his goods upon the market if it is for sale.

A SHREWD MAN who wants to create a demand for his services will place his ability upon the market.

WE COULDNY SELL a "gold brick" for one dollar, but we point with pride to the fact that in the past SIX YEARS we have sold the services of thousands of men and women and have received for them the highest possible market for their ability.

We would no more think of recommending to the hundreds of commercial houses who have patronized us, the services of an incompetent party than a merchant would to recommend an inferior piece of goods to his customers.

All we ask is that you call at our office, state your qualifications and if we have no vacancy for you NOW or don't think we will have in a very short time, we will tell you so frankly.
