

Persil

Between Men and Germs

there is this difference. Germs can not live long with oxygen and sun light, while men can not live long without them.

PERSIL is a washing compound made up of oxygen and pure palm oil.

Clothes washed with Persil are germ free. Linen from the sick room especially should be washed in Persil, for germs can not survive in the active oxygen of this wonderful washing compound.

Wash All Your Clothes with Persil

You need no soap. There is no hard rubbing. The clothes will be whiter, sweeter and clearer than ever. Try it.

Easy and Sure Way to Cure Cold and Catarrh

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic Balm acts so quickly is because it is applied directly to the tender, sore surfaces.

Even in severe, chronic cases of catarrh Ely's Cream Balm never fails to quickly and effectually check the poisonous discharge which clogs the head and throat, causing the disgusting hacking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50-cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless.—Advertisement.

WATTLES WANTS ORDINANCE

Says Revenue is Lost by Misuse of Street Car Transfers.

CITY IS INDIRECTLY AFFECTED

Ordinance Prohibiting Fraudulent Use of Transfers and Fixing Fine for Violation Goes to the Committee of Whole.

President G. W. Wattles of the street railway company has petitioned the city council to pass an ordinance making it a misdemeanor punishable by fine and imprisonment for any person to misuse a transfer. He says such an ordinance was considered a long time ago and should have been passed but was not.

Mr. Wattles declared the street railway company is losing thousands of dollars because patrons make double use of transfers. He submits an ordinance to cover the case. This ordinance provides that any one making use of such a transfer or giving it to some other person or attempting to ride on it ten minutes after he has arrived at the place of transfer is liable to a fine of \$25 and a jail sentence of twenty days. The ordinance has been referred to the committee of the whole.

"It is a notorious fact," said Mr. Wattles in a communication accompanying the ordinance, "that the street railway company, and incidentally the city of Omaha is being daily defrauded by a large number of people, some of them prominent citizens, in the misuse of transfers on our system. The city of Omaha recovers an occupation tax of 3 per cent on the gross receipts of this company and thereby is interested financially the same as we are, in putting a stop to this fraudulent use of transfers."

Referring to the ordinance Mr. Wattles says: "We desire to have it passed now that we are increasing our efforts to comply with the demand for more service during rush hours."

Accompanying the ordinance and the letter is an excerpt from an article in The Bee declaring in part:

"In one place the company has been unfairly treated—in the matter of transfers—and rightly complains that it is being cheated out of upwards of \$1,000 a month by people who use transfers for return trips."

"In requiring the company to put on more cars and run them at closer intervals at rush hours, the council should fix a penalty upon passengers defrauding the company by misuse of transfers."

Greeks Returning to Old Country to Engage in Business

A party of twenty Greeks from Denver went east through Omaha en route to New York yesterday. They expect to arrive in New York in time to ship for home next Monday. They all belong to the reserve force.

Anton Bonarris, spokesman for the party, said that in the disposition of the territory to be taken from Turkey, Greece ought to get a section half as large as Colorado and in the event that it does, many of the Greeks who have gone from the United States to their native land will remain there.

Bonarris says that since coming to America the Greeks have been taught modern methods in fruit raising and agriculture and that applying these methods in Greece, vast new opportunities will be opened to them.

Valuable Old Paper Found by Goodrich

Going over some old family papers Fred H. Goodrich has unearthed a copy of the Omaha Daily Citizen, a paper printed under the date of May 25, '33. The paper was evidently saved because it contains a death notice of an aunt of Mr. Goodrich. Among other things it has also a telegraph account purporting to chronicle the capture of Vicksburg by the union forces. The price of the paper, which is a little one-sheet handbill size, is given as \$30 a year. "And the money must in all cases accompany the subscription." He is donating it to the public library.

POSTAL SAVINGS BONDS ARE NOW READY FOR SALE

Postmaster John C. Wharton announces that patrons of the postal savings bank who wish to purchase postal savings bonds must make application for them before December 2. Patrons may purchase these bonds in denominations of \$20, \$50 and \$100. They will draw interest at 3 1/2 per cent per annum. Mr. Wharton says there is a great demand for these bonds.

ROCK ISLAND PLANNING LONG SLEEPER SERVICE

Beginning November 20, in connection with the 300, Northwestern and Missouri Pacific, the Rock Island will inaugurate through standard sleeping car service between Winnipeg and Los Angeles. This, it is said, will be the longest continuous through car service route in the world, nearly 5,000 miles.

The service will be through Omaha. The cars will run from Winnipeg to St. Paul over the Soo line, from St. Paul to Omaha over the Northwestern, from Omaha to Kansas City over the Missouri Pacific and from Kansas City to Los Angeles over the Rock Island, being attached to the road's Golden State limited train.

BEESWAX

A party of naval officers were on a special car coming from a Philadelphia wedding. They were in the glory of full-dress uniform. At a junction the train stopped, owing to some minor accident, and the officers, manlike, dismounted to look at the machinery and find out what was wrong. Just then a whistle blew and several hundred girls trooped out of a big factory near the tracks. Of course they spied the glittering group of men and gathered in groups, laughing with flirtatious intentions which the officers were not slow in responding.

But soon the train began to move and the men entered waving farewell. Paymaster Simpson, one of the Apolloes of the navy, was the last man to mount the step. He raised his hat gallantly and stood smiling in one of his best poses.

"When the car was well on the way, one of the girls shouted to him, 'Ah, there, Charlie! I choose you for the tunnel!'"

Thrift is so essential to modern day happiness that the failure to practice it is incomprehensible

Renting a piano is no longer necessary

Through our club you can buy one as easily

Why should you—why should any one, in fact, rent a piano? A rental piano is, as a rule, a second hand piano—a cheap instrument usually—anything, in truth, that will stay half-way in tune.

For the use of such an instrument you will have to pay 3, 4 or 5 dollars a month, as the case may be, according to the condition of the instrument. After you have rented the piano for months and months, and sometimes for years, the piano goes back to the piano man.

What for?

To be rented over again—to someone else. The piano man now has not only the rental you paid him, but the piano as well.

Right here is a place for many a person hereabouts to practice thrift:

Stop renting a piano. Start to owning one

Our big inaugural club offers the opportunity—and such an opportunity as you have never had before.

At the very outset you start in a thrifty way. You save 92 dollars and 50 cents in the initial cost of the piano, as you get a piano for 257 dollars and 50 cents that usually sells for 350 dollars.

Next, the terms.

You do not have to pay more to own one of these splendid new pianos than you have to pay to rent a second hand one—5 dollars cash, and then 1 dollar and 25 cents a week.

And—by joining the club—while you are paying, you are owning.

Every week you come in to pay you are laying up 1 dollar and 25 cents for yourself—towards your own permanent ownership of a beautiful, durable and praiseworthy piano.

Yes—we know that the terms for renting a piano have their advantages. We know that they have in many an instance been a necessity.

But that was before we opened this big inaugural club.

Now we say—and say it boldly—that no one can afford to rent a piano, when, by becoming a member of the 500 club, buying a piano is attended by so many advantages and so much ease.

'Phone in your application. Do it tomorrow. Then the first day you are down town you may come in and make your selection.

And—if a thirty-days' trial discloses that you have made a wrong move—we will give you your money back.

What more can we do than this?

- ### Figures showing the economies and thrifty features of the club
1. Individual club members save 92 dollars and 50 cents each on the purchase price.
 2. There is no interest to be added—the club member being entitled to 262 weeks' time in which to pay the club price—257 dollars and 50 cents—without the further payment of interest.
 3. For every week the member shortens his terms below 262 weeks, he gets a cash rebate or "dividend" of 15 cents.
 4. The club member gets big economy in time in which to pay—as in the club he gets 262 weeks as against 125 weeks if he bought on regular terms.
 5. He gets two free tunings—worth 5 dollars.
 6. He gets Life Assurance. If he dies—future payments are cancelled—and the piano is turned over to the family of the deceased—free of any further payments.

Orkin Brothers Player-Piano Club

We have inaugurated a Player-Piano club in connection with our 500 piano club. The price of these club Player-pianos is 355 dollars—the terms are 9 dollars the first payment—and 2 dollars a week without interest added. These Player-pianos have never been sold for less than \$350, with terms of \$25 down and \$15 a month, with interest added at the rate of 6 per cent. This is the first time, so far as our knowledge goes, that such trustworthy instruments have been offered for sale upon such popular terms as 9 dollars the first payment—and 2 dollars a week without interest added.

These Player-pianos are standard 88-note players—that is, these Club Player-pianos play every note on the piano when the music roll is in motion—these player-pianos compel the music to play perfectly. Most Player-pianos sold at from \$200 to \$250 more than these Club Player-pianos will not play perfectly. The pumping of the Club Player-piano is without doubt the easiest of all player mechanisms, is without doubt one of the most sensitive to the operator, and is recognized as one of the leading players manufactured today. This is a known fact among piano dealers and salesmen generally. We give you an unconditional guarantee with these Club Player-pianos.

1. The Player piano club will consist of 100 members.
2. The Player-piano club members can take their choice between two of the best Player-pianos on the market.
3. The Player-piano club price is 355 dollars.
4. The saving in price to each Player-piano club member is 145 dollars.
5. The Player-piano club member has no interest to pay.
6. The terms to Player-piano club members are 9 dollars cash and 2 dollars a week—or, putting it in another way, Player-piano club members have 262 weeks in which to pay for their Player-piano.
7. Player-piano club members secure the free use of 1,000 rolls of Player-piano Music for one year from the Orkin Bros. Library—the largest Music Roll Library in this section of the country.
8. If a Player-piano club member dies during the life of his contract we will immediately cancel all future payments and send a receipt in full to his family for the instrument.

For the convenience of people who cannot come in during the day appointments will be made to show the piano evenings

WICK & MOORE LID DOWN

Police Stand at Door All Night on Commissioner Ryder's Orders.

PROPRIETORS ARE SHUT OUT

Patrons Looking for Refreshment and Entertainment Flew in Consternation When Confronted by the Police.

So tightly were the doors of Wick & Moore's five at 912 Dodge street closed, Wednesday night when one of the proprietors attempted to enter to "get something for personal use" he was refused admittance by the policeman stationed at the door by special order of Superintendent Ryder.

From 8 o'clock until midnight Patrolman Chapman guarded the place and from midnight Officer Wright saw that the lid was not lifted. During the night hundreds of persons came to the place to get a drink and entertainment but fled in confusion when they were confronted by the policeman.

According to stories that were current in the underworld the place was not open on Tuesday night when Sheriff McNamee attempted to raid it a second time.

Greeks to Introduce American Methods

Forty-five Omaha Greeks left for the east yesterday morning to sail for the old country, where they expect to engage in various lines of business. They are countrymen who have come here and accumulated small fortunes and who are returning now with the prospect of finding openings when the boundaries of Greece are widened. Among the party were Chris Johnson, who conducted a skin parlor at Fourteenth and Douglas, and Max Poulos, who had a like business on Farnam between Fourteenth and Fifteenth. They say that no less than 20,000 Greeks will leave America for Greece before Christmas.

MASONS END REUNION TODAY

Thirty-First and Thirty-Second Degrees Conferred on Large Class.

Many Have Been Attending Banquet Last Evening Closed the Ceremonies of the Week—Rev. O. B. Baitly Was the Principal Speaker.

The Scottish Rites reunion at the Masonic temple closed yesterday. The highest degree are conferred, this being the day for the conferring of the thirty-first and thirty-second degrees. The class taking these high degree numbers upwards of 100.

Members have come and gone during the week. Many who could take only the first ten or fifteen degrees came in from the state during the early part of the week, took these degrees and then went home. Others who have taken the first degrees in former years, arrived yesterday and today in order to take the higher degrees. Thus the class of candidates has been up to a large figure throughout the reunion, in spite of the fact that many have been leaving within
