CAMPAIGN FUNDS IN ILLINOIS

Medill McCormick Tells Sums Given to Help Bull Moose Movement.

ATTACK IS MADE UPON HILLES

Is Referred To as an Assassin of Character, Statement Causing a Storm of Protests from Committee Members.

WASHINGTON, Oct. 18.—Medill McCormick of Chicago stirred up a sensation before the Clapp committee when, as the first witness at the day session he read a prepared statement touching upon the attempted assassination of Colonel Roosevelt, declaring it had been incited by "falsehoods of character assassins and liars like Charles D. Hilles."

"It is difficult for an ordinary man in the compass of ordinary language to compete with the testimony of character assassins and liars like Mr. Hilles—men who, because their falsehoods incite weak-minded men to actual assassinations," was the passage which brought out a storm of protest from the committee, in which Chairman Clapp joined.

McCormick argued heatedly that his statement was admissible as evidence, while Senators Oliver and Clapp declined to allow him to proceed, and demanded that he withdraw his words. The statement finally was admitted to the record without being read from the prepared copy.

The reference to the attempt upon Colonel Roosevelt's life was incidental to McCormick's general statement of campaign expenses of the progressive party in Illinois. Substantially it was as follows:

Expense of Illinois Campaign. "So far as I know the cost of the campaign in Illinois was defrayed by Chanancy Dewey and myself. I gave Colonel Dewey \$18,000. In addition I gave not to exceed \$10,000 toward the maintenance of the Chicago general headquarters, inclusive of everything which was given me by friends, but I kept no record.

"In the Ninth congressional district, in which I live, I spent about \$2,500 in addition to the amount I gave Colonel Dewey. Throughout the campaign I was not actively concerned with the collection or expenditures of money.

"During the whole campaign the Taft people assiduously circulated the lie that I am connected with the Harvester trust. I have never owned and do not own a share of Harvester stock, and do not expect to own a share.

"McCombs has testified that Cyrus McCormick contributed to the Wilson campaign fund. Cyrus and Harold McCormick and the two Deering brothers represent overwhelmingly the largest stock interest in the Harvester company. Both these McCormicks, one of whom is at the head of the trust, are for Wilson. Both the Deerings are against Colonel Roosevelt and I believe one of them is for Taft. And yet Hilles and his associates persistently circulate the lie that the Harvester trust has spent large sums in the Roosevelt campaign. Beside the holdings of the Deerings and the McCormicks, Perkins are so small as to be negligible. Counsel for the trust, by the way, is for Taft.

Makes Some Demands. "I demand that the directors of the Harvester trust be called before this committee to testify as to what candidates they are supporting.

This was the list as put in evidence. Dover testified he had supposed the "G. W. P." stood for George W. Perkins. He explained he believed the list showed repetitions and inaccuracies. J. P. Morgan already had told the committee he gave \$150,000, though Dover's list showed more in separate items. Other items in the list as Dover presented it, might either be interpreted as repetitions of one contribution or separate gifts. Dover testified he believed the list without verification was of little value.

Dover's list totalled up to \$2,250,015. This does not account for repetitions or inaccuracies.

KING FERDINAND ORDERS ADVANCE OF BULGARIAN ARMY

BERLIN, Oct. 18.—Germany's benevolent neutrality during the Balkan war was requested last night by the Bulgarian, Servian and Greek ministers here, who presented a circular note to the foreign minister, announcing their governments had declared war on Turkey.

TURKISH ARMY PUT TO FLIGHT

Montenegrins Take Berana, Capturing Prisoners and Guns. LONDON, Oct. 18.—The whole of the Turkish garrison of Berana, consisting of 4,000 regulars and 3,000 Bashibazouks (irregulars) took flight in the night before the capture of the town by the Montenegrins, according to an official dispatch from Cetinje. The Montenegrins pursued them and took several prisoners and three field guns. The pursuit was continued toward Bozal.

BATTLE IS EXPECTED SOON

Turks and Bulgarians May Meet Near Mountain Pass. LONDON, Oct. 18.—Turkish and Bulgarian forces are both advancing today and it is thought probable they will meet somewhere near Mustafa Pasha, one of the few passes through the mountains leading from Bulgaria to Macedonia. The Servian army is on the way to Uskup, where another big battle is expected.

A report has reached here from Vienna that the Montenegrin army suffered a defeat at Podgoritz, on Montenegrin territory, today. Military authorities believe the Montenegrins have been checked, both to the north and south of Lake Scutari. It is also likely that a delay in their advance has been necessitated by the lack of ammunition and provisions. Notification that Bulgaria, Servia and Greece had declared war was given to the British foreign office today by the representatives of those countries. The only formality now lacking is the declaration of war by Turkey against Greece.

PRESIDENT TAFT IS GAINING

Reports Coming from Over State Are in His Favor.

WONDERFUL SPURT AT FINISH

General Culver Declares Outlook is Satisfactory and Indications Are Present Executive Will Be Continued in Office.

(From a Staff Correspondent.) LINCOLN, Oct. 18.—(Special.)—"If the election was a month later than it is," said a republican yesterday who has been travelling over the state a great deal in the last three weeks, "President Taft would sweep the country like a whirlwind and be elected without the question of a doubt. The change in his direction is coming fast, and while a month later in the election would insure him a big majority of the electoral college, I think that even as it is he will win easily. You remember that Bryan was the popular favorite a week before election four years ago, but when it came down to turning over the country to the democratic party, somehow the voters balked on the program and decided to let well enough alone.

"That is just exactly the condition existing at the present time," said he, "and as between the prosperous times today and the dark, unfathomable future under democratic rule, the voter on November 5 next is going to take something he is sure of. I refer, you notice, to the republican and democratic candidates. I do this because I do not believe that Theodore Roosevelt stands any show of being elected president. His candidacy has been losing ground for weeks and no one knows it better than the men who are running his campaign.

"You can't disfranchise a part of the voters as they have done in California and as they are trying to do in Nebraska and keep the confidence of the people. Every Taft voter who has been disfranchised in the state of California from voting for his choice is going to remember who disfranchised him when he goes to the polls to vote and the remembrance of that dishonorable and un-American act will count against Theodore Roosevelt and every man on the ticket with him in not only California, but the whole of the coast states. The echo of that decision of the courts of California will be heard in every state in the union and the men who believe in the real square deal, not the counterfeit, will put their seal of disapproval upon it when they vote."

Outlook is Satisfactory. General J. H. Culver, vice chairman of the republican state committee, was a caller at the state house this morning. The general says if the courts will only give the Taft men a chance to vote for their choice for the presidency there will be nothing left to do but vote and then lift a ptha voice in joyful acclaim. "It would astonish you," said the general, "to hear the reports that are coming in to headquarters from all over the state showing the way in which the voters are flocking to the Taft standard. They are not shouting their change of feeling abroad in the land, but they are quietly sitting down alone, sipping up the situation, looking back over the past and the general good times which have continued and are now in evidence and are making up their minds. Perchance they tell a friend, but as a general thing they feel so good over the way they have come out of it that they tell somebody and the reports get to headquarters. We are going to win this fight just as we won it four years ago. It will be a ninth-inning rally and with the bases loaded we will drive the ball over the fence and win the game."

Des Moines Unions Are Ready to Fight

DES MOINES, Ia., Oct. 18.—Union men of Des Moines gave notice last night that they were ready to begin a fight against the Business Men's league. For this end a meeting is called for tonight, at which representatives of all the unions will be present.

One of the first acts of the union was to open business sessions to all comers. "It is not the present plan of the leaders to initiate a strike of all trades, but to secure a fund to make the fight for the Teamsters' union, which at present is out on strike."

have an opportunity. I will admit I am doing famously with such breakfasts as I had this morning."

The colonel asked about his running-mate, Governor Johnson, and when told the governor had arrived in Chicago and would come to the hospital after a noon-day meeting, he was pleased.

Tells Johnson to Keep Fighting. Governor Hiram Johnson arrived at the

hospital at 11:30 a. m. and was admitted to the colonel's room at once.

Mrs. Johnson accompanied the vice presidential candidate and sat in the corridor to await her husband's return from the colonel's room. Mr. Roosevelt, learning she was there, sent for her and they chatted for several minutes.

"Keep the fight going full blast, Johnson; don't let our boys slack up in their work because I can't be with them for a few days. Tell the people you speak to I wish I could be out there working with you myself and that I certainly will be as soon as my doctors will let me."

This was Colonel Roosevelt's parting injunction and encouragement to the progressive candidate for vice president when the latter left the presidential candidate.
