TO STOP SMOKE NUISANCE

Ryder is Preparing an Ordinance Which May Solve Question.
 COPIES FROM OTHER CITIES
 Big Factories and Office Buildings Will Be Compelled by Law to Install Consumers Thought to Be Ample.

Legislation to abate the smoke nuisance will be attempted by the city council when Police Commissioner Ryder introduces an ordinance now being prepared by the legal department of the city government.
 City Commissioner Butler introduced a resolution at a meeting of the commission looking toward the enforcement of the present ordinance against the smoke evil. The resolution carried, but under the belief that the present ordinance cannot be enforced.
 Mr. Ryder's ordinance is expected to cover the situation thoroughly. He has written to other cities and secured copies of ordinances to regulate the smoke evil and the ordinance being drafted here is based on these.
 Smoke consumers will be installed on factories and big buildings by compulsion if no other way can be found to regulate the nuisance.

At present the county of Douglas and the school district of Omaha are chief offenders, the court house and the High school being a source of annoyance to residents and the cause of complaint on account of the huge volume of dense smoke they emit.
 City Commissioner Notes.
 The commissioners passed the ordinance regulating taxicabs, fixing the maximum charge and providing rules for automobiles engaged in passenger and freight traffic.
 Protests against changing the name of South Twenty-fifth street and a petition asking that the change be made were referred to the committee of the whole for discussion Monday.
 The commission authorized the city clerk to have 1,000 copies of the ordinance providing rules of the road published for distribution.

Day Is Only Two Days Hence

In our gratefulness let us not forget the important duties of life; among them the duty we owe ourselves of getting everything our earnings entitle us to, the duty we owe our bodies of keeping them comfortable and the duty we owe society of better appearance. Here, in this live store, you'll find the combination whereby these important duties can be best performed. You'll find economy, value and quality here at lower prices than elsewhere in Omaha.

RED CROSS SEALS IN DEMAND

Allotment for Nebraska is More Than Doubled Over Last Year.

ARE NOW BEING DISTRIBUTED

Stamps Will Go on Sale Next Week and Mrs. Edholm Believes They Will All Be Disposed of Before January 1.

That far more Red Cross Christmas seals will be sold in Nebraska this year than last is shown by the fact that Mrs. K. R. J. Edholm, secretary of the Nebraska Society for the Prevention of Tuberculosis, has sent out over 200,000 of the 750,000 stickers allotted to her for distribution in this state.
 Last year not many more than 200,000 stamps were sold in Nebraska. The seals will be placed on sale next Monday, December 2. Mrs. Edholm says she expects to get rid of the entire allotment before the first of the year. Orders have come in from over half the agents to double the quantity they sold last year. Over 200 persons will sell the seals this year in Omaha.

Lectures in Christmas.

Not only are the Christmas seals in demand this year, but also the films, which are being shown by the Nebraska society. The demand for stock lectures has been great. This lecture carries with it twenty slides which are reflected on a canvas. Mrs. Edholm will go to Pender tomorrow night with 200 slides and deliver a lecture. There is such a demand for the stock lectures that Mrs. Edholm requests those who wish them should make application at once. The slides show how the infection takes place, how to avoid tuberculosis and the present-day measures of waging warfare against the dread disease.
 The motion picture houses over the state are scrambling for the best motion picture film, "Hope." The demand for the one which was issued by the General Film company was so great that a duplicate was turned out and will be used. One film is booked for every night until January 1. The second film is being billed

New Way Surely Stops

Scalp Itch and Hair Loss
 All who have tried tonics and "growers" for hair trouble know how useless they are. It has long been understood that the only solving of the problem is in proper cleansing and care of the scalp. But the difficulty has been the lack of effective material. The alkali in soaps irritates the scalp and leaves the hair faded and stringy. At last comes the angel of relief in the form of a new product made from the coconut and other vegetable oils, that give a most wonderful shampoo. It is known as Coconide. You simply dissolve a teaspoonful of this Coconide in a cup of hot water and shampoo in the usual way. The results are marvelous. The hair becomes wavy, fluffy and silken. All dandruff disappears and falling hair is immediately stopped. But the best part is the after-effect. The scalp is invigorated and the growth of the hair promoted. Any druggist has this Coconide in stock or will quickly get it from his wholesale house. A fifty-cent package is sufficient for ten or more delightful shampoos. But be sure you get only the real Coconide and not the inferior vegetable oil. There is nothing that is even similar in results.

SORE FEET, Corns, Callouses, Bunions, Frost Bites, Aching and Sweaty Feet. A spoonful of Calceide in the foot-bath gives instant relief. Get a 25c box at any drug store.

Applicant Shies at Bertillon System

The efficiency of the Bertillon system of identification employed in the United States marine service, caused one fellow to make a sudden leap for the door and fly for liberty when he applied for enlistment at the local marine recruiting station.
 "Never been in the service," said Smith as he applied for enlistment. His thumb prints were taken and the recruiting officers began to talk about sending them to Washington for comparison. Smith, as he called himself, began to grow nervous and eye the door. Just then Sergeant Essner, who had been observing the man from an adjoining room and had recognized him as a former marine kicked out of the service on account of flagrant misconduct, stepped out and facing the recruit said:
 "Didn't I see you before?"
 "The fellow made one dive for the door, thundered down the stairs and was gone."

Wharton Announces Holiday Schedule

Postmaster John C. Wharton has announced the following schedule for Thanksgiving day regarding the delivery of mails. The five, four and three-trip carriers will report so as to leave the main office at 8:30 in the morning, making one delivery only. The two-trip carriers will leave at 7:50 and make but one trip to include letters and daily papers only. Carriers at stations will report with the arrival of the first mails from the main office and make one delivery. General delivery, registry section, information bureau and stamp windows at main office and Union depot postal station will close at 1:00 o'clock. Electric cars will be operated on holiday schedules.

OMAHA LAD ENLISTS IN UNCLE SAM'S NAVY

C. E. Wilson, a native son of Omaha, has enlisted in the United States navy at the local recruiting station. He shipped as an apprentice seaman. Others who were sent to the training station at San Francisco were B. R. Jackson, Morning Sun, Ia., and George E. Spencer, Sioux City.

CAMPAIGN EXPENSES FILED

More Than \$6,000 Was Expended by Candidates in Douglas.

C. O. LOBECK HEADS THE LIST

List of Statements on File Do Not Embrace Those of Candidates for Constable and Deputy Assessor.

Campaign expenses of candidates in Douglas county at the recent election amounted to more than \$6,000. Expense accounts so far filed with the county clerk total \$15,000. Some are yet to be filed. The list of statements now on file, excepting those of candidates for constable and deputy assessors, is as follows. All moneys represented are for expenses in Douglas county alone, except that of W. B. Howard. His statement of \$480.00 is for his expenditure in the entire state. He had to file his statement here because Douglas county is his home:

LUSCIOUS STRAWBERRIES ARE GROWN IN NOVEMBER

Although Omaha is several degrees removed from the fruit belt of the tropics, the time seems to have come when strawberries thrive and ripen here, regardless of the season of the year. On Thanksgiving day, D. T. Beans of the Burlington tax department will eat strawberry shortcake, the filling being fruit of his own raising.
 Last summer Mr. Beans reached the conclusion that Nebraska has an ideal climate for raising strawberries in the winter. After his bed stopped bearing in the summer, he pruned and cut back his plants with the result that during every month since June, he has had fresh, ripe berries. When cool weather came on, Mr. Beans noted a large number of plants and took them into one of his outbuildings, placing them so that they got the warm sunshine of midday and the afternoon. Thus they kept right on blossoming and bearing. Mr. Beans has picked a full quart of large, juicy strawberries, and at the Thanksgiving dinner they will supply the filling for the shortcake.

SENATOR PERKY GREETED BY OLD OMAHA FRIENDS

Senator Perky, newly elected member from Idaho, passed through the city Tuesday enroute to Washington. At the Union station he was met by a number of Omaha people, who extended congratulations. Senator Perky was born and reared in Saunders county, near Wahoo, and graduated from the Nebraska university law department. For a couple of years, prior to 1905, he lived in Omaha, having law offices in the Barker block.

Commercial Club Backs Up the New Hotel Proposition

The Commercial club Tuesday got behind the movement for a \$1,000,000 hotel for Omaha by endorsing the organization of a company by thanking A. D. Brandeis and John L. Kennedy for donating the site at Eighteenth and Douglas streets, and pledging moral and as far as possible financial aid to the undertaking.
 G. W. Wattle, John L. Kennedy and A. C. Smith were members of the committee which presented the matter to the executive committee of the club. The following resolutions were unanimously and enthusiastically endorsed:
 Resolved, By the executive committee of the Commercial club of Omaha, that we appreciate the public spirited enterprise of Messrs. Arthur D. Brandeis and John L. Kennedy in presenting to the city of Omaha the valuable site for a hotel which is to be commensurate with the commercial importance of this city.
 Resolved, That we approve the plan proposed for the organization of a company to secure the necessary funds and erect a hotel on the site donated.
 Resolved, That all members of this club are requested to give to this enterprise their earnest support, and as far as possible, their financial aid.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Brogan of Wilkes, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For cough there is nothing that excels it." For sale in all druggists.—Advertisement.
