ciations where he may be going when leaving home. Visits by one of the secretaries are made to these unorganized points to assist pastors, business men and others interested in work for boys in their home town.

Situations secured, finding suitable boarding houses and visits to the sick are some of the other activities of the work of the association.

The finances necessary to carry on these lines of work have increased with the building project so that from \$3,000 a year to \$60,000, according to the amount of work being done, size of the city, etc., are the annual budgets of these associations, which in nearly every case have been met by memberships, subscriptions and other resources which individual associations may have at their command.

The work of the Young Men's Christian association is: First, preventive; second, inspirational; third, advisory; fourth, strengthening.

No citizen of Nebraska but what ought to have an interest in this great work.

J. P. BAILEY.

### Federation of Women's Clubs

**B**Y FAR the largest and strongest organization of women in the state is the Nebraska Federation of Women's Clubs, whose members, earnestly working along many and varied lines, are found in nearly every community from the Missouri river to the sand hills. The standing of the local federation in the General Federation of Women's Clubs was shown at the biennial convention in San Francisco, when a Nebraska woman, Mrs. H. L. Keefe of Walthill, was elected recording secretary of the national organization.

Heading the state federation is Mrs. T. J. Gist of Falls City. The other officers are: Mrs. Carrie Peterson, vice president, Aurora; Mrs. C. L. Dunham, recording secretary, Holdrege; Mrs. Harry C. Lindsay, corresponding secretary, Lincoln; Mrs. Sarah E. Meixal, treasurer, Aurora; Mrs. S. B. Sterritt, auditor, Central City, and Mrs. F. H. Cole, general federation secretary, Omaha.

## STUDENTS OF THE MOSHER-LAMPMAN Business College

Get the Best Positions and Biggest Salaries  
Because They Are the Best Trained

In our offices we have dozens of letters from the great typewriter companies asking us for our EXPERT GRADUATES for positions with the big business houses of the West. Unconsciously, but naturally, nearly every one of these letters begins by saying that they are referring to us the "MORE ADVANCED CALLS." WHY should business firms thus single out the Mosher-Lampman Business College as the NATURAL, LOGICAL place to get young men and women who are trained for the more ADVANCED POSITIONS, where the biggest salaries are paid? It's because, as business men have time and again said, they have found Mosher-Lampman Graduates to be the best trained, most efficient, accurate and satisfactory.

You would be interested in hearing the story of how Mosher and Lampman laid their plans to found and operate a high-grade business school that should fit ambitious, brainy young people for the big, high-salaried positions, as Court Reporters, Expert Accountants, etc., but YOU WILL BE MORE INTERESTED in knowing that although the Mosher-Lampman Business College is less than five years old, the call for our graduates has become so great—so far beyond the supply—that the Mosher-Lampman College now absolutely guarantees you a good position upon graduation. Think what this means! A few months spent in the Mosher-Lampman College, the school located in palatial new quarters, which are the delight of our students and the envy of our competitors—pursuing to graduation a course that is more interesting and fascinating than a novel—and then stepping into a fine position with the training and opportunity necessary to success.

Then think of the company you'll be in—surrounded by far-seeing young men and women whose pleasure is their work, whose ambition is to climb a little higher than their predecessors, and association with them will be an inspiration to you.

**SMALL COST.**—The cost of attending the Mosher-Lampman College is small because our rates of tuition are reasonable, and we find you a place to work for your board while you are going to school if you desire it.

In five years the Mosher-Lampman College has forged to the front and has become one of the leading business colleges of the country. Young people are coming for hundreds of miles to attend it, and business men as far away as New York City are employing its graduates. Write at once for full information and begin at the earliest possible moment. Be sure to mention this paper when you write.
