CORNHUSKER ALUMNI KICKS

Graduates Not Pleased with Attitude of Nebraska Men.

WILL MEET TO DISCUSS MATTER

Continual Defeats by Minnesota and Poor Schedule for Season Arouse the Former Students to Action.

By CLYDE E. ELLIOTT.

Nebraska alumni at Omaha, Lincoln and other cities of the state have declared that the system governing athletics at the University of Nebraska should be changed. Steps are now being taken to get action by the Board of Regents to bring about a change. The defeat of the Cornhuskers by Minnesota at Minneapolis last Saturday has aroused the alumni of Omaha and they have called a meeting for Tuesday evening, October 23, when they will decide upon some course for obtaining greater success in Cornhusker sports.

The plaint of the alumni is that Nebraska has not defeated Minnesota in ten years; that the present foot ball schedule is one of the least attractive ever engaged in by a Nebraska eleven, and that the absence of Ames from the list of Cornhusker games this fall practically gives the Aggies a chance to claim the championship of the Missouri valley, for the Ames eleven has a better score against Minnesota and has defeated Missouri by a large score, one that the Cornhuskers will have a difficult time to equal.

What They Want to Know.

It is the intention of the Omaha alumni to investigate the conditions surrounding the playing of the annual game with the Aggies and to ascertain, if possible, why the Nebraska eleven must bow its head every time it goes into conflict with the Williams team.

Williams Very Wise.

Coach Harry Williams of Minnesota seems to know the Nebraska style of play so thoroughly that he is able to beat the Cornhuskers every fall, no matter how weak his own pupils are. This fall his team is composed of green men, mostly, and the Cornhuskers have a few of veterans; yet the Aggies have no great trouble in winning. It looks as though it is the coaching that is beating Nebraska; not the individual work of a Stehm, of a Booth, or of a Cole, but the general style of play. The entire plan of play by the Cornhuskers, it is believed, must be changed; the present system must give way to an

Another View of the Yale 1912 Team

entirely new one—one that will successfully cope with the methods employed by Williams, with those shift plays and split interference tricks.

Severe Criticism Now.

Criticism is being lodged against the Nebraska foot ball management for the season's schedule. Now that the Gopher battle has passed there is not another game on the schedule that holds any great amount of interest. Defeating Missouri and Kansas will not give the Cornhuskers the championship. Ames is the team that looms up as the possible valley title holder, and the Cornhuskers do not play the Aggies, Ames has always been a mighty good foe of the Cornhuskers, probably the best opponent outside of Minnesota, not even excepting Kansas. The only reason this team was not scheduled for this fall, declare the Cornhusker mentors, is because the schools could not agree on dates. Whose is the fault? Someone is to blame for Nebraska's constant defeats at Minnesota; someone is to blame for the "punk" schedule of this fall.

Bellevue Will Play Practice Game With Creighton Today

Coach Holste of Bellevue has made arrangements with Coach Miller of Creighton for a practice game between the two schools, the date chosen for the scrimmage being Wednesday evening of this week. Last Saturday the Bellevue team attended the Creighton-Marquette game as guests of the Creighton management and rooted for the capital hill boys throughout the game.

The scrimmage will be a practice one only, and both coaches will be on the field in order to coach the men and direct the game. The Creighton aggression outweighs Bellevue considerably, owing to the lack of weight in Bellevue's back field, but the five center men will be evenly matched for weight as will the ends.

All of the injured men on the Bellevue squad are back on the field with the exception of Halderman, who is still nursing a weak ankle. Practice Monday evening consisted of signal work only, the team was given a number of new plays and formations in preparation for the game next Saturday with Tarkio college of Tarkio, Mo.

Thus far Holste has confined his efforts to the rudimentary points of the game, but he has been hard at work for the last week developing the forward pass and a number of plays are being worked out with the pass as their nucleus. In spite of the disappointing showing of the team against Cotter here two weeks ago the coach is optimistic over the season's prospects and will bend every effort toward the big four series for the championship which commences in two weeks.

Simpson Preparing for Drake.

INDIANOLA, Ia., Oct. 22.—Simpson college and the foot ball team representing the school are bending all their energies this week in preparation for the weekend game with Drake at Des Moines. Mass meetings are scheduled for each day of the week, and it is expected that more than 1,000 people will accompany the team.

Long Work Out at Grinnell.

GRINNELL, Ia., Oct. 22.—Long work-outs are scheduled for the Grinnell foot ball team this week, the game with Ames being the crucial point in the Grinnell season. Grinnell made as good a showing against the state teachers' college as Iowa. If the team loses to Ames it will be considered as out of the running for the state championship.

Practice on Forward Passes.

IOWA CITY, Ia., Oct. 22.—Members of the Iowa university foot ball team studied forward passes in practice tonight. The entire session was given over to the pass, offensively and defensively, and the team expects to appear at Minnesota able to meet what ever the Gophers are able to spring.

Practice Behind Closed Gates.

DES MOINES, Ia., Oct. 22.—Following Drake's foot ball practice tonight, Coach Griffith announced that the gates to the stadium would be closed for three weeks. The action is the result of frequent visits to the practice of friends of Iowa coaches.

Stars of Yale and Army foot ball teams who met at West Point Saturday, photograph of scrimmage showing Yale back going through the line on a delayed pass. Below, at the left, is "Lefty" Flynn, the sensation of the season at Yale. This all-around athlete has shown such sterling stuff that he is hailed as a second Ted Coy. At the right of Flynn is Devore, captain of the Army team, who was selected as all-American tackle last year. The scrim-

mage view shows a Yale halfback taking the ball for a plunge between guard and tackle after a fake attack on the opposite side of the line. Guard is blocking the only line man who is near the play, while other backs are prepared to keep the end from tackling the runner from the rear. It is on such plays as these that "Lefty" Flynn makes his biggest gains. His long suit is picking openings, and he has all kinds of speed in scouting through.

ROGER BRESNAHAN IS FIRED

Owners of Cardinals Tell Him to Step Aside.

MANAGER CITES HIS CONTRACT

Officials Offer to Make Settlement, but Terms Offered Are Not Satisfactory—Meeting Ends in a Row.

ST. LOUIS, Oct. 22.—Roger P. Bresnahan was called before the owner, president and attorney of the St. Louis National league base ball club yesterday and discharged as manager of the team, insofar as those in authority could discharge him, according to a friend of Bresnahan today.

Although he holds a four-year contract with the club, one year of which he has served, Bresnahan was told that his services were not wanted longer.

Mrs. Helen Hathaway Britton, owner of the majority interest in the club; J. C. Jones, president, and Lon O. Hooker, attorney, were present when Bresnahan was discharged. Bresnahan today would not admit that he knew of the owner's action. Mrs. Britton, Hooker and Jones refused to talk about it.

A man close to those in control of the team declared Bresnahan would not step out and would make a fight in the courts to compel the club to respect his contract, which calls for a salary of \$20,000 a year and 10 per cent of the net profits for Bresnahan.

When Bresnahan was told he was not wanted, he cited his contract. Then the club's officials offered to make any reasonable settlement with him. The meeting, it was reported, virtually broke up in a row, and there will be another conference to determine what course shall be pursued.

Mrs. Britton and her advisers are said to be sanguine of success in deposing Bresnahan should the case reach the courts, but should they fail, it is learned they plan to keep the manager on the bench.

KANSAS FOOT BALL MEN

LAND IN THE HOSPITAL

LAWRENCE, Kan., Oct. 22.—Twenty-four badly battered Kansas foot ball players returned from Des Moines today, where they went down to defeat before Drake university last Saturday.

The hospital list includes some of Kansas' strongest men. Hatcher is laid up with his shoulder out of joint, Stuewe has a wrenched knee and Captain Brownlee is suffering from a badly injured hand.

All the men who were in condition to don suits were out today, but it was a listless lot of athletes that went through work in preparation for the game with the Kansas State Agricultural college scheduled for next Saturday.

The Persistent and Judicious Use of Newspaper Advertising Space is the Best Road into the "Big Business" Class.

Diaz Still Feels An Interest in the Affairs of Mexico

PARIS, Oct. 22.—General Porfirio Diaz, ex-president of Mexico, declared today that his intention of not returning to Mexico was unchanged. He is staying at a hotel here and shows great interest in the news concerning his nephew, Felix Diaz, and the taking of the port of Vera Cruz. He said, however, that he was totally without private advices from Mexico and continued:

"Under the circumstances I prefer not to express any opinion relative to my nephew's intentions and chances."

Naturally, he said he was not connected in any way with the present movement. His only object, as he had on many occasions intimated, was to see a peaceable Mexico, which thus would be given a chance to develop, grow and thrive.

Attacks His Sister and Jumps in River

MINNEAPOLIS, Minn., Oct. 22.—A man believed to be Antony Garvey jumped from a bridge into the Mississippi river today and drowned, after nearly causing the death of three policemen who leaped into the water and attempted to rescue him. Garvey, according to the police, is accused by his sister, Miss Mary O.

Women Denounce Patent Medicines

PORTLAND, Ore., Oct. 22.—That the manufacturers of many patent medicines "are worse than highway robbers and ought to be behind prison bars" was the declaration today of Mrs. Martha Allen, superintendent of the department of medical temperance of the National Women's Christian Temperance union.

"Protests against drug drink advertising have made editors of church papers miserable and they probably will continue to be miserable until such advertising ceases."

Mrs. Ella Hoover Thacher, president of the New Jersey state association and head of the national department for work among soldiers and sailors, gave a brief talk on her department. The opposition to the canton bill, she said, was lessened in a marked degree. She discussed the post exchanges that had been established, where soldiers had reading rooms and gymnasium privileges.

The convention, after a lengthy discussion of the social evil, adopted the following resolution:

"Believing purity of life is essential to men and women, we condemn as false and pernicious the doctrine that the social evil is a necessity. We declare segregation and regulation wrong in principle and utterly inadequate to lessen the evil and that they provide for its perpetuation, not its extinction."

Discussion of the work of the union among railway employees brought out the fact that in establishing reading rooms the union was receiving financial support and recognition.

DRY FARMING EXPOSITION OPENS AT LETHBRIDGE

LETHBRIDGE, Alberta, Oct. 22.—The seventh international Dry Farming exposition was opened here today by George H. Pulyea, lieutenant governor of Alberta. Addresses were delivered by Martin Burrell, dominion minister of agriculture; Lieutenant Governor Brown of Saskatchewan; Duncan Marshall, minister of agriculture of Alberta, and J. H. Criedwe, director of dominion experimental farms, Ottawa.

Tonight addresses will be delivered by Hon. Leslie C. Newman, director of agriculture of Mysora, India, and Minister G. T. Bryan of Oklahoma.

MINNESOTA REJOICES OVER CONQUERING OF NEBRASKA

MINNEAPOLIS, Oct. 22.—Encouraged by Minnesota's 13 to 0 defeat of Nebraska last Saturday, Coach Williams today began the training of his team for what promises to be a hard-fought battle with Iowa here next Saturday.

There was no scrimmage today, the men being put through signal practice and trying out a number of new formations which probably will be used against the Iowa players. No member of the team received serious injury in Saturday's game.

FALL SERIES—No. 18

Just Lather—then Shave with the Gillette. No Strops—No bother—No sore face

GET a Gillette Safety Razor. Get it today. It will save you all the trouble you are now having with your shaving—

Wiry beard—tender face—lack of time—general unhandiness, and fingers all thumbs.

The Gillette is the most universally efficient shaving device ever invented.

It is made in four countries. It is used in all countries, by men of every nation and race on the civilized globe.

Dealers everywhere are displaying assortments of Gillette—Standard sets, \$5; Pocket editions, \$5 to \$6; Combination and Travelers' sets, \$6 to \$50. Gillette Blades—two sizes of Pocket, 50c. and \$1.00.

Gillette Safety Razor

No Stropping No Honing
GILLETTE SAFETY RAZOR COMPANY, BOSTON

We need a strong line to win—we have it in KINGTON suits.

Our greatest source of pride in KINGTONS is their superior tailoring and their splendid fitting qualities.

Any fly-by-night tailor can build up a coat with padding until it presents a smooth initial appearance.

But it takes real skill and genuine art in tailoring to build a distinctive and permanently shapely coat without padding.

It is done in our Kensington no-pad models—natural shoulders, soft fronts, tracing backs—they're essentially high-grade custom tailored garments in everything but price—\$20 to \$40.
