Socialists Demand Seven Tickets for Twenty-Five Cents

Omaha socialists are demanding that the street railway company sell seven tickets, each good for one passenger fare, for 25 cents, and through Harry B. Zimman an ordinance was introduced at a meeting of the city commission embodying this request. Mayor Dahlman signed the ordinance by request and the measure was placed on its first and second readings and referred to the meeting of the committee of the whole Monday, January 20.

Socialists who are advocating the ordinance are Dr. L. B. Morsman, E. I. Morrow, Thor Jorgensen and C. C. Vaughan.

If the ordinance should pass the city commission and the street railway company should refuse to recognize it and a test case should be brought, it would force the making of a physical valuation of the company's property.

"That is what we want," said a socialist who attended the meeting of the city commission. "We believe the passage of the ordinance will force such a valuation and we will make a strong fight to secure its adoption."

This ordinance provides further that the street car company shall furnish facilities for quick and comfortable transportation and that there shall be no crowding. The cars shall be kept sanitary, it declares.

Tickets shall be sold by conductors and any customer demanding of a conductor seven tickets for 25 cents shall receive them or the employe of the street railway company renders his employer liable to a fine of $50.

Mail Carriers Will Work on New Year's

The mail carriers of Omaha and South Omaha will make two trips on the business routes from the Omaha main office, Union Depot postal station, South Omaha branch, and Stock Yards branch, New Year's day. Residence carriers will make one trip. Carriers other than at stations above mentioned will make one trip. The money order department and the postal savings bank will not be open. The general delivery, information, registry section, and stamp windows will close at 10:30 a. m.

Omaha Doctor Goes to Butte, Mont.

Dr. Frederic Langdon, Creighton Arts '02, and Medicine '06, has given up his position on the staff of the Creighton Medical college and has gone to Butte, Mont., where, together with Dr. M. J. Scott, Creighton medicine '03, he will have charge of St. James hospital, which cares for the health of 10,000 miners employed in that city.

Dr. Langdon has for some time been assistant city physician of Omaha, and in addition had a large private practice. He has been prominent in fraternal circles, and was on the staff of the Creighton Medical and Pharmacy colleges. He is very popular with the medical college students and the freshmen of that institution banqueted him recently at the Henshaw. His departure also brought forth embossed resolutions of regret from the same class.

His new position offers unusual opportunities for surgery and treatment of broken bones, as injuries are numerous among the 10,000 copper miners of Butte. Practically the entire surgical staff of the hospital is made up of Creighton men.

Some Growing Children

are under size—under weight. Some grow tall and thin, others are backward in studies—pale and frail—*improper assimilation is usually the cause.*

If your children are not rugged and ruddy and rosy—bubbling with energy and vim at all times, *you owe them SCOTT'S EMULSION—nature's concentrated nourishment to build body, bone, muscle and brain.*

Children need SCOTT'S EMULSION to progress.
