Murder and Riot Follow Effort of Turkish Cabinet to Comply with Note of Powers.

MINISTER OF WAR IS KILLED

Commanding General of Sultan's Army Shot to Death.

ENVER BEY NOW THE LEADER

Government Overthrown and City Plunged Into Uproar.

STATEMENT BY ENVER BEY

New Minister of Interior Says People Will Never Agree to the Surrender of the Fortresses of Adrianople.

BULLETIN.

LONDON, Jan. 24.—Italian, British and other warships have been ordered to proceed immediately to Turkish waters, according to dispatches from Mediterranean ports today.

CONSTANTINOPLE, Jan. 24.—Nazim Pasha, the former war minister and commander of the army, was shot dead in demonstrations which preceded the resignation from the cabinet yesterday.

Enver Bey and Talaat Bey had given explicit orders that no blood should be shed. But Nazim Pasha's aide-camp fired from a window at the Porte at Enver Bey and his companion and they returned the fire. Their bullets killed Nazim Pasha himself.

In spite of this tragedy there was no disturbance of order elsewhere.

Fighting Within City.

CONSTANTINOPLE, Jan. 24.—Fighting has occurred at several places in the city this morning. A dozen or more persons have been wounded and many arrests have been made. Great public excitement has followed the killing of Nazim Pasha, the former war minister and commander of the Turkish army, who was shot during public demonstrations here last night.

Enver Bey and Talaat Bey had given explicit orders that no blood should be shed. But Nazim Pasha's aide-camp fired from a window at the Porte at Enver Bey and his companion and they returned the fire. Their bullets killed Nazim Pasha himself.

Talaat Bey, the new minister of the interior, informed the European embassies that all measures necessary to insure the security of the city had been taken. He also addressed circulars to the provincial governors explaining the reason for the change in the government and calling upon the people to lend their moral and material aid to the government.

"We are determined," he said, "to defend the interests of the country, now face to face with the prospect of a resumption of hostilities."

Enver Bey is Popular Hero.

Enver Bey, who has taken such a prominent part in the overthrow of Kiamil Pasha's cabinet, is the popular hero of the day.

Nazim Pasha's death by a shot from the revolver of Enver Bey or Talaat Bey is believed to have been accidental. The two officers, in order to protect themselves from the fire of Nazim's aide-camp, who had shot at them from a window, drew their revolvers and emptied them at him. A bullet struck and killed Nazim Pasha, who was seated inside the room.

The scene outside the offices of the grand vizier when the leaders of the young Turk party arrived there yesterday afternoon was very dramatic. There was a considerable crowd present and great enthusiasm was manifested when some one unfurled a flag and waved it.

The excitement became intense when Enver, mounted on a white charger, came in view accompanied by several Turkish staff officers.

As he dismounted before the door and made his request for an audience with the grand vizier, the gates closed as though automatically.

The commandant of Constantinople himself stood on guard and refused to allow anyone to enter except Enver Bey and Talaat Bey.

Accompanied by the commandant, they walked straight to the council chamber, where most of the ministers were gathered and without any preliminary called on the cabinet to resign from office.

The demand seemed to be more or less expected, for Kiamil Pasha immediately laid down and wrote out his resignation. Enver Bey took it and proceeded to the sultan's palace amid the cheers of the crowd.

The sultan at first was disinclined to accept the resignation as genuine, but after sending a messenger to the grand vizier and obtaining confirmation, he called for Mahmud Shekfat Pasha and promptly appointed him grand vizier.

The new Turkish cabinet is constituted as follows:

Grand Vizier and Minister of War—Mahmud Shekfat Pasha.

President of Council of State—Said Halim.

Interior—Hadi Agha.

Foreign Affairs (temporary)—Mukhtar Bey.

Marine—Teohurkula Mahmud.

Justice—Ibrahim Pasha.

Finance—Hikmet Bey.

Progressives of Five States Meet in St. Paul, Minn.

ST. PAUL, Minn., Jan. 24.—The conference of progressive party leaders, representing Michigan, North Dakota, South Dakota, Wisconsin and Minnesota, opened here today for an all day's session.

At this morning's meeting short addresses on general progressive topics were made by former United States Senator Albert J. Beveridge of Indiana, Mrs. Maud Howe Elliott, national committeewoman and chairman of the various state organizations.

Judge Milton D. Purdy of Minneapolis, national progressive committeeman for Minnesota, presided.

Former Senator Beveridge, speaking before the progressive conference, criticized the Minnesota laws, which prevent the recognition of the progressive party, and declared that if the legislature fails to amend existing laws every progressive should take the stump in an effort to return to private life "the men who make these laws."

Colonel Roosevelt in a telegram expressed regret at not being able to attend the meeting, and emphasized what he considered the necessity of the progressive remaining intact, a party by itself.

He in his message declared the democratic tariff policy to be as dangerous as the Payne-Aldrich measure.

Former Senator Beveridge was the principal speaker at a banquet tonight.

Mail Carrier Killed By Snowslide Near Jackson's Hole, Wyo.

ST. ANTHONY, Idaho, Jan. 24.—With a tale of death and intense suffering State Game Warden D. P. Hudson of Wyoming arrived here today from Jackson's Hole, Wyoming.

Hudson was caught in a snowslide coming through Canyon Pass on a mail wagon. Owen Curtis, the youthful driver, and a horse were killed. The accident occurred in exactly the same spot where the boy's predecessor lost his life in a similar slide last year.

Warden Hudson said that they were caught in an avalanche of snow and ice that swept vehicle and all off the road and down the mountainside into a creek. Hudson was buried beneath the slide, but managed to dig his way to the surface and then started digging for Curtis.

At last he uncovered the boy's feet, but his head was submerged in the creek and he had drowned before Hudson could drag him out.

Hudson was bruised in the snowslide and suffered intensely from the cold before he reached assistance. All wires were down into the Jackson's Hole country. After being cut off for a week train service was resumed last yesterday. The body of the mail carrier killed last winter was not found until July.

Diplomats Hinder Big Loan to China

Peking, Jan. 24.—The bankers interested in the loan of \$10,000,000 to China have instructed their Peking representatives to initiate the loan if the ministers in Peking of the six powers of which the loaning bankers are citizens are satisfied with the conditions of the contract.

The ministers, however, are by no means unanimous in approving the conditions. The French minister insists upon drastic conditions governing the loan, including definite undertakings in the contract for the appointment of financial advisers by China and the arrangement of minute details in connection with the financial reorganization and supervision of the country. Certain of the other ministers demand payment from the loan of China's debts for warships and military materials.

The Chinese government, which has agreed to all the original terms of the loan, suggests dealing with the appointment of financial advisers and other details of the loan agreement in a separate note, thus satisfying a majority of the bankers.

Alleged Firebugs Indicted in Chicago

CHICAGO, Jan. 24.—Indictments against four men charging arson and burning property to defraud were returned today by the grand jury in connection with the investigation of the alleged "arson ring." Those named in the true bills were: Samuel Rottenberg, Joseph Clarke, Harry Brown and John Kabizak, also known as "the captain."

Rottenberg, Clarke and Brown are public fire insurance adjusters, and Kabizak is said to be one of the "torch bearers" employed by the combine. The grand jury returned a \$4,000 bond.

Fires attributed to the "arson ring" have caused the loss of many thousands of dollars.

ANNEXATION AND GAS UP BEFORE LEGISLATURE

(From a Staff Correspondent.)
LINCOLN, Neb., Jan. 24.—(Special.)—If Omaha is not annexed by its suburban towns it will not be because there are not sufficient bills from the Douglas delegation. Hoff popped one in this morning.

His measure provides that January 1, 1915, these suburban towns become and are a part of the big city. Under his bill there are no ifs and ands about it. The officers of the little cities will hold on to their jobs, but their offices will be sub offices.

Anderson of Douglas put in his gas franchise extension bill, about which several meetings have been held in Omaha.

Davis of Douglas intends to prevent any county or city officer from taking a nice trip or any other kind of a trip at the expense of the taxpayers unless he has out between trains. This bill if enacted into law will make it a misdemeanor for any councilman or county board member to vote expense money for such junketing trips. And it prohibits the officers from taking the trips.

COREY OBJECTED TO BUYING TENNESSEE

Former President of Steel Corporation Says Price Paid Was Entirely Too High.

GARY ISSUES A STATEMENT

Chairman of Executive Board Says Corporation is Not Contemplating Voluntary Dissolution.

NEW YORK, Jan. 24.—The Tennessee Coal and Iron company was taken over by the United States Steel corporation during the panic of 1907 despite the protests of the corporation's president, William E. Corey.

Mr. Corey so testified today under cross-examination at the hearing of the government's suit to dissolve the corporation. He declared he had not concurred in the purchase because the price paid was too high. "This price was the equivalent of \$10 a share," Mr. Corey said.

He did not believe the stock was worth more than \$5 a share. He added that John W. Gates and others who controlled Tennessee Coal and Iron, had placed a "nuisance value" on the property.

"Mr. Gates told me that the stock was cheap at \$20 a share," Corey testified. "I invariably replied that he was \$300 too high."

He was real competitor. Despite all efforts of attorneys for the corporation to confute his testimony, Mr. Corey persisted in his contention that the Tennessee Coal and Iron company was and would have continued a steel rail competitor of the United States Steel corporation if it had not been taken over.

One reason was because of the "nuisance value." He admitted that the company would not at that time make its open hearth steel rails at a profit, but said it would soon have been able to reduce its costs.

Mr. Corey was questioned about Judge E. H. Gray's knowledge of steel pools. "He knew about all the pool all the time," he said, "because he attended some of the meetings," said Mr. Corey, mentioning the rail pool and the plate and structural pool meetings.

Before the Stanley steel investigating committee Judge Gary testified that as the corporation decided to deliberate whether to acquire Tennessee Coal and Iron, he was not in the room as the existence of the pools came to his knowledge he had ordered them stopped.

Mr. Corey said that he was not in accord with Judge Gary's views at that time, but declared that there was no ill feeling between them, although there was some question as to who was the chief executive, himself or Judge Gary.

No Dissolution, Says Gary. NEW YORK, Jan. 24.—Elbert H. Gary, chairman of the United States Steel corporation, issued the following statement this afternoon:

"There is no foundation whatever for the published statement that the United States Steel corporation is going to seek voluntary dissolution and that it will apply to the supreme court for direction how to go about it."

"The question has not been up for consideration before the board of directors, the finance committee nor the officers of the corporation."

London Papers Do Not Like Knox Note

LONDON, Jan. 24.—Secretary Knox's reply to Sir Edward Grey on the question of Panama is found unsatisfactory to these evening newspapers which comment on it.

The Westminster Gazette, generally looked upon as the mouthpiece of the government, says:

"The Knox suggestion leaves the door open to a long series of bickerings which might do much to undermine the good relations of the two countries."

The Pall Mall Gazette says:

"Coming from any other country than the United States, the tone of Secretary Knox's reply would be deeply resented. The United States has no right to impose its municipal law when treaty rights clash with it, international law has no existence and peaceful intercourse between states becomes impossible."

Man's Clothes Blown Off by an Explosion

CHICAGO, Jan. 24.—When a street car struck an automobile on a downtown street today the gasoline tank of the automobile exploded, throwing the four occupants out.

When a policeman rushed up to investigate he could find but three of the wrecked passengers, but the laughter of the crowd soon led him to the fourth.

The explosion, although it had not injured the man physically, had removed his coat vest and trousers.

It was a cold day and the unfortunate headed at top speed for the nearest office building without stopping to give his account of the accident.

Extension of Road to Cross Montana

MINNEAPOLIS, Minn., Jan. 24.—The Minneapolis, St. Paul & Sault Ste. Marie railroad will spend \$2,000,000 in building 55 miles of new road which will cross Montana and strike the Canadian Pacific somewhere near the Montana-Idaho boundary line.

This announcement was made today by President Edmund Pennington, who has just returned from Montreal.

Document Says Improper Deductions Were Made from Tables Prepared by Experts for the Committee.

Davidson, partner of J. Pierpont Morgan, today offered to the House money trust investigating committee a long, prepared statement calculated to controvert statistics prepared by the committee's accountants and put into the record for the purpose of showing such a condition.

Mr. Davidson offered his statement at the conclusion of his testimony and the vote in every instance as a unit, although they came from different parts of the country and represent diverse and frequently conflicting interests, that upon

Eugene Debs Under Arrest on Charge of Obstructing Justice

TERRE HAUTE, Ind., Jan. 24.—Eugene V. Debs, socialist candidate for president of the United States in the last election, was arrested here today on an indictment returned against him in the federal court for the Third district of Kansas. Debs was charged with obstructing justice.

Debs wrote an expose of alleged conditions in the Fort Leavenworth prison for the Appeal to Reason, which caused a government investigation. The matter printed in the Appeal was considered obscene by the federal grand jury and action was brought against the editors for sending it through the mails.

The witnesses in this case, it is alleged, Mr. Debs encouraged to leave the jurisdiction of the court. Debs brands the indictment as an effort to ruin the Appeal to Reason.

The arrest was made by federal officers from Indianapolis. The warrant was served in Debs' office and he accompanied the officers to the office of a United States commissioner, where he furnished a \$1,000 bond for his appearance at the May term of the United States court of the Third Kansas district.

REQUISITION FOR MANSON

Wyoming Representative is Wanted in West Virginia.

EMBEZZLEMENT IS CHARGED

Papers in Case Say He is F. E. Roberts Who Illegally Obtained School Funds Ten Years Ago.

CHEYENNE, Wyo., Jan. 24.—Alleging that Representative E. N. Manson of Sweetwater county is F. E. Roberts, wanted in McDowell county, West Virginia, for illegally obtaining \$200 of school funds in 1903, Sheriff J. E. Johnson of McDowell county today at noon presented Governor Joseph M. Carey a request for the deportation of Manson.

Representative Manson has been in the legislative intelligence the last ten days because of his refusal to stand with the republicans, although he was elected on a republican ticket and his vote made possible the organization of the house by the democrats. He has stated that he would not re-election and has consistently voted with the democrats on party issues since the house was organized. The house is not in session today, having adjourned until Saturday, but no attempt has been made by the officers to arrest Manson.

Mr. Manson on Thursday received a communication from Theodore Roosevelt congratulating him upon the stand he had taken in the name of a progressive for cleaner politics.

LAWMAKERS' JUNKET IN EASY PRIVATE CAR MADE BUSINESS TRIP

COMMITTEE OF FIVE TO TRAVEL

Entire Public Buildings Body Had Arranged Tour.

FOSTER IS FOR IDENTIFICATION

Douglas Member Would Have Every Legislator Labeled.

POTTS PUSHES INVESTIGATION

Pawnee Member Wants Committee to Ascertain Why It Costs So Much Money to Operate State Departments.

(From a Staff Correspondent.)
LINCOLN, Jan. 24.—(Special.)—The committee on public lands and buildings got a stroke in the house this morning when it was decided the committee should not take any junket trips to state institutions, and reservations made on a private Pullman car had to be cancelled.

Mathers introduced a resolution with some whereases that the taxpayers' money was hard money was hard money and should be carefully spent if spent at all, providing a committee of five be selected from other committees to do the traveling. The resolution was adopted after it had been amended to include three democrats and two republicans selected one each from the following committees: Public lands and buildings, finance, university and normal schools, insane hospitals and other asylums. This committee is to go out with a senate committee.

Stops Fine Outing. The real tragedy in this is a most delightful outing had been prepared by the standing committee. Arrangements had been made to hike forth Monday in a private car, the best. Mr. Pullman has in stock, and the junket was to last until Saturday at noon, but it was to be some junket while it lasted. The car has been engaged and the details of the journey worked out even to the notification of the various towns to be visited so the local committees could herd up their fatted calves.

But it is all off. The senate put the fixings to its standing committee yesterday and the house parroted along today.

Foster Would Be Known. Foster of Douglas intends to run no risk of getting lost down here in this big city or around the halls of the legislature. He introduced a resolution in the house this morning to have the secretary of state issue identification cards to every member of the legislature. This occasioned some talk. Fuller of Seward thought the idea good because members of the legislature are not subject to arrest on misdemeanor charges. Hardin thought one of the members would not like to be caught with such cards. Others thought members were easily recognized anywhere without cards. Finally it was decided that those who wanted all carry such cards could secure them from the secretary of state.

To Probe Finances. Potts introduced a resolution for a joint committee to be appointed to investigate the finances of the state for the last ten years, his idea being to discover why it required so much money to run the business and to see if the state was getting value received.

Reynolds had a resolution providing that the state superintendent and a committee study the school system of Nebraska and recommend some new laws which would better conditions. The last two resolutions went over under the rules for a day.

Money Distributed. The secretary of the governor announced that his excellency had signed house rolls 8 and 9, the legislative meal ticket bills. The auditor's office at once became the most popular place in this popular state house.

Router's request to congress that it buy up the telephone lines of the country was unanimously adopted by the house with no debate.

Stebbins Retains Seat. Stebbins was notified by the committee on private lands and election that he was to retain his seat. Mr. Stebbins, on motion of Norton of Polk, thanked the house and the committee for finding in his favor and made several promises of the work he would do in this session.

Adjourns for Week. At the afternoon session of the house an hour was spent nothing, after which adjournment was taken until 2 o'clock Monday afternoon. After standing committees had reported back a few bills for the general file, Norton moved that the house go into the committee of the whole to discuss the general file. The house
