

BRIEF CITY NEWS

Stack-Falconer Co., Undertakers. Have Root Print It—Now Beacon Press. Lighting Fixtures, Burgess-Graden Co. Bailey the Dentist, City Nat. D. 2569. Make Your Savings Increase your earnings by joining the Nebraska Savings and Loan Ass'n. 1065 Farnam street. Graff ill at home—E. U. Graff, superintendent of public schools, is ill at his home. He is suffering from a severe attack of grippe. His physician says his condition is not dangerous.

Alden to Lecture—The Omaha Ad Club will meet today noon at the Paxton hotel. Where, after a luncheon, Charles A. Alden will give an illustrated lecture on retail advertising.

Cigar Clerks Held—Anna Kudox and Katie Sack, clerks in a cigar store at 259 Walnut street, were placed under a \$9 suspended fine for selling tobacco and cigarette papers to minors.

Fined for Insulting Women—S. S. Nolan was fined \$5 and costs for insulting women on the street. Nolan walked up and down North Twenty-fourth last night, calling every woman he met "chicken."

Weld for Stealing Tools—Edward Bergman was arrested by Detective Van Dusen for breaking into a tool wagon belonging to the Omaha Gas company and stealing several valuable tools. He was arrested while pawning the stolen property.

New Lights for Postoffice—Superintendent of Construction Cramer is expected to visit the federal building in Omaha within the next few days, when he will further investigate the needs of the Omaha federal building, with special reference to the lighting system of the corridors. In the postoffice, the chandeliers are old and have been referred to as "out of date dust traps." A new system of chandeliers hung from chains is contemplated.

Delegates Like Omaha—Delegates to the national convention of Master Painters and Decorators at Denver were taken on an automobile ride over Omaha Sunday morning by E. V. Parrish, manager of the publicity bureau of the Commercial club. There were 15 in the party, most of whom came from eastern cities and were not well versed in Omaha. John Theobald of Cincinnati, secretary-treasurer of the national association, wished the association's convention would be held in Omaha instead of Denver after he had seen this city.

Charities Seek Job for Man—Miss Mabel W. Porter, secretary of the Associated Charities, wants a job for a big, robust man who is suffering from cancer of the arm and has been unable to find work. He can do watchman duty, polish brass, or any similar position. The man's family is now being supported by the charities. A physician has attended the man daily for three months and has paid for medicine, alone \$25, gratis. It has been suggested that the man be sent to the hospital, but he pleads for a job and the charities are loath to send him to the hospital, where he would be out of the care of the physician who has taken an interest in his case.

CONNELL WANTS AMBULANCE

Shows the Commissioners the Need of Such a Vehicle.

MAYOR AND RYDER APPROVE

Has Now No Facilities for Handling Patients Afflicted with Contagious Diseases—New Smallpox Cases.

"The absolute barbarism of the system is disgusting," said Police Commissioner Ryder to the city commission Monday when Health Commissioner E. W. Connell explained that the city did not have proper facilities for caring for persons ill of contagious diseases. Connell asked that an emergency ambulance be had such patients from the places where they became ill to the best house or the emergency hospital.

In his statement Connell declared that he had frequently carried smallpox patients in his own automobile, although some of them were really too sick to ride in such a manner. He had on four occasions secured a private ambulance on the agreement that he would thoroughly fumigate it. These four patients were so ill they could not sit up, said the doctor.

Connell Fears Contagion.

Connell said a contagion of smallpox is threatening the city owing to the lack of facilities to immediately isolate all cases. Two cases were discovered at the police station last night and another at the Young Men's Christian association building. Prisoners in the city jail are being vaccinated and the place is being fumigated.

Mayor Paulman said he would stand back of anything that is needed, and the health commissioner will formally request the commissioners tomorrow to purchase an auto ambulance for the sole use of patients suffering from contagious and infectious diseases. Maurice F. Goodbody, bookkeeper at the Byron Reed company offices, 212 South Seventeenth street, was found to have contracted smallpox yesterday and was ordered taken to the postoffice by Dr. H. W. Connell, city physician. Goodbody rooms at the Young Men's Christian association. He was feeling badly when he came to work and on being advised to consult a physician went to Dr. R. B. Hallister, who pronounced his case smallpox. Dr. Connell immediately came to the Byron Reed office and ordered everyone to be vaccinated and the places fumigated.

SIXTY CITY PRISONERS

REFUSED BY THE SHERIFF

Sixty prisoners from the city jail were refused this morning by the sheriff's office on account of the smallpox scare that is prevalent among them. The sheriff acted upon the advice of the county physician, who deemed it best to leave the prisoners where they were until the likelihood of spreading the disease subsided.

Breaks a Cold in a Few Hours—Pape's

First Dose of Pape's Cold Compound relieves all gripe misery—Contains no Quinine.

After the very first dose of Pape's Cold Compound you distinctly feel the cold breaking and all the disagreeable gripe systems leaving.

It is a positive fact that a dose of Pape's Cold Compound taken every two hours until three consecutive doses are taken will cure gripe or break up the most severe cold, either in the head, chest, back, stomach or limbs. It promptly ends the most miserable headache, dullness, head and neck aches, feverishness, sneezing, running of nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges. Take this wonderful Compound with the knowledge that there is nothing else in the world which will cure your cold and gripe misery as promptly and without any other assistance or bad effects as a 2-cent package of Pape's Cold Compound, which any druggist can supply—it contains no quinine—be sure you get what you ask for—accept no substitutes—belongs in every home. Tastes nice acts gently—Advertisement.

CEMENT SHOW IS ABOUT SET

Finishing Touches Being Put on Exhibition at Auditorium.

ENTERTAINMENTS ARE PLANNED

Cement Users' Convention to Open for Three Days' Session at the Hotel Rome Wednesday Morning.

The Midwest Cement show will be opened at the Auditorium today and last night. Finishing touches are being put to the many exhibits and the promoters of the show say everything will be in readiness for the crowd at the opening night. Green's band has been engaged to give concerts every evening and several other entertainments have been planned for the amusement of the general public. Moving pictures of the construction of the Panama canal and the Keokuk dam will be shown each afternoon and evening on the Auditorium stage. This Know Omaha film also will be a feature of the show. Peter Palmer of Oakland, president of the Nebraska Cement Users' association, has completed a miniature concrete house, which will be on display at the show. It is a seven-room structure, 6 1/2 feet around and is made throughout with concrete, with the exception of the walls and ceilings, which are of marble. The Nebraska Cement Users' convention will begin for three days at the Hotel Rome Wednesday morning.

CREIGHTON FOOT BALL STAR TO BE DEPUTY SHERIFF

John H. Hopkins, student in the Creighton university college of law and foot ball idol of the university, will be appointed deputy sheriff to succeed Adam Sloup, who has been named deputy state oil inspector. Hopkins has arranged to continue his studies in the law college, though he will be unable to attend classes. He has been working afternoons in department stores to earn his way through school. Sheriff McShane is out of the city, but friends of his say he told them before he went that Hopkins will succeed Sloup. Hopkins said he had not been officially given the appointment, but expected it soon.

U. P. TELEGRAPHERS WANT DOUBLE PAY FOR OVERTIME

Union Pacific telegraphers are at headquarters conferring on the wage question. The monthly wage is satisfactory, but an increase in the pay for overtime is asked. It is said the men are asking double pay for overtime, instead of pay and one-half pay as allowed at present.

A Break for Liberty

From stomach, liver and kidney trouble is made when a 25-cent box of Dr. King's New Life Pills is bought. Why suffer? For sale by Beaton Drug Co.—Advertisement.

BURLINGTON ROAD IS VEXED

Stealing of Cars by Elevator Men Arouses Officials of System.

ISSUES THREATS IF CONTINUED

Road Says It Will Refuse to Send Cars to Stations Along Line Where Needed Unless the Practice is Stopped.

The Burlington has evolved a plan by which it hopes to remove the box car shortage, at least as far as the system's concrete elevator and grain men designate it as a threat that will not be put to the test and railroad men say that it is a bluff which will be called for other lines will not enter in the scheme.

This morning a letter went out to all of the grain dealers in Omaha and Omaha territory, as well as to the representatives of railroads operating in and out of Omaha. This letter cautions the grain men against stealing Burlington cars and informs them that if the practice is continued no more equipment will be furnished for moving grain, neither in nor out. It goes still further and informs the grain firms that operate lines of elevators that if cars of the Burlington are stolen in Omaha or elsewhere, that no cars will be set in at stations on the Burlington lines where the elevators and warehouses are located and that the grain will not be loaded from these points, at least by the Burlington.

Going a little further, the Burlington letter informs grain dealers that if the company cars are loaded without consent and permission, the road taking the grain out will be prohibited from issuing bills of lading and consequently such cars will not move from the sidings on which loaded.

Other Roads Do Not Join.

None of the other roads have joined the Burlington in its new move and according to the officials none will. They agree that if all would join a move of this kind could be made effective, but they doubt its advisability at this time, when there is so much grain to be moved in and out of Omaha and so few cars that are available. They also take the position that it will be impossible for the Burlington to enforce the order, contending that if a grain elevator man asks the Burlington for cars it will have to supply them if they are available. If not so furnished, the matter will go to the State Railway commission and a mandatory order will at once go out.

How Cars Are Stolen.

Most of the stealing of cars comes in this way. A consignment will come to Omaha from Nebraska or some of the surrounding states. It will be consigned to some elevator company here and will be set in on that company's warehouse siding and unloaded. Then, instead of the car being sent back to the railroad company to which it belongs and sent out, regardless of the road that it has to go over to reach its destination. The Burlington contends that elevator companies, after receiving the notices, dare not bill the cars out over other roads and that other roads dare not haul them. Elevator men take a different view of the situation; they say they can bill out any car they find to load and any railroad will haul it. Railroad men, aside from those of the Burlington, agree with the elevator men on this point.

Bellevue Begins New Semester

The students of Bellevue are beginning a new semester work this week. The midterm examinations were completed last Friday. The examinations covered a period of three days and were exceptionally severe. The new semester commenced February 3 and ends June 6. The young women of the college gave a mandolin recital Tuesday evening of last week under the direction of Miss Mabel Fitch of the department of dramatic expression. The audience in attendance was largely composed of villagers and was the largest which has attended any of the college entertainments this year.

The concreting of the swimming pool

in the new gymnasium was begun Tuesday of last week and was nearly completed. The contractor had to be suspended on account of the severity of the weather. The base, composed of a rich mixture of concrete was entirely completed and all but the bottom was covered with the two succeeding coats. The pool is sixty feet long by thirty feet wide and of regulation depth, with showers and locker room adjoining. Work will be resumed as soon as the weather will permit. Harry Morter, ex-foot ball captain, 38, was on the bill for a brief visit Friday and Saturday of last week, and announced his intention of returning to school next fall, preparatory to taking up the study of law. Morter's return will greatly increase the strength of next year's team, as he was regarded as one of the cleverest halfbacks who ever wore the purple and gold when in school. The last three years he has been teaching school in the western part of the state and holding down a claim.

Charter Making View by Victor Rosewater

Answering inquiry as to the filing of his name to go on the charter convention ballot, Victor Rosewater, editor of The Bee, says: "I suppose everyone whose name has been filed consented only on urgent solicitation of friends. For myself, I have no axe to grind and am not hunting any job. Some people have sought to persuade me that I can be of service in drafting our first home rule charter and that I owe it as a duty to my native city to contribute that service. If agreement could be reached for a satisfactory set of charter makers, I would be glad to step aside."

Committee to Lobby On Compensation Bill

The Omaha Manufacturers' association yesterday appointed a committee to lobby at Lincoln for a satisfactory workmen's compensation and employers' liability act. P. E. Starbuck, vice president of the association, was made chairman of the committee, which is composed of P. E. Knapp, J. W. Towel, A. C. Keitt, C. W. Russell, J. W. Moushian and P. E. Vierling. The committee will go to Lincoln Wednesday night, where it will confer with the legislators.

REST AND HEALTH TO MOTHER AND CHILD

Miss WINDLOW'S SUFFERING CHILD has been cured of over SIXTY YEARS by MILLIGAN'S MOTHER'S FRIEND. THE PERFECT SUCCESS. IT CURES ALL PAIN, CURE WIND COLIC, and is the best remedy for DIARRHOEA. It is also the best remedy for COLIC and all other ailments. Write for a bottle.

The Mutual Life Insurance Company of New York. Record of 1912. OVER HALF OF ALL SICKNESS CAUSED BY CLOGGED UP WEAKENED KIDNEYS

Hundreds Are Suffering With Kidney Trouble and Don't Know It. Backache, Bladder Disorder and Rheumatism Are the Result.

It is a well recognized fact among physicians today, that the greater part of all sickness can be avoided by keeping the kidneys working properly. This is even more important than for the bowels to move regularly, because the kidneys and bladder are the filters and sewers of the body. If you suffer with pains in the back or sides, bladder or urinary disorders, lumbago, rheumatism, dizziness, puffiness swelling under the eyes or in the feet and ankles, nervousness, tired and worn-out feeling, or any of the many other symptoms of kidney trouble, don't neglect yourself another day and run the risk of serious complications. Secure an original package of Croxone, which costs but a trifle, take three doses a day, for a few days, and you will be surprised how entirely different you will feel. Croxone cures the very worst cases because it removes the cause of such troubles. It soaks right in and cleans out the kidneys and makes them filter out all the poisonous waste matter and uric acid that lodges in the joints and muscles, causing rheumatism; soothes and heals the bladder and quickly effects a cure. It is the most wonderful remedy ever made for the purpose. You will find it entirely different from anything you have ever used. There is nothing else on earth to compare with it. It matters not how old you are or how long you have suffered, the very principle of Croxone is such that it is practically impossible to take it into the human system without results. You can secure an original package of Croxone from any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give the desired results after your first time you use it.

Children Should Have Good Light for Studying. Authorities agree that an oil lamp is best. The light from the Rayo Lamp is soft and mellow. You can read or work under it for hours without hurting your eyes. The Rayo LAMP is constructed scientifically. It is the best lamp made—yet inexpensive and economical. For Best Results use Perfection Oil. Ask about quality price and iron barrels for storage. Dealers Everywhere. STANDARD OIL COMPANY (Nebraska). OMAHA.

DR. BRADBURY, DENTIST. 1506 Farnam St. 25 Years Same Office. Phone Doug. 1750. Extracting 25c Up. Fillings 40c Up. Crowns \$2.50 Up. Bridgework \$2.50 Up. Plates \$2.00 Up. Missing Teeth supplied without Plates or Bridgework. Nerves removed without pain. Work guaranteed ten years.

For Headache And Every Pain. Prompt, Safe Relief. No matter what causes your aching head—colds, grippe, neuralgia, rheumatism, or any other condition, there is prompt relief in the use of Anti-Kamnia Tablets. Ask Any Druggist For AK TABLETS. The Royal Mail Steam Packet Co. MANULUAN, P. I. Agents: 206 LaSalle St., Chicago. Or any local steamship ticket agent.

Motherhood. The highest point of woman's happiness is reached only through motherhood. In the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's order and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. BRADFORD REGULATOR CO., Atlanta, Ga. Mother's Friend.

LOW FARE BILL LAID OVER. Commissioners Ask Both Sides to Present Statistics on Car Fare. ONE CLUB WANTS MORE LINES. Many Appear Before Council to Protest Against a Reduction of the Rates—Zimman Talks for the Socialists. After listening for two hours to arguments on the ordinance introduced by request of socialists to reduce the fares for riding on street cars from five cents to seven for a quarter the city commission yesterday deferred action indefinitely and requested both sides of the controversy to present statistics to the commissioners for consideration. Harry B. Zimman led the advocates of the ordinance and he was supported by Thor Jorgensen, socialist. An overwhelming majority appeared to protest against the passage of the ordinance. They represented improvement clubs of the city and declared they were in favor of extensions unhampered by any legislation now, adverse to the street railway company. Some of those who protested against the ordinance were: Thomas A. Bagshaw, T. H. Grenville, G. W. Elrod, W. F. Dunn, A. M. Richard, C. Reynolds, R. E. Conkey, F. W. Fitch, C. J. Roberts, Oscar Pickard, J. H. Hoonstra and L. A. Leusler, the latter speaking for the street railway company as an official of the corporation. The following protest was read from the Northeast Improvement club, signed by the first eight men named above: In the matter of the pending agitation for a reduction in street car fares, the Northeast Improvement club respectfully petitions your honorable body not to encourage the same. We deem this agitation inopportune and uncalled for. We want a chance to ride on more lines for a nickel and not to ride for less than a nickel. We doubt if Omaha people have yet arrived at the habit of dividing a nickel and we fear that that habit would in the end lead more to the loss of the laboring man and woman than to their advantage. Leusler Has Figures. Mr. Leusler produced figures to refute former assertion that the street car company could carry passengers at a profit for 1 cent each. He said the salaries of conductors and motormen alone was nearly 2 cents per passenger. Mr. Zimman answered the arguments in a paper read by President G. W. Watters of the street car company a week ago. He defended politicians, saying they had made this country what it is. The dishonest politicians, he asserted, were largely made dishonest by corporations. He said the street car company contended it had a perpetual franchise, and the statement by Mr. Watters that the company was not now asking for a franchise was made to deceive the council. Further, he asserted that the number of cars in use had been decreased from 600 in 1908 to 353 this year. Leusler, explaining this, said when the 1909 report was made it included cars owned by the company, and many of these cars were the old ones, which had been taken out of service and had been replaced by new cars. STARTS SUIT TO ANNUL MARRIAGE TO BIGAMIST. Loretta A. Danahy has started suit in the Douglas county district court to annul her marriage with William Carey Gott, who is now serving a sentence in the Iowa state penitentiary for bigamy. Under the name of William Carey Gott he took Miss Danahy to Council Bluffs and married her on September 25, last year. She knew nothing of his former marriage until he was arrested November 7 by the Council Bluffs police. Then she learned that the time of his marriage to her already had a wife living, Gertrude Walworth of New York state. Gott was convicted and sent to the penitentiary for five years.

Taste and Flavor Four Times Protected. Old Golden Coffee comes to you full bodied—fresh from the roaster, with the true coffee goodness intact. Four precautions insure this. The first is Nature's. She covers the coffee bean with a minutely thin skin. Soon after the bean is cut it loses its original taste. So Old Golden Coffee is sold unground. TONE'S Old Golden Coffee. The second process is in roasting and selling. We roast and ship small amounts daily rather than roast a year's supply at once. The third protection is the air-tight package. The fourth protection is the result of the first three—the enormous demand for Tone's Coffee does not let it stand long on your grocer's shelf—it's always fresh for that reason alone. In no other way can coffee be at its best and in no other way could we better Tone's Old Golden. We could make more profit by eliminating some of these processes, but the enviable reputation of Tone's Coffee has been built by them and we intend to maintain it. Get a package of Tone's Old Golden Coffee at your grocer's. TONE BROS., Des Moines, Iowa. Millers of Tone's Spices.
