Train Wreck Averted

Only the prompt action of Special Officer Green and Desk Sergeant Billy Corrigan prevented what would probably have been a disastrous wreck yesterday evening, when a crowd of boys and girls placed a handcar on the Burlington main line at Twenty-ninth and B streets. The car was seen by the agent a few minutes before No. 2, the fast eastbound train, was due. Quick use of the telephone and telegraph held the passenger train at the South Omaha station while the officers made a hurried run to the place and removed the handcar.

At the Theaters

ATTRACTIONS IN OMAHA. Gayety Extravaganza. Hippodrome. Krug Burlesque. Orpheum. Matinees at all these theaters today.

"Prince of Tonight" at the Boyd. "The Prince of Tonight," one of the Hough, Adams & Howard musical comedy output, was presented at the Boyd yesterday afternoon and evening by a band of wandering minstrels under the direction of Messrs. Lacombe & Fisher.

Vandeville at the Hippodrome. Kent's seals pulled off some clever tricks at the Hippodrome and are good entertainment. Alward, who plays the xylophone as few men today play it, is a good entertainer and the applause given him last Sunday shows that everybody likes it.

Burlesque at the Krug. The recognition which the Krug is receiving for producing excellent burlesque shows this season is reinforced this week by "Miner's Americans." The entertainment is crowded with many new novelties including a swing scene that is surely among the topnotch efforts of the burlesque stage.

Vandeville at the Orpheum. It would be hard to say which number on the Orpheum bill for this week is the headliner. Each act has some new feature and the entire bill is above the average.

Small Boys' Bonfire Causes Costly Blaze

A bonfire started by small boys in the rear of a barn owned by Israel Beber at 924 North Twenty-seventh street early last night spread to another barn and a small house, causing the death of a horse and a loss estimated at \$600.

The blaze was fanned by a brisk southeast wind and for a time the entire neighborhood of Twenty-seventh and Cuming streets was threatened.

The wind carried embers from the bonfire to the Beber barn and unlighted, it was not long before the wooden structure was ablaze. While firemen were at work there, the wind carried sparks to the barn owned by Mrs. Mary Altshuler, 923 North Twenty-eighth street and a washhouse at 922 Twenty-eighth street.

Fire companies from outlying stations were called in by Chief Salter and the blaze was confined to three buildings.

The Beber barn is a total loss. In it was a horse, several sets of harness and a large quantity of hay.

According to neighbors, a party of small boys raked together a huge pile of dried leaves and set them afire early in the evening.

REV. HARMON ANALYZES MAN

Declares that Some Day White Plague Will Be a Crime. Marriage of tuberculosis persons will be made a crime by statute some time in the near future, in the opinion of Rev. A. D. Harmon, pastor of the First Christian church, expressed last night in the course of a sermon inspired by the words of the psalmist, "What is man, that Thou art mindful of him?"

Rev. Mr. Harmon analyzed man, finding him a physical, intellectual and spiritual being. While recognizing man's power to climb to intellectual and spiritual heights even though hampered by physical limitations and weaknesses, the minister declared that a good body is almost a requisite and every human being is entitled to a good body as the foundation of his equipment for the battle of life.

TIN PLATE DEVELOPMENT

Great Growth in This Industry in the United States.

Exports Many Times Imports. Figures Show Remarkable Change in Conditions as to Manufacture of a Staple Article of Commerce in This Country.

WASHINGTON, Oct. 28.—The passing of tin plate from an article of importation to an important staple of exportation in the foreign trade of the United States is illustrated by figures compiled by the statistical division of the Bureau of Foreign and Domestic Commerce, which show that in the nine months ended with September exports of tin and ternite plates were more than forty-four times as much as imports of like products.

The preponderance of exports over imports of tin plate is observed in figures covering the nine months ended with September of the current year, tin plate exportations having amounted to about 150,000,000 pounds, valued at \$5,000,000, while importations of like products were but 3,500,000 pounds, valued at \$15,000.

A large proportion of the tin plate now imported is used in the manufacture of cans and other articles for use in exportation, subject, upon such exportation, to a "draw-back" or refund of the duties paid upon the material from which they are manufactured.

Where Imports Come From. Practically all of the tin plate imported comes from the United Kingdom, to which was credited 2,943,674 pounds out of a total of 2,953,516 pounds imported during the nine months ended with September.

Of the tin plate exported, over one-half is credited to Canada. Of the 148,457,922 pounds exported during the nine months ended with September, 1912, 57,217,473 pounds went to Canada, 128,988,927 pounds went to China, 4,137,875 pounds to British India, approximately 6,000,000 pounds each to Hongkong and Brazil, 8,500,000 pounds to Argentina, nearly 2,250,000 pounds to Cuba and the remaining 12,000,000 pounds to various other countries.

The following table shows the production, importation and exportation of tin plates at various dates from 1910 to 1912.

ARRESTED AFTER CHASE, CONFESSES KILLING MAN

ST. JOSEPH, Mo., Oct. 28.—After a chase in an automobile over country roads at an early hour this morning the police arrested William O. Bowen, who later admitted shooting Wilbur Thomas, a saloonkeeper, in a feed yard near the latter's saloon last night.

Thomas was shot four times and instantly killed. His clothes were on fire when officers arrived from the police station a block away. After the shooting Bowen jumped into his buggy and made toward his home near Dental, Mo. He admitted the shooting, but would make no further statement. The men are said to have quarreled over trouble which Bowen had with a liveryman.

Only "Cascarets" If Constipated

Salts, Calomel and Cathartic Pills Are Violent—They Act on Bowels As Pepper Acts in Nostrils.

Take a Cascaret tonight and thoroughly cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil. This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action, a clear head and cheerfulness for months. Don't forget the children.—Advertisement.
