## FOR INSURANCE LEGISLATION

Old Line Companies Seek to Shut Off New Competition.

**TROUBLE FOR THE FRATERNAIS**  
Attempt to Be Made to Pass a "Mobile Bill" to Apply to Orders Doing Business in State of Nebraska.

Insurance men look for the coming session of the Nebraska legislature to be one most notable from the standpoint of insurance legislation.

"There will be bills introduced looking toward restricting the organization of more life insurance companies in the state," said an insurance man. "The larger old line companies are anxious to choke efforts to organize more competing companies in the state, and to that end will try for legislation that will make organization of new companies more difficult."

It is believed an effort will be made by the old line companies to get a bill through corresponding to what is known as the Mobile bill, bringing fraternalism up to the same rate as old line insurance and putting the rates to the same basis. Fraternal insurance companies will oppose it.

The Modern Woodmen of America is expected to hold the center of the stage in the legislature for a time until its troubles are thrashed out. The insurgent Woodmen of the state will introduce a bill providing that fraternal insurance rates cannot be increased except by a referendum vote of the members of the order.

**"THE GREATEST KIDNEY REMEDY ON EARTH" SAYS A GRATEFUL WOMAN**  
I want to tell you how much good your Swamp-Root did me. About four years ago I suffered from what the doctors called fistula and for two years of that time I endured what no tongue can tell. I also had inflammation of the bladder and I tried doctors' medicines without receiving any help. Someone told me about Dr. Kilmer's Swamp-Root. After giving it a thorough trial, I received relief, so kept on using it and today I am a strong and well woman. If I ever feel badly or out of sorts, I take Swamp-Root and it always straightens me out. I honestly believe that this medicine would cure all troubles you recommend it for and it is a pleasure for me to send my testimonial and photograph to you. I think Dr. Kilmer's Swamp-Root is one of the greatest medicines on earth.

Respectfully yours,  
MRS. JOHN BAILEY,

## MICHAEL J. YOUNG ON STAND

Another Member of Ironworkers' Board Denies All Charges.

HE CONTRADICTS McMANIGAL

Alleged Promoter of Explosions in Eastern Cities Says He Knew Nothing of Payments to McManigal.

INDIANAPOLIS, Ind., Dec. 10.—Accused as an active promoter of explosions in eastern cities, Michael J. Young, Boston, testified in his own behalf at the "dynamite conspiracy" trial today that he never participated in the McNamara plot.

Young, a member of the Ironworkers' executive board, is charged with approving the appropriation of \$300,000 to John J. McManigal for dynamiting purposes. He also was directly named by Orrie E. McManigal as personally having pointed out nonunion jobs to be blown up.

McManigal said when he caused an explosion in a new opera house in construction at Boston, in March, 1909, Young met him and showed him where to put the explosive. On another trip east, McManigal said Young met him in Springfield, Mass., in April, 1910, and arranged for the dynamite to blow up the tower of the Springfield municipal buildings.

Numerous letters between Young and McManigal were produced for explanation by Young.

"Did you ever point out to McManigal a spot in the opera house in Boston and say: 'Put a shot in there and blow it to hell'?" asked attorneys for the defense.

"I did not," answered Young. "I never talked to any one about blowing up any place and never saw dynamite in my life."

Contradicts McManigal.

Young said he was with John J. Roberts, a contractor, on March 27, the day of the opera house explosion. He also denied having participated in the Springfield explosion. All the circumstances of taking a drink with McManigal and of sending him \$50 in care of Frank C. Webb, New York, as a present after the Boston explosion, as related by McManigal, were denied by Young.

Shown cancelled \$1,000 checks payable to McNamara and marked "By order of the executive board," which the government charges enabled McNamara to carry on a "dynamite campaign" on non-union jobs extending from Boston to Los Angeles, Young said he did not learn McNamara received that money until after the latter's arrest.

Concerning a meeting of himself, Frank M. Ryan, president of the union, John T. Butler, vice president, and Frank J. Higgins, New England organizer, at Hartford, Conn., shortly after the Springfield, Mass., explosion, Young testified it had nothing to do with any explosions, but was called because "a member was in trouble."

"It was within a week after the Springfield explosion that you met at Hartford. As iron workers did you discuss the date?" asked District Attorney Miller on cross-examination.

"Not a word was said about it."

"All the newspapers had accounts of the explosion and yet you say not a word of it was mentioned between you, Ryan, Butler and Higgins?"

"No, we did not discuss it."

Asked about a letter he wrote to McNamara, enclosing clippings from a Springfield newspaper, Young said he could not recall what the clippings were.

Evades Direct Answers.

"Did you read President Ryan's statement after McNamara's arrest charging that officers of the Iron Workers' headquarters and that McNamara had been kidnapped to California and you approved of it, didn't you?"

"I can't say I approved of it," answered Young.

Young said he read about explosions at Fall River, Somerset and Holyoke, Mass., in 1908, and at Worcester, Mass., in 1910.

Asked again about the Hartford meeting, Young explained that a member had demanded money from McNamara, threatening to give information to Walter Drex of the National Erectors' association.

He said the union officials were called to Hartford to investigate it as the man named "Tim" Dowling had written to McNamara that "He had the goods on you."

WASHINGTON, D. C., Dec. 10.—(Special Telegram.)—Senator Hitchcock and Representative Lohbeck are "hearing from home" with reference to the South Omaha postoffice, which by recent departmental order was made a substation of the Omaha office. Some patrons of the office are expressing very freely their dissatisfaction over the change and demand that the order be rescinded, but the larger and more important business men of the two cities endorse the move. The protests are being referred to the department.

## Church Trust Asked For Triple Damages

WASHINGTON, Dec. 10.—A case probably unique in the annals of the supreme court of the United States, under the Sherman anti-trust law, was argued before that tribunal today when a "trust" in church and butter workers was asked to pay threefold damages, or more than \$100,000 on a charge of driving a competitor out of business.

D. E. Virtue and his Owatonna Packing Mill company of Owatonna, Minn., are seeking the damages. The Creamery Package Manufacturing company and the Owatonna Manufacturing company are the corporations charged with monopolizing the creamery supplies trade. The Creamery Package Manufacturing company has plants in Mankato, Minn.; Mason City, Ia.; Elgin, Ill.; Lexington, Mo., and other places.

Only once before, in the Danbury hat-trust case, has the court been called upon to consider the section of the Sherman anti-trust law, giving an aggrieved competitor threefold damages for an injury because of a "trust." The churn case is distinguished by a complicated patent question.

## Ministers Appointed Special Officers

LOS ANGELES, Dec. 10.—Six clergymen are on the rolls of the police department today as special officers. They wear stars and are empowered to make arrests. Their special duties are the enforcement of the juvenile laws and the regulation of dance halls.

The minister-policemen are members of the juvenile protective league. They have been commissioned not only to safeguard the young and prevent the exploitation of girls, but to arrest and prosecute parents who neglect their children.

## White House Cow Endangered by Fire

WASHINGTON, Dec. 10.—(Special Telegram.)—A fire last night entirely destroyed a barn on the William Galloway farm together with contents. Forty-five tons of hay, thirty-five calves valued from \$35 to \$100 each of Holstein and Ayrshire breeds were burned in the barn. Nearby were cattle valued at thousands of dollars including a cow valued at \$500 which Galloway had presented to President-elect Wilson, and kept in a fireproof barn on this farm until shipped to Washington next March.

## Gibson Hotel Burns; Stores Endangered

CINCINNATI, O., Dec. 10.—The six-story Gibson hotel in the center of the city's commercial district is burning. A general alarm has been turned in, but it is not thought the hotel can be saved. It is not believed any persons are in the building. Unless the fire is controlled some of the biggest jewelry and clothing stores in the city are in danger.

## MOTHER OF NINE CHILDREN IS BURNED TO DEATH

GARY, Ind., Dec. 10.—Mrs. Aaron Olson, wife of a manufacturer and mother of nine children, was burned to death and her 15-year-old daughter Alma and Benjamin Schuster, a neighbor, 20 years old, were painfully burned today in attempting to extinguish the flames. Mrs. Olson was doing some cleaning with gasoline when her clothing became ignited.

Doubt is expressed by officials here that the order will be changed as it is in line with the policy of the department, and was made with the sanction of many important citizens in the region affected.

## AUSTRALIA IS AFRAID OF AMERICAN TRUSTS

MELBOURNE, Australia, Dec. 10.—A monopolies bill was passed through its final stage in the House of Representatives of the commonwealth of Australia today by a vote of 41 to 26. The measure gives the government of the commonwealth power to legislate in regard to trusts, combines and monopolies. The government recently found itself in the grip of the international steel trust when making a purchase of rails and it was also concerned over the alleged intention of the "American beef trust" to get the trade of Australia into its hands.

It is probable that Chicago will be the point of delivery and that charitable organizations there will distribute the produce. Local railroad officials are endeavoring to arrange for free transit for the train.
