ATHLETIC SUPPLIES FOR GRADE SCHOOLS ARRIVE

Supplies for equipping all school playgrounds with facilities for organized play are being received by Athletic Supervisor R. L. Carns. With the first indication of the break of the winter the playgrounds will be equipped with tennis nets, places to play volleyball, base ball and croquet grounds.

During the winter the supplies now being received will be used for indoor sports. Mr. Carns has been investigating all the new "games" and forms of play, and will spend his vacation next summer in further investigation. The most helpful of these sports are being incorporated in the organized play system here.

NORRIS OF NORTH PLATTE BEATS KEARNEY ELEVEN

KEARNEY, Neb., Oct. 25.—(Special Telegram.)—North Platte's heavier high school foot ball team went through Kearney High's line this afternoon for one touchdown, Kearney making one drop kick. The score was 6 to 3. Captain Norris of the North Platte aggregation, playing tackle, made practically all of the gains for his team. He was responsible for Kearney's defeat last year, being one of the best high school players in western Nebraska. Quarterback Lantz of the locals likewise made the largest gains for his team. The North Platte team was accompanied by a carload of high school rooters.

BEATRICE HIGH PILES UP BIG SCORE AGAINST HASTINGS

BEATRICE, Neb., Oct. 25.—(Special Telegram.)—In a fierce struggle today the Beatrice High school foot ball team defeated the Hastings team by a score of 35 to 0. At no time were the visitors able to break through the Beatrice line and they were held safe at all times. Will Maxwell, halfback for Beatrice, intercepted a forward pass and made a seventy-yard run for a touchdown. Earl O. Eager of Lincoln was the referee.

Friends Again After Ten Years

MANAGER JOHN J. MCGRAW.

NEW YORK, Oct. 26.—McGraw, pilot of the Giants, and President Johnson of the American league have buried the hatchet. They are friends again after ten years of estrangement.

Ban had been after McGraw's scrap ever since the New York leader deserted the American league and Baltimore in the old days of the war and jumped to New York with the best of his players. This desertion for a time threatened to break up the then young American league.

The reconciliation of these two big men of base ball means much to close followers of the game. There is much speculation among the wise ones as to what startling results may follow. To begin with, arrangements are progressing for the use of the Polo grounds, the National league park in New York, by the New York American league team next year, a proposition which will save the Yankee club many thousands of dollars.

Lowa Foot Ball Teams Have Busy Saturday

DES MOINES, Ia., Oct. 25.—Lowa foot ball teams will play more games this Saturday than any other week of the season. Also the games for tomorrow are more distinctly state games than the offering of any other week. Because of the former intense rivalry between the teams and the strength of the Simpson team this year, the Drake-Simpson battle is the principal one on the boards, with the Ames-Grinnell game not far behind.

The Saturday schedule follows:
Drake against Simpson at Des Moines.
Ames against Grinnell at Ames.
Cornell against Boland at Mount Vernon.
Highland Park against Ellsworth at Des Moines.
Coe against Leander Clarke at Toledo.
Cornell against Boland at Mount Vernon.
Creighton against Morningside at Sioux City.
Iowa Wesleyan against Lombard at Mount Pleasant.
State Teachers' college against Charles City college at Charles City.
One game, Des Moines against Penn college, is played today at Oskaloosa.

Hard Game Expected By Nebraska Eleven

LINCOLN, Neb., Oct. 25.—The outlook tonight was for the appearance of many substitutes in the Nebraska foot ball lineup when it faces Adrian college Saturday on Nebraska's field. Harman, at tackle, is still suffering from hurts received in the Minnesota game. Purdy is crippled and Halligan, full back, is unable to play his usual game. The coaches are drilling the scrubs for emergency use, and several will probably go in at the start. The practice drill today by the regulars was lively, but not satisfactory to Coach Stohm. The Adrian eleven, which is expected to arrive this evening, is reported to be fully as heavy as the Cornhuskers, and the Nebraska men must depend on their speed if they win, as they expect to.

Drake Squad Does Not Show Up Well

DES MOINES, Ia., Oct. 25.—Prospects for putting the full strength of the Drake squad in the game against Simpson, Saturday, has lessened with each day's practice this week. While none of the men are especially damaged, those who played against Kansas have not rounded into shape as expected.

The initial lineup Saturday will probably find substitutes playing the halves, at one end, and at quarterback. The greatest loss to the team is Simons, whose forward pass usually is a factor in the team's work.

Ames Men Feel that Next Games Are Easy

AMES, Ia., Oct. 25.—Light practice has been meted out to the Ames foot ball squad this week. The game against Grinnell is not considered critical. It will be followed by another easy game against Morningside unless the Sioux City team shows better form than it has in its early games.

All the men who played against Missouri are in shape, with the exception of Crawford, at guard. He could play if necessary, but he is being held to gain better condition.

Deputy Sheriff Shot By Greek Strikers

BINGHAM, Utah, Oct. 25.—Deputy Sheriff Tidwell was shot in the breast and probably fatally wounded and Fred Hartman, team foreman was shot in the arm in a fight between officers and Greek strikers, which marked the resumption of operations by the United States mine tramway today. Two Greeks being taken to work by Tidwell also were shot and one seriously injured.

Dozens of bullets from the rifles of the pickets fell at the feet of R. S. Miller, captain of a detachment of guards, who was standing in the rear of the United States mine office when the firing opened. Sixteen guards rushed to the scene as Tidwell fell, and immediately opened fire on the assailants, who fled to the hills. A posse of 150 mounted deputies heavily armed started in pursuit.

The blowing of the whistle for the men to go to work at the mine was the signal for the attack by the men, who were entrenched in the hills across the gulch from the mine. They fired several volleys before they retreated.

RUMOR OF SERIOUS UPRISING IN ISLAND OF CRETE

LONDON, Oct. 25.—Reports are current here of serious trouble in Crete. The Greek government has announced the appointment of former Premier Stephan Dragoumis as governor-general of the island, which is in defiance of the arrangement of the European powers. Dragoumis is said to have arrived in Crete to take up his appointment.

Censored telegrams received today from Crete refer to a naval demonstration by the warships of the powers, which is said to have been ineffective.

MAN BURNED TO DEATH AT ELDORADO SPRINGS, MO.

ELDORADO SPRINGS, Mo., Oct. 25.—Richard Cruce was burned to death and property damage of \$100,000 done by a fire that destroyed seven brick buildings here early today. The blaze started in a theater building from an unknown cause.

Cruce, a brother of M. H. Cruce, a banker, roomed over a drug store that was burned. Rescuers who were unable to enter the structure heard shouts: "Boys, I'm lost!" just before the building collapsed. Search of the ruins after the fire failed to disclose the body.

Authorities here believe the fire was of incendiary origin, as the nozzles of the fire hose were missing when the alarm was turned in. Twenty minutes later they were found in a sewer. By the time that the water was turned on the fire was beyond control.

MAN WHO STOLE CHECKS MAKES FULL CONFESSION

MINNEAPOLIS, Oct. 25.—After his conscience already had driven him to mail back to the Soo line freight office all the checks still uncashed among the seventy-three stolen from a railway messenger yesterday, the police say Owen Morris, a former freight checker for the road, was arrested today by detectives.

Detectives declare Morris, who is only 22 years old, broke down in the presence of his wife and child and made a full confession, implicating A. L. Burke as the man who aided him in cashing the checks. Burke also was arrested.

BROKER CHARGED WITH LARCENY OF BIG SUM

BOSTON, Oct. 25.—An indictment charging the larceny of \$146,000 from four Michigan copper mining companies was returned today against Stephen R. Dove, a stockbroker. Dove was released on \$25,000 cash bail. The indictment alleged that the defendant wrongfully obtained funds from the Indiana, Algonquin, Franklin and North Lake Mining companies. Dove resigned as president of these corporations at the time of the failure of Stephen R. Dove & Co. last month.
