MOHLER OVER THREE LINES

Larger Powers Expected to Include
U. P., Short Line and O. & W.

KRUTTSCHNITT TO THE S. P.

This is Way Railroad Men Map Out
the Situation, Saying Union
Pacific is Impregnable
with Cash Credit.

"The idea expressed sometime ago by
The Bee that President Mohler's powers
would be elaborated as a result of the
merger dissolution is entirely in line with
subsequent events and opinions," says a
railroad man in intimate touch with what
is going on.

"That would naturally follow, of course,
since the Union Pacific's importance as a
transcontinental road would be en-
hanced. Here is the way we have figured
it out: Julius Kruttschnitt, heretofore
generalissimo of all the Harriman forces
subordinate only to Judge Lovett, will
hereafter be entirely divorced in authority
over the Union Pacific and Mohler. He
will become chairman of the executive
committee of the Southern Pacific, and
as such, the big mogul of that road, but
that alone.

"Lovett will remain in his present position,
and Mohler will report directly to
Lovett and none other. Mohler, as president
of the Union Pacific, with headquarters
in Omaha, also will have authority
over the Oregon Short Line and, we feel
sure, over the Oregon & Washington
Railroad and Navigation company. And
he will be president in every sense of
the word.

"Now, this is what railroad men expect
to hear announced when the time for
official announcement comes."

Railroad men who are advised say the
Union Pacific has \$70,000,000 or \$80,000,000
in cash to its credit and, therefore, would
be impregnable in such a crisis as may
be threatened by Southern Pacific stock-
holders refusing to sell the San Francisco-
Ogden line completing the Overland's
Omaha-Pacific coast road.

"There are several ways around that,"
said this man, "one of which might be
for the Union Pacific to make it so un-
profitable by traffic alliances with other
roads east of Ogden, that the Southern
Pacific people would not care to hold
onto the property. They would certainly
not be in an advantageous position to
treat with the lines east of Ogden as
would the Union Pacific, its own main
line competing with these others. The
Union Pacific would also be in position
to extend its own line to San Francisco."

Ure's Cigar Box is of Enchanted Sort

A mahogany humidor, given to County
and City Treasurer W. G. Ure by his
employees for a Christmas present, ap-
pears to be an enchanted box, according
to Mr. Ure. The humidor, bearing Mr.
Ure's name on a silver plate and con-
taining 100 cigars, was presented on
Christmas eve. Mr. Ure says he has
used about 200 cigars out of the box for
himself and friends, but it still appears
to be well stocked.

Negro Snatches Purse from Girl

While on her way to work, Laura My-
ers, 2011 Harney, was assailed by a young
negro at Nineteenth and Harney streets,

from her. There was \$2 in it. She gave
the police a very good description of the
fellow.

BRANDEIS STORES.

OMAHA BOUGHT MANY PIANOS

In 1912 Trade Exceeded that of Any
Previous Season.

MECHANICAL PLAYERS POPULAR

Baby Grand Instruments Also Were
in Much Demand and Sales at
Hayden's Largest in His-
tory of Store.

The piano business in Omaha during
the year 1912 has been the most satisfac-
tory of any season in the history of the
business. This is according to the state-
ment of Mr. W. J. Eden, manager of
Hayden Bros' piano department.

"The piano sales during the last year
were of such a character as to encourage
us to expect even greater business dur-
ing the coming twelve months," ex-
plained Mr. Eden. "The Hayden Bros' trade
has exceeded that of any other year
—exceeded it by a great deal. The sales
also have been substantial, and the per-
sons who have bought pianos and player
pianos have taken only the best instru-
ments. We sell pianos on liberal terms,
and have found that the percentage of
those that are returned because of de-
faults in payment was much less in 1912
than in any other year.

"Players Very Popular.
"Player pianos—especially the famous
Angelus—have been in great demand, and
the sales of player pianos in Omaha have
been very much larger than ever before.
Homes that do not have a member of the
family who can play an instrument get a
mechanical player, for every one recog-
nizes that no home is really a home un-
less it has the best class of music. The
Angelus player is so nearly perfect that
it is sought by many buyers every-
where."

"Baby Grand pianos are being used ex-
tensively now, and during the last week
the sales on this kind of instrument were
large."

Hayden Bros. carry the Chickering,
Knabe, Everett, Mehlin, Sohmer, Fischer,
Estey, Price & Teopie, and many fine
makes. They also will have the first
grand pianos to be imported from Ger-
many. Word was received on the last
day of the year from the German man-
ufacturer of grand pianos, Bechstein, that
a shipment had just been made to Hay-
den's.

Dr. A. L. Muirhead is Appointed Dean of Medical College

Dr. A. L. Muirhead, for the last three
years vice-dean of Creighton Medical col-
lege, has been appointed dean and will
assume the duties of his new office next
Monday, when the second semester com-
mences. He succeeds Dr. Dewitt C.
Bryant, who for almost twenty years has
been dean of the school and is retiring
to devote all his time to his private prac-
tice.

Dr. Muirhead is a graduate of the Uni-
versity of Michigan, completing his school
in the medical department of that school
in 1888. After practicing for several years
he returned as a professor of the same
institution, and worked for a while with
the now celebrated Dr. Cushing of Lon-
don, England. After spending three years
there Dr. Muirhead came to Creighton,
where he has since remained. Since com-
ing here he has filled the chairs of phys-
iology and pharmacology and has served
as superintendent of the dispensary clinic,
which treats over 15,000 patients annually.
Dr. Muirhead is known as an authority

on medical education and served for six
years on the State Medical Examining
board of Nebraska. He is a teacher of
unusual clearness and power and is re-
garded as one of the most thorough men
on the staff. His efforts have not been
confined to the classroom, however, and
he has been prominent among the con-
tributors to the medical journals of the
country. He is at present editor of the
Western Medical Review. The promotion
to the office of dean came as a distinct
surprise to Dr. Muirhead. When asked
concerning the matter at his home, 2816
Poppleton avenue, the doctor knew nothing
about the appointment, declaring he
had never heard his name mentioned in
connection with the office.

He is popular with the students of the
college and the appointment comes as a
welcome New Year's announcement to
them.

FORMER OMAHA YOUTH LEAVES JUVENILE HOME

CHICAGO, Ill., Dec. 31.—(Special Tele-
gram.)—Five boys, including George
Blacken, aged 15 years, of Omaha, made
a daring escape from the juvenile home,
711 Ewing street, shortly after 9 o'clock
this morning by crawling out of a window

in the rear of the third floor and
descending a fire escape. Blacken ran
away from his home two months ago
and was arrested recently in South Chi-
cago.

Young Girl is Shot By Adlai Stevenson

BLOOMINGTON, Ill., Dec. 31.—Adlai
Stevenson, grandson of former Vice Pres-
ident A. E. Stevenson, tonight accident-
ally shot and killed Ruth Merwin, aged
14 years, at a party at the home of his
father, Lewis G. Stevenson. Some of the
boys at the party attend military acad-
emies and during the evening decided to
give some of their drills. They found an
old rifle, and as they thought, took out
all the cartridges.

During the drill the weapon while in
the hands of young Stevenson was dis-
charged, the bullet striking the Merwin
child in the forehead, causing instant
death.

Happy New Year.

RUPTURE

I have a certain cure for rupture with-
out resorting to a painful and uncertain
surgical operation. I am the only re-
putable physician in this line of work
who will take such cases for treatment
upon a guarantee to cure, or make no
charge. You may deposit the money in
a bank, in your own name, and when
you are satisfied a cure has been made
you then instruct the bank to pay the
money to me. By doing this you are
absolutely certain of a cure, or it will
cost you nothing. If I was not perfectly
sure of my work I could not do busi-
ness in this way very long, but instead,
I have been doing business for 30 years,
and adopted this plan because so many
have been swindled by quacks and fak-
ers. Not one of them will permit a pa-
tient to deposit his money until a cure
has been made.

When taking my treatment, patients
must come to my office once each week
for four weeks, and if they live nearby
can return home and work during the interval. I do not use the Parafine Wax
treatment, as it is dangerous. Call or write for literature.
