ROOSEVELT REACHES HOME

Colonel Tells Crowd at Station He is Feeling Fine.

HE STANDS THE TRIP WELL

Wound Shows No Ill Effects from Journey, but Doctors Order Him to Stay in Bed All Day.

SYOSSET, La., Oct. 22.—Theodore Roosevelt and party arrived here at 9:00 o'clock this morning. The place is four miles south of Oyster Bay, and the train was routed this way in order to avoid any crowd. Only a handful of persons were on hand when the colonel stepped from his car and walked unassisted to an automobile. He was driven immediately to Sagamore Hill.

The colonel was carefully wrapped up before he got into the automobile. "I am feeling just fine," he said, as he moved his hand to the small crowd. To the town folks at Oyster Bay, who were a bit surprised at not seeing Mr. Roosevelt come in there, the following message was sent by his physicians:

Colonel Roosevelt has stood the journey well, but we believe him in no condition to stand the excitement of receiving his many friends at Oyster Bay. He deeply appreciates their interest in his welfare. We regret the necessity of not landing at Oyster Bay, but deem it better for him to go from Syosset to Sagamore Hill.

When he arrived at Sagamore Hill the colonel's wound was dressed and he went to bed at once, with instructions to remain quiet all day. The physicians said the wound showed no ill effects from the trip.

After a conference with the doctors, George E. Roosevelt said this morning: "Colonel Roosevelt must have a week of absolute rest. If he has this rest he possibly will be able to make his Madison Square Garden address."

Stands Trip Well. NEW YORK, Oct. 22.—Colonel Roosevelt and party arrived at the Pennsylvania station from Chicago shortly after 8 o'clock this morning. The colonel was eating his breakfast when the train pulled into the station at 8:08 o'clock. He made a hearty meal of eggs, bacon, tea and bread and butter.

In accordance with plans previously arranged there was no demonstration in the station. In fact all persons were barred from the train shed except mem-

bers of the family. The only ones who joined the party were Mrs. Theodore Roosevelt, Jr.; Mr. and Mrs. Douglas Robinson, the latter a sister of Colonel Roosevelt, and George E. Roosevelt.

The colonel's special car and the car of the physicians and newspaper men was quickly detached and started for Oyster Bay.

Doctors Lambers and Terrell said, the colonel's wound was coming some, but that he was in excellent condition. They issued the following bulletin:

Colonel Roosevelt is very cheerful after a good night's sleep. He is feeling very well and has stood the journey well. ALEXANDER LAMBERT, SCURRY L. TERRELL.

Colonel Roosevelt and his secretaries were busy on the train yesterday looking for an old speech of the colonel's on the trusts. This speech has been the basis of recent criticism by William J. Bryan, and after a secretary had unearthed it and Colonel Roosevelt had gone over it he said he intended to reply to Mr. Bryan's criticism either in a statement or in a speech.

INSURGENT WOODMEN WIN CASE

Ruling in District Court Holds Against Changes in Insurance Rates and Case Will Go to Supreme Court.

(From a Staff Correspondent.) DEN MOINES, Ia., Oct. 22.—(Special.)—Upon application of citizens of Harlan, Shelby county, Governor Carroll has taken up the case of Mayor William M. Baughn and instructed the attorney general to look into it with a view of preparing proper proceedings if the evidence warrants.

It is charged that on July 29, 1912, Mayor Baughn was intoxicated and presented himself in the streets of Harlan in that condition and for thirty minutes helped entertain a crowd of 150 people with maudlin remarks. The case was previously taken up by Attorney General Coonan and Mayor Baughn resigned. Later he was reinstated mayor and is now serving. His second election was by the city council.

The Women's Home Missionary society in its final session today elected the following officers: First vice president, Mrs. William C. Heron, Cincinnati; second vice president, Mrs. W. P. Thirkield, New Orleans; third vice president, Mrs. May Leonard Woodruff, New Jersey; corresponding secretary, Mrs. Della Williams, Delaware; recording secretary, Mrs. F. A. Mrs. George O. Robinson, Detroit, Mich., was re-elected president last night.

AMES STUDENTS GIVE MONEY TO FIGHT CHANGES

AMES, Ia., Oct. 22.—Quarters rained upon the stage of the Agricultural hall here last night when Chairman James Watson presented the need of student committees engaged in opposing the changes in the state schools. The call for money was answered by a five-minute haul of silver, which ended only when the announcement was made that present needs were supplied.

A number of former students of the school spoke in opposition to the changes. Arrangements are being made to induce the next session of the legislature to take a hand in the affair.

Iowa News Notes.

CRESTON.—The division superintendent of the Iowa division of the Burlington, O. E. Stewart, has resigned his position and will go to California to live. Stewart was formerly superintendent of the Creston division. He is succeeded at Burlington by N. L. Howard, former trainmaster at Galena.

CRESTON.—Postal Inspector C. S. Ranger, whose headquarters have been in Creston for the last five years, has been appointed to a similar position at San Francisco and will report for duty there after the next session of the federal court, which convenes November 5.

CRESTON.—W. B. and Dan Raper, brothers and residents of Creston, have been arrested, charged with being implicated in a fire which occurred on the Dan Gibson farm, near Cromwell, Saturday night, and which destroyed a threshing machine outfit valued at \$3,500, one stack of grain and a straw stack.

IOWA FALLS.—A big business deal was closed in this city last evening in which E. H. Lundy, the well-known Eldora attorney, purchased the plant and equipment of the Iowa Falls Gas company, the consideration aggregating \$6,000. Mr. Lundy is interested in the Park Dam company at Eldora, and it is reported, has secured control of the water power rights on the Iowa river at this point.

TAMA.—Hog cholera is rampant among the herds of swine of the county, and the loss farmers have sustained is very heavy. ARGUMENTS OF TAFT BALLOT CASE HEARD BY SUPREME COURT

(Continued from Page One.)

inated candidate of the republican party and enough democrats wrote his name on the democratic ballot to make him the nominee of the democratic party. The democratic county committee declared the place vacant and nominated Duryea to fill the vacancy. The case was taken to the district court and then appealed to the supreme court, which holds that the county committee had a right to declare an office vacant held by the nominee of another party and also had the right to fill the vacancy.

A similar condition seems to exist in Pierce county, where C. Spellman, republican candidate for county attorney, received sufficient votes on the democratic ticket to entitle him to the democratic nomination. Former County Judge Douglas Cone contests his right to the nomination, and it is understood that the matter has been held up waiting a decision in the Lancaster county case, which is identically the same.

Bull Moose Contributors. That the bull moose committee is faring very well is evidenced by the fact that in a statement issued by Don L. Love, treasurer of the state committee, it is shown that \$2,000 has been received from the national committee. Among others who have contributed to the cause are W. B. Howard, \$50; Grant Martin, \$50; G. W. Norris, \$50; C. H. Aldrich, \$50; J. E. Deibel, \$50; Addison Watt, \$50; S. H. McKelvie, \$50; and W. A. George, \$50. It is evident that Governor Aldrich was not as easy as he looked, as \$50 seems to be all of the \$250 he was assessed by Chairman Corrick that reached the coffers of the committee.

WOODMEN RATES ARE VOID

Des Moines Court Holds Proposed Raise is Illegal.

VIOLATES CONTRACT RIGHTS

Under Law Creating the Order Amendments to Articles of Incorporation Must Be Approved by Members.

DEN MOINES, Oct. 22.—The proposed change in the law governing the Modern Woodmen of America is a direct violation of the vested contract rights of the members and is null and void, so far as it attempts to change the rates without the consent of the members, according to Judge Charles S. Bradshaw of the equity division of the district court, in an opinion handed down today.

The decision was given in a case wherein the insurgent wing of the organization asked the court to set aside and annul certain changes in the articles of the association by laws adopted at the head camp of the Modern Woodmen of America at an adjourned session held in Chicago in January, 1912.

Ruling of Court.

First—That under a certificate of this character the holder occupies toward the society a dual relation; he, as a member of the corporation, is bound by all reasonable bylaws enacted by the corporation whether they come into existence before or after the issuance of his certificate. He also occupies the position of a person holding a contract with the society, and as such stands on the same footing as any other person making a contract with it.

Second—That the contract of insurance consists of the certificate of application for membership, the articles of association, bylaws of the society and the statutes of the state of Illinois relating thereto.

Third—That the new law of the society, proposes to change both the rate and plan of insurance, and both rate and plan are a part of the members' contract.

Fourth—That there is no difference in reducing the amount of benefit and increasing the price charged for the benefit.

Fifth—That the proposed change in the law is a direct violation of the vested contract rights of the plaintiffs and other members and is null and void so far as it attempts to change the rates of plan without the consent of the member.

Sixth—That the amendments to the articles of incorporation are illegal and void because not adopted by a two-thirds vote of the members.
