### Nebraska. SENTIMENT FAVORS HADLEY

State House Officials Like Missourian

for Vice President.

MORE ROOM FOR THE INSANE Land Commissioner Reports Old Laundry Building Fixed Up for Reception of Forty New Patients.

(From a Staff Correspondent.) LINCOLN, Nov. 4 - (Special.)-"If I had the selecting of a candidate for vice president to fill the vacancy caused by the death of Mr. Sherman, I would choose Governor Hadley of Missouri," said a state officer this, morning. "Governor Hadley has shown himself to be on the square and does not fly away with every popular breeze that happens to be blowing. He has showed himself to be a republican and a progressive republican who feels that the party is able to handle the issues before the country as it always

has successfully." This same sentiment seems to prevail among most of the men at the state house and little sentiment is expressed in favor of any other man. One man thought John Wanamaker would make a good man while another suggested Senator Brown of Nebraska.

However, most of the sentiments expressed were decidedly in favor of the Missouri governor as the most logical man to fill the vacancy.

More Room at Asylum. Land Commissioner Cowles reports this morning that the old laundry building at the Lincoln insane asylum has been fixed up so that it will accommodate about forty new patients which will help considerably. Only patients will be received who are of the more violent type and such as cannot be handled successfully by the counties where they are now being held awaiting the completion of the two new buildings at the institution.

Delzell Back from Trip. State Superintendent Delreit has rewrned from Alma, where he addressed a session of a county educational organization which had been in session all the week instructing the children of the county in domestic science, physical training, etc. About 150 children from different portions of the county were taking advantage of the school, which was of the State Agricultural school; Prof. taught the domestic science department. The sessions were very successful and so much enthusiasm was manifested that the work will be continued.

Kinkaid Has Cinch. nember of the state senate a few years | three great organizations-the home, the ago, was a caller at the state house this morning. Mr. Wiltse has been campaigning for Roosevelt in the Sixth district He declared that there was little doubt that she was not able to attend the but that oCngressman Kinkaid would be re-elected. He has a pecultar system of his own, which has made him exceed-ingly popular in that district. He never hears of any person in that district who meets with a misfortune but that he sends him a letter of sympathy and in this way, to a certain extent, is in close touch with

TALKS BY FORMER PRESIDENTS

Topics Department in Charge, Working Under the Leadership of Mrs. Cuth-

bert Vincent. The Omaha Woman's club reeks with enthusiasm this year. A greater number of new members have added their names to the membership than at this time in any previous year. The program for the regular meeting Monday afternoon was in charge of the current topics department, under the leadership of Mrs. Cuthbert Vincent.

The Concordia Ladies' Singing society opened the program with two numbers which received hearty applause from a large audience. Mrs. Vincent had asked as her speakers for the afternoon the expresidents of the club and their subjects were to pertain to "The Practical Appli-cation of Woman's Work in the Organization."

Mrs. S. R. Towne, the first acting president of the club, was the first speaker. She chose for her subject "The Visiting Nurse Association" and told of the association and what it had accomplished.

One of the interesting statements made by Mrs. Towne was that since the organization of the association it had never gone in debt and never started any work for which it did not have the money to pay. In closing she said that the association averaged seventy-five cases a year where members not only took care of the mothers during their illness, but clothed the babies.

Mrs. W. P. Harford spoke of the work of the Young Women's Christian association, which she said was very dear to her heart, as it was a twin sister to the Woman's club. They were both organized in the city at the same time. Mrs. Harford not only referred to the work done in the city, but to the Young Women's ganization and the work done throughout the country for the young women who

As to Social Settlement. Mrs. Draper Smith told of the new home of the Social settlement and the work being done by it for the young and old people of the community. Mrs. Smith lamented the fact that in Omaha there is only one place where young men and women may spend an evening in a public place uder the guidance of older people and for the enjoyment of these young under the instruction of Prof. Gramlich folks. She said that the settlement is not an institution, but one of the homes Anderson, woh talked of his travels in of the neighborhood and looked upon as Europe, and Mrs. Sabin of eBatrice, who such by the people who live in the locality.

Mrs. A. B. Somers chose for her subject the work done in church organizations and how greatly women figure in this work and the great good accomplished George W. Wiltse, who was a by them. Mrs. Somers said there were

Mrs. Edward Johnson followed Mrs. Somers, and spoke of the work done in the Women's Christian Temperance union, and at the request of Mrs. Tilden told of the work it is doing for the Old People's home. Mrs. Tilden, as well as Mrs. Johnson, has devoted much time to the work and thought of this in

Touching stories were told by Mrs Johnson of the old people who are at the and Gage County home now and the efforts which the

> Mrs. M. D. Cameron gave a talk on the work being done in the state institutions and urged the women to do all in their power on election day to get their friends to vote for the Board of Control, which would take the state institutions out of politics.

> Mrs. C. W. Hayes said that after listening to the remarks of the former presidents of the club she felt that it should have been called a "Know Omaha meeting, for she had heard so much about the work that had been lone in the city.

> The closing number on the program was a song by the Concordia Ladies' Binging society.

Following the meeting an informal reception was held in the parlors of the

CHICAGO, Nov. 4.-Charles N. Kramer, alias Conway, the clown and circus acrobat, and his wife, Lillian Beatrice Kramer, were held to the grand jury without ball by a coroner's jury today, for the murder of Sophia Gertrude Singer, the Baltimore heiress who had eloped o Chicago with William R. Worther, Kramer and his wife testified volumtarily before the coroner's jury, telling the same stories as were accredited to them in the police confessions obtained several were returning from a business trip to part in the murder and Kramer substantiated that statement. He also said the murder was in self defense after Miss Singer had attacked him with a slungshot and a razor

Kramer testified that he did not think know she was dead until the next day. Kramer went farther in his testimony than the police story of his confession.

VENING is the most enjoyable time for reading. The quiet world allows you to see more clearly the scenes, and to feel more deeply the emotions, portrayed by the author's words.

It is very essential, however, to have a good light, otherwise the strained eyes tire the senses and rob the evening reading of its keenest pleasure.

Electric light, which can be readily obtained in any intensity suitable for the eyes of either young or old, affords the best reading light, and Edison Mazda Lamps furnish an abundance of it at minimum cost.

Substitute Mazda Lamps for the old carbon lamps in your lamp sockets and note the difference in the amount and quality of the light.
