if the chill air causes your skin to dry and scale or become unduly red or spoated, before you go to bed spread a thin layer of ordinary mercolined wax over your entire face. Remove next morning wife warm water, This is the ideal complexion treatment for the winter girl. The wax gentry absorbs the dead particles of surface skin, so gradually there's no sincomfort. This gives the underlying skin a chance to breathe and to show itself. In a week or so the new and younger skin wholly in evidence and you have a really matchless complexion. Naturally all its defects disappear with the discarded cuticle as chaps, roughness, blotches, primples, freekles, binckheads, sallowness. If sually an ounce of mercolized wax, promurable at any drug store, is enough to genovate even the worst complexion.

Wrinkies need bother you no more if you'll use this simple face wash: Pow dered saxolite, I or, dissolved in witch hazel, by J. Just one application will affect even the deepest lines, and soon your skin will be smooth as a child's.
