CANAL TOLLS FIXED FOR FOREIGN SHIPS BY PRESIDENT TAFT

Merchant Vessels to Pay One Dollar and Twenty Cents Per Net Ton.

PROCLAMATION BY EXECUTIVE

Authority Given to Taft by Congress Last August.

REDUCTION FOR EMPTY CRAFT

Warships to Be Charged Fifty Cents Per Net Ton.

OHNSON MAKES HIS REPORT

Expert Who Makes Investigation for Government Asserts Big Ditch Will Be on Paying Basis in Twenty Years.

WASHINGTON, Nov. 13.—President Taft tonight issued a proclamation fixing the rates that foreign ships shall pay for passage through the Panama canal. The proclamation, made under authority of the canal bill passed by congress in August, establishes a merchant vessel rate of \$1.20 per net ton in actual carrying capacity, with a reduction of 40 per cent for ships in ballast.

The provisions of the proclamation are as follows:
"On merchant vessels carrying passengers or cargo, \$1.20 per net vessel ton—each 100 cubic feet of actual earning capacity.

"On vessels in ballast without passengers or cargo, 40 per cent less than the rate of tolls for vessels with passengers or cargo.

"Upon vessels other than transports, colliers, hospital ships and supply ships, 50 cents per displacement ton.

"Upon army and navy transports, colliers, hospital ships and supply ships, \$1.20 per net ton. The vessels to be measured by the same rules are employed in determining the net tonnage of merchant vessels.

"The secretary of war will prepare and prescribe such rules for the measurement of vessels and such regulations as may be necessary and proper to carry this proclamation into full force and effect."
American coastwise shipping was exempted from toll payment by congress. It was on this provision of the act that Great Britain protested, but no reference to the protest was made in the president's proclamation. American naval vessels are exempted without specific mention either in the act of congress or the proclamation because the authorities believe it unnecessary to explain the uselessness of payment from its Navy department pocket to the one belonging to the Treasury department.

Rates Same as at Suez.
The rates named in the proclamation are practically the same as those which will be in force at the Suez canal next year.

The president based his declaration of rates upon the report and investigation of Prof. Henry B. Johnson of the University of Pennsylvania, an expert designated by executive order for the task.

The report has been awaited with interest by shipping interests throughout the world.

According to Prof. Johnson's report to the president, also made public tonight, the Panama canal should be upon a self-sustaining basis in twenty years. It should compete successfully with the Suez route for traffic of Europe with South America west coast points and with New Zealand, but cannot be expected to compete successfully for Europe's trade to the east.

Taking the estimates of the canal commission for expenses of operation and maintenance of the canal and for the improvements held to be necessary at the end of ten years to \$1. Even with this rate, which he says probably will correspond closely with the rate that may then be enforced through the Suez canal, the United States will obtain enough revenue from foreign vessels to pay all fixed charges, provide a sinking fund.

Reports from Stations at 7 P. M.

Five Alienists Begin Examination of Man Who Shot Roosevelt

MILWAUKEE, Wis., Nov. 13.—Five alienists today began examination of the mental condition of John Schrank, who pleaded guilty yesterday to attempting to slay Theodore Roosevelt. Moderator Richard Dewey of the sanity commission appointed by Judge A. C. Backus, announced that the sessions would be secret, and only the defendant, his attorney, witnesses who might be summoned and a representative of District Attorney Winifred C. Zabel would be admitted.

The prosecutor today turned over to the commission all the letters and papers found on Schrank when he was searched after the assault on Roosevelt and copies of letters he had written in the county jail since that time. It tentatively was agreed that the members of the commission would visit Schrank singly as well as in a body and then compare impressions before reporting to the court. District Attorney Zabel said he would call as witnesses only the policeman and deputy sheriffs who talked with Schrank after the assault October 14 and several reporters who had conversations with the prisoner. Schrank will be interrogated at length and Attorney J. C. Flander, appointed by the court to represent Schrank at the sanity hearing, said he knew of no new witnesses he might call.

Dunne Will Champion the Public Utilities Commission Bill

CHICAGO, Nov. 13.—Governor-elect Dunne today announced that he expected to champion passage of a public utility commission bill by the next legislature, which convenes the first of next year.

A joint committee appointed at the last session of the legislature to investigate the subject and headed by Senator John Daley of Peoria is expected to make a report to the assembly when it convenes in January. The committee as a body has visited New York, Massachusetts and Wisconsin, which states have such commissions.

Late this month Senator Daley will lead a meeting of the committee in Chicago and a series of hearings will be conducted at which arguments for and against such a commission will be made. It is said that the committee favors the New York plan, where the law provides for two commissions, one for New York City and the other for the state at large. The committee thinks there should be a commission for Chicago and another for the state, and it is probable that the bills will be drawn so.

Colorado Club Wants Woman in Cabinet

DENVER, Colo., Nov. 13.—At a meeting of the Why organization of business and professional women, a movement was launched yesterday to have a woman appointed to the cabinet which President-elect Wilson will name. Mrs. Hetty Green as secretary of the treasurer was a popular choice of the members.

The club met for the purpose of celebrating the entry of four new states into the column of woman's suffrage. Mrs. Mary C. C. Broderick, elected state superintendent of instruction at the recent election declared that women now hold a large enough vote to be entitled to a place in the cabinet.

Suggested for Mr. Wilson's secretary of state were Mrs. E. H. Harriman and Mrs. Russell Sage. Miss Ellen Withler, land attorney of Denver, was mentioned as a candidate for secretary of the interior and Miss May Lathrop and Gail Laughlin for attorney general.

Bald Jack Rose Repeats Story to Gun Men's Jury

NEW YORK, Nov. 13.—The imperturbable "Jack" Rose, the bald-headed gambler whose testimony was mainly responsible for the conviction of Charles Becker, took the witness stand today as the state's chief witness against the four gun men, charged with slaying Herman Rosenthal at Becker's bidding. Generally speaking, his testimony was a repetition of his remarkable narrative at the Becker trial. Under Becker's orders, he swore, he threatened the gun men with a "franc" and implored them to take the "squalling" gambler's life. Cross-examination failed to shake his story.

Forty Thousand for Breach of Promise

CLEVELAND, O., Nov. 13.—Miss Alma Broderick of Detroit, a former Chicago school teacher, won a \$40,000 breach of promise suit in common pleas court here today. The defendant was Jerome Probat, Detroit lawyer.

In 1910 Miss Broderick obtained a judgment by default from Probat in a New York court and a settlement agreement was filed here by which she agreed to accept the contents of Probat's safety deposit box in full settlement of her damage judgment. Her suit here was to have the agreement set aside on the allegation that she was defrauded because the contents of the box were valueless, whereas they had been represented as securities of value.

BRAKEMAN BLAMED FOR FATAL WRECK

Passenger Train Runs Into Open Switch and Strikes Heavy Freight at Indianapolis.

FIFTEEN DEAD, MANY INJURED

State Inspectors Point to Lack of Block Signal System.

FATALITIES IN WOODEN CARS

All Who Are Killed Are in Smoker and Day Coach.

INJURED RESCUED WITH AXES

Head Brakeman Taken to Hospital with Broken Leg First Says He is Responsible and Then Denies It.

INDIANAPOLIS, Ind., Nov. 13.—Fifteen persons were killed and seven seriously injured this morning when an in-bound Cincinnati, Hamilton and Dayton passenger train ran into an open switch and crashed into a freight train at Arlington avenue, Irvington, a suburb. The train was coming from Cincinnati and was running forty miles an hour.

According to inspectors for the Indiana railway commission, a block signal system would have prevented the disaster. The wreck was caused by the failure of the head brakeman to close the switch to a siding on which heavy freight train had been run. Carl Gross, the head brakeman, has assumed blame for the disaster. He has not been arrested, but is under police guard at a hospital, where he lies with a broken leg. Later he denied he was responsible, saying he was under the influence of an anesthetic.

According to the commission, this switch could not have been left open had a block system been in operation.

The dead:
C. F. GRUENDHOEFER, 440 Darrow avenue, Cincinnati.
ALBERT ALLEN.
MRS. ALBERT ALLEN.
HEN ROYLE.
WILLIAM SHAIKEY, single, engineer on the passenger train; Indianapolis.
IRVING M. WIGGINS, married, conductor on the passenger train; Indianapolis.
CLEM IMHOLT, theatrical man from Los Angeles, Cal.
HORACE B. WHITE, brakeman on the passenger train; Indianapolis.
L. PALMER, 12 years old, Tenn.
CHARLES CHENEY, 12 years old, Jackson, Ky.
HELEN CHENEY, wife of Clifton Cheney, Jackson, Ky.
CHESTER CHENEY, 5 months old, son of Clifton Cheney.
JOHN CHENEY, 2 years old, Breathitt, Ky.; died at Deaconess hospital.
TWO-YEAR-OLD DAUGHTER OF Clifton Cheney, Jackson, Ky.; died at Deaconess hospital.

BERG, fireman on the passenger train.
The injured:
HURTON JONES, Dayton, Ky., mail clerk; injured about head and back.
Clifton Cheney, Jackson, Ky.; injured about body.
J. C. Skidman, Indianapolis, baggage-man; bruised about legs.
WILLIAM YORK, Indianapolis, fireman on freight train; left leg cut and bruised.
Carl Gross, Indianapolis, head brakeman on freight train; injured about head.
F. E. Emberton, Indianapolis, fireman on freight train; bruised about body.
Fred Hutchison, Madison, Va.; scalded about face and arms.
Mrs. Mary Sears, 227 Indiana avenue, Chicago.
Harry Sell, 267 Indiana avenue, Chicago.
WILLIAM HUTCHISON, Madison, Va.
Mrs. J. C. Skidman, Indianapolis.
J. W. Jefferson, negro porter, 3309 Forest avenue, Chicago.
Hugh Kemp, Berlin, Ky.
W. J. Piler, Liberty, Ind.
A. C. Piler, Liberty, Ind.
Joseph Gross, Indianapolis.

Running Forty Miles an Hour.

The passenger train was from Cincinnati, bound to Chicago and the engineer was trying to make up time. He was running more than forty miles an hour. Both he and the fireman were found dead in the cab of their engine.

All of the dead passengers were in the smoker and day coach, which were immediately behind the steel reinforced mail car which acted as a battering ram. Both of these cars were of wood and were demolished. The injured, in many cases, had to be chopped from beneath the wreckage with axes.

The injured were taken to the Deaconess hospital here. Several died there. Passengers who were not injured continued their journey.

Six Carloads of Oranges Are Seized

CHICAGO, Nov. 13.—A trainload of California oranges was seized by United States deputy marshals in the Proviso, Illinois freight yards today because of alleged violations of the pure food and drug act. United States District Attorney Wilkerson filed suit in the federal district court here, alleging that the oranges had been artificially stained and colored to conceal inferiority.

Five of the cars were shipped by the Lindsay (Cal.) Fruit association to branches in several eastern cities. The sixth car in the train was billed from Central California Citrus exchange of Lindsay, Cal., to the California Fruit Growers' association of Toledo, O.

Six suits were filed by the district attorney. Each suit caused the confiscation of a car. The shipment was made over the Southern Pacific railroad.

"Old Frazier" Found Dying in Barn Loft

CHICAGO, Nov. 13.—Walter E. Frazier, once a wealthy inventor and Board of Trade operator and son of an old New England family, was found at the point of death in the bay loft of a southside livery stable last night. He was penniless and was removed to a hospital. On the board of trade he was known as "Old Frazier" and lost in speculation a fortune made from a machine he invented for making hooks and eyes for button shoes. In this work he was associated with former United States Senator Morgan J. Buckley of Connecticut. Of recent years Frazier had worked as a cab driver.

BODY OF CANALEJAS IN STATE

Vast, Silent Crowd Pays Respects to Murdered Statesman.

LIBERAL CABINET TO CONTINUE

Assassin, Who Was Recently Expelled from Buenos Ayres, Returned to Spain—Police Trace His Movements.

MADRID, Nov. 13.—The body of the assassinated Premier Canalejas lay in state from an early hour this morning on a catafalque, which had been erected in a temporary chapel in the Chamber of Deputies. The body was dressed in diplomatic uniform and beneath the corners of the gray silk canopy covering the catafalque stood a military guard of honor, the men with heads inclined on their arms, which rested on their reversed rifles.

A vast, silent crowd of people gathered both in and outside the chamber to pay their last respects to the dead statesman. The population of the capital appears to be deeply impressed by the crime. Work has been almost entirely suspended and nearly every business house is closed, while most of the houses in the residential section are draped with mourning decorations.

Liberal Cabinet Will Continue.

The liberal cabinet will continue to hold office, under the temporary presidency of Foreign Minister Marquis Manuel Garcia Prieto, at least until the signature of the Moroccan treaty with France, which should have been completed today. Premier Poincaré of France, however, telegraphed this morning to the Spanish government to defer the matter until a more convenient date.

The assassin, Manuel Pardiñas, is a man of distinguished appearance. He has regular features, is smooth shaven and has luminous eyes. When arrested he had several manuscripts in his pocket. One in cipher was inscribed on the outer sheet, "The International Conflagration." Another was a thesis on "The Anatomy of the Human Stomach." He also carried one of Flammarion's astronomical books and the photograph of a woman, on which was written "To my unforgettable Mammel."

The assassin attempted suicide and it was first thought he was dead, but when he had been carried to the hospital he was found to be living.

The recent movements of Pardiñas are known in outline to the Spanish police. He was expelled from Buenos Aires last March on account of his participation in anarchistic agitation. He returned to Madrid, whence he traveled to Paris, London, Biarritz, Bordeaux and Marseilles, and then again to Paris, which city he left ten days ago for Madrid. The Paris police notified the Madrid authorities of Pardiñas' departure and informed them of an article he had written against King Alfonso for an anarchist paper published in Paris. The Madrid police.

Etter Testifies that Socialists Object to All Violence

SALISBURY, Mass., Nov. 13.—Joseph J. Etter of the Industrial Workers of the World and the Lawrence strike leader on trial here with Arturo Giovannitti and Joseph Caruso for murder, continuing his own defense today declared that he could not conceive of any way in which the violence or destruction of property could bring results in attaining the social ideal.

"Did you ever preach or counsel force or violence?" asked Attorney Mahoney.
"No, sir," Etter replied.
"Why?"
"Because," Etter answered, "violence does not bring results. The power of the worker is not in destruction, but in construction. In controversies involving wages, the greatest power of the worker is in doing nothing. I believe that all machinery to produce wealth should be long to society and to destroy property would leave that much less for society when it attains its aim. Destruction, not being a utility, is barred from any program to attain the social ideal."

Telephone Operator Hears Explosion and Stops Bank Robbery

MEDARYVILLE, Ind., Nov. 13.—A telephone receiver blown from its hook by a charge of nitroglycerin set by safe blowers in the First National bank here was the means of preventing the theft of many thousands of dollars last night. The large doors of the vault had been torn away, allowing access to \$5,000 in currency, when Mrs. Theodore Brasher, a telephone operator, answered a signal. No voice came over the wire, but she heard a second blast and gave the alarm. Three thieves, who were engaged in looting the place, made their escape with \$2,000.

Virginia Girl Kills Her Mother on Train

PHILADELPHIA, Pa., Nov. 13.—Mrs. Elizabeth Meyers of New York was shot and killed by her daughter on a Pennsylvania railroad train near here today. The girl says she shot her mother in mistake for a robber.

They were on their way from Salem, Va., to New York. The girl, Gladys, was a passenger. W. H. Cuthbert of Lynchburg, Va., was detained. The shooting occurred near Bristol, Pa., and the train continued its journey, when the injured woman was hurried to a hospital, where she died.

MAY NOT CALL OUT MILITIA

Iowa Authorities Hold Conference Over Strike Situation.

BLAME FOR RIOTS ON SHERIFF

He is Said to Have Precipitated Trouble on Streets by Placing Armed Deputies on the Wagons.

(From a Staff Correspondent.)
DES MOINES, Ia., Nov. 13.—(Special Telegram.)—A prolonged conference was held in the office of the governor this afternoon to consider the Des Moines strike situation, participated in by him, the attorney general and city and county officials. It was practically decided that an effort should be made to get city and county officials to working in harmony and to increase their force sufficiently to maintain peace, and resort will not be had to the militia until other means are exhausted for keeping order in the city.

The city authorities are placing the blame on the sheriff for having placed armed deputies in charge of the wagons. The sheriff threatens also to call out the local companies on his own motion if there is not some kind of settlement.

Governor Carroll at noon notified Chief of Police Jenney that he would call out the state militia unless the police immediately dispersed crowds gathering in the streets as a consequence of the teamsters' strike.

Just prior to the issuance of the warning by Governor Carroll, a crowd of more than a thousand people had surrounded Deputy Sheriff Jess Raneau on Sixth and Walnut streets. Raneau had captured a man whom he accused of having thrown a brick at a strike breaker on a transfer wagon. The union sympathizers shouted that the deputy had the wrong man and that only an apple had been thrown at the teamster.

In the excitement the arrested man got away and the deputy was obliged to take refuge in a nearby bank to escape rough treatment at the hands of the crowd.

The saloons were allowed to reopen at 10 o'clock today. S. C. Ware, president of the Ware Transfer company, and managers of other transfer companies, arrested yesterday, charged with shooting firearms, pleaded not guilty to the charges in police court today.

Husband of Actress Sues Rube Marquard

NEW YORK, Nov. 13.—Suit for \$25,000 damages was filed today against "Rube" Marquard, star pitcher of the New York Giants, by Joseph Kane, husband of Blossom Seely, an actress, alleging that Marquard alienated her affections. The husband recently traced the pair to an Atlantic City hotel, but they eluded him and escaped. The summons on Marquard was served while he was dining with Mrs. Seely. For some time they have been appearing in a vaudeville sketch together.

BLACK ROSE CULT IS UNDER DOUBLE SCRUTINY

CHICAGO, Nov. 13.—Two departments of the United States government—the Postoffice and the Department of Justice—today began investigations of the "Black Rose" cult, whose members occupied an old mansion at 320 Michigan avenue as a "temple" until the police raided the place Monday night and carried away men and women, whites and blacks.

Laureon de Laurence, who calls himself "doctor" and claims to be a Choctaw Indian, is charged by the police with violations of the Mann act and use of the mails to defraud. Also, the police asserted that Laurence is a negro and not an Indian. Among the trappings of the cult found at the "temple" by the police was a wooden cigar store Indian, which was a fetish before which members of the cult prostrated themselves in devotion.

BALKAN CRISIS MAY BE SETTLED WITHOUT GENERAL CONFLICT

RUSSIA WILL NOT GO TO WAR

Czar Notifies Serbia He Will Not Support it with Arms.

TURKEY WANTS AN ARMISTICE

Has Strengthened Its Garrison Back of Thessalonica and May Be Able to Hold the Line for Several Days.

BULLETIN.

ST. PETERSBURG, Nov. 13.—The Turkish council of war has decided that the position of the army defending Constantinople is hopeless, says a dispatch from the Turkish capital.

The decision was reached after the council had received a communication from the Ottoman commander in chief. The view is also endorsed by a representative of the Red Cross society.

BULLETIN.

CONSTANTINOPLE, Nov. 13.—There is good reason to believe that the Turkish government has decided to negotiate directly with the Balkan allies, as the mediation of the powers seems to be fruitless.

LONDON, Nov. 13.—A much more hopeful feeling prevailed today in regard to the international situation created by the Balkan war. The situation is still full of difficulties, but the attitude of all of the powers in working for a peaceful settlement, will, it is believed, result in avoiding an actual conflict.

Serbia, however, has not yet replied to the Austro-Hungarian suggestion that a Serbian occupation of Albanian territory or of a port on the Adriatic sea will not be tolerated. At the same time a Serbian army continues its march toward the Adriatic coast, and in one report from Belgrade is said actually to have reached Durazzo.

The Russian government, acting in direct disregard of public feeling in Russia, has notified the Serbian minister at St. Petersburg that Russia will not try to avert the question of an Adriatic port. The Russian foreign minister, Sergius Sazonoff, at the same time informed the Serbian minister that Russia would give friendly support to Serbia in its negotiations with Austria-Hungary.

Proposal of Austria.

It is understood that Count Von Berthold, the Austro-Hungarian foreign minister, has proposed to give extensive privileges to Serbia in connection with the projected Adriatic-Danube railway.

It is said Dr. Danef, president of the Bulgarian Chamber of Deputies, proposed that Austria should allow Serbia to go to some port on the Adriatic without obtaining the territory at the back of it or the right to fortify the port, which would be connected with Serbian territory by a railway.

Serbia has yet to be heard from in regard to these proposals. It believes that Austria aims at its political and economic subjection, which would break up the alliance of the Balkan nations. With an independent Serbia, Austria fears that its Serbian subjects will want to join their co-nationalists.

In the meantime the Albanian chiefs at a meeting at the seaport of Avlona have proclaimed the autonomy of their country. Turkey is once more reported to have made a direct appeal to the Balkan allies for mediation, and Constantinople also hears that the European powers have submitted to the Balkan nations Turkey's request for an armistice pending negotiations for peace.

Turkey Wants Armistice.

Turkey is now in better position to ask for an armistice, as it is understood strong reinforcements of fresh Turkish troops have reached Thessalonica and might hold out there for days if not weeks.

The absence of news from that quarter suggests that the Bulgarian army is not walking over Turkish fortifications, as it was expected to do. The duel between the Turkish warships and the Bulgarian artillery appears still to be in progress at Rodosto, on the sea of Marmora.

The garrison of Adrianople has made another desperate sortie, and according to Bulgarian accounts has been driven back into the fortifications.

The little jealousies existing among the

(Continued on Page Five.)

Business Women's Wants

The want columns are of special interest to business women. The straightforward appeal for efficient women helpers, stenographers, bookkeepers, housekeepers, maids, accountants, factory workers and many others is made from day to day through the Wants.

The business woman consults the Wants in searching for a boarding place, a room in a private family, a small apartment, securing employment and for many other essentials.
