WILSON ENTERS '79 HALL

President-Elect Sees Old Room First Time in Two Years. LEADS REPORTERS MERRY CHASE Takes Five-Mile Walk and Ends Up in Precincts of University Which He Rules to Long. PRINCETON, N. J., Dec. 23.—President-elect Woodrow Wilson became "President-Wilson of Princeton University" again today, but only for a few minutes. After a five-hour walk through Princeton, during which the governor acted as guide for half a dozen correspondents, he turned into Seventy-nine hall, a dormitory, donated by the class of 1879, of which he was a member. "By virtue of the fact that the governor of New Jersey is ex-officio president of the board of trustees of Princeton university, I suppose it is still proper for me to go in here," said Mr. Wilson, with a laugh, as he led his retinue up a flight of stairs. At the entrance to the suite of rooms in the dormitory, which were especially fitted up for the president of the university, he paused. "I still have the key," he remarked, as he drew forth a bunch of keys from his pocket, opened the big oak door and turned on an electric light here and there. The big room from which Woodrow Wilson once ruled Princeton university was vacant. The furniture had been moved out and the rugs were gone. The handsome carvings on the walls, the oil fireplace and the decorations, however, were intact. Since Mr. Wilson resigned from Princeton to become governor all the offices of the university have been grouped in Nassau hall. "It was the first time the former president of the university had seen his old office in two years. The governor walked briskly through the rural vicinity of Princeton, swinging a black cane. He pointed out places of interest with the air of an old-time resident. During the coming week Governor Wilson will be, for the most part, at the state house in Trenton, where he has conferences scheduled with Speaker Clark, Congressman Underwood, Senator Hoke Smith and a number of other democratic leaders in congress. He heard with regret of the illness of Mr. Underwood, he said, and expressed the hope that the indisposition would be but temporary.

Kansas City Beef For Christmas Tables

Council Bluffs people are to enjoy the pleasure of eating the finest Christmas beef that was perhaps ever sold by the local butchers. It is the product of Black Polled Angus and Shorthorn steers, cornfed, and all 2-year-olds, cattle that constituted export stock and brought the highest market prices. Two carloads, comprising 60,000 pounds, constitute the supply. All of the meat was sold by one man, representing one firm, and although the butchers were perhaps not aware of the fact at the time they gave their orders, the sale represented something of a fight against the South Omaha packers, who have supplied this market practically without competition. The record-breaking sales were made by L. Walter, a Council Bluffs man, a salesman for the Sulzberger & Sons Packing company of Chicago and Kansas City.

CAPTURE FEDERAL GARRISON

Refugees Reaching Juarez Tell of Slaughter of 250 Troops. WERE DEFENDING ASCENCION General Salazar Commands Rebels Who Are Forming at the Captured Town Where Government Troops Are Holed. EL PASO, Tex., Dec. 23.—Refugee federal soldiers arrived today at Juarez to report that 250 federal irregular troops garrisoning Ascencion practically were annihilated Wednesday when rebels attacked the town, about seventy-five miles southwest of Juarez. The attack was made shortly after midnight and fighting continued only a few hours. The garrison commander reports by letter to General Tracy Aubert at Juarez that he knew of only fifteen of his men escaping besides himself. He is hiding at a ranch, he writes. The fate of 150 federal regulars at Guzman, nearby, is not known, but it is believed that the town was taken by rebels before Ascencion. The rebels are commanded by General Ines Salazar. The revolutionists are reported as mobilizing at the captured town, General Jose Blanco with 500 federal troops is moving against Ascencion from the Casas Grandes district to the south. A train bearing 80 regular cavalry of the Seventh regiment arrived tonight at Juarez from Chihuahua City and will proceed early tomorrow against the rebel mobilization. A battalion of regular infantry also, it is said officially, is moving from the west of Durango, forming a pocket in which it is hoped to trap the rebel force, which the federals now admit numbers some 1,000 men. Rebel agents in El Paso declare that General Pascual Orozco, Jr., is in the field with an army of more than 2,000 men. American Negroes Attacked. MEXICO CITY, Dec. 23.—A colony of American negroes, located twenty miles west of Durango, is reported to have been attacked by a band of rebels. Two of the defenders, according to the report, were wounded and a number of women mistreated. The rebels sacked the place.

County Prisoners Are Transferred To New Quarters

Transfer of prisoners from the old county jail to the new one in the court house was made yesterday and 108 men and women were assigned to new quarters. The prisoners were carried in the patrol wagon, escorted by a heavily armed band of deputies. At noon all had been removed from the old eleventh street jail and were comfortably established. The first meal was served them from the new kitchen, and by way of celebration extra rations were given them. Just before the "trusty" prisoners were locked up they organized a "kangaroo court." Every prisoner was ordered to do his duty in the matter of keeping the jail clean and orderly and those failing will be punished by the court. The first case was called at 5 o'clock, when Deputy Mike Wallace and Ed Cassidy were charged with carrying concealed weapons. Both pleaded guilty and were fined one package of granulated tobacco and cigarette papers for each male prisoner. The fines were paid at once and the accused deputies were released from custody.

Chinese Slave Girls Secured by Raiders

SAN FRANCISCO, Cal., Dec. 23.—After threading a labyrinth of dark passageways, battering down two heavy doors, and finding themselves blocked by an impassable steel barrier, Captain Frank Alnoworth and a squad of United States immigration inspectors found four Chinese slave girls early today, immured in an improvised prison, formerly used for a gambling house. The raiders were brought to a standstill by the steel door, but found a passageway, entered through two secret panels, which led them to the room where the girls were concealed. Lay Tee, a Chinese of local prominence, was arrested on a charge of having harbored the women. The raid is the second within a week, the inspectors and police having received their information in each case from the same secret source. It was learned today that since the raid the price of slave girls has risen and that as high as \$4,000 apiece is being offered for women.

CASTRO DODGES DETECTIVES AND LEAVES FOR NEW YORK

PARIS, Dec. 23.—The Matin prints an amusing account of the adventures in Europe of Cipriano Castro, the ex-president of Venezuela. When he arrived at Antwerp he found twenty detectives waiting for him. These dogged him with varying luck to Brussels and thence to Paris. The ex-president eluded the detectives several times with great astuteness. When he arrived in Paris he thought he had managed to conceal his identity, but soon afterwards he became involved in a quarrel in a cafe and demolished considerable crockery with his cane. The police were called in and Castro's identity was disclosed. It is believed Castro came to Paris for the purpose of fomenting an insurrection in Venezuela, but finding that he was not successful in this decided to go to the United States. Castro is aboard the steamer La Touraine, which sailed Saturday for New York.

AUTOMATIC PARACHUTE MADE FOR USE OF AVIATORS

PARIS, Dec. 23.—An ingenious automatic parachute for aeroplanes was demonstrated today from the Eiffel tower today. The contrivance, which consists of a vast umbrella, forty feet in diameter, is spread by a system of springs operating instantaneously and automatically directly the fall begins. The parachute was dropped today from the first platform of the tower with a sandbag to represent an aviator. The apparatus opened fully before it had fallen sixty feet. It landed gently, taking sixteen seconds to drop 150 feet.

Pickpockets Get \$175 in One Day

Again the dexterous pickpocket gangs which have been operating with remarkable success during the last two weeks, have reaped a harvest. Yesterday J. Saunders of Shiley, Neb., was "crowded" on a street car en route to the depot. When he disentangled himself he discovered that his purse containing \$115 had been taken. He reported the affair to Officer Thrasher and the matter was recorded in the record book at police headquarters. Another victim of pickpockets reported the loss of \$65 to the police, giving good descriptions of the thieves. He refused to divulge his name, but promised to make an attempt to identify the men should they be arrested.

TURIN, Dec. 23.—The violent earth shocks occurred today at Messina and Reggio di Calabria, Italy. The disturbance caused a great panic, although there were no casualties. The material damage was small. The shocks lasted from eight to ten seconds. The first shock was so violent that the earth seemed to open. It could be compared with the awful earthquake in 1908.

COUNTRY'S FOREIGN TRADE WILL BREAK ALL RECORDS

WASHINGTON, Dec. 23.—The foreign trade of the United States in 1912 will exceed all previous records. Figures just compiled by the bureau of statistics, Department of Commerce and Labor, indicate that the imports of the year will approximate \$1,500,000,000 against \$1,365,000,000 in 1911, which was the former high record year for imports, and that the exports will aggregate \$2,400,000,000 against \$2,092,000,000 in the former high record year for exports, 1911. The calendar year will break all records in the value of both imports and exports. The increase in imports occurred especially in manufacturers raw materials, which for the ten months for which figures are available amounted to \$223,573,088 against \$213,365,275 in the same months of last year. The increase occurred especially in hides and skins, which show a gain of \$2,000,000; rubber, \$10,000,000; wool, over \$10,000,000, and fibers, \$10,000,000. In foodstuffs imports of coffee showed an increase of \$31,000,000 and sugar, \$22,000,000. Imports of cotton for the eleven months of 1912 amounted to \$541,000,000 against \$440,000,000 for the same months in 1911. Wheat exports for the period probably will amount to about 100,000,000 bushels, exceeding by about 20,000,000 the record of last year.

PULPITS JOIN IN PROTEST AGAINST WIDE OPEN ORDER

CHICAGO, Dec. 23.—Protest from almost every pulpit in this city was made today as a result of Chief of Police McWeney's order that cafes might sell liquor until 2 a. m. New Year's eve. Clergymen of denominations predict a saturnalia. A weekly ball introduced by a hotel in the theater district also came in for ministerial attacks. Champagne is the only drink sold at the ball, evening dress is required and the gaiety is said to be extreme. Mayor Harrison has announced that he would investigate the dances.
