Where Alamito Milk Originates

THE Alamito Sanitary Dairy receives all its milk only from the few dairy farms that are kept strictly apace with the requirements of modern sanitation. It is received fresh daily from these first class dairy farms; it is then perfectly pasteurized, made pure, safe and wholesome and delivered in its freshest possible state.

The whole process from dairy farm to our plant and then to your door, fresh for breakfast, requires only a few short hours, thus making it the very freshest, as well as the safest, purest and most wholesome milk offered in Omaha.

Baked Apples with Walnuts.
 Take five or six large tart apples. Remove the covers carefully, being particular not to break the outside skin. Fill the cavities with walnut meats, then bake in a quick oven. When done place in a dish and pour over them whipped cream or milk. Serve white hot. Do not take the skin from the apples, otherwise they will burst in cooking and spoil the beauty of their appearance.

Indian Muffins.
 One cupful of white meat, one cupful of flour, one-third cupful of sugar, one egg, one even teaspoonful of soda, two teaspoonfuls of cream of tartar, two tablespoonfuls of melted butter, a little salt, one-eighth spoonful of pepper. Mix with milk.

Finnan Huddle and Cream.
 One pound smoked finnan huddle, remove bone and skin, then cut up very fine. One-half pint of milk, one-half pint of sweet cream, one-half teaspoonful of salt, one-eighth spoonful of pepper. Mix with milk and boil for ten minutes. This makes enough for three.
