### BONDS FOR NEW EQUIPMENT

Northwestern Railroad Makes Request of Commission.

### OFFICES MOVED AT STATE HOUSE

Many Changes Made in Preparation for Coming Session of Legislature—Martin First to File Bond.

(From a Staff Correspondent.) LINCOLN, Dec. 4.—(Special.)—The Chicago & Northwestern Railway company has made application to the Nebraska State Railway commission for authority to issue equipment trust certificates in the sum of \$10,000,000. The funds used are for the purpose of new equipment. These bonds are issued and taken up by an intermediary company, which issues the money to the railway company from time to time as it is needed to buy new equipment and the railway company pays off the bonds in ten installments of \$1,000,000 each.

The company also made application to the Wisconsin state railway commission in the same manner and an order was issued giving the company permission to issue the bonds.

## Insurgent Woodmen Celebrate Victory

HASTINGS, Neb., Dec. 4.—(Special.)—With an open jollification meeting in Knights of Pythias hall the insurgent Modern Woodmen of Hastings and other nearby towns last night celebrated the victory won Monday night, when a restraining order was secured in the district being up the increased insurance rate of the Modern Woodmen of America until March 15, 1914.

About 500 persons were present. The attendance of delegations from a number of central Nebraska towns and the messages of congratulation received from many other Woodmen lodges made the meeting one of statewide importance.

Speeches reflecting the jubilation of the insurgent Woodmen over the legal victory were made by E. L. Smith of Springfield, Ill., who had charge of the Illinois injunction litigation and who assisted in the trial of the Nebraska case; Charles W. Lyon of Des Moines, who had charge of the Iowa litigation and who also assisted in the Nebraska suit, and M. L. Corey of Clay Center, chairman of the local committee of the Nebraska insurgents and chief counsel in the suit tried here. The men explained to the Woodmen that the court's order gives to the membership in this state every protection that can be desired until March 15, 1914, and after that time, if for any reason the Illinois injunction should be dissolved, the insurgents can apply to have the temporary order made permanent. The insurgents are confident, however, that the new rates are effectively dead until the whole matter can be properly reviewed by another head camp acting with full authority from the membership.

## NOTES FROM BLOOMINGTON AND FRANKLIN COUNTY

BLOOMFIELD, Neb., Dec. 4.—(Special.)—J. J. Staub, who has been in the clothing business in Franklin for the last eight years, has disposed of his large stock to the Harrington Mercantile company of Pawnee City. It will move the stock to that place this week. Mr. Staub gets a quarter section of land in the trade. He expects to move to southeastern Kansas, where he will establish another clothing store.

Franklin is considering a chaqueta program for next summer and there is every prospect that the project will carry. For the present the matter has been left in the hands of a committee consisting of R. P. Galt, Prof. M. M. Newcomb, A. R. Peck, J. H. Betzel and George Austin.

Alex. Bertrouche, who lives east of Bloomfield, harvested over 250 bushels of fine onions from less than one-third of an acre. These were marketed at \$1 per bushel.

The corn crop in Franklin county is unusually heavy, some fields exceeding fifty bushels per acre. Due to the low price of corn many farmers are buying stock and will feed their product rather than sell it at what they consider unprofitable figures.

The Persistent and Judicious Use of Newspaper Advertising is the Road to Business Success.

Senate Good Enough for Hoyt. Samuel Hoyt of Gordon has issued a circular, which has been received at the state house, in which he calls upon the lower branch of congress to vote itself out of existence. He claims that the United States senate is competent to make any laws necessary and the president should endorse them. He says that the abolition of the lower house of congress would save the country \$5,000,000. He further suggests that three senators be elected from each state and that the country be divided into three districts, with a senator from each district, which would make a body of 144 senators, making a gayer and more stable form of government. With such a condition "we can trust in God, the president and the senate to enact just laws for all."

Martin Files Bond. The bond of Attorney General Grant Martin is the first of the state officers' bonds to be filed with the secretary of state. It is for \$50,000 and is in favor of the American Surety company of New York.

Printing of the house bills and senate files has been awarded to the State Journal company of Lincoln for the coming session of the legislature.

Lodge Pole Defeats Potter. LODGE POLE, Neb., Dec. 4.—(Special.)—The Lodge Pole High school basketball team opened its season by defeating the Potter team 51 to 2.

## ONE OF NEBRASKA'S REALLY GREAT CITIZENS.

Pie Biter Long For Word of Hope From Morehead

(From a Staff Correspondent.) LINCOLN, Neb., Dec. 4.—(Special.)—Deep gloom has settled over the faces of democratic patriots who have been looking with longing eyes toward the pie counter ever since election for the announcement sent out that Governor Morehead would not make appointments until after he has been inaugurated does not seem to sit very well and many head shakes are in evidence all along the line. "The longer he waits," said one tried and true patriot, "the more trouble he will have, and if I am going to be appointed to the job I want, I want to know it, for I don't propose to sit around all this time and then possibly lose out entirely. If I could know I was not going to land on this proposition, I could try and pull a few wires for something in the legislature, and I don't think the old man ought to keep us waiting."

Who will be who seems to be a proposition that few care to make a guess, although it has been hinted that A. M. Morrissey, democratic candidate for attorney general, will be private secretary to the new governor, with Leo Mathews as chief clerk. Others predict that Morrissey would not take the position, but that Mathews was slated for the job long ago in the event Morehead was elected. Mathews was chief clerk under Governor Shallenberger and was promoted during the latter part of the governor's term. Mathews is secretary of the democratic state committee, a position he has held for two campaigns.

## HARLAN SHERIFF IS SUED FOR USE OF AUTOMOBILE

ALMA, Neb., Dec. 4.—(Special.)—Sheriff T. W. Carrol of Harlan county is sued, together with J. A. Brown, for the sum of \$120 by John Wing for the use of an automobile in Nebraska and Kansas in a chase after Robert Whitford, who had stolen a team of horses from Mr. Brown's livery barn. Sheriff Carrol caught the man in Oklahoma after a chase through two states, and at the last meeting of the county board the following bill was allowed Sheriff Carrol in the case: State against Robert Whitford, warrant \$233.30. This week suit was started by Mr. Wing against the sheriff for auto livery and the hearing will be held before the county judge at 10 o'clock Saturday.

## GOVERNOR ALDRICH PLACES NEW AMENDMENTS IN FORCE

(From a Staff Correspondent.) LINCOLN, Neb., Dec. 4.—(Special.)—The five amendments to the state constitution voted upon and passed by the voters of Nebraska are now a part of the constitution of the state. Governor Aldrich has issued a proclamation to that effect.

## Colfax Institute is Success.

SCHUYLER, Neb., Dec. 4.—(Special.)—The first day of the Farmers' institute was a pronounced success. The attendance was most gratifying, there being
