Colonel Roosevelt is Gaining Strength With Great Rapidity

OYSTER BAY, Oct. 24.—Colonel Roosevelt gained strength so rapidly that it was expected today he would soon be permitted to resume campaign work.

Dr. Scoury Terrell visited the colonel and found him in excellent condition after a long night's sleep. The patient arose soon after he had had breakfast and dressed in a lounging robe, walked about the house more freely than at any previous time since his return.

He felt no pain, although whenever he raised his right arm or breathed deeply he was reminded of his injury by the grating of the ends of the fractured rib. It probably will be several weeks before he will have full use of his right arm.

Colonel Roosevelt expected to see a few visitors today and to begin preparing the speech he hopes to deliver in New York next week.

After Dr. Terrell left Colonel Roosevelt

Follow Your Common Sense

and it will lead you in the right direction. A person, when sick, is very apt to grasp at a straw. Unworthy articles are alluringly advertised to cure all manner of ills and you are made the seat for experiment unless you use common sense. Everybody is occasionally or frequently in the throes of a bilious attack of which all the symptoms are nature's danger signals for you to do something before it is too late. Headache, bad stomach and constipation are the forerunners of most intestinal diseases. Attacked in time, in a common sense way, they soon pass over. Study your case and study the remedy. Take something which will effectively operate, first on your liver, then on your stomach, and lastly on your bowels. Take something which nature has furnished and which is untouched nor altered by human hands. A natural remedy is the choice of every doctor. Huxley's Natural Water is their choice. It is the most ideal, sensible and safest Natural Laxative. Mineral Water and half a tumbler of arising acts speedily, sure and gentle.

ONE KILLED WHEN TRAIN GOES THROUGH THE BRIDGE

WILMOR, Ill., Oct. 24.—A negro porter was killed and three of the train crew were injured here today when a special train carrying officials of the Toledo, St. Louis & Western Railroad was wrecked. The baggage car, two day coaches and a Pullman car went into a ravine when the bridge collapsed. The engine and tender cleared the bridge before it fell.

On the special train were President W. L. Ross, Thomas H. Hubbard, chairman of the board; J. S. Mauck, secretary and F. H. Davis, vice president. They had attended a stockholders' meeting at Frankfort, Ind., and were on their way to St. Louis.

The porter, John Givens of New York, was killed. The injured are W. W. Wright, porter, New York; Frank Hazelton, conductor, and Charles Baum, brakeman.

EASTERN STAR WILL BUILD HOME AT BOONE

CEDAR RAPIDS, Ia., Oct. 24.—With but one dissenting vote out of nine, the Iowa grand chapter of the Eastern Star today voted to purchase an Eastern Star Masonic home site in the city of Boone and erect a fire proof structure to cost \$45,000.

The old site of eighty acres near Boone was ordered sold. The grand chapter has about \$48,000 available for the home site, which will contain about five acres.

An Explanation from Brandeis Stores

In a recent announcement in this paper relative to our blanket sale to be held next Monday, mention was made of a great lot of \$10 and \$12 fine All Wool California Blankets in 12-4 and 11-4 sizes, weighing up to 10 pounds to the pair; which would be a special feature of this sale.

To correct a wrong impression we wish to state that although these are genuine \$10 and \$12 blankets (selling at this price in every dependable store) the price at which we will sell them next Monday will not be \$10 and \$12 a pair, but \$5 a pair.

We make this explanation to avoid any possibility of misunderstanding on the part of hundreds of people who are watching our announcements daily with the expectation of profiting by this special sale of Blankets Monday.

NEW IMMIGRATION OFFICER

Lich Comes from St. Louis to Take Place of Whitfield.

INQUIRY INTO GIRL'S CASE

Poll of Counties of State by Newspaper Shows Plurality of Forty-Five Thousand for Clarke for Governor.

(From a Staff Correspondent.) DES MOINES, Ia., Oct. 24.—(Special Telegram.)—A new United States immigration inspector for this district in the person of C. A. Lich appeared at the federal building today and reported he had been sent here from St. Louis to take the place of Whitfield, who made the unsuccessful effort secretly to secure the deportation of a young Bohemian girl from this city.

It is supposed that Whitfield has been ordered to Washington to explain his part in the affair of this week. Congressman Prouty will demand a thorough investigation of the case. Whitfield, whose headquarters are in St. Louis, did not return at all.

A local newspaper here has secured polls from nearly every county of the state on the state ticket and reports that the indications are that Clarke, for governor, will be elected by over 20,000 plurality. This is on the basis of about 45,000 votes in the state.

Iowa Commercial Clubs Advocate Business Schools

SIOUX CITY, Ia., Oct. 24.—(Special.)—Practical courses in business management and salesmanship will be taught in all of the colleges and universities of Iowa if the recommendations of the Iowa League of Commercial Clubs are carried into effect.

At the final session of the third annual convention held today resolutions were passed urging the "vigorous expansion of practical courses in business administration" and it was further resolved that the colleges place in their libraries more books on business efficiency and on advertising as suggested by the national authorities on these subjects.

The league further recommended that the next general assembly authorize a levy of a county tax for the maintenance of the crop expert systems.

The state extension bureau was also heartily endorsed by the league so that citizens of Iowa and the world at large may learn of the possibilities and opportunities in this great state of Iowa. A state employment bureau was also suggested.

J. F. Terhune, secretary of the Clinton Commercial club was elected president.

IOWA MAN GROUND TO DEATH IN CEMENT MIXER

NEVADA, Ia., Oct. 24.—(Special.)—A peculiar and at the same time terrible fatal accident befell B. R. Wallace of this place near Yellowstone National park yesterday, when he was drawn into a concrete mixer and literally ground to death. The telegram, which brought the news to relatives here, said Mr. Wallace, who is chief engineer of the power plant of the Montana Reservoir and Irrigation company, was walking by a concrete mixer, when the wind blew the skirt of his overcoat into the mixer. Before the machine could be stopped Wallace was dragged into the machine. He died a few hours later.

Two Accidents at Tama.

TAMA, Ia., Oct. 24.—(Special.)—One man was fatally injured and another was seriously hurt in two accidents near here today. Ira Rondabush, a farm laborer, was thrown from a wagon load of dirt, the wheels passing over his head fracturing his skull and otherwise badly injuring him. He will die. Walter Ruhl of near Walnut Creek, was thrown from his buggy, when his horse ran away, and received fractures of the leg and arm.

Safe Robbed at Richland.

BURLINGTON, Ia., Oct. 24.—Yegmen blew open the safe in the Grump grocery store in Richland, Ia., last night, securing \$175 and making a safe getaway.

Iowa News Notes.

CLARINDA—Eighteen men were arranged in district court at Clarinda Tuesday and Wednesday and pleaded guilty to charges of gambling. This is the outcome of a cutting affray over a gambling dispute in a box car at Clarinda last July. The principal, J. A. Pemberton, shooting took place at the home of Mrs. Clarinda by Judge O. D. Wheeler and several others are scheduled for trial.

CLARINDA—Rev. R. A. Cameron, who has been pastor of the Presbyterian church at Clarinda the last four years, has resigned his pastorate here and accepted a call to the Presbyterian church of Valley, Mont. He will go to his new charge early in November.

FRANK LOVLIN SHOOTS WIFE AT MITCHELL, S. D.

MITCHELL, S. D., Oct. 24.—(Special.)—Incensed at his wife because he had an idea that she was going to run away with another man, Frank Lovlin, aged 32 years, shot her in the leg last night. The shooting took place at the home of Jerry Hendrickson, seven miles southwest of town. Lovlin entered the door and seeing his wife standing in an adjoining room he drew his revolver and fired. One of the men in the house slammed the door in his face and he fearing that his wife's relatives might make an attack on him ran the full distance of seven miles to town and delivered himself up to the officers. He was placed in jail. Lovlin stated that he thought he had wounded his wife fatally, supposing that the shot took effect in a vital part, and seemed much relieved when he learned that little more than a flesh wound had resulted. Lovlin was asked if he really intended to kill his wife, and said, "I started in to shoot her some and instead of being frightened she laughed in my face, and in anger I pulled the gun and fired at her. If she had not laughed at me I do not think I would have fired the shot." Lovlin will be bound over to the November term of court.

CLAPP COMMITTEE WILL HEAR BEVERIDGE TODAY

WASHINGTON, Oct. 24.—After a brief executive session today the Clapp committee investigating campaign funds found no witnesses on hand and adjourned until tomorrow, when former Senator Albert J. Beveridge of Indiana is to testify about expenditures of his campaign money in his 1904 state campaign.

PRESIDENT TAFT OUT IN AN APPEAL TO PEOPLE OF COUNTRY

(Continued from Page One.)

will certainly never be forgotten by the sufferers.

Vital to Whole Country.

"The welfare of the farmer is vital to the whole country. One of our strongest hopes of retaining prosperity is based on the business which his crops are to afford. He is vitally interested in the restraining of excessive and unduly discriminative railroad rates, in the enforcement of pure food laws, in the promotion of scientific agriculture, in the extension of rural credits and increasing the comforts of country life, as by the extension of rural free delivery. Republican policies cannot fail to commend themselves to the farmer of the north-west.

"It is difficult to see how, with the threat to business prosperity involved in democratic success at the polls, he who gives his full and hearty support to the continuation of the protective system under which he has prospered and enjoyed the blessings of a government which safeguards him in his life, liberty and prosperity.

"The republican party is responsible for the organization and growth of our splendid Department of Agriculture. Republican administrations have greatly extended agricultural investigation in the last fifteen years, until scientific inquiry is being made in all our states and territories and in the islands of the sea under our flag, to the end that we may produce the necessities of life for ourselves and for those for whom we are responsible. The power of the man and the acre to produce is being increased all over the land; new grains, grasses, fruits, fibers and vegetables are being imported from foreign countries into continental United States and into our islands in order to diversify crops and bring into productive sections of our country that have heretofore been barren.

Meaning of Republican Success.

The weather, the animals, the plants, the forests, the soils, our roads, our foods, our insect friends and enemies are being studied from the farmers' standpoint by over 2,000 scientists in the Department of Agriculture which has grown in helpfulness every day since 1888.

"I feel confident that the voters of Minnesota will appreciate the shallowness of attacks upon our institution and will not be swayed by undefined benefits which are to follow undefined changes. It does not require the eye of a witch to see that closed factories in Massachusetts and Ohio mean a diminished demand for the farm products of the north-west. We cannot strike down the industries of one section without bringing disaster to all the people. It is not a progressive policy in any true sense to be hostile to the prosperity of any part of the country.

"What makes men happy, what furnishes shoes and clothes and food, wholesome food to the family of father and mother and children but prosperous times, in which labor is in high demand, wages are good, sales are plenty, prices are normal and everybody is sharing in the good times.

"Republican success means that our people will come together in amity and make the best use of the enormous resources we have in this country for the promotion of general prosperity and the securing and the encouragement of individual happiness."

Taft Addresses Teachers.

PORTLAND, Me., Oct. 24.—President Taft came here by train from Holland Springs today to address the Maine Teachers' association. The president was met at the station by Mayor Curtis and others in automobiles and taken to the eastern end of the city, where militia companies, naval reserves and a detachment from the forts were waiting to escort him to the new city hall.

COMMANDER OF CZAR'S YACHT KILLS HIMSELF

ST. PETERSBURGH, Oct. 24.—Rear Admiral Chagin, commander of the emperor of Russia's yacht, Standart, committed suicide at his residence yesterday. The cause of his act is unknown. It was reported at the time of the recent trouble among the sailors of the Russian Black Sea fleet that they had arranged a plot to seize the Standart while the emperor and the imperial family were being conveyed from Yalta to Sebastopol.

BUZZINGS

Governor Hadley is not only the first republican governor of Missouri in forty years, but also an assiduous golf player, whose chief regret when in Omaha was that he was so rushed he could not have a game here.

Louis D. Brandeis has the same name as the Brandeis family of Omaha, but the relationship thus indicated is probably remote or, at any rate, has not been traced out.

Presenting his son, Arthur C. Wakeley, at a banquet, Judge Eleazer Wakeley once said he would introduce the next speaker as "the Nestor of the Nebraska bar" if it were not for his father.

BULGARIANS TAKE KIRK-KILISSEH, THE KEY TO ADRIANOPLE

(Continued from Page One.)

have made a number of prisoners, including one lieutenant colonel. Two battalions of Greek Evzones, under Lieutenant Colonel Constantopolu, attacked two battalions near Vlahovladho, dispersing them.

Successes of the Allies. LONDON, Oct. 23.—The news from the seat of war tonight tells of continued successes of the allies. The Servians have captured Novipazar and are the virtual masters of Kumanova. The victories, however, have been purchased at heavy sacrifices.

The situation in Thrace is becoming clearer. A great battle is being fought over a wide semi-circular front before Adrianople, upon which town the Bulgarians gradually are closing in. In the east they have occupied Valvika and Tirovo and are continuing their advance southward.

On the west the Bulgarians, according to official Sofia accounts, have reached the Arda river, close to Adrianople, which is being vigorously bombarded. Already the two outer forts have fallen. Some positions to the north of Adrianople are also said to have been taken, after fighting of the severest character.

Of the army in the center, operating in the direction of Kirk-Kiliseh, there was no news today and evidently that fortress is still holding out.

Constantinople Less Confident. It is significant that tonight's Constantinople dispatches, which say a decisive result is expected tomorrow, have a less confident tone than previous dispatches.

from the capital. They admit that a heavy struggle is in progress, in which both sides are showing the utmost bravery.

Servians Capture Novipazar. BELGRADE, Servia, Oct. 23.—It is officially announced that the Third Serbian army today captured the town of Novipazar after fierce fighting and great sacrifices.

The Turks are retiring from Kumanova. The Servians have surrounded it, although the Turks hold an important position dominating the town.

The second contingent of wounded, 130, arrived here this afternoon. Big crowds cheered as the transport wagons passed. All the schools are fitted up as hospitals.

Illinois Mines Close. GALENA, Ill., Oct. 24.—Twelve lead and zinc mines in this district have had to close because of the exodus of Greeks and other foreigners who have returned to their native countries to take up arms against Turkey. It is estimated that more than 500 foreigners have departed in the last few weeks.

ABNORMAL POSITION OF HEART SAVES BOY'S LIFE

NEW YORK, Oct. 24.—Because his heart is on the right side, little David Krunish left the Fordham hospital today well on the road to recovery. If his heart had been normal the physicians say he probably would have been carried out in a coffin several days ago. David, who is 11 years old, fell on a picket fence last Monday and one of the spikes penetrated his breast three inches, directly over the place where his heart should be.
