"As a substitute for all cosmetics I recommend ordinary unperfumed wax. It not only does what the various face preparations are supposed to accomplish, but its peculiar absorbent action frees the pores from the daily accumulation of impurities, also absorbing the dehydrated particles of surface skin. This produces a natural, healthy, youthful complexion. One ounce of this wax to be had at any drug store, usually suffices to rejuvenate the poorest complexion. It is put on nightly the cold cream and washed off morning."—Ad
