

Few, if any, medicines, have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every neighborhood have given it a wide reputation. For sale by all dealers.—Advertisement.

**TEAMSTERS' TROUBLE IN ISSUE**

Iowa Synod of Presbyterian Church Opposes Move to Change Plan of Securing Saloon Consent Petitions in State.

(From a Staff Correspondent.)

DES MOINES, Ia., Oct. 17.—(Special Telegram.)—A special meeting of the Des Moines Trades and Labor assembly will held tonight for the purpose of considering the labor troubles of the city and it is regarded as probable that a general strike will ensue unless the matter of the teamsters' union is disposed of soon.

The labor leaders are threatening to involve all of the 5,000 workmen of the city in the controversy on the theory that the fate of unionism is involved in the struggle.

The Iowa synod of the Presbyterian church went on record today as opposed to a bill proposed before the Iowa legislature to change the method of securing consent of voters to saloon licenses so that instead of petitions it would be settled at an election held for that purpose.

The bill will be fought because of claims that it would make it easier to secure saloon consents in many cities.

**DAIRY AND CATTLE CONGRESS IS MEETING AT WATERLOO**

WATERLOO, Ia., Oct. 17.—(Special Telegram.)—The Iowa Dairy and Cattle congress is in full session with a record-breaking attendance, from 12,000 to 15,000 people attending daily. Nearly 1,000 head of choice cattle from fifteen states are on exhibition, including several carloads from the Whitehouse farm at Palo, Pa., and the Bradford farm at Corton, Conn.

Wednesday, democratic day, Speaker Champ Clark was present and made a great speech. Thursday was good roads day. Friday will be republican day. The progressives will be in charge Saturday.

But for his accident Colonel Roosevelt would have been here Saturday.

**BANK OF ENGLAND PUTS UP THE DISCOUNT RATES**

LONDON, Oct. 17.—The rate of discount of the Bank of England was raised from 4 to 5 per cent today.

The announcement was the natural outcome of the refusal by the bank on Monday to discount bills below that level, owing to the abnormal differences between the money market and the discount rate, as well as the Balkan war and the actual and prospective gold demands, India being the latest addition to the list of gold seekers. A rise had been already discounted by the stock market, but short loans will probably stiffen as a result.

**BEESWAX**

Josephus Daniels of North Carolina, has been away from his home in Raleigh for a long time, inasmuch as he is actively concerned in the Wilson presidential movement, being editor-in-chief and national committee man.

Josephus has in his household an old negro mammy who has been with the family for many years. A short time ago the mammy came in to Mrs. Daniels and said:

"What's Mistuh Joe? Why don't he come home?"

"Why?" Mrs. Daniels replied, "he's up in New York trying to elect a president."

"Who-all's runnin' this year?" mammy asked.

"Mr. Wilson and Mr. Taft and Mr. Roosevelt," Mrs. Daniels told her.

"I reckon," exclaimed the old woman, "I thought Mistuh Bryan was inginer ally run!"
