

## Brewers and Musicians Who Understand Well the Art of Toppling the Pins

LEFT TO RIGHT—FIRST FIVE ARE MEMBERS OF HOSPE TEAM OF OMAHA—GUS TOMAN, BEN HULL, E. ZITZMAN, BILLY ZITZMAN AND FRANK FANTON. SECOND FIVE, LEFT TO RIGHT, MEMBERS OF LUXUS TEAM IN THE OMAHA LEAGUE. MARK FIRESTONE, E. CHRISTENSEN, CARL CAIN, J. B. MCCARTHY AND PAT ANGELBERG. THESE TEAMS ARE MAKING A GOOD SHOWING IN THE OMAHA LEAGUE. THE LUXUS TEAM OCCUPIES FOURTH PLACE IN THE LEAGUE. WHILE HOSPE'S MEN ARE HOLDING DOWN SIXTH PLACE, THEY ARE SLOWLY PUSHING TOWARDS THE TOP.

### ROURKE'S 1912 TEAM IS ALMOST INTACT

Omaha Magnate is Looking for a New Outfielder and His Team Will Be Complete.

### FUGATE TO LEAD THE TWIRLERS

Former Kaw Hurler is Picked to Do Bulk of Slab Work.

### ROURKE AFTER NEW PLAYERS

Several Deals Pending Whereby New Blood Will Come.

### NINE PITCHERS ON THE LIST

Five of Last Year's Slab Artists Are Seeking Permanent Jobs in 1913, but Will Have to Make Showing.

One more class A outfielder who can deliver the goods is all that is separating Pa Rourke from having the best base ball team he has owned in eleven years, according to Pa. Every position of the Omaha team is well filled now, with the exception of a man for the left garden. The numerical strength of the Rourke twirling staff to date is nine big hurlers and the Omaha magnate has several deals pending whereby he will add a couple of more slab artists to his list. With eleven or twelve twirlers to pick from Rourke should be able to draw six men who could be able to carry the Omaha team through the season and end at the top of the ladder. The list of pitchers to date is Fugate, Hills, Robinson, Beebe, Clossman, Kingdon, Applegate, Lotz and Hicks.

### To Depend on Fugate.

Pa is pinning his hopes of Jack Fugate to land the majority of his games this season. Ever since the big side-wheeler has been playing ball in the Western league he has confined his services to Topeka, with the exception of the last two months of the 1912 season. Topeka has been a losing team in all these years and Fugate could not get the support back of him which is needed to bring out the good work stored up in his system. Immediately after joining the Omaha team the former Kaw began to show his caliber. He pitched ten games after joining the Rourke and won six. Of the games he won, in one he let the opponents down with two hits and on another occasion let them down with one hit.

### Another old trusty who will show good form next season is Carl Robinson, who will play his third season in an Omaha uniform. Robinson is expected to show up in great shape this year and Rourke is banking on him as one of the regulars, Harry Hicks, his little side-wheeler who hurled the league up in 1912 and who finished the season at the top of the Western league hurlers, will be back on the regular list. Joe Hill is the only other man who is sure of a place among the regulars.

### Three Southpaws on Staff.

Among the others who will probably land is Beebe, who made the team last year, but failed to show up to any advantage. Clossman and Kingdon, both state league hurlers, will try hard for a regular place, but as Clossman is a Southpaw and there are already two on the list he will have to put up the real article to beat out either Fugate or Hicks.

### Rourke is figuring on taking all his hurlers to Oklahoma City with him and three catchers. Every twirler who is signed between now and the opening of the spring training season will make the journey to the Oklahoma capital. The catchers who will go south are Arboogatz Johnson and Shestak, with the possibility of Johnny Gooding, who has not decided just what he will do before the opening of the state league season, when he will assume the management of the Beatrice team.

### Arboogatz Again Manager.

Charley Arboogatz, manager of the Rourke in 1911 and most of 1912, will handle the managerial reins of the team again this year and with the experience he has had in the last two years ought to be able to pull the Rourke through the season with good work and land the tag for the Omaha fans. The Omaha team in 1913 will be practically the same as it was last year with one new outfielder and the addition of a new pitching timber, Jimmie Scannell, will in all probability do the relief work, or he may work into the position in left garden. It all depends on what he shows during the thirty days in Oklahoma City. Bill Schlipke will undoubtedly be seen at the keystone sack again with Jim Kane at his old station at first base. It's a brace the fast and clever little

(Continued on Page Two.)

### BOWLING TOURNEY MONDAY

Greater Omaha Argument to Open in Full Blast.

### ONLY MEMBERS CAN COMPETE

Rules of the Tournament Are Announced—Games Will Be Rolled on Three of the Alleys—Entry List is Large.

All is ready for the city bowling tournament which opens tomorrow night. The schedule committee has completed a practical and impartial schedule and is looking forward to a most successful tournament. Up to last night there was an entry list of forty-seven five men teams, ninety-five two men teams and 17 singles. This will make over \$300 in prizes to shoot for. Practically all of the "A" class teams are entered and about two-thirds of the "B" class are signed up. There are a few "C" class teams in the lineup.

Monday night the Omaha league teams will open up the tournament on the Morrison alleys. There are enough entries to make the tournament last throughout the week. The teams are well balanced and there will be keen competition between them. The committee has tried to arrange the schedule so that no teams will roll on their own alleys.

Several bowlers have sent in their entrance money who are not members of leagues belonging to the City association. This is contrary to the rules of the American Bowling Congress and their money will be returned by the committee. There seems to be a misunderstanding as to who can bowl in the tournament. Under the A. B. C. rules, no player can take part in tournamental bowl play unless he is a member of the City association unless this player is a member of the association. There are a few leagues in Omaha who are not members of the City association, therefore members of these leagues cannot enter. Following are the rules which govern:

- Rule 1. All events must be rolled as scheduled.
- Rule 2. Entrance fee will be 20 cents per man for each event.
- Rule 3. Entrance fee will be accepted only from bowlers who are members of the Greater Omaha Bowling Association.
- Rule 4. Bowlers rolled in Class A on fifteen games or more to establish an average. Those who have not rolled fifteen games can roll in Class A on approval of committee.
- Rule 5. Bowlers in Class B and C can roll in Class A by request, and bowlers in Class C can roll in Class B upon request. This rule applies to singles and only.
- Rule 6. Any bowler rolling in a class above his own by request, cannot roll in the class below his request.
- Rule 7. Teams will be classed by the averages of the five men participating.
- Rule 8. A roll of five men event in the class above by request.
- Rule 9. Captain will mark on entry blank in which class his men are to bowl.
- Rule 10. No team can roll more than three men who have already been entered on any one team in any class.
- Rule 11. If a bowler plays in more than one class his highest average will be taken.
- Rule 12. The secretary of each league's list must be sworn to before a notary public as to the correctness of the list of averages.
- Rule 13. Any league entering a man not a member of that league, or entering a fake average, will be responsible for any money paid in such bowler or bowlers.
- Rule 14. Secretaries of the leagues must have their complete list of averages compiled and in the hands of Secretary John E. Hoffman of the Greater Omaha Bowling Association by midnight January 8, 1913. No entries after that time accepted.

### TARKIO COLLEGE HAS LONG BASKET BALL SCHEDULE

TARKIO, Mo., Jan. 11.—(Special.)—With the return of the Tarkio college basketball team from its southern trip, interest has again centered around the winter collegiate sport. About forty men are trying out for the team, and the varsity squad has been cut to twelve men. The schedule this year will call for sixteen intercollegiate games. Two trips will be made, one into Nebraska, the other will be a swing around the Missouri intercollegiate conference, and Tarkio will play six of the conference colleges. The schedule in full as announced by Manager Elder, is as follows:

- January 11—Cotner university at Tarkio, Mo.
- January 14—Drury college at Tarkio, Mo.
- January 15—Nebraska normal at Peru, Neb., Mo.
- January 17—Cotner University at Lincoln, Neb.
- January 20—Nebraska Wesleyan university at Lincoln, Neb.
- January 23—Missouri Wesleyan at Tarkio, Mo.
- February 12—Missouri normal at Tarkio, Mo.
- February 20—William Jewell college at Tarkio, Mo.
- February 21—Missouri Wesleyan at Cameron, Mo.
- February 23—William Jewell college at Tarkio, Mo.
- February 27—Central college at Fayette, Mo.
- February 28—Northwest normal at Maryville, Mo.
- March 5—Nebraska normal at Tarkio, Mo.

### Y.M.C.A. PLANS INDOOR MEET

Director Maxwell Visiting Iowa and Nebraska Soliciting Interest.

### PRESENT ASSURANCES ARE GOOD

Many Entries Practically Promised and Outlook is Favorable Toward Unusually Large and Successful Carnival.

Plans are now being formulated for the staging of the annual open indoor athletic meet of the Young Men's Christian association which will be held sometime in the latter part of March at the Auditorium.

J. T. Maxwell, director of athletics at the Young Men's Christian association, left early last week to visit the various colleges and high schools in Nebraska and Iowa with a view of arousing interest in the big meet which, it is hoped, will be the largest of its kind ever held in Omaha or Nebraska.

According to present plans the big athletic affair will hold over two nights. On the first night the local athletic clubs and high schools will hold their contests. On the second night the colleges will compete and the winners of the first night's events will be allowed to compete with the college men. In this manner it is hoped to complete the program each evening by 11 o'clock, whereas last year the carnival did not close until well after midnight.

### EXCELSIORS WIN FROM DEAF INSTITUTE TEAM

By the score of 35 to 8 the Excelsior basketball team decisively defeated the Nebraska School for the Deaf team in a fast game at their gymnasium. The Excelsior team played an exceptionally good game, holding their opponents scoreless the first half. For the Excelsiors, Feltman and Hayes played the best, while Seelye and Cooper were the stars for the Institute. The lineup:

Excelsiors	Position	N. S. D.
J. Moran	Right forward	Seelye
R. Feltman	Left forward	Jackson
Paul	Center	Cooper
M. Dineen	Right guard	Musler
Hayes	Left guard	Tammasca
	Left guard	Stark
	Goal from field	Feltman 7 1/2
	Points	Hayes 2, Seelye 1, Jackson 1, Cooper 2, Becker 3, Moran 1, Feltman 2.
	Scorer	Blanchard.
	Time of game	15 and 20 minutes.

### REV. CHAS. M. SHELDON TO SPEAK HERE NEXT SUNDAY

Rev. Charles M. Sheldon of Topeka, Kan., will lecture at the Young Men's Christian association January 19. He will be remembered as the preacher who edited the Topeka Daily Capitol for a period of eight days in true religious fashion.

### TWICE AS MANY BICYCLES BUILT IN 1912 AS IN 1903

H. E. Fredrickson had a number of inquiries as to the number of bicycles manufactured last year in comparison to those built in 1903. He has secured the data and finds that in 1903 about 26,000 bicycles were made, while last year there were nearly twice as many, or about 38,000, manufactured in the United States.

### WHITE OUTBOXES BRESNAHAN

Chicago Featherweight Better Fighter Than South Omaha Boy.

### TEN ROUNDS OF FAST WORK

Battle from First Tap of Gong, with Bresnahan Getting One Good Straight to Jaw in the Third Round.

Charley White, the Chicago featherweight boxer, outpointed and outfought Tommy Bresnahan of South Omaha, in a ten-round go last night before the Al-Sar-Ben Athletic club in the Packer city. White had everything his own way all through with the possible exception of the third round.

### NEW CAPTAIN OF THE BELLEVUE FOOT BALL TEAM.

RAYMOND JONES, Raymond Jones, who was recently chosen to lead the Bellevue Indians through the 1913 season, is a junior in the art department of the college and has played two years on the college eleven as a regular. Last year he played at guard and this year was shifted to fullback where his speed made him one of the strongest men on the team in advancing the ball. Although injured and compelled to quit the game before the season was over, he was given a full scholarship and was named captain of the team for the coming season.

### MOTOR SPEED FEST IN MARCH

Devotees Planning to Stage Meet on Ormond Beach, in Florida.

### SAFEST COURSE IN THE WORLD

Has a Smooth, Hard and Wide Foundation of Sand and Has Made Fastest Mile in the World Possible.

NEW YORK, Jan. 11.—Motor racing enthusiasts may not have to wait until next spring for a big race meet to materialize. Plans are being outlined to revive the Ormond-Daytona beach for a speedfest this winter, probably in March, at which time of year the sand on that wave-lashed course will be in good, hard condition. It would be a shame to have this historic course abandoned permanently, and a few days ago several men prominent in racing matters took up the proposition of staging a meet there once again. Already some recognition has been received from Daytona. The people down in Florida are more than anxious to have racing revived on the beach, for they always had a prosperous time when the northerners went down there and spent a portion of their winter and their cash. It used to be customary for those connected with the industry who could afford it, to attend the meets at Ormond, and then, oftentimes, continue their trip down to Palm Beach and Miami before returning home.

It was on the beautiful stretch of sand at Daytona that Burman traveled faster than any other human being has ever traveled in a car—a mile in 0:35:40—yet in spite of being the fastest course in the world, Ormond-Daytona is the safest. The beach is so wide, hard and smooth that if a driver were to lose control of a car for any reason whatsoever it would keep on going until it ultimately ran into the surf and stopped, or else gradually swerved into the sand on the land side of the beach. Last winter, however, Florida had no automobile racing. There is no doubt that if the present plan goes through the meet will receive a very fair number of entries. Florida is such a charming place to visit in cold weather that drivers of repute have been known to go down and even pay their own expenses to drive at one of these meets "just for a change of climate." Half a dozen manufacturers would send cars there this winter that could break a number of the world's straightaway records for various classes. Dierbow made a number of marks there which still stand. Yet this same driver has cars in his possession with which he could make his old record look sleepy.

Ralph De Palma at one time held a record or two on that course, and probably if he were to take Mr. Schroeder's racer down there he would come away with plenty of world records to add to his collection. A driver like Tetzlaff could go down and milder some of the standing marks to the queen's taste. With the sand in good condition there is scarcely any reason why all world's marks, save perhaps, those for the mile, in two-mile and kilometer, should not be broken.

### BOWLING CONGRESS WILL MEET IN TOLEDO, OHIO

TOLEDO, O., Jan. 11.—The meeting of the American Bowling Congress will be held here on February 21. New officers will be elected. The general impression among bowlers is that Judge Howard will again be re-elected to head the executive list. In talking of the 1913 meet of the American Bowling Congress, President Howard says he expects the Chicago record entry list of last season to be battered, and that Secretary Langley was with him in that belief. "There were 265 five-men teams in the 1912 tournament at the stock yards, 1,415 two-men teams and 2,884 individual rollers. Howard thinks there ought to be at least 600 five-men teams in the meet here and a corresponding increase in the minor events. Chicago will produce 176 five-men teams for the tourney.

### WILL INQUIRE INTO SPORTS

Scientific Investigation of Physiology and Psychology of Sports. PAPERS ON IT ARE INVITED

Anyone interested in the Problems of the Coming Congress of Inquiry Are Invited to Send in Their Ideas on It.

NEW YORK, Jan. 4.—The American members of the International Olympic committee, Prof. William M. Stoen, Alphon V. Armour and Evert Kansen Wendell, have been invited to participate in the congress of the committee, which will convene at Lausanne, Switzerland, from May 5 to 11, next year, at which time there will be a scientific inquiry into the physiology and psychology of sport.

It is anticipated that this session will be the medium for the production of papers on these subjects which will treat in the most exhaustive manner the whole realm of sport and point out in clear fashion every phase of the subjects to be debated later on during the meeting. Many friends of the Olympic movement have announced their intention of taking part in the deliberations of the congress, which are to be held in what is conceded to be a beautiful spot.

The congress will have the patronage of the federal council of the Swiss republic. The chief officers of the Department for Education and Public Health in the canton of Vaud are members of the organizing committee, and the buildings of the University of Lausanne, the place where it will sit.

The members of the committee include Godfray De Honay, Dr. Constant, Prof. Larquier De Bancels, Prof. Milloud, Dr. De Montet, Dr. Reinhold, Dr. Narcaise, Paris; Dr. De Montet, Vevay; Dr. Mallwitz, Berlin; Dr. Hans Reber, Ostend, and Arthur Ireland of Raunds will serve as a committee for the French, German and English speaking contingents, respectively.

Invited to Take Part. Everybody who is interested in the problems of the congress is invited to take part to the end of sending in papers, the subscriptions being five francs, and two francs for students. The papers are to be written in French, German, English or Italian, and must be sent to the committee in care of the University of Lausanne at least two months before the congress convenes and must not consist of more than 5,000 words, touching on the details of three subjects as arranged by the committee, which are as follows:

Origin of activity in the sphere of sport. Natural individual aptitudes, general aptitudes (suppleness, dexterity, strength, endurance). Special aptitudes (inborn disposition to certain forms of exercise). What part does atavism play in sport and what is its influence? Observations and conclusions to be drawn therefrom. Do natural aptitudes suffice to stimulate the individual or does this require the presence of the sporting instinct? Nature and action of this instinct. Can the spirit of imitation or the effect of the will produce it or act as a substitute for it? Perseverance and forms. Perseverance, which alone makes the true sportsman, can only be aroused when the sense of the need of sport has been brought into existence. What part does it play? Cannot this desire be brought into existence physically by the natural results either from the automatic action of the muscles or from the desire for fresh air engendered by violent exercise, or morally by ambition, whether resulting from the violent thirst for applause or having as its aim a nobler ideal, such as the pursuit of beauty, health and bodily power?

### BASKET SHOOTERS BUSY AT LINCOLN

Announcements of Annual High School Basketball Tournament Are Sent Out.

### ALL HIGH SCHOOLS ARE INVITED

Any in State that Can Conform to Eligibility Can Take Part.

### OPENED THE SEASON FRIDAY

Cornhuskers Opened Season Last Week with Cotner Uni.

### SIXTEEN GAMES ARE SCHEDULED

University Team Has a List of Hard Competitors Before it and the Games Will Be Played Over a Wide Area.

BY JAMES E. LAWRENCE. LINCOLN, Jan. 11.—(Special.)—Announcements were sent out today by Coach Ewald Stiehm, of the University of Nebraska, and manager of Athletics Guy E. Reed to the leading high schools of Nebraska, calling attention to the annual high school basketball tournament which is held under the auspices of the university athletic board each year.

Stiehm has fixed the dates for this year's tournament on March 13, 14 and 15. Stiehm wishes it to be understood that the affair is not strictly an invitation event. All high schools of the state, who conform to the eligibility rules fixed by the association are privileged to take part in this meet and all that is needed to enter is to send an entry blank, properly filled out, to Coach Stiehm.

Later on Stiehm will send out entry blanks to all who may desire to make entry in the meet, which, it is generally conceded, settles the high school championship of the state in basket ball. Last year nearly fifty high schools of the state were entered in the tournament, while the year before something like forty schools participated. The tournament has always served as a means of attracting hundreds of high school students to the university and serves to counteract the influence of eastern colleges in drawing the cream of Nebraska high school athletes to the east.

### Basket Ball Season Opens.

The Cornhuskers opened the 1913 basket ball season last night with a game with Cotner university. The first few games of the season will be with secondary schools to prepare the Cornhuskers for the Missouri Valley conference scramble which opens with Drake on January 23. The Cornhuskers, as one of the two members of the north division of the Missouri Valley conference, has a series of four games each with Drake and Ames.

Nebraska's basket ball schedule this year is the most severe in the history of basket ball. It calls for sixteen games, including a northern trip in which St. Joseph college at Dubuque, Ia., and Sacred Heart college in Wisconsin are played, ending with a game with the Gophers at Minneapolis.

Following is the completed Cornhusker schedule as announced by Coach Ewald Stiehm today:

- January 11—Cotner university at Lincoln.
- January 17—Ex-University team of Omaha at Lincoln.
- January 18—Wesleyan university at Lincoln.
- January 23—St. Joseph college at Dubuque, Ia.
- January 24—Sacred Heart college at Prairie du Rocher, Wis.
- January 25—Minneapolis at Minneapolis.
- January 31—Drake at Lincoln.
- February 1—Drake at Lincoln.
- February 7—Wesleyan at University Place.
- February 14—Kansas Aggies at Lincoln.
- February 18—Drake at Des Moines.
- February 23—Ames at Ames.
- February 25—Ames at Ames.
- February 28—Ames at Lincoln.
- March 1—Ames at Lincoln.

Cornhuskers Are Strong. Although the schedule which Stiehm has arranged will call for the best team Nebraska ever had in basket ball, the lengthy Nebraska mentor is not much worried over the prospects for another championship season in the valley conference. Stiehm has considerable material on his hands, and while the loss of several of last year's stars will be felt severely, yet there is every reason to be optimistic in the outlook.

Captain Carrier is a finished basket ball player without an equal in the valley. Owen is a good man, while Haskell is a wonderful goal thrower and quite the equal of the clever Walsh of early day fame.

Sam Waugh of this city will officiate for Nebraska in the practice games while Mark Hyland of Iowa will serve as

(Continued on Page Two.)
