ELECTED AND DIDN'T KNOW IT

Charles Cavanaugh Didn't Even
Know He Was Candidate.

HE IS NOW DEPUTY ASSESSOR

Information that He Had Been
Candidate and Was Elected by a
Majority Comes as a Sur-
prise to Him.

The experience of the gentleman who
"awoke one morning and found himself
famous" was no more unusual than that
of Charles Cavanaugh, 2911 Cass street,

When the teacher on the first day of
school one autumn told all the little boys
that every one of them might be pres-

"No," he sobbed, "I can't never be
president, 'cause I'm a democrat."

He Nearly Collapses.

Mr. Cavanaugh never had dreamed of
a career as a politician. He nearly fell out
of his chair when he opened a letter
from a bonding company, which informed
him that he was the people's choice for
deputy assessor in his district.

But there it was in black and white.
"You are elected."

Still, Mr. Cavanaugh was inclined to
doubt. The thing hardly seemed possible.
Could a man run for office and be elected
and not know it? Preposterous. Still, it
might be so. Maybe it was a case of the
office seeking the man.

Cavanaugh decided the report of the
bonding company was worth looking into.

"I never knew a thing about it until I
got this letter," said Mr. Cavanaugh, "but
if there is a job for me I'm for it."

Little Mabel, Once a Cripple,
Now a Perfect Pretty Doll

Crippled from birth, little Mabel Witt-
kowski less than a year ago was regarded
as a hopeless case. She seemed doomed
to spend her entire life as a helpless
ward in some charitable institution.

But, modern surgery came to her res-
cue, and today she is in a fine home,
cared for by kindly and loving foster
parents, and is romping and playing with
as much vim, energy and glee as any
healthy by-product of the modern world.

In fact she never would have been
able to walk had not her case been brought
to the attention of Dr. J. P. Lord, who
volunteered to reduce the dislocation by
what is known as the bloodless, or Lo-
renz operation. This is the same opera-
tion that was performed on little Lolita
Abour a few years ago by the famous
Berlin surgeon, Dr. Lorenz, who received
\$20,000 as his fee.

After the operation the little body was
swathed in bandages for many weeks,
and in the end it was known that the
work had been entirely successful. In
the meantime a wealthy family living in
one of the suburbs of Omaha asked to
adopt the child, which was done.

Now little Mabel is able to romp and
play with other children. She is a ver-

MAPEL WITTKOWSKI,
able little doll, and her foster parents
would not part with her for a world of
gold.

ALL RESIDENTS MUST
HAVE MAIL RECEPTACLES

Postmaster John C. Wharton has sent
circulars to all residents in Omaha who
have no receptacles for mail which is
left by carriers advising them to procure
one in order that carriers can make better
time. At present the carriers at many
places have to stop and ring the door
bells and in this way absorb so much
time that they are late in delivering the
mail.

FIFTY-THREE AT THE INSTITUTE

Report Shows that 305 Waifs Have
Been Cared For During the Last
Year—Indebtedness is
Wiped Out.

The fifteenth annual report of the Child
Saving institute shows that many chil-
dren have been cared for during the year
ending October 31, and that the institute
had a balance in the treasury of \$23,227
at that time. The report shows that the
receipts for the year were \$2,362.65 and
the expenditures \$2,362.65. The year was
started with \$1,000 indebtedness.

The whole number sheltered and pro-
vided for during the last fifteen years is
2,447. The work accomplished during the
last year is shown by the following re-
port:

Table with 2 columns: Description and Amount. Includes items like 'No. on hand Nov. 1, 1911', 'No. received during the year', 'No. readmitted during the year', 'Total', 'No. placed in homes for adoption', 'No. placed with relatives and guardians', 'No. placed in other institutions', 'No. of deaths', 'No. on hand Nov. 1, 1912', 'Total', 'Officers in Charge'.

The officers in charge of the institute are:

Miss Miller, president; W. S. Wright,
vice president; K. C. Barton, secretary
and treasurer; J. C. McClure, assistant
treasurer; A. W. Clark, superintendent;
Mrs. H. H. Heller, acting superintendent;
Miss Alice L. Ketridge, head nurse; Miss
Ina Ingersoll, matron; Rev. C. E. Givits,
superintendent of field work; Rev. A. A.
Martin, field agent; D. C. Berry, field
agent; U. C. Berry, field agent.

In commenting on the death rate the
report says:

The lowest death rate is shown at the
Child Saving Institute of any similar in-
stitution in the United States, according
to statistics accumulated by the Russell
Sage foundation. Our death rate in the
nursery, with daily averages of twenty-
five babies, was only 18 per cent the past
year, while the death rate for similar
nurseries throughout the country aver-
aged about 48 per cent. These remarkable
results in our nursery are due to rigid
sanitary conditions, to the close attention
of physicians, to the efficiency of our
head nurse and to the efficiency of day
nurses and night nurses under her super-
vision.

Water Board May Go
After Employes of
Missouri Pacific

The Water board may undertake to
criminally prosecute employes of the Mis-
souri Pacific railroad for tampering with
a water main under the tracks on Charles
street between Forty-first and Forty-
second streets. The railroad notified the
water commission that it desired to have
the water main removed and would bear
the cost up to \$100. The water commis-
sioner refused to have the pipe moved unless
the railroad company paid all the expenses.

Last Friday a gang of workmen in the
employ of the Missouri Pacific moved the
main, according to the water commis-
sioner, breaking the six-inch pipe at both
ends and forcibly dragging it away.

At a meeting of the Water board Wed-
nesday the attorney was instructed to
gather the facts in the case and proceed
with a prosecution of the offenders.

Water rent from flat rate customers will
be collected every sixty days after
January 1. There are now 7,600 flat rate
customers.

The board accepted an invitation from
the Rotary club to be its guests Wednes-
day noon at a luncheon at the Hemshaw.

New Leader of State
Volunteers Comes to
Omaha from Chicago

Major A. F. Handicott, who has been
located in Chicago and in charge of the
Volunteers of America for over eighteen
years, has been transferred to Omaha
and will be territorial commander of the
state of Nebraska. He brings with him
a corps of fifteen men, including Cap-
tain W. J. Norton and Captain James
E. Gaines. These men will bring with
them their wives and families.

Major Handicott will take charge of
the work of this organization in the en-
tire state. He will make his headquar-
ters in Omaha and will direct the work
in other parts of the state. Most of the
men have arrived in the city with their
families, but Major Handicott is not ex-
pected until Friday. On Saturday and
Sunday nights he will conduct the serv-
ices at the Volunteers of America at 114
North Fifteenth street. He is an ac-
complished singer and cornet player.

Mrs. Handicott, who has already ar-
rived, is also a talented musician. Major
Handicott has been instrumental in the
building up of the organization all over
the country. He was the founder of the
large and magnificent home in Chicago.
It is his intention when he arrives here
to stir up interest in the erecting of a
home similar to the one in Chicago.

Captain Fred Brewer and Captain
James Murphy, who for the last two
years have been in charge of the work in
Omaha, have been called to Chicago.
Captain Norton, who has already arrived,
will have charge of the street work, and
Captain James Gaines will be in charge
of the home and social settlement work.

Nose and Head
Quickly Cleared
of Catarrh.

The thousands who suffer the miseries
of colds and catarrh and claim they
have never found a cure can get in-
stant relief by simply anointing the
nostrils with Ely's Cream Balm.

Unlike internal medicines which upset
the stomach, or strong snuffs which only
aggravate the trouble, this cleansing,
healing, antiseptic Balm instantly
reaches the seat of the trouble, stops the
nausea discharge, clears the nose, head
and throat, and brings back the sense of
taste, smell and improves the hearing.

More than this, it strengthens the
weakened and diseased tissues, thus
protecting you against a return of the
trouble. This remedy will cure a cold in
a day, and prevent its becoming chronic
or resulting in catarrh.

Nasal catarrh is an inflammation of the
membrane lining the air passage, and
cannot be reached by mixtures taken
into the stomach, nor can it be cured by
additional irritation. Don't waste time on
them. Get a 50 cent bottle of Ely's
Cream Balm from your druggist, and
after using it for a day you will wish
you had tried it sooner.

Mothers should give the children Ely's
Cream Balm for colds and croup. It is
perfectly harmless, and pleasant to take.
