TEACHERS GIRDING ON THEIR ARMOR FOR FIGHT TODAY

(Continued from Page One.)

with a speech of his own in which he said he believed the time is coming to do away with elective education officials and have appointive commissioners put in charge of schools in towns, counties and states.

"Abolish the office of state superintendent and have the governor appoint a commission of education, who in turn would appoint four assistants. Non-readiness should not be a bar to holding such offices. We would want the best men. We ought to use the initiative, which carried Tuesday, to secure the passage of needed legislation," President Rouse continued.

"We should have county boards of education with power to levy taxes and order new schools established or old buildings abandoned.

"Too much time has been devoted to improving the city schools, in the opinion of Mr. Rouse. It is now time to work for a while on the rural schools. He asked for rural high schools and funds to support such institutions in a respectable manner.

Prof. Crabtree declared the middle west was the most progressive section of the country and while Nebraska may not always be in the lead and may not always initiate needed reforms, her citizens never fell far behind.

Pleas for Better Conditions. He pleaded for better environments and denounced some of the existing institutions of learning for their inadequacy in handling the pupils.

Dr. Kilpatrick explained the Madam Montessori system of education, which allows the greatest latitude of discipline and seeks to obtain an education

for the student by "objective" teaching. He said the system was all right for Italy, but it wouldn't work in this country, where several of its tenets had already been tried and discarded.

He declared the prevailing belief that the system produced anarchists was wrong and expressed the opinion that the Montessori system was doing a good work in Italy.

Dr. Davenport discussed the dangers now menacing the educational institutions of the country. First of all he named the commercial school and in a lengthy argument attacked it as a slowly encroaching evil that would ultimately wipe out the public school.

After a while, he said, these supposed "vocational institutions" which are independent of the other schools would receive all the taxes and the other institutions would die a lingering death.

Vocational institutions, he maintained, must be under the same board of education as all the other schools. He defended the Davis bill, providing for vocational high schools under the city boards of education.

So-called cultural education, he asserted, often did nothing for a student and the efforts often would have served as good a purpose if expended on the Pfls islands. This "educated inefficiency" he condemned in strong language.

About a fourth of the time in the schools ought to be given to vocation training, but the establishment of independent trades schools will "degrade our American high schools."

BULGARIANS ARE BOASTFUL

(Continued from Page One.)

Fifty-Five Thousand Casualties. SOFIA, Bulgaria, Nov. 7.—In the five days' fighting along the line between Lute-Burgas and Bunarhissar the Bulgarians, it was officially announced today, lost 15,000 men killed and wounded. The Turkish casualties exceeded 40,000.

It is officially announced that the port of Rhodos, on the Sea of Marmora, and the city of Viza, southeast of Adrianople, were occupied by the Bulgarian troops on November 5.

What the Allies Want. PARIS, Nov. 7.—The Balkan allies will ask for the partition of European Turkey, leaving the fate of Constantinople to the decision of the European powers, according to Premier Pachitch of Serbia in an interview today with the correspondent of the Temps in Belgrade.

The Serbian statesman continued: "Serbia wants the ports of St. Giovanni, Di Media, Alessio and Durazzo on the Adriatic sea, which the Serbian empire possessed in the middle ages, and which it was territorial related to the rest of Europe."

Serbia, Pachitch said, has not received any proposal from Austria, but assuming that Austria has no territorial designs, Serbia is quite willing to favor economic and commercial expansion for Austria.

The premier concluded by saying that the Balkan allies desired Turkey to treat directly with them concerning peace and not through the powers.

Turkish Garrison Abandons Saloniki. LONDON, Nov. 7.—The Turkish garrison has been withdrawn from Saloniki after destroying a number of bridges forming the approaches to the city, according to a news agency dispatch from Athens.

NEVADA

RENO, Nev., Nov. 7.—Partial returns from 120 out of 221 precincts in Nevada show that Messer (ret) has a lead of 888 votes for United States senator over Pittman (dem). His home county of Washoe gave him a plurality of 78. Pittman led by a good margin last night.

To Efface Age-Marks from Skin and Hair

Any woman can easily get rid of a sallow, coarse appearance of the skin and make herself appear several years younger by using a lotion made from 4 ounces of spermaceti, 2 teaspoonfuls of glycerine and a half-pint of witch hazel (or hot water). This lotion will give an oily, shiny skin a pink, youthful appearance. It does not show like face powder, but lasts longer and is a splendid for cold sores, pimples and freckles and other complexion upsets. Spermaceti can be bought at any drug store and prepared at home at a small cost. After it is once tried it is liked so well that it is always used in place of face powder as it is better and has proven to be a wonderful whitener and skin-beautifier.

Everyone admires a beautiful head of hair and it is easy to have it if the hair is properly cared for. Try shampooing the hair once every two or three weeks with a teaspoonful of canthrox dissolved in a cupful of hot water. It lathers abundantly, cleans the scalp thoroughly, stops all irritation and makes the finest kind of shampoo. Soap is dangerous to use on the scalp, as the "free" alkali in it kills the hair. Canthrox makes the hair soft and glossy, dries quickly and is now being used very extensively by the best class of hairdressers. When prepared at home, canthrox shampoo is decidedly inexpensive. All druggists handle canthrox.—Advertisement.

CLARK SEEMS SURE TO LAND

Republican Candidate for Governor of Iowa Wins for Office—Holden Gets Job with Harvester People.

(From a Staff Correspondent.) DES MOINES, Ia., Nov. 7.—(Special Telegram.)—The controversy started by the State Board of Education over changes at the state colleges will go to the legislature for final determination, according to the plans made today. A large delegation of teachers from the State Teachers' college established headquarters here in connection with the State Teachers' association today and will endeavor to induce the association to take a hand against the changes and in support of the collegiate work at the State Teachers' college. At the same time at a meeting of the Board of Education at Iowa City one member of the board, Roger Leavitt, read a remonstrance from the business interests of Cedar Falls against the change. A strong investigation committee will be named by the teachers to oppose the changes suggested.

Clark Seems Certain. All those who have been figuring on the election returns in Iowa reached substantial agreement tonight that Clark, republican, is elected by about 3,000. The democratic chairman is still claiming Dunn's election. Reports have been received from every county and there can be no doubt of the statement of the republicans.

Ask for Last Will. In district court Mrs. Aned Ballard and her son were given peremptory orders to produce in court the last will of Jane Munger, Mrs. Ballard's mother. This is the result of a controversy in which it is claimed that the will already produced was not the last one. An estate of \$200,000 is involved.

HOLDEN TO HARVESTER PEOPLE

Prof. P. G. Holden, formerly connected with the state college and defeated in the election for governor, is said to be about to accept an important position with the International Harvester company as its special commissioner for the development of agriculture in the west.

NEW MEXICO

ALBUQUERQUE, N. M., Nov. 6.—With practically complete returns from Tuesday's election in New Mexico, Wilson appears to have carried the state by a plurality of 3,000. H. B. Ferguson, (dem.), was re-elected to congress by 4,000. The \$200,000 state bond issue for good roads carried by 8,000 and the amendment to the constitution repealing the language qualification clause was defeated by 3,000.

WYOMING

CHEYENNE, Wyo., Nov. 7.—Seven counties unheard for president leave Wyoming in doubt as to whether Wilson or Taft will get the electoral vote. Figures are coming in very slow and no counties have been completed on the head of the ticket.

CHAFFIN CARRIES CALIFORNIA TOWN.

WHITTIER, Cal., Nov. 7.—This city has elected in Arizona the largest proportionate vote in the country for Chaffin, the prohibition candidate for president. He received 63 votes, or 32 more than were given Taft. Debs and Wilson combined, Roosevelt received 850.

IDAHO

BOISE, Idaho, Nov. 7.—The only doubt as to Idaho election results is on presidential electors, the democrats still insisting that Wilson has a chance. Governor Hawley has conceded the election of John M. Haines, republican, for governor.

LOBECK IN PINCH BEFORE

Split Hairs Ten Years Ago with Henry S. McDonald for Office.

LOSES AFTER MONTHS' CONTESTS

Congressman's Struggle with Baldridge is Not His First Close Shave, as Glimpse Into History Shows.

Congressman C. O. Lobeck, who is splitting hairs with Howard H. Baldridge over the former's job in Washington, had as close a rub for county commissioner ten years ago this month when he was beaten by the "skin of his teeth" by Henry S. McDonald, who, it so happens, wins for the same office this year by a scant margin.

Lobeck was the democratic nominee in 1902 and McDonald the republican. On the face of the returns it was impossible to decide the winner and an official count left it still so, each having 2,011 votes. Then, as the rival candidates were about to draw straws for the office, the case went to the district court, where Judge Estelle discovered an extra ballot belonging to McDonald, making his total 2,012, against 2,011 for Lobeck.

Upon this showing Judge Estelle declared McDonald elected, and County Clerk Drexel, democrat, announced he would issue to him the requisite certificate of election the next morning. This did not satisfy Lobeck, however, and through his counsel, L. J. Piatti, he announced his intention of demanding a complete count of the votes in open court, protesting McDonald's election to the last.

He said that if this count was not finished by January 7, the day the commission went into office, he would see that McDonald did not take his seat. The count was instituted and proceeded with Lobeck claiming five majority in each of the seven precincts of the Fifth commissioner district. But on January 7, the count was closed with a net majority for McDonald of four, each candidate having lost a few votes by the process.

Bad Condition of Roadway is Blamed for Illinois Wreck

WASHINGTON, D. C., Nov. 7.—"Bad conditions of the roadway" of the main line of the Cincinnati, Hamilton & Dayton railroad near Antioch, Ill., was assigned as the cause of a derailment on August 25, which killed one passenger and injured twenty-five others in the Interstate Commerce commission's report on the accident issued today. The report charged that the roadway was not sufficiently well maintained to enable the operation of train "to be carried on in safety" and that "the extremely bad track caused the tender to rock so that the forward tender trucks mounted the rail and then dropped off."

"There were many places," the report added, "where the track would sag from two to two inches under a train's weight, causing the equipment to rock dangerously."

"Other places were found where the spikes were pushed over, worn places on the ties indicating that the rails were washing out of gauge as much as one and one-half inches under the weight of passing trains."

President Issues His Thanksgiving Day Proclamation

WASHINGTON, Nov. 7.—President Taft today issued a proclamation setting aside November 28 as Thanksgiving day. The proclamation follows: "By the president of these United States. A proclamation: A God-fearing nation, like ours, owes it to its inborn and sincere sense of moral duty to testify its devout gratitude to the All-Giver for the countless benefits it has enjoyed. For many years it has been customary at the close of the year for the national executive to call upon his fellow countrymen to offer praise and thanks to God for the manifold blessings vouchsafed to them in the past and to unite in earnest supplication for their continuance."

"The year now drawing to a close has been notably fortunate to our fortunate land. At peace within and without, free from the perturbations and calamities that have afflicted other peoples, rich in harvest so abundant and industries so productive that the overflow of our prosperity had advanced the whole world, strong in the steadfast consecration of the heritage of self-government bequeathed to us by the wisdom of our fathers, and firm in its resolve to transmit this heritage, unimpaired but rather improved by good use, to our children and our children's children for all time to come, the people of this country have abundant cause for contented gratitude."

"Wherefore I, William Howard Taft, president of the United States of America in pursuance of long-established usage and in response to the wish of the American people, invite my countrymen, wherever they may sojourn, to join, on Thursday, the twenty-eighth day of this month of November, in appropriate expressions of praise and thanks to God for the good gifts that have been our portion and in humble prayer that His great mercies toward us may endure."
