

# THE SOCIETY BEE-HIVE

By MELLIFICIA. Tuesday, January 28, 1913.

**I** HEAR that Wellesley college is to have a senior prom. It seems that the late Henry Durant, founder of the college, was opposed to dancing, but in order to keep up with the spirit of the times, the faculty have decided to let the seniors have a prom.

This will be the first time a class at Wellesley has ever entertained members of the sterner sex at a dance. The faculty has drawn up a dense code of rules and regulations covering every phase of ball room and social etiquette, and the floor director of the dance, if she is to be depended upon to see that the majority of them are followed out, is in for a worse job than refereeing for a big foot ball game.

No girl shall allow her partner to hold her closer than three inches is one of the faculty's ultimatums. To see that this rule is enforced certain of the college instructors have appointed themselves a vigilance committee and will place themselves at advantageous corners to see that this rule is adhered to. Thus has a ban been erected against the operation of the turkey trot, the bunny hug, the Wellesley waltz and other fashionable dances at the coming senior ball by a far and all-seeing college faculty.

Cozy corners have been abolished for the occasion. Electric lights have been placed in obscure nooks and corners and chaperons are requested to arrive early.

Omaha girls attending Wellesley this year include: Misses Henrietta Gilmore, Harriet Blake, Edna Bartlett and Helen McCoy. Miss Corinne Searle and Miss Nell Carpenter graduated last June.

### FACE COVERED WITH PIMPLES

Suffered Three Years. Used Resinol. Now Not a Pimple to Be Seen.

Philadelphia, Pa., Oct. 27, 1912.—"I had been troubled for the past three years with pimples which completely covered my face and neck. The pimples would come out, fester up and cause me to pick at them, feeling very uncomfortable. I tried most all kinds of facial creams, but with no effect. I tried a sample of Resinol Soap and Ointment and noticed instant relief. I bought Resinol Soap and Resinol Ointment, and began the treatment. After using two jars of Resinol Ointment and Resinol Soap, there was not a pimple to be seen, and now my face is as smooth as if there was never a pimple on it." (Signed) Albert Greenburg 6147 Frankford Ave.

### CLUB CHAIRMEN ARE NAMED

Commercial Club Selects Men to Head Its Committees.

### SOME COMMITTEEMEN CHANGED

Haverstick Chairman of the Finance Committee and Gould Dietz to Head That of Public Affairs.

Chairmen of the various committees which will form the working body of the Commercial club for the ensuing year were named at a meeting of the executive committee Tuesday. Two new committees were created, one was abandoned and four were combined into two.

Committees on passenger transportation and education are the new creations, the former for the purpose of protecting Omaha's passenger facilities by such steps as were recently taken by a special committee with the Burlington railroad at Chicago, and the latter for the purpose of driving educational methods more closely to the line of business.

The committee on agriculture was combined with the committee on grain, the two having been in the past very closely allied anyway, and the insurance was coupled with the postal service committee.

The committee on river improvements was abandoned, it having been decided that specially appointed committees could look after river problems from time to time.

Retiring President George E. Haverstick was made president of the finance committee for the ensuing year and Gould Dietz, who was head of the house committee last year, was appointed to the chairmanship of the public affairs committee.

The chairmen of the committees soon will appoint the members to work under them and their appointments will be ratified or changed by the executive committee and Chairman Casper Yost. The committee chairmen and vice chairmen follow:

### Army and Navy Set in Gloom

WASHINGTON, Jan. 28.—With the approach of March 4, gloom has settled over the army and navy "smart set," for reports reaching Washington are that one of President Wilson's first house cleaning orders will involve a sweeping reduction in the number of military and naval attaches now on duty at the White House. All are popular socially and much in demand at dances and balls.

There are at present twelve officers detailed to the president for escort duty for distinguished guests and the undertakes the hundred and one social and diplomatic odd jobs that the chief executive is compelled to have done. The staff of officers has steadily increased since President Roosevelt's first term and visitors returning from Trenton have brought back the report that a shake up is meditated by Governor Wilson, who would have the officers return to their regiments or to their ships.

### Girls Will Strike for Right to Have Beau

BOSTON, Jan. 28.—News that an equal rights strike is impending among the students of Wellesley college, in which all the girls, freshmen, "sophas," juniors and seniors are threatening to take part caused a stir in college circles today.

Already many girls are in revolt, demanding that the faculty shall grant them the right to entertain young men visitors as other girls do. Leaders of the movement declare the rebellion will surely break forth unless their plan is listened to.

"We want the right to entertain our men friends which and where we please, and we don't want any chaperons, either," is the way the girls expressed their grievance.

Choice of over 200 tailored suits, 200 coats and 150 dresses Wednesday at \$1.50. See ad on page 8. Julius Orkin, 1510 Douglas street.—Advertisement.

### Lover Sends Bullet Into Heart Because Girl Refuses Him

In a burst of disappointment over the culmination of an unsuccessful wooing, Carl Neilson, residing at 2309 South Fifteenth, shot himself with a 38-caliber buldog revolver.

While Neilson lived at the above number, he rented a room yesterday evening at 2002 Vinton street, just a few doors away from his girl, Myrtle Carpenter, who resides at 2012 Vinton street.

The climax came when Miss Carpenter was in Neilson's room and in answer to his pleas refused his further attention. Drawing the gun he placed it to his breast and fired a shot which entered his heart. A hurry call brought the police ambulance and he was taken to the St. Joseph's hospital. But upon arrival there he expressed his ability and willingness to walk into the building. This he did to the amazement of the attendants, for there were no perceptible pulse or heart beats and he was breathing heavily.

He was taken into the operating room and the bullet was found to be impeded in the heart. His chances of recovery are not very good. He is about 30 years old, a native of Denmark, and has no immediate relatives in this country and by occupation is a laborer.

### House of Hope Shows Good Record for Year

The House of Hope, under the management of Rev. Charles W. Savidge, has closed its accounts for last year. All bills have been met and the records building that \$5,043.34 was paid out during 1912. This includes all expenses for fuel, food and light; in fact, everything attached to the institution. Thirty persons were cared for.

While there was only \$215 left in the treasury on January 1, Mr. Savidge has started the new year with the best of good cheer and it is his hope and ambition to not only pay all expenses between now and next January, but also to pay for a new home.

Miss Yelton was employed as stenographer in his office and the romance started in this way about a year ago. Miss Yelton left Monday evening for Boston, where she will make her future home.

### FIRE HORSE DROPS DEAD AT OWL DRUG STORE BLAZE

Old "Mack" one of the faithful horses on fire engine No. 1, dropped dead after a hard run to the fire in the Owl Drug store at Sixteenth and Harney streets. Presumably it was a case of heart trouble, for just as the team drew up in front of the store, old "Mack" keeled over and was dead.

The fire was in the basement and the loss is estimated to be in the neighborhood of about \$500. The damage was mostly to the stock and likely started from combustion of some kind.

### Take Off the Fat Where It Shows

Most women suffer much humiliating because of great quantities of fat, so located that no matter how they dress, everybody can see that they are abnormal. This is the story of the slender figure, and fat women are simply not tolerated either in business or social affairs. Women may not know it, but men when they see a fat woman pass them on the street or in public places make all manner of sympathetic remarks about her. They do not mean to be unkind or to seem unmanly, but it is natural for a man to dislike fat on a woman. Exercise and diet will not remove fat. This has been proved. The famous Marmola prescription which has met with such phenomenal success and has so many of our society women as its sponsors, is now being sold in tablet form to meet the demand of the public for this style of treatment. These little tablets go into your system just like food. They stop the stomach and digestive apparatus from producing fat and reduce the fat upon the body at the rate of about 12 to 15 ounces a day. They are harmless and can be carried in your purse and taken even after you have indulged in a hearty meal away from home. They are sold at all drug stores at 75 cents a case or if you prefer you may write the Marmola Company, Farmington, Conn.
