be hoped that all the Busy Bees will be interested enough to elect two more rulers. Little Miss Helen Chase is a new Busy Bee and we are de-

lighted to have her write her stories for the page. There may be a time when she will be elected queen. Each queen and king are elected for a period of three months and little Queen Mildred White will reign until the first of the new year, when another will be elected. Mildred has been one of the most earnest writers for the Busy Bee and has written for many other papers.

Santa Claus will soop be here and the editor hopes that there will be several stories on the Christmas season for the page next week.
