WILL ASK APPROPRIATIONS

State Historical Society Wants \$24,800 for Current Expenses.

THOMAS CALLS FOR \$169,000

Superintendent of Institute for the Feeble-Minded Sends in Estimate for Year—May Transfer Insane Patients.

(From a Staff Correspondent.)

LINCOLN, Neb., Nov. 28.—(Special.)—An appropriation of \$24,800 to meet current expenses of operation, is asked of the state legislature by the Nebraska state Historical society, in an estimate furnished by Secretary C. S. Paine to the state auditor.

Two years ago the legislature gave the society \$18,720, which was less than it says it needs. In addition to its former activities, the society now has a large zoological museum in its charge, recently donated by a citizen of Curtis.

Superintendent Thomas of the Beatrice institute for feeble minded, requests an aggregate appropriation of \$169,000 to finance that institution for the two years. He apportions the amount as follows: salaries, \$15,000; employees' wages, \$35,000; maintenance, \$30,000; repairs, \$25,000; boiler house, \$5,000; dairy, \$1,000. Two years ago the institute for feeble minded was allowed a total of \$168,000. Some of the items are the same this year, but others show a slight increase.

May Transfer Insane Patients. If the Board of Public Lands and Buildings extends its approval to the plan, thirty-six inmates of the insane asylum now will be transferred to the Beatrice institute for feeble minded, where the quarters are not crowded.

Dr. E. W. Williams, of the asylum, returned today from Beatrice where he inspected the available wards at the request of the board. He states that there are two empty wards there, each capable of accommodating twenty-six inmates. The rooms are large, well ventilated and clean.

He says there can be no hardship worked on the patients, as their new quarters will be much better than their own, since the facilities are greatly improved.

If the board decides to transfer a number to the Beatrice home, only those occasionally delinquent will be taken. Care will be taken that none will be transferred who might interfere either with the discipline of the home or the safety of the inmates.

Federal Road in Thomas County. Information has reached Governor Aldrich from W. L. Moore, acting secretary of agriculture, that a limited amount of road construction will be undertaken under the direction of the forestry reserve near Hilder, Thomas county.

says that a few miles of government road will be constructed near where it will be used by settlers and administering officers of the forest reserve. The sum of \$1,312.50 is available for a complete road system in what is known as the Halsey nursery.

Stout Given Judgment.

A verdict allowing John S. Stout, an Omaha attorney, practically all of the fee which he alleges was due him for three years' service as attorney for the Omaha, Lincoln and Beatrice railroad, was returned by the jury in Judge Cornish's court here yesterday. Stout asked for \$3,000 and was given \$2,900.

The jury went out at 5:30 o'clock Wednesday afternoon and returned with its verdict at 10:25 o'clock Thursday morning. With interest since 1909 the total amount of the judgment Mr. Stout will secure is \$3,494.33. Stout alleged that he had worked for the company for three years and received no compensation.

Requisition from Armitage.

A requisition has been granted by Governor Aldrich for the return of E. P. Armitage, arrested at Pekin, Ill., to Omaha, where he is wanted on a charge of passing a bad check for \$50. Armitage claimed to be a traveling man and collected on the representation.

Tax Money from Counties.

The state treasurer's office is now receiving daily large remittances of 1912 taxes from the county treasurers. Receipts now exceed disbursements and the general fund deficit has been reduced to about \$150,000. This will be wiped out by the first of the year, as the treasurer's office estimates.

Arguments Begun in Sneed Murder Trial

FORT WORTH, Tex., Nov. 28.—Arguments were heard today in the trial of J. B. Sneed, charged with the murder of Captain A. G. Boyce. Sneed had J. V. Cummins, the first speaker for the prosecution, opened in denunciation of Sneed, when little Georgia Beal Sneed, a 6-year-old daughter of the defendant, burst into tears. She was led from the courtroom. Sneed's daughters, aged 9 and 11, were at the trial for the first time.

Relatives and friends of the Boyce and Sneed families, both of which represent widespread business and social interests in Texas, were gathered in separate groups in the court room. Interest was intense in the final stages of the long legal struggle that grew out of Sneed's sensational dealings with problems raised by his wife's elopement with young Al Boyce.

SUFFRAGETTES RUIN LETTERS

Acids and Black, Sticky Fluids Poured into Mail Boxes. NONE DETECTED BY THE POLICE.

Militant Women in London and Suburbs Turn Ingenuity into New Channels in Carefully Organized Outrages.

LONDON, Nov. 28.—The ingenuity of the militant suffragette party has broken out in a new direction and in a manner likely to cause inconvenience and loss to thousands of persons. It took the form tonight of an organized raid on the pillar letter boxes throughout the city of London, in the west end and many of the suburbs, and also in several provincial towns, including Birmingham and Nottingham.

When the postmen went on their evening rounds to collect the letters they discovered in the boxes acids and black sticky fluids of various kinds, and in some cases inflammable material, such as rags soaked in paraffin.

As a result of this the addresses on the letters in a large number of cases were partly or wholly obliterated. The outrages were carefully organized. The method generally employed was the thrusting into the box of a long unsealed envelope containing an open bottle of fluid. Another method was to pour acids and varnishes into the boxes by means of India rubber tubing. In a few cases the contents of the pillar boxes were set on fire.

Not a single arrest had been made up to a late hour tonight, but police have been detailed to watch all the boxes.

West Point Cadets Off for Philadelphia

WEST POINT, N. Y., Nov. 28.—Ready for the game with the navy tomorrow the army foot ball squad consisting of fifty men, with Head Coach Captain Ernest Graves, his assistants and trainer, Harry "Futbill," left here for Philadelphia in a special train early today. The corps of cadets, headed by a band, marched to the station and gave the squad a rousing sendoff.

Cadets Larrabee, Coffin and Eisenhower were on crutches. The squad went without Herrick, the big guard, who was detained by his studies. Cadets McDermott, scrub quarterback, and Stiekney, substitute tackle, also had to stay back for the same reason, but all three will join the squad in Philadelphia this evening.

The corps of cadets, band and officers and civilian residents of the post will go on to Philadelphia tomorrow morning.

Brooklyn Trains Needs. ST. PETERSBURG, Nov. 28.—The fourth Russian Duma assembled today for the first time since the election, which began in September.

Paste Substituted for Stolen Jewels

DETROIT, Mich., Nov. 28.—A thief entered the home of C. F. York in this city last Sunday and stole a quantity of jewelry. The owner of the articles taken placed their value at \$3,000. Yesterday it was discovered the jewels were paste. Mr. York insists the thief made the substitution since the burglary, but the police believe the jewels were stolen once before and that the first thief to insure his escape put paste in place of the real gems.

A man giving the name of L. W. Hazray and describing himself as a waiter from New York, has confessed, the police say, that he took the jewelry from the York home, but says he did not change the stones. In fact he is much incensed at the way his chest was recovered. "I am certain the jewels never were stolen before," said Mr. York.
