

The Cadder Is On the Job

Travelers Don't Fear Strange Dishes. Stuart's Dyspepsia Tablets Enable the Stomach to Stand Anything.

A Box of Stuart's Dyspepsia Tablets Is Your Best Traveling Companion.

"Railroads tell you about the wonders of nature along their lines; hotels describe their modern accommodations; but they never fail to ring in the traveler's unexcelled. The wise traveler knows he is taking 'pot' luck when he leaves home, hence a box of Stuart's Dyspepsia Tablets is quite as essential as many of the other traveling requisites."

Thus commented a philosophical traveler, speaking of hotel life, restaurants, grills and junction lunch counters. "The agitations in this world," he continued, "are the result of one set of men trying to compel the other set to think and act against their own inclinations. It is the same in religion, politics, and life. I have learned from experience to eat what they serve; to forget the food experts, read the current news and jokes and leave the stomach to the best expert in the world—Stuart's Dyspepsia Tablets."

And Stuart's Dyspepsia Tablets actually do the work assigned them. They relieve weak and overburdened stomachs of a great portion of digestive action. Their component parts assist the digestive fluids and secretions of the stomach and they simply take up the grind and carry on the work just the same as a good, strong, healthy stomach would do it.

Stuart's Dyspepsia Tablets are for sale by all druggists, at 50 cents a box, and they are the one article that the druggist does not try to sell something in the place of it that's "just as good." Their unqualified merit and success and the universal demand for them has placed them within the reach of everyone—Advertisement.

POLITICAL COMMITTEES BUSY

Three Parties Working Hard to Get Voters Out to Register.

TO SEND CARDS AND LETTERS

Notices Will Be Mailed to All Voters Who Have Not Registered Urging Them to Do So on Saturday.

If there is to be a solitary voter left unregistered after the polls close next Saturday night at 9 o'clock it will be because that voter has hidden or headed not. For the republicans, the bull moose and the democrats are all out looking for the unregistered. Perhaps every unregistered voter in the city of Omaha except the first voter and the man who has moved in since registration day last year, has been tabulated and his name and address is now the property of one of the three committees at work in the city if not all three of them.

The republican county central committee has a record of between 3,000 and 3,500 unregistered republicans in Omaha whose memories it hopes to jar before Saturday. This list does not include new residents of Omaha and boys that have attained their majority since the last registration last year. Every one of these that can be reached will receive a card or letter before Saturday urging him to register.

Register to Save Time.

Two years ago the matter of voting by certificate secured from the city clerk on election day was somewhat facilitated when City Attorney Rine gave an opinion that the matter of bringing two freeholders to the city clerk's office might be dispensed with, providing the voter would take the two freeholders to the polls to vouch for him when he presented his certificate. It is a question whether this ruling has any standing this year, and if the matter is brought up it is a question what position Judge Ben S. Baker would take on the matter. At any rate getting certificates from the city clerk on election day is always a cumbersome task, as the office is usually so crowded that many have to wait for hours for the certificate. On the other hand registration takes but a minute when once a man steps to the polls.

Unregistered Republicans.

The tabulation of the republican committee shows that in the first ward 44 republicans have not yet registered; Second ward, 55; Third, 130; estimated; Fourth, 42; Fifth, 34; Sixth, 86; Seventh, 85; Eighth, 67; Ninth, 92; Tenth, 76; Eleventh, 83; Twelfth, 130, estimated.

The democratic county committee, together with the candidates, has decided that a campaign must be waged to get the voters out.

The bull moose committee has called a meeting for Thursday evening, at which time registration will be the theme of discussion. Cards have been prepared by the bull moose local committee calling attention to the last day of registration Saturday. These are being circulated.

All Dogs to Be Safe After October 23

Pido will be perfectly safe to roam about the streets, chase cats or howl at the moon after October 23. The city dog catcher has been ordered by the commission to quit catching dogs after that date. The majority of the canines have gone south for the winter and those remaining are of a quiet, home-loving disposition, says the official executioner of stray dogs.

In the summer time dogs are great disturbers of the peace, but the approach of winter, the high price of coal and the soaring cost of groceries, frightens them into a quiescent state, only occasional whines giving notice to the citizens that they still exist.

Even the telephone in the dog catcher's office will be discontinued after November 1. In the meantime, however, the dog catcher is expected to carry on his campaign, as his salary ceases when the new order goes into effect.

St. Joseph Man is Killed at Valley

John F. Kern, a St. Joseph, Mo., apple merchant, was run over and instantly killed by Union Pacific train No. 11, one mile east of Valley yesterday morning at 7 o'clock.

Kern was walking from Valley to Waterloo, having missed the morning train. A short way out from Valley he met the train going west. Stepping over to the other track he was walking on one of the rails when he lost his balance, slipped and fell under the train and was decapitated.

Coroner Crosby went to Valley and took charge of the body. Relatives in St. Joseph were notified of his death.

Woman Gets Heavy Damages for Injury

Alice Fitzgerald, who was thrown from a street car while attempting to alight a year ago, was given a verdict for \$5,000 by a jury before Judge Sears in the law division of district court. She had sued for \$10,000.

POLITICAL PARTIES FILE STATEMENTS OF FUNDS

Two more treasurers of political committees in Douglas county have filed with the county clerk statements in compliance with the state law requiring publicity of campaign contributions.

G. L. E. Klingbeil, treasurer of the progressive county central committee, states that he has received no contribution in excess of \$25. W. E. Rhoades, treasurer of the republican county central committee, makes the following statement: (Cash on hand August 1, \$25.31; from Sidney W. Smith, \$50; from Harry C. Counsman, \$100; total, \$175.31.)

HALLOWE'EN PRANKS NOT TO BE PERMITTED

The practical jokes and caprices of boys in celebration of Halloween will not be tolerated by the police this year. A large force of officers in citizens' clothes will be scattered over the city.

All persons raising a disturbance, destroying property or guilty of any disorderly conduct will be arrested and harshly dealt with.

Chief of Police Dunn said he would have the entire first detail of police work from 7 until 12 o'clock each night beginning Thursday.

Tilted Lid Almost Delays Commercial Club Opening

Car shortage causing a delay in the arrival of dining room furniture, nor delay in the arrival of carpets, were not all the real troubles which confronted the men who were striving with might and main to get the new home of the Commercial club ready for the reception Monday evening.

The police of Omaha had a share in delaying arrangements. Hayden Bros. had the contract for providing the furniture and carpets. A special train had been ordered by Joseph Hayden to bring the delayed dining room furniture from Des Moines Sunday. This was expected early in the evening, having been promised by the railroad company. Thomas Quinlan, general manager for Hayden Bros., was on hand with a force of men and several auto trucks to hustle the furniture to the new rooms.

When 10 p. m. Sunday night arrived and no special was in sight some of the crew of laboring men whom Quinlan had on hand suggested they might take one of the trucks and run up town for a drink. They evidently knew where the lid was being lifted.

When the special arrived at midnight Quinlan began to look for his men, but they were nowhere to be found. He took an automobile up town, and after a most diligent search found the crew in jail. They had been caught getting their drink in one of the places which were raided Sunday night and all landed in jail.

Quinlan bailed them out and the Commercial club furniture for the dining room was all in place before daylight Monday morning.

Railway Mail Men Get Raise in Salary

Six hundred men have been promoted in the railway mail service of the Fourteenth division with headquarters at Omaha. The word has just been received from Washington at the local office and Assistant Superintendent Johnston is busy making the new adjustments in the salary records. Six hundred men receive a raise of from \$100 to \$200 per year. The chief clerks are to receive a raise of \$50 per year. Their salary will be raised from \$1,800 to \$2,000 per year, taking effect October 1.

The promotion in salaries of this body of employees comes through the reclassification that was provided for last summer by the department. It means that in all 1,300 clerks are to get a raise in pay.

SCALP LACERATED WHEN HE FALLS FROM STREET CAR

Martin Shields, 1210 Dorcas street, was slightly injured at 8:30 Tuesday morning when he was thrown from a slowly moving Riverview Park car. Shields was standing on the rear platform and when the car gave a sudden lurch at Tenth and Mason streets he was thrown off. He fell on his head, receiving a scalp wound. He was taken to police headquarters, where medical attention was given him, and then taken to his home.

J. W. Copeland of Dayton, O., purchased a bottle of Chamberlain's Cough Remedy for his boy, who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five-dollar doctor's bill? For sale by all dealers.—Advertisement.

The party of officials is made up of the following representatives: B. R. Horner, Cleveland; L. P. Burgess, Boston; Jonathan Story, Boston; R. E. Payne, Buffalo; C. E. Bartlett, Buffalo; J. Y. County Dads Fire Careless Janitors

For dragging a leaky can of machine oil across the first floor of the county building and streaking the floor, three janitors were discharged by the Board of County Commissioners. County Building Superintendent J. M. Calabria was instructed to release them on November 1. The janitors are Harry Dvorsky, S. Barnes and A. Stryan. When the commissioners spied the long brown streak on the floor they started an investigation. The grease was absorbed by the cement composition floor. It cannot be washed out and only time will let it disappear.

A Lady's Comment On Medicine and Religion

The following letter is from a lady whose name I am not at liberty to use. If I should mention her name she would be known by almost every reader. She writes in part:

Dr. S. B. Hartman, Columbus, Ohio: "Your article entitled 'Medicine and Religion' has been read and re-read by me many times. It seems to me that the article contains the substance of all that has been said about Christian Science, new thought, suggestive therapeutics and other forms of mental healing.

"I am very much pleased to observe that you are putting out into the world such useful literature. It will do untold good, without doubt, not only for those who take medicine, but for those who try to get along without taking medicine. Your article is terse, to the point, and will be read by thousands.

"Medicine and religion have always been very closely associated. Only in very recent years have the two been regarded as separate professions. I am glad you brought this out so clearly. The tendency of today is strongly in the direction of medicine and religion coming back together again. With your immense facilities for spreading useful information I am sure you will greatly assist the progress of the times in sending out broadcast such articles. I want you to know that your efforts are appreciated.

"As to Peruna, I have nothing to say. I very seldom make use of any medicine. But I assure you that your article has so enthused me with the good advice it contains that if I have any need for medicine I shall certainly buy a bottle of Peruna. I shall not neglect to recommend it to others also."

I Will Stake This Medicine Against Your Time

A Few Days Will Be Sufficient to Prove You Are Curable

A few minutes of your time for a few days and I will demonstrate to you, without expense to yourself, that I have a medicine that drives Uric Acid poison from the system and by so doing cures kidney trouble, bladder trouble and rheumatism. I don't ask you to take my word for it but simply want you to let me send you some of this medicine so that you can use it personally.

I am trying to convince sufferers from these diseases that I have something better than the usual run of remedies, treatments and such things, and the only way I can demonstrate that fact is to go to the expense of compounding the medicine and sending it out free of charge. This I am glad to do for any sufferer who will take the time to write me. Understand, I will not send you a so-called "sample, proof or test treatment," nor will I send you a package of medicine and say that you can use some of it and pay for the rest, but I will send you a supply free of charge and you will not be asked to pay for this gift nor will you be under any obligations.

All I want to know is that you have a disease for which my medicine is intended, as it is not a "cure-all," and I give herewith some of the leading symptoms of kidney, bladder and rheumatic troubles. If you notice one or more of these symptoms you need this medicine, and I will be glad to send you some of it, if you will write me the numbers of the symptoms you have, give your age, and your name and address. My address is Dr. T. Frank Lynott, 9047 Deagan Building, Chicago, Ill. You promise me nothing; you pay me nothing for it. All I ask, so there shall be no mistake, is that you send me the numbers of your symptoms or a description in your own words, and that you take the medicine according to the directions I send you. It is my way of getting publicity for my medicine so that it will become widely known.

You will agree when you have used it is if a certain thing will cure HIM or HER, and here is an opportunity to find out without cost, obligation or import-

Items Welcomed By Many Men

This recipe can be filled at home, so that no one need know of another's troubles, as the ingredients can be obtained separately at any well stocked drug store. They are in regular use and many different prescriptions are constantly being filled with them.

This will prove a welcome bit of information for all those who are overworked, gloomy, despondent, nervous and have trembling limbs, heart palpitation, dizziness, cold extremities, insomnia, fear without cause, timidity in venturing, and general inability to act naturally and rationally as others do, because the treatment can be prepared secretly at home and taken without any one's knowledge.

Overworked office men and the many victims of society's late hours and dissipation will, it is said, find the restorative they are in need of.

If the reader decides to try it, get three ounces of ordinary syrup sarsaparilla compound and one ounce compound fluid balsamwort; mix and let stand two hours; then get one ounce compound essence cardiol and one ounce tincture cadomene compound (not cadomene), mix all together, shake well and take a teaspoonful after each meal and one when retiring.

A certain well-known medical expert asserts that thousands of men and many women are suffering all because of dormant circulation of the blood and a consequential impairment of the nervous force, which begins the most dreadful symptoms and untold misery.—Advertisement.
