

SPRAGUE MAN IS LET OUT

Allows Case for Resisting Officer Go until Costs Run High.

GOVERNOR WILL PARDON HIM

Friends Raise Hundred Dollars for Him, Which Will Be Accepted in Lieu of Big Sum that Has Accumulated.

From a Staff Correspondent. LINCOLN, Dec. 22.—(Special.)—Governor Aldrich will begin Christmas week with a pardon for Jack Heutgenbach of Sprague, who a long time ago was arrested for resisting arrest in that town and fined \$5 and costs. The case was carried to the district court and then to the supreme court where it has lingered along for some time because the appellee could not raise the money to have a brief printed.

After waiting until it is presumed that the court did not care to delay any longer the case was affirmed and sent back to the lower court for execution. By the time the original fine had grown in court costs to something like \$50, and as Heutgenbach was not able to pay, Captain Attorney Strode of Lancaster county issued a capias for his arrest about a week ago. The officers chased Heutgenbach several miles in an automobile before he was captured, and landed in the county jail.

Friends of the prisoner at Sprague interceded with the county attorney for his release on account of the condition of his family, which consists of a wife and seven children, and after a conference with the governor Saturday afternoon, the prisoner was released on the payment of \$100, which was put up by friends and Monday morning Governor Aldrich will make out a pardon or commutation of judgment which will free Heutgenbach from payment of the balance and make him a free man.

Population in Lincoln.

According to the 1912 city directory, which is now in process of being printed, the population of the capital city, including its suburbs, will be 72,300. The 1910 census gave Lincoln 67,971, not including the suburbs. There are 23,126 names in the 1912 directory, which with the usual custom multiplying by two and one-fourth to reach the married woman and children not listed, makes the population the above figure. Counting out the suburban names which the 1910 census gave a population of 4,254, would leave Lincoln at the present time with 68,622.

Want Reformatory.

Warden Melick of the state penitentiary will recommend to the governor that the legislature provide funds for fixing up a reformatory for prisoners who are of tender age or do not show a vicious disposition in order to keep them from coming in contact with the old-timers and those who would endanger the future lives of those who have a short time to serve for minor offenses. He would convert the east cell building, with the dining room, into an intermediate prison, keeping the inmates segregated from the other portion of the prison. He would erect a two-story dining room in the prison yard, the upper story to be used for a dining room and the lower story for a hospital, which is greatly needed.

Agricultural Hall Desired.

The Board of Agriculture will seek an appropriation of the legislature for the building of an agricultural and horticultural hall on the fair grounds just south of the present new machinery hall. This is a vacant irregular one, being 300 feet long from east to west, 300 feet from north to south and 100 feet the other way. Secretary Melick says that the board will not ask for an elaborate building with plenty of ornamentation, but just a plain building which will be a permanent affair. It is the policy of the board, and has been in later years, to build permanent buildings, so far as they go, even if a building has to be put up a portion at a time. Many of the old buildings have for years been practically useless, except to keep off the sun, and the repairs each year to make them rainproof so that the

Pure Food Law Broken.

"Because of lack of funds to prosecute those who break the law, the pure food law of Nebraska is broken with impunity," said Food Commissioner Neils P. Hansen at a meeting of the Lancaster County Medical association last night. Mr. Hansen spoke at some length upon the subject of food adulteration and the members of the association joined in the discussion. Dr. H. Winnert Jr. of Lincoln said that the state owed a great deal to the food commissioner for his unceasing efforts to protect the people of the state from impure food products. Senator-elect C. C. Quiggle of Lancaster county discussed the employers' liability law at the same meeting, the physicians being especially interested in it on account of the direct bearing upon the conservation of health of the working classes.

Maggi on Pardon Board.

Secretary E. G. Maggi of the pardon board, when asked last night what he had to say regarding the letter written by Judge Westover, assailing the board and demanding its abolition, said: "There are several things which Judge Westover does not know regarding the workings of the Board of Pardon. There are always two sides to a controversy of this kind, and in a day or two I will answer the manifesto of my friend, Westover with some facts regarding some of the matters which he evidently thinks he knows, but which his commission shows are drawn from his own conclusions, without an investigation into the real facts in the case." In a communication to the press Judge Westover criticized the recommendations of the board and the acts of the governor, and Mr. Maggi believes that the public would like to know something of the matter and will prepare a statement for publication touching upon the matters of which Judge Westover writes.

PRISONER BREAKS OUT OF TABLE ROCK JAIL

TABLE ROCK, Neb., Dec. 22.—(Special.)—W. H. Donaldson, blacksmith in this place, who has been here for the last three or four months, took a sudden notion to leave town on Thursday last, having sold his goods the evening before, and took an auto with his family for Pawnee City, where he expected to catch the Rock Island for Fairbury, his former home. He was indebted to Z. A. Hickman of the Marble hotel in the sum of \$5, and papers were at once made out and a warrant issued for his arrest. He was captured at Pawnee City at about noon by the marshal of that place and returned here for trial. He was tried by a jury yesterday before Justice M. H. Marble and found guilty and sentenced to twenty days imprisonment in the county jail. He was placed in jail here for safe keeping, from which he escaped last night and no trace of him has been discovered. It is generally thought he had assistance from outsiders.

DEATH RECORD

Mrs. Jona Spencer Miller. CHADRON, Neb., Dec. 21.—(Special.)—The funeral of Jona Spencer Miller, widow of the late John W. Miller, was largely attended by members of the Grand Army of the Republic and Women's Relief corps here today. The services were at the residence of her son, Richard Miller. The only other child, Mrs. Tilly Miller Roseburgh of Douglas, Wyo., was in attendance. John W. Miller had served in both the Mexican war and the war of the rebellion, and with his wife is laid to rest in Greenwood cemetery.

Mrs. J. C. Peterson.

Dr. John E. Simpson received a message from his wife yesterday stating that her mother, Mrs. J. C. Peterson, had died at Pocatello, Idaho. The body will be brought here for burial and will leave Pocatello tomorrow. The funeral services will be announced later. Mrs. Peterson was an old resident of Omaha.

Mrs. Susan A. Dillon.

KANSAS CITY, Dec. 22.—Mrs. Susan A. Dillon, who was the first white child born in the territory, now included in the state of Kansas, died here today, aged 85 years. She was born at an Indian trading post near the site of the

old Shawnee mission, now a part of Armourdale, Kan., a suburb of Kansas City.

Mrs. Dillon's father, Daniel Yoachum, conducted the old Westport tavern at Westport, Mo., now a part of Kansas City.

Gotham Police Try to Block Inquiry by Aldermen

NEW YORK, Dec. 22.—"If necessary we will back a van up to police headquarters and take all the records we wish to examine and bring them down to the City Hall," declared members of the aldermanic committee which is investigating New York police affairs, after a meeting last night at which it was charged that the police were trying to obstruct their investigations. "We will sit all night to examine these records so that Police Commissioner Waldo may have use of the documents in the day time," the state continued, "but we will have the records that we want."

It was declared that when the committee visited headquarters yesterday it was checked at every step by "silent treatment," none of the officials volunteering information.

"If you want anything, subpoena it," Deputy Police Commissioner McKay is quoted as replying to the committee's inquiry. During the aldermanic investigations the names of eighteen police officers, including two captains, seven lieutenants and six detectives have been directly accused by witnesses.

Sailors of Fleet to Join in Purchasing Gift to Miss Gould

NEW YORK, Dec. 22.—A unique wedding gift for Miss Helen Gould, whose engagement to Finley J. Shepard was recently announced, will come from the more than 20,000 men of the warships of the Atlantic fleet. It became known today that Rear Admiral Osterhaus, in a letter which he wrote at the request of a number of chief petty officers and signed simply with his name and not with his rank as a naval officer, suggested to the men of the fleet that they unite in a subscription for the purchase of a gift which would convey "their appreciation of what Miss Gould had done for the service."

The limit of an individual subscription was placed at \$5 cents. The officers of the fleet are to have an opportunity to join in a gift to Miss Gould through the taking of a separate subscription. No decision as to the nature of the gift has as yet been reached. It is understood that Miss Gould has long been interested in the welfare of the enlisted men of the navy.

Mr. Shepard, Miss Gould's fiance, arrived here today from St. Louis, his headquarters as Missouri Pacific official having been transferred to this city. No date for the wedding has been fixed as yet, he said.

WANT LAND FOR THE STATE

Plan to Increase Size of Farms at Public Institutions.

IS BIG AID FOR INEBRIATES

Iowa Roads Adopt New Policy with Respect to Legislature and Will Do Their Lobbying Out in Open.

From a Staff Correspondent.

DESS MOINER, Ia., Dec. 22.—(Special.)—A demand will be made on the legislature next month for an appropriation to be placed in the hands of the State Board of Control to be used in buying land at the various state institutions. Already there are large farms in connection with practically every one of the institutions. These have all proved profitable to the state. Especially are those valuable in connection with the insane hospitals, the Feeble-Minded institute, the boys' school and the inebriate institution. At the latter institution, which is located at Knoxville, there is demand for at least \$75,000 with which to purchase additional land. This year the farm products for that institution aggregated about \$23,000. There are now 700 men at the hospital, the largest number on record, and the number is increasing as the value of the institution becomes better known.

Under the new superintendent the institution has become a real force for the cure of victims of drugs who are sent there in order to be kept in the hospital for various industries, and rock crushing is one of the diversions of the institution. It is expected that a brick-making plant will be opened. But in order to get best results it is desired that a large farm be provided. There is also desire for additional land both at the state prison and the state reformatory, as good results have followed the purchase of land adjacent to these institutions. The effort is being made to organize for various industries, and rock crushing is one of the diversions of the institution. It is expected that a brick-making plant will be opened.
