### The Advantages To You In Having Us Build Your Home Are Many

FIRST-We can assist you in selecting your plan. We have an architect in our office who is strictly up-to-date, and thoroughly familiar with every feature of the house-building business. We have many new modern designs. Architect Frankfurt is planning many new homes more attractive than anything heretofore built, and still not expensive. His ideas are original.

SECOND—"Our Way is Easy to Pay." We finance the deal for you. Can furnish the lot and build for you on terms of 10 per cent cash and \$11 a thousand a month, or \$1.19 a hundred a month, or on YOUR LOT, if you have one. THIRD—Interest figures monthly and is included in monthly payments. Payments every month the same.

FOURTH-An organization to rush work rapidly to completion. No long delay. Some of our men have been with us for six years.

FIFTH—Styles change in houses the same as in everything else. Coming in contact with so many different plans, we can offer suggestions to you that you probably would not think about. Some of the new things in homes are dining room paneling, built-in bookcases, buffets, beamed ceilings, white enameling, art glass windows, etc. We have built 900 houses, and our suggestions are free.

SIXTH—And, most important of all, is responsibility. You take no chances in having us build for you. When we take a contract there are no extras unless ordered by you. Many contractors have figured a job too low and are not able to pay for labor and material, and then comes liens and law suits. Our bills for material and labor are paid promptly and discounted for cash where possible.

## New families are constantly coming to Omaha who want rooms .....

If you have any rooms apartments or houses to rent, you should let these newcomers know-and the way to tell them is through the Bee classified pages. People who come into Omaha always read the Bee first. It has a national reputation and everybody looks to it for information. Better put your "for rent" ads in The Bee right now.
