NAMING THE NEW HOTEL

Buffalo Bill Suggested as Proper Man to Commemorate.

OTHER IDEAS FOR ITS TITLE

Readers of The Bee Still Come Forward with Names that Would Look Well in Electric Lights.

The strongest forces in the life of the adult are those received in childhood. The molding of character in a child means the making of the future man. Childhood is a time of hero worship, and the hero worship of the child inspires his plastic mind to the high and noble things that come to full fruition in his later life.

character by naming the new hotel for Colonel W. F. Cody.

DR. D. T. QUIGLEY, North Platte, Neb.

Let me blow into your ear a suggestion as to a name for Omaha's new hotel soon to be built. If I were building it, located where it is, I would call it "The Golden West," a name that would instantly appeal to every traveler, as well as others, between the Atlantic and the Pacific.

The name for the new hotel should be significant, but emphasis should not be sacrificed entirely. So far, "New Omaha" seems to be the best name suggested.

That was a pretty good letter written by C. M. Manson in The Bee of the 30th on naming the new hotel "The Omaha," his object being to advertise the city.

In regard to the naming of the new million dollar hotel, allow me to suggest "Brantanka" or "Brantanic," either of which would perpetuate the name of one of Omaha and Nebraska's respected and lamented citizens.

The hotel will, in a measure, reflect

the needs, growth and progress of Omaha while Omaha reflects the needs, growth and progress of Nebraska.

Taylor, Neb.

If it is to cost a million it will be great and located in Greater Omaha and central of United States, why not call it "The Great Central Hotel."

I see that you are interested in the name of the million dollar hotel. In my opinion every man that is a booster for Omaha should do what he can to get Omaha mentioned as many times as possible and by as many as possible, so let us boost and call it "Omaha."

I would like to suggest two names for the new million dollar hotel, "The Broadway," or "The Elms."

In naming the million dollar hotel I would suggest a name to be remembered easily by any one and to any what it means. How would it be to name it "Columbia" or "Panama" or "Superior" or "Omaha-America" or "Colon-Panama" or "Panama-Grand" or "Omaha-Panama." Give that hotel a name that will be worth a million dollars to the hotel and another million to Omaha.

One million dollars is money enough to build a palace, why not name it "Palace Hotel."

I suggest as a name for the new hotel, "Monarch."

President Vail's New Year's Greeting to 200,000 of the Nation's Workers

"TO THE EMPLOYEES OF THE WESTERN UNION TELEGRAPH COMPANY, WESTERN ELECTRIC COMPANY AND THE BELL TELEPHONE SYSTEM."

"The new plan of benefits for disability due to accidents or sickness, of insurance and of pensions, goes into effect with the New Year. Nearly 200,000 men and women who are now giving their best years to the telephone and telegraph service of the country, will henceforth be assured of assistance in the exigencies of life, for which all are not able to provide, and will also be assured of a provision for their declining years.

"Employers buy and employees sell service. Perfect service is only to be found when fidelity and loyalty are reciprocal in employer and employee. It is this relationship that brings satisfaction and success to both.

"This is justice and without justice and sympathetic interest, we cannot hope to do a thoroughly good piece of work.

"The American Telephone and Telegraph Company, which centralizes the associated companies into one system, with one policy for universal service, has considered the interests of all workers and has made a comprehensive plan possible.

"One illustrative instance of the exercise of these functions has been the unifying of the various interests so that any employee may aspire to work anywhere in the country with uninterrupted benefits, and any company can obtain any man it needs, without prejudice to his welfare.

"In behalf of the management of the American Telephone and Telegraph Company, The Western Union Telegraph and The Western Electric Companies, let me say that we have a personal interest in our public service, a personal interest in our employees and a personal interest in our common country.
