STOLEN JEWELRY IS BURNED

Woman Throws Loot in Furnace After Promise to Give it Up.

FERRIS WOMAN IS NOW HELD

Police Seek Johnson in St. Louis, Where it is Believed He Has Gone to Meet Friends—Others Are Held.

Several hundred dollars' worth of jewelry stolen by the band of burglars rounded up by Chief Maloney and his force of detectives Saturday night was found in the furnace of Louise Ferris' house at 218 Chicago street, badly burned, yesterday by Detective Jim Donahue.

The Ferris woman was released by Chief Maloney Sunday upon promise that she would give up all the stolen property cached in her house and because she had identified the wounded bandit at the hospital.

Immediately upon returning home she threw the jewelry in the furnace. She denied burning the jewelry. She was re-arrested yesterday and a serious charge will be preferred against her.

Extradition papers to bring Cal Wrothe, who was caught in Council Bluffs Saturday night, to Omaha were received from Lincoln Monday. He will be brought to Omaha today. He refused to cross the river without the papers.

Charges of burglary of several different houses have been placed against the three men placed under arrest, Charles Johnson, Stella Barry and The Ferris woman will be held pending the investigation. What charge will be placed against these three persons has not been determined by the county attorney.

To Appraise School Property in Omaha

A board of appraisers consisting of Alfred C. Kennedy, D. V. Sholes and S. P. Bostwick has been appointed to appraise all school property in the district of Omaha and report to the Board of Education.

The committee was appointed by the building and grounds committee of the Board of Education, following the passage of a resolution in the board directing such a move. No appraisal has ever been made by the board. The purpose is to determine the value of all school property for the use of the finance committee.

OMAHA YOUNG MAN AND WOMAN MARRIED IN EAST

Miss Alla Albertson, daughter of John Albertson, 424 Parker street, and James E. Watt, son of Mrs. Emma Watt, 418 Franklin street, were married on Thursday last at Brooklyn. Only friends of the groom and bride were present at the wedding, which took place at Assumption church. A reception followed.

Herman Metz Gets Birds When All Others Fall Down

Herman Metz has Mr. Nimrod or T. R. completely overshadowed as a hunter, according to reports brought back by local duck shooters who have been whiling away the time on the Metz ranch at Cody, Neb. Gould Metz says Metz can stay home, sit on the front porch and smoke and still bring down more birds than those who go out with automobiles and in full regalia. Metz decided to stay home one morning. The other hunters scoured the neighboring fields for prairie chickens. When they returned Metz had a nice grouse ready to serve.

JAMES WALSH TO COME HOME AND WORK FOR TAFT

James Walsh of Benson, who has been on the Pacific coast looking after his business interests there for some months, is expected to return in a few days. His son, Ward Walsh, has already returned. He called at republican county headquarters and said his father announced he would be ready to enter the fight here heart and soul in the interest of the reelection of President Taft during the last week before election.

MORE MONEY FOR PUBLICITY

Bureau Has Secured Many Additional Subscribers to List.

WILL CONTINUE THE CAMPAIGN

Chairman Rosewater Tells of the Many Lines of Work Now Being Carried On by the Publicity Bureau.

The publicity committee which is soliciting funds for the maintenance of the publicity bureau reports four additional subscribers at the first meeting of the week in the Commercial club rooms.

It was decided that the campaign would be continued indefinitely until subscriptions amounting to \$25,000 a year for a period of three years could be enlisted.

The subscribers who were reported are the Thomas Kelly company, Paxton & Gallagher company, the Midwest Tailoring company and the Conservative Savings & Loan association.

The members of the committee discussed with the chairman, C. C. Rosewater, means of getting before the prospective subscribers the work of the publicity bureau outside the line of bringing conventions to Omaha, which it was stated is only a small part of the bureau's work.

Mr. Rosewater advised that the hustlers make clear to subscribers to the maintenance of the bureau that only a small part of their money is expended in bringing conventions here, while the greater portion is used in advertising the advantages of Omaha and in securing the outgrowth of good will toward the city.

The committee will meet every day at the Commercial club to receive reports from the hustlers and to keep the campaign going until the necessary amount is raised.

Motorcyclist Injured by Striking an Auto

O. A. Kragosk, a Western Union Telegraph operator, while attempting to pick up a motorcycle to carry him up a stiff grade at Thirty-third and California street, Sunday, dashed into an automobile being driven by Dr. Rodney W. Bliss. He was thrown from his machine and received a broken leg.

Dr. Bliss was driving south on Thirty-third street. As he attempted to cross California, he saw Kragosk, but not soon enough to avoid a collision. The injured man was picked up and rushed to the Methodist hospital, where his bones were set by Dr. Bliss. Kragosk took all the blame for the accident, saying he was going too fast.

FRIENDSHIP FOR A PAL LANDS THREE IN JAIL

Just because two perfectly good friends tried to aid another perfectly good friend across the Douglas street bridge without paying the customary car fare to the conductor, E. A. Stewart, W. James and Lawrence Plet landed in jail on a charge of disturbing the peace. The two latter are painters employed by the street railway company and had passes. They tried to get Stewart across free and the conductor said there was "nothin' doin'".

The three men began battling with Frank Smith, the conductor, and battled themselves into jail.

Victim of Holdups Finds Robbers and Has Them Arrested

Dell Neville, 216 North Twenty-third street, South Omaha, qualifies for a place in the ranks of detectives by his efforts in behalf of law and order yesterday. Neville was held up and robbed of \$7 by two men Saturday night at Twenty-fourth and J streets, South Omaha, and last night as he was on the way to Omaha police headquarters to report the affair he saw two men at Sixteenth and Dodge streets, one of whom he recognized as one of the holdup men.

He followed them until he met Patrolmen Murphy and Schwager and had them arrested. A few minutes later he met another man whom he knew as the second highwayman and he immediately got Schwager and Murphy to make a second arrest.

Neville was positive in his identification, but to make it stronger, he brought Miss Lulu Brown and Miss Genevieve Smith, both of South Omaha, to headquarters to identify the men. The young women saw the holdup from the opposite side of the street Saturday night and both stated that the two men pointed out by Neville were the highwaymen.

The men accused of the robbery are John Murphy and Floyd Boise, both well known to the police. The third man arrested was Ray Davis of 297 Ohio street, who was charged with being a suspicious character.

It is believed these are the men who held up several autos at Miller park Saturday night.

Frank Mack, 845 South Twenty-second street, who was in the car of his brother, Dr. John Mack, with R. C. Field as chauffeur, was one of the holdup victims.

At midnight Detectives Rich and Murphy arrested Hugh Maloy, a taxi chauffeur, charging him with being a suspicious character. According to the officers, Maloy drove the automobile which carried the highwaymen to South Omaha and, after the robbery, brought them back to this city. The police think that Maloy is in some way connected with the robbers and he is being held without bail at headquarters, pending investigation.

City Employes Called Down for Promoting Paving

Once again heads of departments of city government have been yanked before their employers and ordered to discontinue the practice of promoting paving districts for private contractors.

Another instance of this practice came to the attention of the city commission when a hearing on the selection of material for paving Cuming street from Forty-third to Forty-eighth street was given the property owners.

The practice was censured by the last grand jury. "I have called two of my men on the carpet," said Police Commissioner Ryder, "and told them they would either quit the practice or resign."

Commissioner McDevorn has made a similar order and will put it into force at once. Several city hall job holders are affected.

After hearing property owners on the pavement desired on Cuming street the council selected brick.

WHITE PLAGUE IS DISCUSSED

Ministers Devote Sabbath to Talks on Prevention of Disease.

THE DANGERS ARE SET FORTH

Rev. Harmon Points Out that Some Day a Marriage of Tubercular Persons Will Be Looked Upon as Crime.

Anti-tuberculosis Sunday was observed yesterday by a number of the churches of Omaha. One or two had held the services a week before the regular day set apart for the purpose and others expect to discuss the subject in the near future.

In the churches observing the day yesterday prevention of the plague was taken up vigorously by the pastors. More stress was laid on the subject of prevention than on the methods of cure.

It was pointed out by Rev. Leonard Groh of St. Mark's Lutheran church that tuberculosis is not contagious, but merely infectious. It was pointed out that the germs may be easily taken into the system, but on the other hand by simple precautions can also be easily avoided.

The danger that germs from sputum that dries on the streets may be carried in the air and deposited in the lungs of individuals was strongly emphasized.

Sanitation is emphasized. The value of sanitary drinking fountains and drinking cups at public places was emphasized.

It was generally brought out at the various churches that although the disease was long thought to be surely fatal, it has been found that it can be cured if taken in time. The disease must be taken in hand immediately in its inception and handled intelligently.

The observance of Anti-tuberculosis Sunday is a part of the general movement of the National Society for the Study and Prevention of Tuberculosis. The part the churches take in the movement is the part of educating the people in the matter of caution for the prevention of the spread of the disease. The churches through the observance of this day make a kind of campaign of education.

"A Curable Disease" is the title of a long Edison film which was shown at the Hipp theater on Harney street Sunday in connection with the observance of "Anti-Tuberculosis Sunday." The film showed views of the sanitarium at the Union Printers' Home at Colorado Springs, Colo. Trades unionists are taking much interest in the prevention of the spread of tuberculosis. The film will be shown at other movies this week.

Denver Cathedral Dedicated by Farley

DENVER, Colo., Oct. 28.—Cardinal Farley of New York dedicated the new Catholic cathedral here today.

The dedication was attended by prelates from all parts of the United States. Archbishop Pitaval of Santa Fe, N. M., celebrated pontifical high mass, assisted by three Colorado pioneer priests.

Archbishop Glennon of St. Louis preached a sermon in which he said the church had lost none of the sanctity associated with it in early ages.

Cardinal Farley will leave Tuesday evening for a visit to Los Angeles and other western cities.

Easy Positive Method Gives Luxuriant Hair

Never use soap on the hair, the alkali produces scaly scalp, injured roots and stringy, discolored hair. You can discard all tonics and "growers" if the following treatment is persistently adhered to. This is from a hair dresser of national reputation and one trial proves its remarkable value. "Dissolve a teaspoonful of Cocoonide in a cup of hot water. Shampoo with this and rinse out well. Do this once or twice a week." That is all, absolutely nothing more. The hair becomes fluffy, wavy and slick. The scalp wonderfully refreshed and all dandruff disappears. But the best part is the after-effect. The scalp is healed, the hair roots are invigorated and falling hair immediately stopped. Use this treatment a few times and you will become enthusiastic and want to tell all your friends. This wonderful Cocoonide is made from the coconut and other vegetable oils. A fifty-cent package is sufficient for ten or more delightful shampoos. You can get Cocoonide from any druggist. If he does not have it in stock he will quickly get it from his wholesale house. But if you care anything about your hair, order it. It is equally as beneficial for men's and children's hair.
