CHICAGO GRAIN AND PROVISIONS Fentures of the Trading and Closing

Prices on Board of Trade.

CHICAGO. Oct. 20 — More courage developed today en the selling side of wheat than had been witnessed in some time. An understanding between Russia and Austria relative to the Turkish war gave the bears an advantage that was increased by a big gain in the world a visible supply. Accordingly the market ruled steady at the close finished 14974c to 18 lbc under last night.

Right from the start there was pressure to sell wheat. Improved crop conditions in Argentina, glut of receipts at Minneapolis and well stocked conditions at western European centers aided bear sentiment. December closed 1½c net lower at 3165914.

Three days this week 26,697 18,883 Prices on Board of Trade.

CATTLE—Cattle receipts were moderate for a Wednesday, only 188 cars being reported in. This makes the total for the three days 25,697 head, a failing off of a few hundred head as compared with last week and of close to 7,000 head as compared with two weeks ago. As compared with a year ago, there has been a gain of about 3,600 head in the three days this week. The market opened slow and dull, buyers being inclined to take their time and await developments before filling orders, so that the trade was late in getting started.

While there was a fair demand for beef steers, the trade was slow and the mar-

terriche to standy with yesterday, but of the kinds were lower, and it safe to quote the general market on beef steers as 10gilio lower than last week.

What has been said regarding beef steers would apply equally well to cows and helfers. They, too, were slow and anywhere from steady or very nearly steady to 16gilio lower than last week.

Stock cattle and feeders as the best of them were not far from steady. On the other hand, the less desirable kinds were slow and weak and the whole market around 10gilio lower than last week.

Quotations on native cattle: Good to holce beef steers, \$1.50gil. common to fair to good cows, \$1.30gil. 20 centricus; \$1.50gil. 20 centricus;

Liberal receipts at this and all other Liberal receipts at this and all other market points have made it possible for packers to continue their beiser raids day after day. Barring a slight reaction on Thursday and Friday of last week, the hog market has been lower every day since a week ago Monday. During that time prices have declined \$1.10, which carried the market to the lowest point time prices have declined \$1.10, which carried the market to the lowest point touched since July, when the average price dropped as low as \$7.15. The low month of the year was January, when the average price dropped as low as \$8.1 SHEEP-Aithough offerings of really good lembs or ewes on the fat order were rather meager again today the supply was almost sufficient to satisfy the present demand. Active buying and stronger prices were the ourstanding features of the trads, the packers commencing to fill their orders fairly early and cleaning up practically everything mencing to fill their orders fairly early and cleaning up practically everything in the killing line in good season. While there was a little improvement in values on the local market, other points reported steady prices. Leansactions at the opening included a sale of about 800 range lambs at \$7.70 and two other loads which were not quite so good at \$6.65. A load of fat ewes brought \$3.60 and four cars of wethers went to the packers at \$4.25.

SOME EARLY GAINS ARE MADE

Call Loans Touch a Higher Figure on Interest Rates, Commodities Closing Dull, but Rather

NEW YORK, Oct 20.—The shadows of war hung over the financial horizon today again. All forsign markets were unsettled after an early period of optimism, due to reports that two of the leading European powers had arrived at an amicable understanding regarding the conflict in the Balkans.

London's early tone was one of cheerfulness on buying orders from the continent and absence of further liquidation in Canadian Pacific. That stock rose over 4 points abroad and almost the entire American group closed strong.

As a result of this apparent improvement our market opened with a general and substantial rise, Canadian Pacific gaining over 2 points, with 1-point gains in Union Pacific, Northern Panific, Resigning, Lenigh Valley, United States Steel, Amalagmased, Anaconda and American Smelting. Before the end of the first hour persistent solling had wiped out much of the advance and at midday, ween the selling became more extensive and wider in scope, it was utterly effaced, with some issues selling under yesterday's low mark.

By that time news from Europe had again assumed an alarming tone and there were signs that the foreign markets were once more under a severe atrain. Short selling, especially in Steel and presumably based upon yesterday's financial statement, was a factor of the decilining movement, which was checked in the final hour. More or less complets recoveries were then recorded, regardless of a rise of 8 per cent in call loans, the rally continuing to the firm, but dull, close, and with numerous net gains.

The one important railway return was that of the Reading system, which showed net gains for both its lines and coal company, the whole totalling \$16,000 and a surplus increase of over \$200,000.

Bonds were lower, especially convertible issues. Total sales, par value, aggregated \$1,000,000. United States bonds were unchanged on call.

Number of sales and leading quotations on stocks were as follows:
