Harmless Remedy Beautifies and Darkens Hair

What a pity it is to see so many people with this wispy hair, faded or streaked with gray, and realize that most of these people might have soft, glossy, abundant hair of beautiful color and lustre if they could but use the proper treatment. There is no necessity for gray hair under sixty-five years of age, and there is no excuse for anyone, young or old, having thin, straggling hair, either full of dandruff or heavy and rank smelling with excessive oil.

You can bring back the natural color of your hair in a few days and forever rid yourself of any dandruff and loose hairs, and make your hair grow strong and beautiful by using Wyeth's Sage and Sulphur Hair Remedy. For generations common garden Sage has been used for restoring and preserving the color of the hair; and Sulphur is recognized by scalp specialists as being excellent for treatment of hair and scalp troubles.

If you are troubled with dandruff or itching scalp, or if your hair is losing its color or coming out, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and notice the improvement in the appearance of your hair after a few days' treatment.

Many Pupils Who Cannot Speak English

Thirty-one pupils in the Pacific kindergarten school are unable to speak English and Miss Alice E. Hayes, director of the kindergarten, has struggled for six weeks with one little tot who has not, up to this date, spoken a word of English.

Nearly every nationality is represented in this kindergarten and the principal, Miss Lizzie Banker, has been compelled to resort to every known means of teaching language to aid Miss Hayes in the colossal task of teaching the youngsters a new tongue.

Some of the children learn quickly and soon become as proficient in the English language as their American neighbors, but others present an almost impossible task.

The situation at Pacific is repeated in several other schools. The night schools, attended by nearly 600 students, must teach students who speak from fifteen to twenty different languages, but as they are more mature than the attendants of day school the task is usually less difficult.

Girl Confesses that Holdup Was Hoax

Stuffing a handkerchief in her mouth, bruising her face and lying down in the center of the sidewalk at Thirtieth and California streets, feigning unconsciousness, Miss Margaret Weigel, 423 North Thirty-fourth street, was found Wednesday night by pedestrians. She told them a dramatic story of how a large negro had followed her from a downtown store where he had seen her cash a check for \$14, leaped upon her after she left the street car, knocked her down with his fist, gagged her and disappeared with her purse.

Yesterday she broke down when questioned by Detectives Donahue and Fleming and said she had not been held up by a negro. That she had gagged herself and lay down on the sidewalk so as to make her parents think she was robbed as she had used up her week's salary in straightening out a shortage at the Brande's store where she worked until last week.

BABE KILLED IN AUTO WRECK

Two Others Fatally Hurt When Machine Upsets on Dodge Road.

VICTIMS ARE FROM AMES, NEB.

Car Is Driven Too Fast Around a Sharp Turn and Turns Turtlet, Throwing the Occupants on Hard Macadam.

One dead, two fatally injured and another seriously hurt in the latest toll due to automobile accidents this month. Roy, 3-year-old son of Mr. and Mrs. H. A. Nelson of Ames, Neb., was almost instantly killed, his mother and A. P. Nelson fatally injured and his father badly hurt yesterday at 12:30 when the automobile in which they were riding turned turtle five miles out on the West Dodge street road, throwing them out on the hard roadbed.

The little tot died on the way to the hospital. The other victims of the accident are at the Methodist hospital, where they were taken by J. A. Freeland and F. H. Nash.

H. A. Nelson, the little boy's father, was driving the machine. The party was on the way to Omaha, where they were bringing the child for medical treatment.

Just the other side of the Northwestern tracks, which cross the Dodge street road about five miles west of Omaha, there is a sharp turn in the road. Nelson attempted to make this turn while going at a fast rate of speed. The automobile, being very light, turned over and threw the occupants out.

Car Turns Turtle. Although none was pinioned under the car, the contact with the hard macadamized road resulted seriously. The little lad fell on his head. Mrs. H. A. Nelson and A. P. Nelson sustained internal injuries and are in a critical condition at the hospital. H. A. Nelson, who owns the car and was driving, suffered bad bruises about the face and body. His injuries are not considered alarming. A. P. Nelson is about 50 years of age, and is not related to H. A. Nelson.

Albert Anderson, a chauffeur living at Ames, was in the machine at the time. He jumped as the machine turned and escaped injury.

J. A. Freeland, manager of the Freeland Automobile company, and F. H. Nash, one of the salesmen, were out on the Dodge street road testing out a new car. They reached the scene a few minutes after the accident and rushed the victims to the hospital.

The machine was but slightly damaged. It turned over three times, righted itself, and ran a distance of 100 feet in the opposite direction from which it was going when overturned and came to a stop in the center of the road.

Would Establish Technical High School in Omaha

After conferring with Commissioner J. M. Guild of the Commercial club President E. Holovitchiner of the Board of Education announces that he will go before the Commercial club to ask assistance in establishing a technical high school here.

Dr. Holovitchiner says Mr. Guild is considering the plan and the outlook for a campaign in the near future to raise money for the school or work up a sentiment that would demand a levy for the purpose is "promising."

Superintendent E. U. Graff, who has made a study of the technical school, is heartily in favor of establishing such an institution here, but is willing to wait until some of the western cities, which have undertaken the work on a large scale, have failed or succeeded.

Members of the Board of Education are generally in favor of Holovitchiner's proposition and believe that it is only a question of a few years until it will be necessary to give Omaha students the opportunity to secure a "practical education" in technical public schools.

New Court House is Overcrowded

It begins to appear that the new million-dollar county building is not large enough to house all the county officials. The county commissioners are trying to find quarters for County Physician F. J. It is doubtful if a place for him can be found.

It is the plan of those in charge to patronize several of the leading hotels in Omaha while here by having various dinners and banquets at the various hotels. One hotel will of course have to be designated as a place for the enrollment of the members.

HALL'S NAME NOT ON BALLOT

Judge Baker Advises City Clerk Not to Add Bull Moose Name. MAKES HOLOVITCHINER SURE President of the School Board Now Has No Opposition to His Re-election as Member of the Board.

There is no provision of law for placing the name of Dr. Stacy Hall, "progressive" nominee for member of the Board of Education from the Second ward, on the ballot, according to Judge Ben Baker, city corporation counsel, who rendered a written opinion upon the request of City Clerk Flynn.

This decision, if not taken to the courts, leaves Dr. E. Holovitchiner, president of the school board and candidate for re-election, a free field, as he is the republican nominee and there is no democratic candidate.

A. H. Bigelow and Dr. F. A. Edwards, officers of the so-called progressive city central committee that met and nominated Dr. Hall, notified the city clerk of the nomination. Mr. Flynn took the case at once to the legal department and notified Dr. Hall that his name would not appear on the ballot.

Judge Baker's opinion on the case says: I have carefully gone over the statute governing such matters as well as the papers constituting the nomination of Dr. Stacy Hall, and I have examined the protest of Henry Kleser to the placing of Dr. Stacy Hall's name on the ballot. The protest is in due form. After reading and studying the statutes on the subject of a nomination by a new party I am of the opinion that the nomination papers filed with you by Dr. Stacy Hall do not comply with the statute, and that proper steps have not been taken to make Dr. Stacy Hall eligible as such candidate to be placed upon the official ballot.

It is my opinion that you are without authority of law as city clerk of the City of Omaha to print or place the name of Dr. Stacy Hall upon the official ballot case at once to the legal department and notified Dr. Hall that his name would not appear on the ballot.

The election proclamation of the Board of Education was issued calling attention to the vacancies by regular expiration of terms of the First, Second Third and Fourth ward members and the election ward. The nominees are: First ward, W. A. Ehlers; Second ward, Dr. E. Holovitchiner; Third ward, F. J. Taggart; Fourth ward, Judge W. A. Foster; Eighth ward, Dr. S. K. Spalding and Edmund F. Leavenworth.

Woman Offers to Give Husband His Freedom for \$200

The offer of Beaulie Reiner of New York City to give her husband, Israel Reiner, of Omaha, a divorce for \$200 was received by Sheriff McShane. Several days ago it was announced that notice of Reiner's suit had been served upon his wife in the metropolis and she had told the authorities there he might have his freedom for a paltry two hundred. Her letter to the sheriff is to the same broad, general effect.

The woman's offer has no standing in law. If she pleases she can fight the suit and counter claim for \$300 or more alimony. Unless she does this her husband may get his divorce for considerably less than \$200.
