Real Estate Men to Get Into the Game and Boost Nebraska

President Byron Hastings of the Real Estate exchange appointed George G. Wallace chairman, H. A. Scott, A. J. Creigh, F. W. Shotwell and Frank Leslie members of a committee to advertise Omaha and Nebraska and work with the legislative committee of the exchange in securing from the next legislature an appropriation for state advertising.

After an enthusiastic talk on Nebraska as an agricultural and manufacturing state, comparing it with the best and showing it ahead of many states which are recognized because of publicity as leaders in those lines, George G. Wallace recommended a state publicity bureau and laws to protect the fruit of Nebraska with proper legislation.

George I. McNutt of the Katy railroad, who lives in Kansas City, told of his observations of Nebraska's agricultural resources from car windows and deemed them the best in the union. H. F. Dalley, a visitor from Seattle, also was impressed with the spirit of pride in Omaha and Nebraska, and George Payne, who deals in New York state lands, concluded the addresses of home admiration by placing Nebraska property above them all.

The business of the session consisted of the annual report of Treasurer Slater and a resolution inviting Myron West of Chicago to talk to the exchange on city planning.
