Yale to Adopt New System in Coaching Its Foot Ball Squad

NEW HAVEN, Conn., Jan. 18.-Yale Teams Whimsical soins to adopt a new system in foot ball, as in rowing, this year, according to the decision of the meeting of cap tains and coaches, held a short time since. The inability of the team to make a much better showing than the crew was the cause of the meeting, and the situation was threshed out, and four plans were talked over at length. It was sug gested that the present system be cor tinued, with some member of the team as head coach for Captain Ketcham, but this did not meet with favor. Anothe suggestion was that a head coach, with salary, be appointed to have full charge of the squad. Another was that Walter Camp be appointed head coach, with a field coach to assist him; but these were also opposed, so it was financy and to choose an advisory committee to plat the campaign, and Captain Ketcham will appoint five graduates to act with him in the selection of a coach. Ketcham has already appointed Walter Camp as cross-country team winning either first a member of the committee, and will place in the Yale-Princeton run, first or announce the other members shortly.

According to Captain Ketcham, the committee is likely to agree upon the appointment of a head coach on a salary who cannot, however, be engaged for more than one year under the new athletic constitution. This coach will be a man who has been out of college at
